Mayor McGeer Delays Interest Cut Resolution For Another Week

VANCOUVER, March 12: (CP)—If the provincial government refuses to authorize Vancouver to reduce interest rates on bonded indebtedness, Mayor G. G. McGeer announced yesterday afternoon that he will move at the city council meeting of March 18 that the council make an arbitrary reduction to three percent to apply on and after March 31.

The mayor had proposed to submit this demand to the council yesterday but deferred doing so pending possible action at Victoria. During the council meeting yesterday, Mayor McGeer declared the report of Thomas Bradshaw, Toronto expert on municipal affairs, "is not a practical, reasonable or available solution of our difficulties." The mayor said that the government must take over the entire cost of education and relief, and that government grants to the city must be increased.

CIVIL WAR NEAR OVER

Government Well in Control Of Situation in Greece and Revolution Appears Crushed

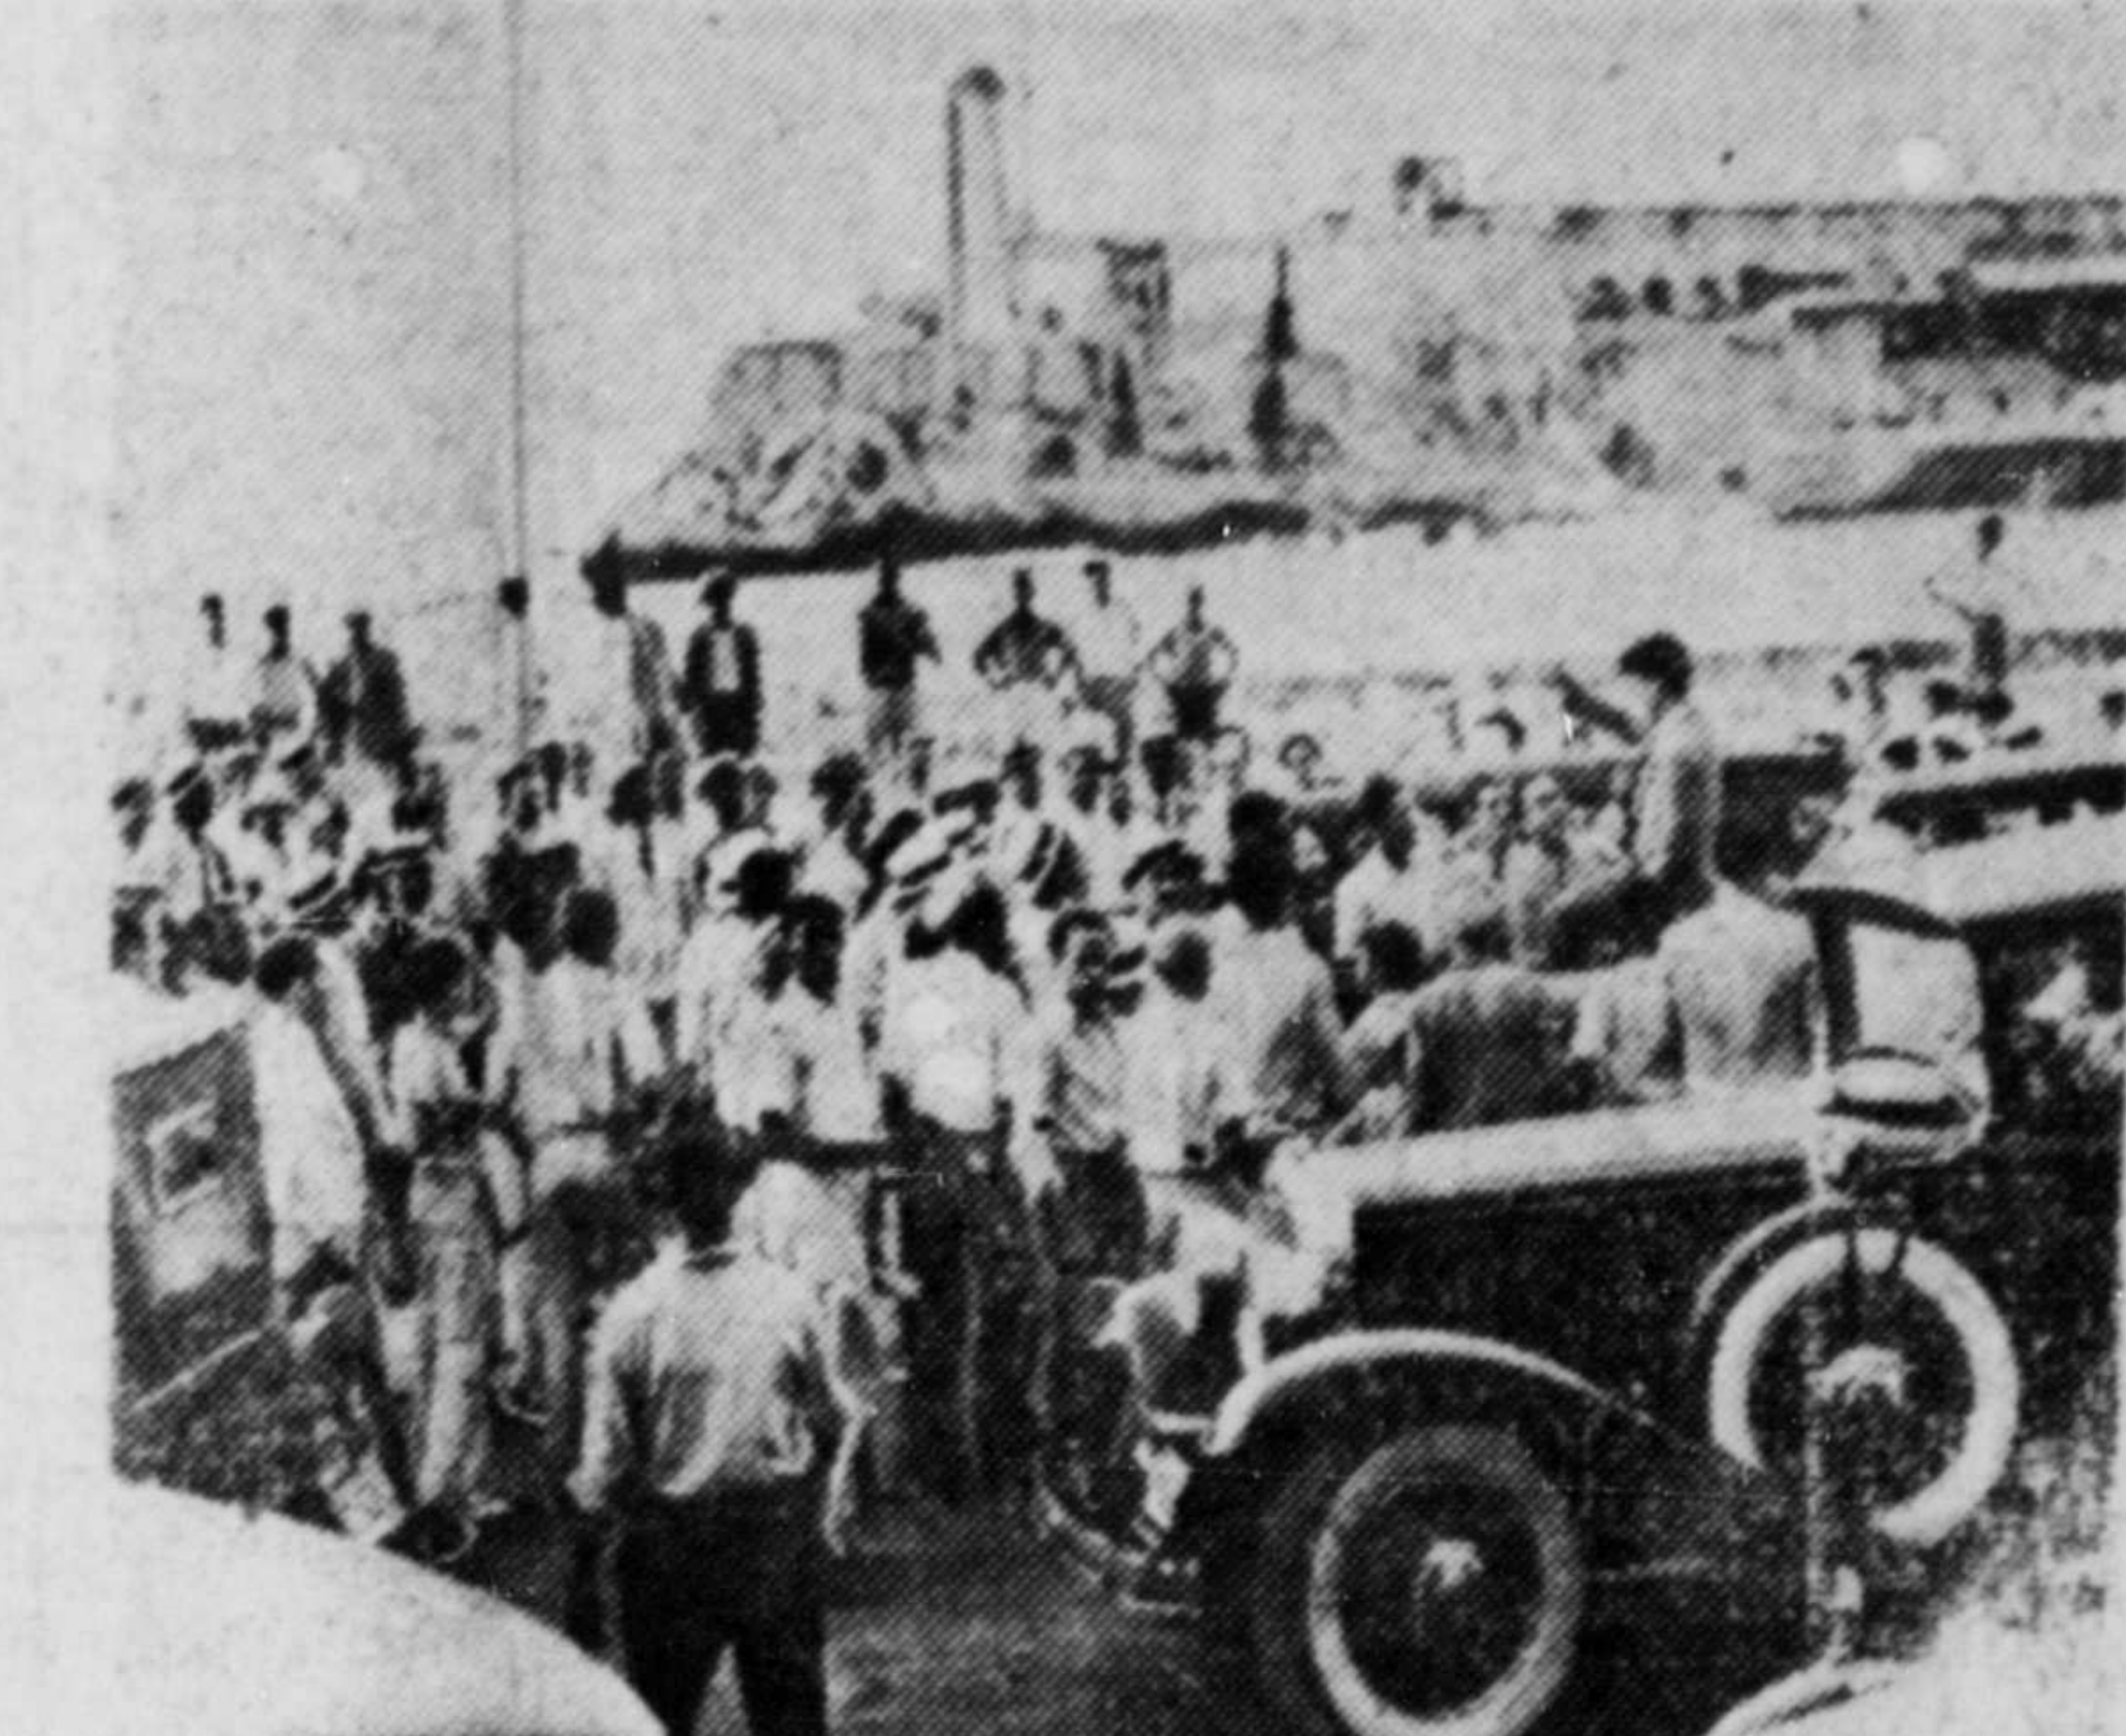

Losses Exaggerated

Avowals of Undying Friendship Are Made by Bulgaria And Turkey

ATHENS, March 12:—An analysis of conflicting reports indicates that the revolution which has agitated Greece during the past week and caused considerable international alarm over possible complications in the Balkans is petering out. There is also reason to believe that considerably exaggerated reports of the extent of the revolt have got abroad, particularly in the United States. There was fighting but not nearly as extensive as some reports might indicate and certainly not with such sanguinary results as some correspondents had reported. The government now appears to be well in control of the situation after a series of smashing victories. Rebel forces in Macedonia, where the most serious clashes took place, are ready to surrender completely. It is said in government quarters. The rebels were bombarded both by land and air in their mountain strongholds yesterday and suffered many casualties, prisoners and artillery being captured by loyal government forces. "All was lost" the rebels were said to have admitted in a message supposedly intercepted by the authorities. Reports of thousands having been killed and wounded in Macedonian fighting were discounted. Former Premier Eliptherios Venizelos, seriously wounded, was reported to be on his way from Crete to Alexandria, Egypt, for refuge.

