Allegations Made By

States Requires Strong Merchant Marine - Roosevelt In Favor of Subsidies

WASHINGTON D.C., March 5 -President Franklin D. Roosevelt, delivering his long deferred message to Congress on shipping yesterday, declared himself in favor of a strong merchant marine which was vital to the United States, especially in case of war. He advocated a system of direct subsidies to shipping companies instead of government loans which he asserted had not been successful. The greater cost of operating American ships than foreign vessels, owing to higher wage scales, better living conditions, etc., should be taken into account.

HIAWATHA'S WEDDING FEAST

The Philharmonic Society last night gave a wonderful terpretation of "Hiawatha's Wedding Feast" in the Presbyterian Church, a performance of which to be proud. Seldom has there been anything as good in the city. Forty oices and twelve instruments took part. It was a real mucal treat. The performance is being repeated tonight and is hoped the musical people of the city will show their ppreciation by attending. We strongly commend it to heir attention.
