PRICE: FIVE CENTS

MARKETING OF HALIBUT ON COAST

CAPITALISTIC REFORM OR DICTATORSHIP, SAYS PREMIER

Government of United States May Give Aid In Financing Matter

Assurance to This Effect Said to Have Been Given in Event of No Arrangements Being Made With Buyers For Minimum Price

In connection with the negotiations which United States halibut boat owners and fishermen have been conducting for some time with a view to reaching a minimum price arrangement with the fish buyers for the coming season, word has been received by the Deep Sea Fishermen's Union here that the American operators have been assured by their government that, in the event of failure to reach such an agreement, enough money will be made available for them to handle the entire catch of the fleet themselves. This seems a drastic move for a government to make but local officials of the Deep Sea Fishermen's Union feel that their information to this effect is authentic. Negotiations of the American operators for a minimum price agreement are being followed with interest here.

Use Penknife

He sneers at engineers, Charles Kent, champion whittler of Los Angeles, has baffled scientists by interlocking solid pieces of wood in a seemingly impossible manner—using only a penknife.

CONDITIONS IMPROVING

Lower Mainland Beginning to Pull itself Together After Big Storm; Trains Still Blocked

VANCOUVER, Jan. 28. (CP)—Conditions following last week's lizzards, cloudbursts and floods on the lower mainland were improving at the end of the week although flood waters on the low-lying land of the Delta were still rising, causing heavy loss of livestock and equipment.

Trains on both the Canadian National and Canadian Pacific lines are still blocked in the Fraser River canyon where there have been numerous new slides. It will probably be Tuesday or later before lines are sufficiently cleared to permit of rains being moved. Meantime, the re-routing of passengers moving to and from Vancouver is being continued.

Telegraphic services into Vancouver were being restored on Saturday after the lines had been down all week.

A five-year old girl was killed near Kildard, five miles east of Abbotsford on the Great Northern Railway, when her home was washed over a cliff. Seventeen lives have been lost so far as a result of the storm.

In Pacific Northwest SEATTLE, Jan. 28.—Flood waters were subsiding through the Pacific Northwest over the week-end with transportation and communication facilities resuming their normal functions.

Snowstorms in East NEW YORK, Jan. 28.—There were more snowstorms in the east and middle west at the week-end with sub-zero temperatures at some points.

A. B. Cumming, district manager of the Hudson's Bay Co. for British Columbia, was a passenger aboard the Catala last evening going through from Vancouver to Port Simpson where he will spend a week at the company's store. There are no new developments in connection with the company opening up a retail store in Prince Rupert, Mr. Cumming said.

PR. GEORGE IS IN PORT

C. N. R. Steamer Here Today On Special Voyage to Handle Diverted Passenger Traffic

Big Train Due

Mail and Express Matter Also Coming This Way Owing to Tie-Up In South

Pressed into service for an extra voyage north owing to the railway tie-up in Fraser Canyon which has completely paralyzed transportation between Vancouver and the east, C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port at 9 o'clock this morning from Vancouver. She brought forty passengers from Vancouver who will proceed east by rail this evening. In addition she had two carloads of Vancouver mail for the east and two carloads of paper for Edmonton newspapers which ordinarily would have gone east from Vancouver.

The Prince George will sail this evening on her return to Vancouver with some two hundred passengers from the east who are arriving at 5:45 this afternoon on an extra transcontinental train of thirteen coaches which has been diverted to the Prince Rupert line on account of the tie-up on the Vancouver line. This train is also bringing in mail and express matter for Vancouver which will be taken south by the Prince George.

Instead of coming north on Wednesday of this week on her regularly scheduled voyage, the Prince George is expected back here about Friday, picking up her regular schedule again next week.

'GINGER' COOTE STILL MISSING

Search is Being Started For Well Known Flier Missing in Interior For Ten Days

Pilot "Ginger" Coote, well known northern flier, is still unreported after having left Quesnel a week ago last Thursday to bring out a sick patient from Finlay Forks. Considerable anxiety has developed owing to the continued silence of Coote and other planes are being sent north to search for him. One of the relief planes, a machine belonging to the Two Brothers Mining Co. with Hugh C. McMillan as pilot and Ralph Marshall as air engineer was held at Prince George at the week-end, on account of poor visibility. This plane will fly into Finlay Forks to ascertain if anything has been heard of Coote and, if not, to start a search.

