Social, Economic and Agricultural Measures to be Presented to House of Commons—James L. Bowman of Dauphin, Man., is New Speaker

OTTAWA, Jan. 17: (CP)—Social, economic and agricultural legislation as advocated by Premier R. B. Bennett in his series of pre-sessional addresses during the past couple of weeks was promised in the Speech from the Throne read by Lord Bessborough, Governor General, at the opening of Parliament today. In addition, the members were informed that they would be asked to consider policies designed to consolidate and expand the Empire trade agreements and increase world trade generally. The policy of the government, the Throne Speech announced, would be to work towards arms reduction and stabilized economic relations. Definite legislation provided for includes unemployment and health insurance, better provision of old age pensions and extended facilities for long term and intermediate credit. Legislation will be introduced to secure a minimum wage law and maximum working week and to "ameliorate conditions of labor and provide a more assured standard of living for workers." Other announced legislation is designed to "alter the incidence of taxation so that it will more directly conform to capacity to pay" and measures designed to safeguard the consumer and the primary producer against unfair trade practices are included.

### INFLUENZA SPREADING

Epidemic in Ketchikan Assuming Alarming Proportions—Another Death Recorded

KETCHIKAN, Jan. 17: (CP)—Leonard Scholdt sr., aged 64, is dead here, the victim of influenza, which has spread so extensively in this community that one hundred pupils are absent from school this week and about twelve percent of relief workers are ill.

Eleven members of the crew of the lighthouse tender Cedar, several members of the crew of the coastguard cutter Alert and numerous business men have been stricken.

### STEAMER OVERHAUL

Explanation Made by Railway Official to Board of Trade Representatives

Secretary Arthur Brooksbank of the Prince Rupert Chamber of Commerce this morning received a telegram from John Dybavon, president, from Vancouver, who said: "T. H. Johnson and myself interviewed B. T. Chappell, general superintendent of the Canadian National Steamships, here. He explained that the men sent to Prince Rupert are all ship's crew of senior rank. He assured us everything possible was being done to protect Prince Rupert's interests but, under the new arrangement with their union, it was found necessary to send up more of the crew than formerly."

The Chamber of Commerce had requested Messrs. Johnson and Dybavon by wire to take the matter up with Mr. Chappell.

### Warden Almost Beaten To Death as Convicts Make Futile Getaway

Leader of Four "Bad Men" Shot as Recapture is Made, Dying Later—Guns Were Supplied by Paroled Prisoner Who is Arrested

SAN QUENTIN, Cal., Jan. 17: (CP)—By beating Warden J. B. Holohan almost to death and taking as hostages four members of the prison parole board and two guards four "bad men" escaped from the San Quentin penitentiary late yesterday afternoon and ran wild for two hours only to be recaptured when their leader, Rudolph Straight, was fatally shot. Straight died six hours later.

Warden Holohan, who is sixty-four years of age, was left in a pool of blood while the escaping convicts used their hostages as shields, two of the latter suffering bullet wounds in a fight as a result of which the men were captured at Valleyford, fifty miles away.

The convicts seized the warden and the other hostages while they were lunching in the warden's home, forcing them to exchange their civilian clothes for prison uniforms.

Clyde Stevens, paroled convict, whom convicts state furnished the guns, has been arrested.

### First Effort In Competition For Best Limerick

Only one person has so far taken action in the limerick competition, notice of which appeared in this paper yesterday. He says he retired to his room, scratched his noble brow and dashed off the required five lines and threatens to do it again before the competition is over. Here is the effusion:

A young man I knew in the East  
Once went to a queer kind of feast  
He had good things to eat  
Soup, pudding and meat  
Then they fed him a packet of yeast.

### EXPERTS ON HANDWRITING

Eight Agree That None But Bruno Hauptmann Could Have Written Lindbergh Ransom Notes

FLEMINGTON, New Jersey, January 17:—The state yesterday brought the number of handwriting experts in the trial of Bruno Richard Hauptmann, charged with the kidnap-murder of baby Charles Augustus Lindbergh Jr., up to a total of eight yesterday. All summed up, their unalterable opinion was that none but Hauptmann could have written the Lindbergh ransom notes.