Rebels' Last Stand The Greek government fleet steamed out of Athens at the weekend, supposedly for Crete to enforce the surrender or destroy warcraft in the hands of the revolutionists there. There was talk of a major naval engagement which, however, failed to materialize. Meantime Crete is now the only point where the government is receiving resistance of any consequence. Meanwhile, reports from the frontiers were to the effect that no untoward motives were involved in the mobilization on considerable scale of Turkish and Bulgarian troops. The two nations were said to have made mutual protestations of undying friendship for each other and peace between them reigned theoretically at least. The concentration of troops on the frontiers was merely for the purpose of protecting national interests in case of serious civil strife in Greece, it was said. The Premier emphatically denied yesterday that it was the intention to restore George II to the throne of Greece after the revolution was crushed. Tonight's train, due from the east at 10:15, was reported this morning to be on time.

Cubans Fighting Again

While leaders of the new revolutionary government seek to prevent American intervention in the Cuban situation, protests against "Yankee imperialism" are being heard in Havana. The photo shows a group of Cuban residents on the waterfront in the capital city hearing speakers denounce the United States. Disorders have broken out anew in the troubled republic.

Nazi Chief Leaves Berlin to Spend Two Weeks Resting in Bavaria

BERLIN, March 12:—Reichsfuehrer Adolf Hitler has left for his Bavarian mountain home where he plans on spending a couple of weeks recovering from his "cold," real or diplomatic. Some uncertainty is still expressed as to whether or not the "cold" was entirely responsible for Hitler having cancelled an engagement last week with Sir John Simon, British foreign secretary.

Municipality is Not Borrowing From Bank Any More; Receiving Interest Rather Than Paying; Twenty-Fifth Anniversary Fittingly Celebrated

For the first time in its corporate history, the city of Prince Rupert did not have to borrow money last year from the bank to carry on its affairs pending the collection of the year's taxes. With a substantial balance to its credit in the bank, the city is receiving interest from the bank this year instead of paying it. Half of the year's taxes of the Canadian National Railways have been paid in advance. If the refunding legislation for the city passes the Legislature at its present session as originally drafted, the city stands to save over \$1,000,000 in twenty years at existing rates. Such were some of the announcements made by City Commissioner W. J. Alder last night at the twenty-fifth anniversary banquet of the incorporation of Prince Rupert in a cheering statement on civic finances which it was appropriate enough should be made at that time.

Martial Law Lifted in Sioux Falls After Being in Force For One Day

SIoux FALLS, S.D., March 12:—Policing of Sioux Falls has been returned to the civil authorities after a day of martial law declared by Governor Barrie as a result of serious rioting which broke out on Saturday following a strike of 600 union workers at a local packing plant in protest at the laying off of one hundred union meat cutters. Finally union officials agreed to withdraw their picketers if the governor would withdraw the militia. This was agreed to by the governor pending negotiations for a settlement of the dispute.

The recent cold spell has set back the gardens and increased considerably the mortality among perennials and biennials. A number of plants that came through the severe winter frosts have been unable to stand the recent severe setback. Pansies particularly have been hard hit. Rose growers are quite anxious to know what has happened to their trees. It will be several weeks before they will know.

In spite of the cold weather Mrs. Goodrick picked a fine Christmas rose bloom last week and a spring violet. The Christmas rose is not a real rose. Sometimes when the season is mild the blooms are out at the Christmas season but in this climate it is usually early spring before they appear.

The spring bulbs should not be

We are all hoping there will be no more sharp frosts this year. It is about time to get busy in the garden but it seems little use trying to do anything as long as there are frosts that may kill hardy plants that are planted.