Frank Fitch returned to the city on the Catala last evening from a vacation trip to Vancouver.

LLOYD GEORGE WORRIED AT EASTERN SITUATION

BIRMINGHAM, Jan. 28. (CP)—Former Premier David Lloyd-George, in a speech here Saturday night, expressed apprehension regarding the situation in the Far East. He called upon Great Britain and the United States to take action to preserve peace.

Fascinating Hawaii

There's something about Hawaii that gets you—for instance, five officers of a recent geodetic survey party sailed from America as bachelors, but only one returned unattached. We don't blame Lieut. Wagner here with his pretty bride.

BUCKAROOS TALKING OF IN RUPERT CONFESSION

Portland Professional Hockey Team Here on Special Train

Manager Bobby Rowe and his Portland Buckaroos of the Northwest Hockey League will be in Prince Rupert this afternoon. Having been stranded for over a week in a stalled Canadian National train east of Boston Bar owing to the rail-way tie-up in the Fraser Canyon, the team arrives this afternoon by train after having recently made the turn of the prairie section of the circuit. They sail this evening on the steamer Prince George for Vancouver.

As a result of the inability to reach the coast, games last week which the Buckaroos were scheduled to play in Vancouver and Seattle had to be postponed.

Married Quietly Saturday Night

Miss Bertha Bjornson Becomes Bride of John Fredheim, Well Known Fisherman

The marriage took place quietly at the Manse of First Presbyterian Church, Rev. W. D. Grant Hollingworth officiating, at 7 o'clock Saturday evening of Miss Bertha Bjornson and John Fredheim, well known local Norwegian couple. Miss Laura Bjornson, sister of the bride, and Nils Antonsen were attendants of the couple. Mr. and Mrs. Fredheim will reside in Prince Rupert and will have the hearty congratulations and best wishes of many friends. The groom is a well known fisherman.

Fred Seibert, superintendent of the natural resources and colonization department of the Canadian National Railways from Winnipeg, and Mrs. Seibert, who have been on a trip to the coast, arrived in the city on the Catala last evening from Vancouver and will proceed east on this evening's train.

Hauptmann to Go Under Relentless Cross-Examination by Attorney General Wilentz Today

FLEMINGTON, N.J., Jan. 28.—Direct examination of Bruno Richard Hauptmann, charged with the kidnap-murder of Charles Augustus Lindbergh Jr., was expected to be completed today when Hauptmann would be turned over to a relentless cross-examination by Attorney General Wilentz who, it is said, has a thousand questions to hurl at him. In some quarters, it was being predicted Saturday night that the trial might end abruptly in a confession. Jail authorities stated that Hauptmann was in a very nervous condition over the week-end, taking little rest, pacing his cell and smoking cigarettes incessantly.

Chief Defence Counsel Reilly intimated Saturday that he would prove that two gangs had to do with the Lindbergh kidnaping and that Hauptmann had nothing whatever to do with the crime.

BENNETT BLUFFING

OTTAWA, Jan. 28. (CP)—Unemployment insurance and other reforms will be presented to the House and passed in "orderly and proper manner," Premier Bennett declared in the House of Commons at the week-end when Rt. Hon. William Lyon Mackenzie King, Leader of the Opposition, accused him of permitting less important business to delay enactment of his reform program.

Mr. King accused the Premier with indulging in "pure bluff." Mr. Bennett retorted that Mr. King was staging "mock heroics."

Rev. F. G. Klerekooper, a missionary from the United States, who is to be stationed in Alaska, and Mrs. Klerekooper were passengers aboard the Princess Norah yesterday afternoon going through to Skagway.

