OLOF HANSON RE-ELECTED IN SKEENA

Mackenzie King Will Head New Government With Biggest Lead Ever Accorded Political Group

GRIT TIDE SWEEPED IN FROM ATLANTIC COAST AND OVERWHELMED CONSERVATIVES COMPLETELY, BEING STOPPED ONLY BY SOCIAL CREDIT—FEW TORIES LEFT—ALL LEADERS ARE ELECTED.

OTTAWA, Oct. 15:—A great tide of Liberalism, beginning in the Maritimes and pausing only at the foothills of the Rocky Mountains, swept across Canada in yesterday's general election, overwhelming the Conservative government of Premier R. B. Bennett and carrying Rt. Hon. W. L. Mackenzie King and the Liberal party into power with by far the largest political mandate ever accorded a federal administration in the history of the Dominion. Only one Conservative, A. J. Brooks of Royal, New Brunswick, with a lead of 33 votes, survived in the entire Maritimes. Quebec returned to its normal almost solid Liberal representation with 55 Liberals, four Independent Liberals and five Conservatives, whereas the latter had 24 in 1930. Traditionally Conservative Ontario relentlessly ousted the members of that party, many of them national figures, from their seats and put Liberals in their places in the largest swing to that party Upper Canada has ever known while Manitoba and Saskatchewan, which had defected to Conservatism in 1930, went back to the Liberal column in no uncertain voice. Only in Alberta, that melting pot of political experimentation, did the great wave recede with Social Credit sweeping the federal seats as it did in the provincial contest a few weeks ago and all but eradicating the C. C. F. party as a national movement. British Columbia presented the most complex political picture of any of the nine provinces. It was the only province in Canada to choose Conservatives as the largest group, tying with Liberals, five each. It also provided the C. C. F. with its greatest strength and elected the only Reconstructionist who will sit in the next Parliament, the leader of that new movement, Hon. H. H. Stevens, who was given a hard run in Kootenay East by Hon. R. Randolph Bruce. Five Liberals were elected in British Columbia, the only one of them to have a commanding lead being Olof Hanson in Skeena. The veteran Independent, A. W. Neill, carried his old seat of Comox-Alberni.

The Liberal victory in the federal field climaxed successive provincial victories. Reconstructionists and Co-operative Commonwealth Federation, making initial bids for federal power, failed dismally, the former's handful of seats in the west being its only representation.

PRINCE GEORGE VOTE

Prince George, October 15:—Prince George City gave John McInnis, C.C.F., 451 votes in the federal election yesterday. J.G. Turgeon, Liberal 409; John A. Fraser, Conservative, 152, and Fred Clarke, Reconstructionist, 31. South For. George voted 86 for Turgeon, 43 for McInnis, 11 for Fraser and three for Clarke.

PAN-AMERICAN CLIPPER LANDS SAFELY AT GUAM

GUAM, Oct. 15:—Completing its longest trans-Pacific flight, the giant flying boat Pan American Clipper landed here safely from Wake Island, a distance of 1500 miles. Sunday night and was given an enthusiastic welcome at this tiny American outpost. From here Pilot Sullivan and his crew of six men will head homewards.

Leaders All Elected

Premier-elect William Lyon Mackenzie King, in Prince Albert; Premier R. B. Bennett, in Calgary West, and J. S. Woodsworth, in Winnipeg North Centre, were all re-elected, the last mentioned with his able lieutenant, A. A. Heaps, in Winnipeg North.

Twelve cabinet ministers were defeated and seven elected. Those defeated were William G. Ernst, R. B. Hanson, Samuel Gobell, Onesime Gagnon, Lucien Gendron, Donald Sutherland, Wesley Gordon, C. G. Geary, R. J. Manion, Maurice Dupre, T. G. Murphy and Robert Weir.

In Labelle, Que., the veteran Independent, Henri Bourassa, was defeated by a Liberal. The Conservatives won twenty— (Continued on Page 4)

Mackenzie King Supporter So Far Has 3511 Votes as Compared with 1557 For Tory Candidate and 2257 For C. C. F.

Returning Officer R. L. McLennan this morning announced the following summary of election results for Skeena riding to date on the basis of returns received from 89 out of 123 polling divisions:

Hanson, Liberal, 3511. Orme, Conservative, 1557. Panter, C. C. F., 2257.

It will probably be several days before some of the outlying polls are heard from but only small points remain to report and they cannot affect the general result.

The Hanson majority was larger than had been generally anticipated. It indicated that the silent vote went pretty solidly Liberal.

Mr. Orme was second man on Prince Rupert city count but several important district points, notable among which was Ocean Falls, gave Mr. Panter good leads and brought him into second position. The interior gave Panter quite strong support although Smithers gave Hanson its customary Liberal majority.

Any candidate who has not half the total vote of his opponent loses his \$200 deposit.

The total vote so far recorded is 7325 as compared with a total count of 8503 on the first day following the 1930 election when Hanson was leading Brady 4678 to 3825.