### WESTERN PROVINCES LOSE IN APPEAL ON TIMBER DUES ACTION

LONDON, Jan. 17: (CP)—The Privy Council today dismissed an appeal of the four western provinces of Canada against a ruling of the Supreme Court of Canada holding that they were liable for repayment of timber dues to settlers in connection with the transfer of natural resources from the Dominion to provincial jurisdiction.

### COLDEST IN TEN YEARS

Thermometer Descends to 7 1/2 Above Zero Here Today—City In Grip of Frost King

A brisk north northwest wind of high gale-like proportions sweeping over the city throughout the night brought Prince Rupert the coldest weather that has been recorded in a decade. The thermometer of the Dominion meteorologist at Digby Island early this morning recorded a minimum of seven and a half degrees above zero while some thermometers on the Prince Rupert side of the harbor were said to be hovering around the zero mark. The barometer was high and steady this morning, the bitter wind was continuing, skies were a clear and steel blue and there was every evidence of a continuation of the cold snap.

Many householders awoke this morning to find their water pipes frozen. Numerous cars are out of commission.

The previous minimum temperature so far this winter was 12 above in December.

#### COLD EVERYWHERE

The cold snap is general throughout the west. The Government Telegraphs this morning reported temperature at Terrace of six below and at Prince George, twenty below. The Canadian National Telegraphs reported twelve below at Smithers, forty below at Edmonton and thirty-three below at Calgary.

### Georgetown Mill Still Closed On Account of Cold

Owing to the cold weather, the Sunbury & McAfee box factory at Georgetown remains closed down but it is planned to re-open the plant as soon as there is an amelioration. The mill closed down for the Christmas and New Year holiday season and has not re-opened since.

### FIRE TAKES FIVE LIVES

Moving Picture Projection Machine Cause of Holocaust In Montreal Home

MONTREAL, Jan. 17: (CP)—Mrs. Joseph DesMarteau, aged 70, three of her grandchildren and Madeleine Lamoureux, aged 10, were burned to death last night when a motion picture projection machine caught fire during the showing of pictures at a children's party at the DesMarteau home, the blazing celluloid setting fire to the house. Nine others who were in the house at the time were able to escape.

Four firms were burned before the conflagration was extinguished.

#### MR. BENNETT'S BROADCASTS

Prime Minister R. B. Bennett took the people of Canada by storm when he suddenly sprung upon them a new policy for his government on the eve of a general election. In his inimitable and emphatic manner he outlined first the general scheme and then, in subsequent addresses, went more into detail. He spoke eloquently and clearly and the climax of the addresses came Tuesday night with the added inspiration of several thousand young Conservatives in Montreal. He has given new hope to the Conservatives of the country, although a few of his former supporters are wondering what they will do on election day. Most of them will vote for their chief.

For a Conservative leader, the program looks very red but for a Liberal leader it would have been considered moderate. Most of the planks in his new platform were taken from that of the Liberals but in some respects he has committed himself to even more radical policies than the Liberals have ever promised. He repeated his last election promise of work and wages for all to be brought about as the result of his new policy. He promises unemployment insurance, the appointment of an economic council along the lines of the Pattullo policy and an amendment to the Companies Act abolishing the system of no-par shares. He declares that he will so regulate big business that no very large profits shall be made at the expense of the workers while primary producers are protected, a commendable move if consistently carried out.

The Prime Minister favors health and accident insurance and general laws governing wages and hours of work such as are already in force in British Columbia. He would extend his plan for adjustment of farm debts, pledges continuation and possible extension of the Natural Products Marketing Act now in force in British Columbia and increases in the income tax with a view to a fairer distribution of wealth along the lines of the English tax which is many times heavier than that in Canada.

Mr. Bennett points to legislation already passed as an example of what he plans to do in the future. He points to the establishment of a central bank, which his critics refer to as a bankers' bank. He points to the relief already extended to farmers in aiding them to market their crops and adjust their debts. He points to the action of his government in debasing the dollar and refunding part of the national debt and setting aside of fifty million dollars for the encouragement of building construction and suggests that more public work will be undertaken to provide work and wages for the unemployed.