Canada is Faced With Changed Economic Life, Prime Minister States

Individual No Longer Dominant But Outlook Must be For Social Ideal—Mr. Bennett Addresses Meeting In Montreal on National Problems

MONTREAL, Jan. 28. (CP)—In an address here Saturday, Premier R. B. Bennett declared that the Canadian people were faced with the necessity of changed ideas in economic life and could choose between reform of the capitalistic system or some form of government such as had gained the ascendancy in Central European countries and Russia. "The individual can no longer be looked upon as a dominant factor," declared the Prime Minister. "We must have a social ideal as distinguished from what we have called individual right."

CITY HEAD GETS BACK

Commissioner W. J. Alder Returns From Trip to Ottawa and Montreal on Important Business

Matters Taken Up

Conferred With Five Ministers at Ottawa on Public Building, Naval Defence, Etc.

City Commissioner W. J. Alder returned to the city on yesterday afternoon's train from a trip to Montreal and Ottawa on important city business, having been away since before Christmas when he went to Victoria to confer with the provincial government in regard to municipal bond conversion.

In Ottawa, Mr. Alder, accompanied by Olof Hanson, M. P. for Skeena, consulted with Hon. H. A. Stewart, minister of public works, Hon. D. M. Sutherland, minister of national health, Hon. W. A. Gordon, minister of labor, Hon. Alfred Duranleau, minister of marine and fisheries, and Hon. Grote Stirling, minister of national defence. Matters taken up included a suggestion for the stationing of a naval vessel at the port of Prince Rupert and the question of a public building in this city. To accomplish anything in the latter matter, it will be necessary, said Mr. Alder, to have the active support and co-operation of all citizens. Mr. Hanson is doing all he can, the commissioner says.

Mr. Alder found weather intensely cold with severe blizzards on the prairies as well as in the east. At Winnipeg it was 42 below zero and at Melville, Sask., 47 below.

Mr. Alder contracted a heavy cold on the trip west from the effects of which he is now recovering.

WHEAT FLOWING HERE IN GOOD VOLUME NOW

Wheat is flowing into the Alberta Wheat Pool's local elevator in greater volume just now than it has for some years. The late mixed train from the east, yesterday afternoon brought in twenty carloads or so and there was a special wheat train in last night and another today. In all 500 carloads of grain are now on the way here. The elevator is being kept full as grain is moved out on ships, two of which have already been here this month with a number more expected in the near future.

Damage Done To Store Stock By Water at Night

Damage was done to the stock of Fraser & Payne's store during Saturday night as a result of the breaking of a two-inch water valve used as an emergency water supply in the event of fire. The water was heard flowing in the store by a city police officer while on patrol duty during the night.

J. J. Payne spoke highly this morning of the action taken by Constables Taylor and Causton after detecting that something was wrong in the store at 3 a.m. One officer went to the basement and turned off the water supply of the building while the other was notifying Mr. Payne. Both later assisted in moving the stock.

Mr. Payne estimates that \$5,000 of stock was affected by water.

PRESIDENT IN CHARGE

Roosevelt to Assume Direct Responsibility For Distribution of Big Fund

WASHINGTON, D.C., Jan. 28.—It was made known Saturday night that President Franklin D. Roosevelt would assume direct supervision of the distribution of \$4,300,000,000 which Congress has been asked to appropriate for relief work throughout the nation and which it is expected will be put through by the Senate this week. No new administrative organization will be formed although the President will have the assistance of special advisors.

Stock Trading Is Light and Quiet

Only 220,000 Shares Turned Over in New York Saturday And Values Lower

NEW YORK, Jan. 28.—Stock values were weak in Saturday's short session on the New York Exchange with a small turnover of 220,000 shares. Industrials closed at 102.50, off 36; rails, 34.30, off .72; utilities, 17.58, off .07, and bonds, 96.79, up .02.

Missing Winter Traveller Found

Harry Williams Suffers Frozen Foot While Making Way From Pouce Coupe to Mount Robson

Official reports received here at the end of the week stated that Harry Williams, young Australian, missing since last December 9 when he left Pouce Coupe with the intention of travelling overland to Mount Robson on the line of the Canadian National Railways by dog team, had been found and was being brought out to Jasper Park. Williams is reported to have a frozen leg.

