Next Move in Dispute Is Put Up Squarely to Fishermen Themselves

Any Men Consenting to Vessels Getting Share of Livers Will be Signed on—Unanimous Decision Reached at Meeting Last Night—Starting Date Not Set

At a practically one hundred percent representative meeting of the Canadian Halibut Vessel Owners' Association last night, the boat owners unanimously decided to stand firm on their demand that henceforth halibut livers shall be figured in the gross stock of catches with the boats receiving a one-fifth share like for the halibut itself.

Sea Fishermen's Union no further in connection with the matter but to consider as final the stand of that organization that livers should not be figured in gross stock but that the whole proceeds of same should be shared among the fishermen without consideration of the boats.

No decision was reached by the meeting as to when the fleet should leave for the banks, further word being awaited from Seattle which has deferred its decision until Friday.

George Fritz, president of the Canadian Halibut Vessel Owners' Association, presided over the meeting which was attended by some fifty boat owners.

PRIMATE IS SPEAKER AT CATHEDRAL

Archbishop D. T. Owen of Toronto Guest of Anglican Congregation At Dinner Last Evening

It was a great occasion of joyfulness to think that at a time of general unrest and in the midst of a great depression the Church of England in Canada was able and willing to raise a million dollars to replace the loss which the church sustained in the Ecclesiastical Province of Rupert's Land a little more than two years ago, declared Most Reverend Archbishop D. T. Owen of Toronto, Primate of the church in Canada, when addressing a large gathering of Anglicans in St. Andrew's Cathedral last evening. It was really wonderful this thing that had happened said the speaker. It indicated that the church was really alive. Of the total million dollars required \$553,000 had already been subscribed and over six hundred thousand dollars of it paid in. It was an astonishing result. They had now started on the third and last year of the campaign and he had faith that the whole church would respond in such a manner that the whole of the sum required would be replaced. He paid a tribute to Canon Gould who had organized the drive and given it spiritual force. It was a splendid demonstration of the real sacrificial spirit.

C. L. Foster, who is travelling with the Archbishop, outlined how the clergy had, when the catastrophe happened, assessed themselves seven percent of their incomes in order that the work of the church should not be hampered and the widows and orphans who were dependent on the lost endowment fund should not suffer. Canon Gould undertook the task of organizing a three-year campaign to replace the money. Some dioceses had already filled their allotment and others had not been able to do so. Women had been responsible for raising a good proportion of the whole amount. Everywhere throughout Canada they had done wonderful work. Mr. Foster showed the need not only of restoring the original amount that was lost but

WHY NOT ARBITRATE?

Evidently there seems to be a deadlock between the boat owners and fishermen over the question of sharing in the proceeds of the halibut livers. Each side seems to think itself in the right and determined to fight it out.

In the meantime the boats are tied up and the whole city is suffering. In such a case arbitration seems to be the right course. Why not ask the boat owners and fishermen to submit their cases to an independent tribunal? Something should be done without delay to try to get the parties together.

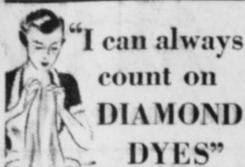

SEASON FOR PAINTING

There is probably no other investment of a few cents, or a few dollars, that will give such pleasure and satisfaction as the money spent on paint for interior decorating. Badly marked furniture and discolored woodwork takes on a bright cheerful atmosphere almost like magic; floors glisten with the rich lustre of smooth-flowing varnish. You can bring the freshness of spring into your home at almost trifling cost with the products of modern paint manufacture.

Nor is the satisfaction to be derived from freshly painted woodwork and furniture merely a matter of appearances. The surface painted with high-gloss enamel is so glossy and smooth that it is a simple matter to keep it clean. Nothing lightens housework so much as keeping the interior surfaces in the home freshly painted.

Mr. and Mrs. Frank Nightwine, pioneer residents of the Kitsumkalum Lake district near Terrace, arrived in the city on Tuesday night's train from the interior. They are on their way to Vancouver Island where they will locate. They will sail for the south on the

What is her secret? How can creamed dishes that would tickle a millionaire's taste be paid out of a slim family budget? The answer is, use St. Charles Milk and you, too, can make wonderful soups, creamed vegetables, and desserts that will surprise and delight your family.