Mr. Bennett says he has been studying the problems of the country during the past four or five years and has changed his mind in regard to many matters. He is now convinced that reforms are necessary and he is planning to start his new program immediately in order that the people of the country may not think he is only talking for election purposes.

We admire Mr. Bennett's election tactics. He is keeping the initiative and trying to place his opponents in the position of defence. We have, as far as our facilities allowed, given our readers fair reports of the speeches, the only reasonably full reports published in the city.

The next few weeks will put the electors in possession of further facts, including the attitude they may expect the Liberal party may take under its leader, W. L. Mackenzie King. Mr. King will also give radio addresses and elucidate his policy. The Liberal members have been in session in Ottawa, considering the national situation and we can expect to hear from them within the next few days.

### Man in the Moon

Good afternoon. How do you like the cold weather?

I had gone to sleep for the winter when I heard someone talking about a competition in the News for the best limerick. So I came out of my hole and got busy.

There was a young man in the city  
Sat down to compose a nice ditty.  
But his fingers froze stiff  
So he said, "Wait a jiff,"  
Till I cover them up with a mitty.

You may have heard of the child who was sent to the store for some cold cream. He was scolded for bringing ice cream but he said that it was the coldest kind of cream he knew.

"What do you think of a man who would deceive his wife?" inquired Jake this morning. I replied that I thought he was a wonder.

Many a man can't spell but he hires a good stenographer.

Yes, and many a man who can spell is disgraced by his stenographer.

Utopia is a place where there are no political speeches, no auto horns and no zero weather.

A grafter is all right as long as he works only on trees.

#### OFFICERS INSTALLED

(Continued from page one)

distance that had been accorded him by his executive as well as by the membership generally. With the worst of the depression apparently over, he felt that the time was now ripe for renewed activity by the club in the way of public service. In this connection he mentioned the necessity of having the playgrounds which had been put in by the club restored by the city to proper condition and full usefulness. Under the new officers and executive, the affairs of the club would be in capable hands during 1935.

#### New President's Address

After the installation ceremonies, President Jabour gave an appropriate inaugural address in the course of which he paid tribute to the work of his predecessors in office. He was appreciative of the honor that had been conferred in electing him as president of the club, the ideals of which he dilated upon. He announced that the 1935 executive had already definitely decided to embark upon the project of building a community hall in Prince Rupert this year. This had been adopted as the main objective for the year and upon it all activity would be focussed. A business meeting to consider club objective was announced for next week. Mr. Jabour announced the following committee chairmen for the year:

Attendance—Dr. J. H. Carson, Rev. W. D. Grant Hollingworth and G. A. Hunter.  
Bulletin—H. N. Brocklesby.  
Club Activities—Dr. R. G. Large.  
Civic—Frank Dobb.  
Entertainment—William Cruickshank.  
Initiation—Rev. W. D. Grant Hollingworth.  
Membership—T. N. LePage.  
Music—C. P. Balagno.  
Playgrounds—J. E. Morris.  
Song Leader—Dr. R. G. Large.  
Sergeant-at-Arms—D. G. Borland.

#### Rotary Head Speaks

J. J. Little, president of the Prince Rupert Rotary Club, as a guest of honor, brought the greetings of that organization in making a brief speech. He congratulated the Gryo Club upon the splendid calibre of its new officers and commended a continuation of the fine relations which had always existed between the two service organizations.

A brief musical program which was presented during the evening included vocal solos by Dr. R. G. Large and selections by the Gryo male quartet consisting of Dr. Large, H. N. Brocklesby, Dr. H. O. Johnson and W. M. Watts. C. P. Balagno was accompanist.

There was a raffle during the dinner, the winner being Dr. R. G. Large.

Guests were: J. J. Little, Norman A. Watt, W. M. Blackstock, F. A. MacCallum, A. S. C. Black, W. R. Dobbie, S. C. Thomson, Peter Lakie, W. E. Drake, A. R. Nichols, O. C. Young, A. S. Nickerson, Peter De Jong and A. H. Robson.