Much public interest was manifested in the results and the committee rooms held large crowds of people awaiting the returns. Mr. Hanson and Mr. Orme made brief speeches at their respective committee rooms. Mr. Hanson accepting an invitation to speak briefly at the Conservative rooms where he and Mr. Orme, always the best of personal friends, exchanged mutual felicitations.

A GREAT VICTORY

Yesterday's election was a great victory for the Liberal Party. No matter how it is explained, it remains a great victory. It means that the Liberals will be fully justified in carrying out vigorous Liberal policies such as readjusting the tariff and settling the unemployment question, encouraging trade and commerce and broadening the Canadian Constitution.

In Skeena constituency it was also a great victory and Olof Hanson will go to Ottawa representing one of the few Liberal seats in this province and with the experience of the past five years behind him should be able to give great service to the riding. He will, we hope, have the solid backing of the people of Prince Rupert and all sections of the constituency.

In a brief address given in the committee rooms last night Mr. Hanson made it clear that he would go to Ottawa representing, not only the Liberal party but all the people of Skeena constituency no matter to what party they might belong. He would be there to serve them all to the best of his ability.

A CLEAN FIGHT

We are glad to know that the contest has been a clean one. There has been no indulging in personalities by any of the candidates. All can feel happy in the thought that they can meet their opponents today with heads held high and a clear conscience. The people have expressed themselves clearly and their will must be carried out.

PSYCHOLOGY OF ELECTIONS

It is curious how in the excitement of the hour people are carried away and unable to give a sound judgment in regard to public opinion. Take this election as an example. Many Conservatives really believed that their candidate would be elected and many C. C. F. supporters were just as confident that Mr. Panter would be the member for Skeena. How they arrived at this conclusion no one can say. They could not have canvassed the situation well. The wish was father to the thought and all evidence to the contrary was discarded. Estimates must never be based on past experience because many people change their opinions, very quickly.

Nothing but election frenzy could have justified some of the published statements about a Liberal rout and the come-back of Bennett that appeared in some newspapers a day or two before election day.

NO HINDRANCE LOCALLY

Now that the election is over, we are able to turn our attention to advancing the interests of Prince Rupert in a material way. We are glad to know that the people have expressed themselves as opposed to any policy of confiscation of industries. The number of socialist candidates elected is very few, so few that they can have very little influence on the life of the country. Vancouver and Winnipeg were shown to be the socialist hotbeds and the only ones in Canada. Not a C. C. F. member was elected east of Winnipeg and in Alberta the party was practically wiped out of existence by the social credit party.

'SPORT'

SPORT CHAT

The University boat race is more than six months ahead but Oxford has started preparations for breaking the long run of Cambridge successes. Two crews have already started training under the supervision of P. Haig Thomas, who coached Oxford for the last race, and H. M. Mosley, last year's president.

Frankie Frisch, manager of the St. Louis Cardinals, established five new World Series records last fall; most games played in a series, 50; most times at bat, 197; most base-hits, 58; most singles, 45; most doubles, 10.

Harry Gimblett, farm-boy cricketer, who hit a century in 63 minutes while playing for Somerset against Essex in his first appearance in first class English cricket, has been awarded the Lawrence Trophy for the quickest hundred of the season. The silver cup was awarded by Sir Walter Lawrence and an order on a London store for \$525 goes with it.

Moyle Breeton, Melbourne golfer, played a mashie shot 120 yards from the hole. The ball struck the top of the pin and drove the pin six inches into the ground. The ball was split by the contact with the pin.

Frank and Marshall's husky gridiron crew from Pennsylvania was assessed 25 yards for delaying the game when they reported late for the second half against Fordham. The Rams were then permitted to put the ball in play at scrimmage in the Diplomats own territory.

John M. Wright, Doncaster Rovers soccer player, injured in a motor accident recently, was married at Christ Church. He was brought to the church on a stretcher.

Decision to form a second eleven for next season has been made by Worcestershire County Cricket Club. A nursery will also be established and George Platt, former Surrey bowler, has been appointed as coach.

Tulane's Green Wave football squad of 1935 is better heeled in reserve strength than at any time in history. A survey disclosed that the candidates are at least "four deep" in all positions and five and six deep in some.

Soccer in the Netherlands has made great strides in recent years and a representative Holland team will play an international match with Ireland in Dublin December 3.

After Ossie Nicholson, youthful Australian cyclist, rode his machine 100 miles each day for a year without a break, he decided to take to the water. Starting April 1 of this year he intends swimming at least three miles a day for the next 12 months so far he has missed five days but during that period competed at the Melbourne City Baths.

HAMILTON, Oct. 15: (CP)—J. J. Warren, president of the Consolidated Mining & Smelting Co., and Sir Edward Beatty, president of the Canadian Pacific Railway, both denied charges of Hon. H. H. Stevens, head of the Reconstructionist party, in a speech made Saturday, that the original Liberal candidate in East Kootenay had been "pulled off" and Hon. R. Randolph Bruce had been substituted through their co-operation with Rt. Hon. W. L. Mackenzie King, Liberal leader, in order to unite the opposition against him (Mr. Stevens) and bring about his defeat.