St. Charles is the freshest whole country milk, evaporated at a low temperature to double richness. Each cupful gives you double the amount of delicious cream and nourishment that is contained in one cupful of fresh country milk. This is the secret of the marvellous results when you cook with Borden's St. Charles Milk

Try this finer flavor in your favorite dishes—it costs but a few cents! Ask your grocer for Borden's St. Charles Milk, in the tin with the Gold Cow label.

Borden's ST. CHARLES MILK

MADE IN BRITISH COLUMBIA

From rich pasture lands of the Fraser Valley comes St. Charles Milk... it is evaporated in the Borden Condensary at South Sumas, B.C. . . . creating industry for British Columbia men and women.

Where The Sunshine Goes

TOMATOES are Nature's method of storing sunshine for human consumption. The sun-drenched valley gardens of British Columbia are among Canada's best tomato districts. Last year B.C. grew 60 million tomatoes for canning—every one hand-picked, with careful delivery to the cannery. In the Royal City Kitchens exacting care in sorting out the perfect ones comes next and then the scalding process. Row upon row of white-robed dainty maids peel the fruit by hand and hundreds of intelligent eyes guard the contents of every can bearing the Royal City label.

Sassafras Tea

Years ago mothers used to give sassafras tea, sulphur and molasses, or some other "spring tonic" for "spring fever."

"Spring fever," with its days of listlessness, is many times nothing more or less than plain, ordinary constipation—due to insufficient "bulk" in the meals you eat.

Your grocer supplies the modern way to correct this condition . . . in a delicious cereal called Kellogg's ALL-BRAN. Two tablespoonfuls daily of this pleasant natural food furnish the "bulk" required to maintain regular habits. How much better than taking old-fashioned "spring tonics." ALL-BRAN also provides vitamin B, and food-iron, an important element of the blood.

Of course, if you feel actually ill, after being cooped up indoors all winter, you should consult your doctor. ALL-BRAN corrects only common constipation, makes no claim to be a "cure-all."

Kellogg's ALL-BRAN contains much more needed "bulk" than part-bran products. Serve as a cereal with milk or cream, or cook into delicious muffins, breads, waffles, etc. Appetizing recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in London, Ontario.

Work of Women

Mrs. Rix, president of the Caledonia diocesan Women's Auxiliary, told of the various centres raising in all \$622.90 toward the fund. She read an interesting list of amounts sent in from the different points.

Dean Gibson, in reporting for the men's committee, said that good progress had been made and they confidently expected before the year was out they would go over the top by raising the three thousand dollars assessed against the Diocese of Caledonia. St. Andrew's had subscribed \$57.68 so far, most of which had been paid, and St. Peter's had subscribed \$134.30.

Prior to the religious service and reading of reports and the addresses by the distinguished visitors, dinner was served in the hall by the ladies of the congregation, a large number of Anglicans and a few visitors being present. The occasion was a happy one indicating a keen appreciation of the honor done the city in receiving a visit from so prominent a personage.

Mrs. Thomas Andrew was general convener of the dinner and other arrangements, assisted by Mrs. George Rorie. In charge of the various dinner tables were Mrs. C. V. Evitt, Mrs. George A. Woodland, Mrs. A. R. Nichols, Mrs. Lionel Holtby and Mrs. G. P. Tinker. Assisting in serving were Mesdames J. W. Nicholls, Fred McLeod, J. S. Wilson, W. A. McLean, A. G. Rix, F. N. Good, A. H. Waddington, George Cripps, Neal Carter, C. C. Mills, W. M. Watts, H. G. Kennedy, Jack Johns, W. Cruickshank, J. A. Hinton, C. Ellison, W. C. Aspinall, S. V. Cox and Miss Gertrude McKenzie.

Musical selections were given during the dinner by Misses Ruth Nelson, Edith Smith, Molly and Nellie Lawrence, Maureen Kirkpatrick and Jean McLean.