In Prince Rupert

January 17, 1915  
An independent committee of local business men has been formed to assist the Board of Trade in its fight to get the Canadian government to permit foreign fishing vessels to come here to load bait and other supplies. Only by this means, it is held, will Prince Rupert win the fish trade of the Pacific Coast. G. L. Clayton outlined his plans with this end in view at a meeting of business men in the Continental Trust Co. offices. The matter is being pressed upon Hon. J. D. Hazen, minister of fisheries.  
Frantic cries heard on the harbor during a terrific storm indicated that there might have been an accident with a small boat, no trace of which, however, was to be found. Hugh Dunn heard the cries and Capt. Freeman went out with the Narbethong but could find nothing.  
Mrs. P. I. Palmer, president of the Ladies' Music Club, has received acknowledgement from the consul for Belgium in Vancouver of a shipment of salmon for the Belgian relief fund.

**SOUTHWARD HO!**  
A winter vacation in the warm sunshine of California or Southern Arizona costs much less than it once did. Train fares are very low. For example:  
TO LOS ANGELES (from Vancouver, B. C.)  
One way . . . \$24.50  
21-day roundtrip . . . 39.50  
3-mos. roundtrip . . . 46.00  
These fares are good in coaches on our fastest trains, also in new-type tourist sleeping cars. (Tourist lower berth from Seattle to Los Angeles \$5, upper \$4.) Complete meals in our dining cars cost as little as 80c.

## MRS. STUART RE-ELECTED

Is Again President of Prince Rupert  
Parent-Teachers

### Had Good Year

Mrs. D. Orchard McLeod Speaker at  
Annual Meeting

The regular monthly meeting of  
the Prince Rupert Parent-Teachers'  
Association took place last evening  
in the Booth Memorial School. Mrs.  
H. B. Eastman, in the absence of  
the president, Mrs. D. C. Stuart, pre-  
sided.

As this was the twelfth annual  
meeting of the association, reports  
covering the activities of the past  
year were submitted and officers  
were elected for 1935.

The reports submitted by the pre-  
sident and secretary disclosed that  
the past year had been one of the  
most successful years in the history  
of the association. With a record  
membership of 175 parents and  
teachers, it was felt the Parent-  
Teachers' Association could take its  
rightful position as a powerful fac-  
tor for good in the life of the city.  
The treasurer's report showed that  
\$170 had been given to the schools  
during the year for the purchase of  
sport equipment and urgently  
needed books.

The election of officers for 1935  
resulted as follows:

President, Mrs. D. C. Stuart.

First Vice-President, Mrs. Neal  
Carter.

Second Vice-President, Mrs. E. B.  
Baker.

Secretary, W. W. C. O'Neill.

Treasurer, Miss S. A. Mills.

Program convener, Mrs. W. C. As-  
pinall.

Membership conveners, Borden  
Street School, Mrs. S. V. Cox; Booth  
Memorial School, Mrs. J. W. Kil-  
patrick.

Social convener, Borden Street  
School, Mrs. Barber; Booth Memori-  
al School, Mrs. H. K. Christensen.

Press correspondents, J. S. Wilson  
and W. W. C. O'Neill.

Membership convener for King  
Edward High School is to be ap-  
pointed at next regular meeting.

Mrs. McLeod Speaker

Following the election of officers,  
Mrs. D. Orchard McLeod gave a  
very interesting address on the sub-  
ject of "The Appreciation of Edu-  
cation." At the outset, Mrs. McLeod  
traced the origin and progress of  
elementary education in the dis-  
tricts of Eastern Canada settled by  
the United Empire Loyalists and  
paid glowing tribute to the efforts  
of those pioneer settlers who, in  
spite of hardships and difficulties,  
endeavored to give their children  
the very best education it was in  
their power to give. The Christian  
church also played a noble part in  
this early effort to lay the founda-  
tion of an educational system for  
Canada, and the founding of deno-  
minational colleges and universities  
was the first step in the establish-  
ment of higher educational facili-  
ties for the youth of Canada.

"The splendid system of elemen-  
tary, secondary and higher educa-  
tion enjoyed by the people of this  
country today is a fitting monu-  
ment to the work of these first Can-  
adian pioneers in education," de-  
clared Mrs. McLeod. "We, today,  
should dwell with much apprecia-  
tion upon the efforts of those men  
and women who played their part  
so well in attaining this result and  
at the same time we should show  
our appreciation of the efforts of  
those who, in our own day, are try-  
ing to make even better the educa-  
tional opportunities provided for  
our youth."