BROWNS WIN FROM GIANTS

Twelve Innings Required to Decide Issue in Exhibition Game At Miami Yesterday

MIAMI, Fla., March 12.—St. Louis Browns defeated New York Giants by a score of 2 to 1 in a 12-inning exhibition baseball game here yesterday. The Browns made three hits and one error; the Giants, six hits and two errors. Several pitchers were used by either side. The two teams meet again today.

The Philadelphia Nationals and St. Louis Cardinals are also playing today.

ESSINGTON IS BEATEN

Moose Hoop Squad Defeats Visitors; Legion Wins Intermediate Double-Header

The Moose, with everything in their favor, had things their own way in their exhibition basketball tilt with Port Essington last night and won 46 to 35.

Although the boys from the Skeena put up a good brand of ball and played cleanly, they lacked height and weight. The first half score was 28-11 in favor of the local team. In the second half Wesley and Spalding went to work and cut down the lead but the visitors were 13 points in arrears when the final whistle went. "Brie" Skinner was referee, calling only three fouls—two on Essington and one on Rupert.

Intermediate Doubleheader
Canadian Legion won both of the games of a doubleheader Intermediate League fixture over the King Edward High School team to decide the winner of the second half. If the Legion wins Thursday night over the Warriors they will have copped the second half honors.

The first game was slow in getting started with the score but one all after five minutes of play. With ten minutes to go in the first half score was ten all. Then little Joe Blake and Armstrong, assisted by McPhee, went to work and when the half ended, score stood 20-15 in favor of the Vets. After the rest period the Students staged a rally in the first few minutes but it did not last long and the Vets went off the floor at the end of the game with a 33-23 win.

Second Game
The High School stepped right out to get a lead in the second game but "Neway" McPhee kept his teammates right up with the pacesetting Students and, when the first half ended, the Legion was on the right end of a 16-15 count.

The second half developed into a scoring duel between Lindsay and McPhee with the latter winning out and leading his team to a well-earned victory with a final score of 31-30. Skinner handled the game and he called 10 fouls on the Vets and eight on the Students.

Individual scoring:
First Intermediate
Canadian Legion (33)—Armstrong (14), McPhee (10), Christison, Blake (8), Suehiro, Hirano (1), Ritchie.

High School (23)—Campbell (6), Lindsay (8), Morgan (7), Tobey (2), Davies (2), Fulton, McMeekin.

Moose vs. Essington
Moose (46)—Mitchell (4), Vance (2), Unger (14), Pierce (12), Wingham (14).

Port Essington (35)—P. Spalding (22), J. Wesley (11), D. Brown, H. Starr, W. Spalding (2), D. McLean.

Second Intermediate
Canadian Legion (31)—Armstrong (7), McPhee (17), Blake (6), Suehiro, Christison (1), Ritchie, Hirano.

High School (30)—Campbell (4), Davies (9), Lindsay (10), Tobey (1), Morgan (4), Fulton (2).

SPORT CHAT

Babe Ruth played in his first game with the Boston Braves at Tampa, Fla., Saturday following his appointment as assistant manager of the club. His clean single was responsible for scoring the first run but, after playing at first base for five and a half innings, he wrenched his arm and had to quit the game. The Braves won over the Cincinnati Reds five to three.

In the Western Canada junior hockey finals, Saskatoon Wesleys defeated the Vancouver ex-King Georges by a score of seven to nil at Saskatoon on Saturday.

In an international hockey series, Winnipeg Monarchs defeated England by a score of 6 to 2 in London on Saturday. Three games in the series have so far been played, Canada having won two and England, one.

Vegreville Rangers won the intermediate hockey championship of Alberta Saturday night at Lethbridge by defeating Lethbridge Maple Leafs 3 to 2 in the third game of a series.

A Pittsburg sports promoter, developing a brain wave, is offering \$10,000 if Senator Huey Long and General Hugh S. Johnson will transfer their hostilities from the air and the newspapers to the ring. He would pay them \$10,000 to meet in a six-round boxing bout. It would, no doubt, be a great show if it could be arranged.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you quietly rest and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily—down's digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful herbs, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 26-cent drug stores. © 1931 C. M. Co.

GOLD AS A STANDARD

Using gold as a standard seems to be rather a primitive method of computing values. At present the value of gold is increasing with good results in the mining districts. How long this increase is to continue no one can determine. Some day we shall probably find that the price has gone much too high and there will be a slump.