Williams was found in a prospector's cabin on Muskeg River, 61 miles from Entrance, Alta. On arrival at Jasper he will be placed in hospital. Efforts are being made to withdraw a British Columbia search party which had been sent out from Pouce Coupe.

TWO THOUSAND MEN

One of the interesting features of the annual report of the Chamber of Commerce published Saturday was that part prepared by Dr. J. T. Mandy, resident mining engineer, in which he stated that two thousand men were employed in mining in this district. The number is larger than we could have supposed. It means a large payroll and is a very important factor in the prosperity of the province.

WELCOME TO VISITORS

We are glad today to extend a hearty welcome to a great many visitors who have been forced to travel through Prince Rupert in order to avoid further delay in reaching their destination. We forgive the constant gibes of the people of the south in regard to our weather, remembering that it is probably wormwood and gall to them to have to come this way because of the rain and snow and flood conditions in the south. We hope they will enjoy the trip thoroughly and make a point of coming this way again when weather conditions are better. Possibly when they arrive they may remember that Prince Rupert is in the banana belt and is a particularly pleasant place to visit in the summer. Come and see us when the flowers are in bloom. The tulips are already showing themselves and many other bulbs will be up within a few days. And it's only a few weeks since the frost nipped the last of the fall flowers and spoiled the green of our lawns.

SPORT

HAWKS MOVE INTO LEAD

Scored Victory at Expense of Eagles While Bruins Were Playing Draw With Detroit

ST. LOUIS, Jan. 28: (CP)—Defeating the Eagles here last night, Chicago Black Hawks resumed exclusive leadership of the American Division of the National Hockey League, the Boston Bruins dropping to second place when the best they could do was play a draw with the Red Wings at Detroit.

It was the second draw game for Detroit at the week-end, neither team having been able to score in the game at Toronto Saturday night between the Red Wings and the Maple Leafs.

The Canadiens conquered the Bruins at Boston Saturday night and moved into a tie with New York Americans for third place in the International Division, the Amerks having lost to the Rangers in an inter-club game at New York last night.

Week-end scores were as follows:
Saturday's Scores
Canadiens 3, Boston 2
Detroit 0, Toronto 0 (overtime).
Sunday's Scores
Chicago 5, St. Louis 3
Rangers 4, Americans 2
Boston 2, Detroit 2 (overtime).

Japanese Young People's Society Elects Officers

The Canadian Japanese Young People's Society elected officers for the coming year in the Kaj-Kan Hall on Saturday night. The following were elected:
Presiding officer, Toshi Sakamoto.
President, Kana Yamanaka.
Secretary, Nori Yamanaka (re-elected).
Treasurer, Hadi Suehiro.
Literary and social conveners, Kazue Kanaya and Kazu Nakamoto.

WHIFFLETS

From the Waterfront

On arriving here yesterday afternoon from the south, Capt. Thomas Cliff, master of the steamer Princess Norah, reported to the Marine Department that the light on Fog Rocks in Fitzhugh Sound north of Namu was not burning. It is supposed that it had been extinguished as a result of the recent storms.

With a fair sized list of passengers, Union steamer Catala, Capt. James Findlay, arrived in port at 6:45 last evening from the south and sailed at 9 p.m. for Anyox, Stewart and other northern points whence she will return here tomorrow morning and sail at 1:30 p.m. for the south.

Frank Waterhouse coast freighter Southholm, Capt. R. B. Bennett, was in port Saturday evening with general cargo. After discharging, she sailed for Alice Arm, having on board lumber and other material to be used in the construction of a new float at Silver City. From there she will proceed to Stewart to load ore for Tacoma, calling at Ocean Falls on the way south.

Making good time in spite of having had to call at such extra points as Campbell River, Englewood, Port Hardy and Ocean Falls owing to the sailing of the Princess Adelaide,

having been cancelled last week. C. P. R. steamer Princess Norah, Capt. Thomas Cliff, arrived in port at 1:30 yesterday afternoon from Vancouver and sailed at 3 p.m. for Skagway and other Alaska points whence she is due to return here on Thursday afternoon southbound. The vessel had on board 38 passengers of whom three disembarked here while one left here for the north aboard her.

