Victoria Member Stirred by Pulp Mill Announcement

Herbert Anscomb, MLA. for Victoria, speaking as a funched Saturday by the Prince Rupert Chamber of Commerce said the announcement of the building of a sulphite pulp plant at Prince Rupert was the most cheering news he had heard in years. If it had been proposed to put the plant in Victoria he would have moved a resolution in the Legislature that the company be given the Parliament Buildings for a site.

Turning to other subjects Mr. Anscomb spoke of the fine work Commissioner W. J Alder had done for Prince Rupert in putting the city on its feet financially.

SPACE MR. ADVERTISER

Space in a daily newspaper possesses a power that is lacking in the lineage of other advertising media.

It is not only more economical . . . which is a matter of easy computation . . . it is not only more flexible, it is not only more timely and rapid, but also it is the advertiser's unfailing point of contact with the mass market and every spot market of the Dominion of Canada.

The Daily Newspaper possesses a power by means of which an advertiser, who knows how to use it, can reach and move to action all or any part of the Canadian consuming public.

In this North American continent there was spent during 1934 in the columns of the daily newspapers more than \$500,000,000. The strongest of all supplementary media was used to the extent of \$114,000,000. Why?

Because for prompt action on sales plans . . . for quick consumer influence at minimum cost . . . for willing co-operation from the retail trade, the daily newspaper is today, as it always has been, the outstanding and

most economical basic advertising medium.

Kellogg's ALL-BRAN Helped Miss Kesterke

HER CONSTIPATION

We quote from her letter: "Three years ago, I became constipated.*
I tried many laxatives. But as soon as I got used to each kind, I began to get the same trouble.

"Last summer I was on my vacation. They served Kellogg's ALL-BRAN. I just loved it. I eat Kellogg's ALL-BRAN every morning, take any more laxatives."-Miss Margaret Kesterke. Address on

*Due to insufficient "bulk" in

Tests show Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN is also rich in vitamin B and iron.

The "bulk" in ALL-BRAN is gentle. It resists digestion better than the fiber in fruits and vegetables, so it is often more effective.

Isn't this food safer than risking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. If seriously constipated, use with each meal. See your doctor, if you do not get relief.

Use as a cereal, or in cooking. Sold by all grocers. Made by Kellogg in London, Ontario.