To the ordinary observer it would seem that eventually the credit of the country rather than the gold reserves will provide the standard of value for any nation. In the meantime we are learning something about the national credit and the extent to which it can be used for the public benefit. We have learned that money has changeable value and that credit is something that may be as good for the nation as for the individual.

THE COUNTRY'S CONSTITUTION

The constitution of Canada is embodied in the British North America Act and, where that does not apply, British Common law is the law of the country. The provinces have certain powers and rights but any rights or privileges not specifically mentioned as being provincial are vested in the Dominion. That is the great difference between the constitution of Canada and the United States. The original thirteen states were free and independent but they handed over certain rights and privileges to the federal authority. Anything not specifically mentioned in the constitution goes to the states. The state is the basic authority whereas in Canada the federal government is the basic authority.

Canadian governments have taken advantage of this authority to do certain things which they could not have done if the constitution had been similar to the United States. For instance, an income tax has been levied throughout the country when the understanding was that the provinces had the sole right to levy that kind of a tax. Some authorities claim that the federal income tax is beyond the power of the federal government, being an infringement of the provincial rights. At any rate it is a very objectionable tax in that it duplicates a provincial tax.

"We're Here," the program of speeches and music commenced.

Speeches and Music

In addition to the city commissioner, other speakers of the evening included Roth Gordon of the teaching staff of King Edward High School who, with a humorous vein pervading his remarks, spoke interestingly of pioneer days. He was well qualified to speak, having come here as a small child with his parents in 1908. He gave many interesting anecdotes in the city's history.

"The toast to 'The Ladies' was proposed by Robert McKay with Mrs. J. T. Mandy giving a delightful response. She alluded to the important part played by women in pioneering life. To the pioneer woman all honor was due.

The musical program included, besides selections by the Junior Symphony Orchestra, a vocal duet by Gillis Couture and H. B. Stiles and vocal solos by Mrs. John Murvold and A. R. Hunter. There was community singing of "Allouette" under leadership of Gillis Couture. Accompanists were Mrs. J. S. Black and Peter Lien.

During the evening, the chairman asked all those who had been here in 1906 to stand up. Mr. and Mrs. R. L. McIntosh did so.

Following the clearing of the tables, dancing was enjoyed with music by Mrs. J. S. Black's Orchestra and F. W. Wesch as master of ceremonies. The dancing commenced with the Grand March in which all present joined. The merriment continued until 2 a.m., refreshments being served at midnight.

H. B. Eastman and Fred Riffon presided at the door.

Peter Laskie, C. N. R. divisional freight and passenger agent, is on a trip to Anxox on official business. He left for the smelter town on the Catala Sunday evening and will be returning here on the Prince Rupert Thursday night.

Reports that the schools have closed there are, however, erroneous, it is officially stated.

There have been a considerable number of cases of influenza of a mild form in Prince Rupert of late but no particular alarm is expressed by local medical practitioners.

In a sworn statement Mr. Henry Dawson, 30 Caroline Avenue, Toronto, tells how Fruit-a-tives gave him lasting relief from severe headaches. He wants others to be aided by his experience and consented to tell of it in a statement made under oath before a notary in order that everyone would be convinced of its truth. Mr. Dawson declares— "Following two serious operations I was bothered with very severe headaches. The pain on the top of my head and in my forehead was, at times, more than I could bear. I consulted my doctor. He advised me to take Fruit-a-tives. Since I used them I have not had a minute's trouble with headaches. I cannot recommend Fruit-a-tives too highly to anyone who is troubled as I was."
Copy of Mr. Dawson's complete sworn statement will be sent on request. Write Fruit-a-tives Limited, Ottawa, Canada.

THREE MEN WERE HERE

Fears For Safety of American Fishing Boat and Crew Set At Rest

The small fishing boat M3969, with three men on board, according to a news broadcast from Ketchikan yesterday, had been missing since February 15 when she left Anacortes, Wash., for Ketchikan. Following the broadcast, the United States consul was advised that the M3969 had been here only on Thursday of last week bound north. Two of the three men on board were Roy Trafton and B. Moulding. It is presumed that, after leaving here, the small boat put into some point north of here for shelter from the week-end storm. The radio report regarding the M3969 was rather alarming, intimating that, although the coast-guard was continuing a search hope for the safety of the three men was about given up. The announcement that they were here will set these fears at rest.

Dread Malady Is Epidemic Now In Shumagin Islands

Fears are expressed that the epidemic may spread.