MADE IN CANADA

Yours faithfully,

In this age of specialization, we are all one another's servants.

The Imperial Tobacco Company is proud to regard itself as the faithful servant of the people of Canada. It serves them by taking a product of the soil, that has inherent in it properties capable of ministering to their peace, comfort and happiness, and then curing, processing, manufacturing, and packaging that product into forms convenient for their daily use.

Not content with that, it is doing its utmost, by wide-spread and intensive distribution, to make the comforts of tobacco available to people in every part of Canada, in forms and in qualities to suit every taste, and at prices within every purse. In everything it does for tobacco users it is earnestly striving to serve them uncommonly well, hoping thereby not merely to win success, but to deserve it.

And that same determination to earn success by zeal in service has inspired the Company to look beyond the consumers of tobacco, to the distributors of tobacco products, to the workers in tobacco factories, to the growers of tobacco leaf, and beyond them again to Canada the Nation—always in quest of ways and means of widening and bettering its service.

The story of the more important steps taken to those ends will be told in succeeding messages.

IMPERIAL TOBACCO COMPANY OF CANADA, LIMITED

Limericks

A town in B. C. we all know,
Has a yen for to grow and to grow,
But with Bennetts and Kings
And depressions and things,
We know that it grows all too slow.

In Prince Rupert we once had a curtain,
We would gaze at and then feel quite certain,
That in years ten or less
(But alas! for our guess)
We'd have skyscrapers same's on that curtain.

Of snow we have had quite enough,
But it's only the weather-man's blough,
For the spring flowers that bloom
Will dispel all our gloom,
Winter scrams! With a hough and a pough!

Prince Rupert, the town with a name
For a promise that never yet came;
This year will bring fame
For more than the rain,
For the pulp mill is promised again.

There was an old fellow who once
Said, "At rhyming I'm rated a

dunce,
"But to get something free
"Would always suit me,
"So 'il try for 'The News' for six mounce."

A foolish old man named Pinero,
While the weather was down below zero,
Fired his house and his car,
And cried out: "There you are,
"That makes me a great man like Nero!"

There was a gay fellow called Bash,
Who decided to cut quite a dash,
So he bought a huge car,
Drove the girls near and far,
Now alas! Someone else has his cash.

First Aid on Cemetery Battlefield

After 130 deputy sheriffs, state troopers and local police had been beaten off by striking textile workers in Aylesville, R.I., where the bloodiest clash in the New England sector of United States textile tie-up had occurred, militia were called to quell the uprising. A trooper is shown receiving first aid from fellow guardsmen in the town cemetery where the heaviest fighting occurred.

TWO FILMS; BOTH GOOD

Novel Mystery and Fast Moving Comedy Romance Coming to Capitol at First of Week

"The Case of the Howling Dog," a new type of murder mystery, with Warren William and Mary Astor in the stellar roles, and "Big Hearted Herbert," a novel comedy romance, comprise the two ends of an attractive double bill program being offered on the screen of the Capitol Theatre here at the first of this week.

The plot of "The Case of the Howling Dog" is entirely different from the ordinary run of screen mysteries. There is a clear-cut case of murder to start with but to the police the cases closes enshrouded with mystery. A brilliant criminal lawyer and investigator as well, the role of which is played by Warren William, reveals the facts after a sensational court trial in which he wins the freedom of his client, a beautiful and wealthy society woman (Miss Astor), charged with slaying her husband.

"Big Hearted Herbert" concerns a discordant family in which the wife and mother (Aline MacMahon) tames Guy Kibbee, the crabbed head of the household. Most hilarious and unusual situations ensue and the crab is changed into "Big Hearted Herbert" in a highly amusing climax. The picture carries a heart-throbbing romance as well as comedy with Patricia Ellis and Philip Reed as the lovers Helen Lowell, Robert Barrat, Marjorie Gateson and Hale Hamilton are among prominent members of the cast.

