DAILY EDITION

Friday, May 10, 193;

MESSAGE OF PREMIER

The first of a series of messages by Premier Pattullo to the people of British Columbia is being broadcast through the newspapers instead of by radio. In that way it is possible for all to read the message and those who wish to study it may refer to it again and again if they so wish. In a message of this kind it is possible to quote figures inteligibly. Such figures given over the radio would have little or no meaning.

In this first message, which appeared yesterday Premier Pattullo explains the position of the provincial government in regard to unemployment. He shows clearly that the provincial authorities have nothing whatever to do with relief camps and contends that the federal govern-Starettes Defeat ment should undertake the whole responsibility for unemployment and urges a national works program financed on the national credit of the Dominion.

The message to which reference is made appeared in this paper yesterday and we strongly urge that everyone should read this one and each of the series that will follow. This is particularly desirable in this community because the Premier is also member for the riding.

ELEVEN YEARS' SERVICE

Mrs. R. L. McIntosh has resigned from the presidency of the Ladies' Music Club after eleven years of service in broke through the June Bug dethat position. During that time the work of the club has fence and gained three runs in the been most successful. The club has been an important fac- econd while their opponents made tor in the cultural life of the community. Doubtless the work will be continued under her successor and the organization continue to function in the interests of musical art.

INTERESTING RESOLUTION

A most interesting and unique resolution was passed by the Skidegate Inlet Conservative Association recently. The resolution commended the work being done by the appointees of the Liberal government on Graham Island. This is particularly notable because it seems to have become the custom for political organizations to criticize For the Eastrather than commend. We suggest it is a fine precedent for other organizations. Criticism is all right in its place. but commendation is even more important and more fruitful of results.

We wish to announce that the

June Bugs Again

Score of 9 to 2 in High School Girls Softball Yesterday

In the High School Girls League softball game yesterday Starrettes defeated June Bugs 9 to . Both teams played exceptionally well in the first inning, and the only one. Starettes made one in the third, one in the fourth and three in the fifth without letting June Bugs score a single additional run. Final score was 9 to 2.
