Putting the men to work is the most important matter. We hope we shall hear in the very near future that Mr. Bennett is to deal with this in a statesmanlike manner. He mentioned it in his radio speeches and he gave it great prominence in his first address. This seems to be the proper time to tackle the problem. The men have been idle much too long already.

ACCEPTED By Science

FAVORED BY CANADIANS

Accepted Canadian Physicians Tested Approved Canadian Dietitians

Kellogg's ALL-BRAN is accepted by Canadian Physicians, has been Tested and approved by Canadian Dietitians.

Hundreds of thousands of Canadians have discovered that this delicious cereal corrects constipation due to insufficient "bulk" in

meals. Unless checked, this ailment may cause headaches, loss of appetite and energy. You feel below par-fail to get the best out of each day.

Kellogg's ALL-BRAN supplies a generous quantity of mild "bulk" to aid regular habits. ALL-BRAN also furnishes vitamin B and iron. Unlike cathartics, this tempting cereal continues to be effective when used for months.

Isn't it pleasanter to enjoy a gentle, natural food instead of weakening your system with patent medicines? Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. Serve with milk or cream. If not relieved this way, see your doctor.

Serve as a cereal or use in cooking. Appetizing recipes on the red-and-green package. Remember, Kellogg's ALL-BRAN is much more effective than part-bran products. Sold by all grocers. Made by Kellogg in London, Canada.
