Vicks Va-tro-nol helps Prevent many Colds

At the first warning sneeze or nasal irritation, quick!-a few drops of Vicks Va-tro-nol up each nostril. Especially designed for nose and throat, where most colds start, Va-tro-nol helps to prevent many colds-and to throw off head colds in their early stages.

End a Cold sooner If a cold has already developed, use Vicks VapoRub, the mother's standby in treating colds. Rubbed on at bedtime, its combined poultice-vapor action loosens phlegm, soothes irritation, helps break congestion. Often, by morning the worst of the cold is over.

Follow Vicks Plan for Better Control of Colds A helpful guide to fewer colds and shorter colds. Developed by Vicks Chemists and Medical Staff; tested in extensive clinics by practicing physicians-further proved in everyday home use by millions. The Plan is fully explained in each Vicks package.