TERRACE

George Little has gone on a business trip to Eastern Canada. He is likely to be away a month or more.

A party of Terrace young people set out to ascend Thornhill Mountain a week ago Sunday but it was cloudy and the mountain looked angry so they went on to Lakelse Lake instead. The boys went in for a swim while the girls improved their complexions with mudpack which is one of the many attractions that Lakelse offers.

Mrs. Alger of Usk had an unfortunate accident by falling on the steps of her house. She was badly shaken and Dr. Stanley Mills had her sent to Prince Rupert Hospital with a nurse in charge.

Rev. A. Crisp has sponsored the formation of a club for the young people of Terrace. The club's activities will include literature, dramatics, music and it seems likely to be a very good and improving organization.

Man in the Moon

It is rumored that there was an election yesterday but it is difficult to remember this morning just what happened yesterday.

There was a frost, evidently Conservative, and the sun was shining this morning, evidently Liberal.

The valiant Gerry McGeer seems to have been slain by the dragon Woe is me!

Wasn't it a good thing the liquor store was closed yesterday. There are enough thick heads and heavy eyes this morning as it is. Doubtless these people must have become intoxicated with their own exuberance.

Jake says anyone who mentions elections to him during the next six months will get one between the eyes. You see, Jake was one of those C.C.F. people who thought the party was going to win.

After he had sobered up this morning, Jake whispered something about Canada giving up her Dominion status and being ruled by a King.

After taking a bracer Jake recited from Shakespeare: "Cromwell, I charge thee, fling away ambition. By that sin fell the angels. How can man, then, the image of his maker, hope to win by't." You see Jake bet heavily on Panter expecting to get suddenly rich thereby.

By the by, did you ever stop to think that if man was made in the image of his maker, the great ruler of the universe must be a queer looking specimen.

SECURITY PROVIDED

Act Sets Out American Pays For Pensions But Unemployment Insurance Costs Him Nothing Extra

WASHINGTON, Oct. 15: (AP)—Thirty million typical Americans come under the Social Security Act, with its old age pension and job insurance.

Immediate operation of the act was upset by the closing session of the late Senator Huey P. Long, resulting in the defeat of the efficiency bill providing funds for activities included in the measure. This situation, however, is merely temporary, and will be straightened out when congress returns next January.

The act's old age pensions and unemployment insurance are its major features. The two differ in this respect: Mr. Citizen will help pay for his pension himself, but the job insurance isn't designed to cost him anything extra. Here is the way the pension plan will work: Blank, we'll say, is about 25 years old now and goes on working for 40 years, making an average of \$2,400 a year. He will pay in, starting in 1937, one percent of his salary, with the tax increasing one-half percent until it reaches three percent. His employer will be paying a similar tax on his salary right along. On this basis, Blank, at 65, will retire on an annuity of \$855, or \$71.25 a month.

Supposing Blank is much older—has only 10 years more of active work. On a salary averaging \$2,400 a year, he will retire at the end of his 10 years on a pension of \$32.50 a month.

There's another type of man, also, who is given consideration—the fellow who already is 65 years or more. The government plans to help him by grants to the individual states of \$15 a month for each such citizen, to be matched by the state. If the state puts in its share the oldsters will receive \$30 a month. This type of pension is to start at once, while the pensions in which the workers contribute do not begin until 1942.

The average American citizen probably is worrying less about his pension than he is over continuance of employment. This is where unemployment insurance comes in. Most of what happens depends upon the individual states. On employers of eight or more persons, the government is imposing, first a one percent payroll tax, boosting it to two percent in 1937 and to three percent in 1938. The states are supposed to set up unemployment reserve systems and if they do the scheme will figure out unemployment benefits of \$15 weekly for a maximum period of 16 weeks.

Other clauses of the bill provide grants to take care of crippled and dependent children and the needy blind.

PIONEER IS DEAD

John A. Meeker Passes Away In Prince Rupert General Hospital At Age of Eighty-Four

Another of Prince Rupert's pioneer respected citizens was removed by death at 4 o'clock this morning in the Prince Rupert General Hospital, where he had been a patient for the past few weeks following a stroke, of John A. Meeker, aged 84. Born in Chataqua, N.Y., the late Mr. Meeker had spent the most of his life in the west and had been a resident of Prince Rupert since 1909 when he invested heavily in real estate here. He had followed contracting and building as well as other lines of activity.

Predeceased by his wife a few years ago, Mr. Meeker is survived by three sons—Albert Meeker of Vancouver, and Vernon Meeker of Sioux City, Iowa, who had been called here recently on account of his illness, and Gilbert Meeker of this city.

Funeral arrangements are in the hands of Hayner Bros., undertakers.