MOTHER! MISSION IN CITY OPENS

don't experiment with your Child's Cold

Week's Activity of Church Army Inaugurated in Cathedral Yesterday

Rub on VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures. Feel safe! Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing," which so often upsets delicate digestions and lowers resistance when most needed. DOUBLE DIRECT ACTION Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

There were large congregations yesterday for the opening services of the Mission of Witness at St. Andrew's Anglican Cathedral conducted by Captain A. Hutchison and Captain C. Hanney of the Church Army.

In the morning Captain Hutchison preached a thought-provoking and searching sermon on the "Holiness of God," using the text Psalms 18, verse 25, "With the Holy Thou Shalt be Holy and With a Perfect Man Thou Shalt be Perfect. With the Clean Thou Shalt be Clean." He pointed out the need of purity of soul in order to live the fullest life. Science was teaching the necessity for cleanliness in the fight with diseases of the body. Christianity emphasized the importance of purity in the war against the diseases which attacked the soul.

The anthem was "Oh, For a Closer Walk With God," soloist being H. Lincoln. The children's service in the afternoon was conducted by Captain Hanney, who also preached in the evening on the subject of "A Crippled Life." His text was Acts 3, verse 6, "Silver and gold have I none but, such as I have, give I Thee. In the name of Jesus Christ of Nazareth rise up and walk." He applied the crippled life to politics, industry and the individual. The only Savior in all departments was Jesus Christ of Nazareth. The mission will be held in the Cathedral throughout the week ending on Sunday next. Captain Hutchison will be in charge of services this evening. Soloists will be Miss Halliwell and Captain Hanney. Capt. Hanney is a native of Wales and possesses that musical gift so common to his countrymen. John W. Armstrong of the provincial public works department, Victoria, after a brief trip to Smithers on official business, arrived in the city from the interior on yesterday afternoon's delayed train and will sail this afternoon by the Prince George on his return south.

Dinner Dance At Commodore Cafe By Rotary Club

The Prince Rupert Rotary Club on Saturday evening held a very enjoyable dinner dance in the Commodore Cafe at which members and their wives and friends were invited. President J. J. Little was master of ceremonies and among the guests was S. J. Jahour, president of the Gyro Club. The large number attending tested the capacity of the cafe dining room.

Dancing was kept up until midnight. Balzano's Orchestra providing the music. In charge of George Fonten, who was arrested here last week for return to Stewart on a charge of obtaining money by false pretences. Constable I. Causton of the city detachment of the provincial police called last evening on the Catala for Stewart and will return to the city tomorrow morning.

DINNER FOR BOYS' BAND

Enjoyable Banquet and Dance Held Saturday Night at Knox Hotel With 75 Present

The thirty-eight members of the Prince Rupert Boys' Band and their girl friends were present Saturday evening at an enjoyable banquet and dance in the Knox Hotel as guests of the Parents' Association of the band. In all, there were about seventy-five present. Albert Blackhall, president of the Parents' Association, was in the chair. After ample justice had been done to a splendid dinner, there was a program of music and speeches. Besides Mr. Blackhall, speakers of the evening were F. W. Weech, president of the Prince Rupert Boys' Band Association; W. H. Tobey, secretary, and G. W. Johnston, another member of the executive. The program included vocal solos by Roi Judge; an instrumental quartet by John O'Neill, Roi Judge, Norman Blackhall and Bandmaster Robert Greenfield, and a recitation by Miss Zaida Hale. Music for the dancing which followed the dinner was provided by Mrs. J. S. Black's Orchestra.

The committee in charge of arrangements for the evening's proceedings consisted of Mrs. W. W. C. O'Neill, Mrs. John Bremner, Mrs. J. J. Judge and Theo Fortune.

Ruler Supreme Heads Play

The pageant in the grandstand at the Canadian National Exhibition at Toronto last year had a Mexican setting. This dangerous-looking fellow is the montezuma. To the Mexicans he is ruler supreme. He headed the play.