Mrs. McLeod reminded parents,  
who were prone to criticize certain  
subjects of the high school curri-

culum, that often pupils must form  
their plans for a career in the later  
years of their youth and frequently  
these very subjects were found to be  
a very necessary foundation for  
success in the carrying out of their  
plans.

The speaker made a strong plea  
for constructive thinking with re-  
gard to education. Such thinking  
would bring about results which  
would ennoble life and promote  
progress. On the other hand, de-  
structive thinking and criticism  
would be a hindrance and deleter-  
ious to such progress. Questions and  
events which for a brief time re-  
ceived much attention and publi-  
city could come and go and were  
soon forgotten but education for the  
growing youth must ever remain a  
vital issue. That so many parents  
in Prince Rupert and other cities  
were members of such an organi-  
zation as the Parent-Teachers' As-  
sociation showed that they appre-  
ciated the efforts of school admini-  
strators and teachers and was evi-  
dence of the vital interest they had  
in the welfare of their children.

### Giving Employment

Mrs. McLeod concluded a splendid  
address by making a stirring plea  
for fair play in the giving of em-  
ployment to the young people who  
graduated from the schools. Busi-  
ness men and other employers  
could show their appreciation of  
the work done in the schools by as-  
sisting and guiding these young  
people to find employment compat-  
ible with their interests and abili-  
ties.

During the evening David Hous-  
ton, with vocal solos, accompanied  
by Mrs. J. S. Black, and Vernon Cle-  
cone, with a capably rendered  
piano solo, provided an enjoy-  
able musical program. Hearty votes  
of thanks were accorded speaker  
and artists.

The meeting ended with the sing-  
ing of the National Anthem, after  
which refreshments were served  
and a pleasant social hour spent.

Johnny Nelson of Kitkatla has  
brought his son, James Nelson, to  
the Prince Rupert Hospital, the  
youth having sustained a broken  
clavicle through a fall on the icy  
street at Kitkatla.

## WHIFFLETS

From the Waterfront

Although the British freighter  
Vancouver City has been reported  
for some weeks to be due here to-  
day to load a full cargo of grain  
from the Alberta Wheat Pool's local  
elevator for delivery to the United  
Kingdom or Continent, there was  
no report of the vessel anywhere on  
the coast up to this morning. She is  
understood to be coming from the  
Orient. Pilot and shipping company  
officials from Vancouver are al-  
ready here awaiting the Vancouver  
City and all is in readiness to start  
loading the ship. It is hardly ex-  
pected now that she will be here  
before the end of the week.

C. P. R. steamer Princess Norah,  
Capt. Thomas Cliff, is due in port  
at 4:15 this afternoon from Skagway  
and other Alaska points and will  
sail an hour later for Vancouver.

## HOW TO MAKE DARNING *more* DIFFICULT!

SEWING and darning demand even more  
from the eyes than reading. Nature didn't  
plan for such tasks! She had outdoor, dis-  
tance seeing in her mind. So, to keep the  
nervous muscular tension as low as possible  
—and to avoid eyestrain—we must give care  
to light. For light is the scientific partner of  
seeing. Let's not do the equivalent of wear-  
ing smoked glasses!

Proper home lighting is vitally important, if  
we want to escape the defective vision suffered  
by 71% of all persons under fifty years of age.  
It should be second nature always to have the  
correct size of lamp bulb in every socket...  
never to read in a glare spot or in shadow.  
One of our lighting experts will gladly make  
a helpful lighting survey, free, in your home.

### KEEP THESE LIGHTING RULES IN MIND

Use lamp bulbs of the correct wattage... never less  
than 40-watt EDISON MAZDA LAMPS for three socket  
lamps, 60-watt for two socket lamps, 100-watt for  
single socket lamps.

Have all lamp bulbs shaded. For portables, a shade  
light in color, wide in spread, and open at the top.  
Never read in the glaring light from bare bulbs, or  
in your own shadow. Always use bulbs of reputable  
make. Inferior bulbs burn out and blacken quickly.
