### Religious Riots in Ireland Take Toll of Lives

A peaceful auction of seized cattle in Fermoy, Ireland, turned suddenly, on July 13 to a scene of confusion and rioting as women gathered at the sale indulged in stone-and-egg throwing at policemen who tried to disperse them. In this picture a squad of police, some of them shown reaching for their guns, are seen charging the group of women at the left, who bravely stood their ground for a time. The riots grew out of the Catholic-Protestant quarrels during an Orangemen's celebration in Fermoy and Belfast. At least six were killed and hundreds injured in these riots.

### FRANCE IS TROUBLOUS

Premier Laval Calls Police Into Conference to Discuss Widespread Demonstrations

PARIS, France, Aug. 7:—Premier Pierre Laval last night called all departmental prefects into conference to discuss widespread demonstrations against the government's latest economy decrees. More than 1200 demonstrating transport employees were scattered by police and five arrested last night and another five hundred gas employees attempted a new demonstration in the Montmartre while at Brest rioters tore the tricolor from the sub-prefecture and replaced it with the Red Flag. At LeHavre French Line crews are reported to be refusing their pay envelopes containing salary cuts while at Toulon armed guards are standing watch over the government arsenal, workers in which rioted on Tuesday with injuries to thirteen persons including six police.

### Government Asked to Assume Police Cost And Other Services

Rather Drastic Changes Advocated by Mayors, Reeves, Aldermen and Councillors Meeting in Vancouver—To Draft Representations to Victoria

VANCOUVER, August 7: (CP)—Delegates to a special conference of mayors, reeves, aldermen and councillors of various municipalities last night adopted resolutions asking the provincial government to assume the costs of police, administration of justice, health, unemployment and all other special services which the delegates claimed would make possible a fifty per cent reduction in land levies.

One resolution declared that taxation of real property should be based on an annual value approximating the rental value of land and buildings combined. Tax sales should apply only to unimproved land, it was contended. A committee, headed by Mayor David Leeming of Victoria, was appointed to draft a report of the conference and submit it to the government.  
KETCHIKAN SALMON PACK HIGHER OWING TO BIG SIZE FISH  
KETCHIKAN, Aug. 7: (CP)—Despite a smaller run, larger size of fish taken out has put the output of Ketchikan canneries to date far ahead of last year. So far this year 550,000 cases have been packed from approximately 6,000,000 salmon while last year 7,000,000 fish were required for a total pack of 450,000 cases.

#### COCKTAIL DIPLOMACY

The Council of the League of Nations, wearied of trying to adjust the troubled affairs of Italy and Abyssinia adjourned to hold a large cocktail party in Geneva, says the Vancouver Sun editorially.

We are inclined to think that, after all, the League has at last hit upon a subtler form of international diplomacy than can ever be achieved in a formal council chamber.

For if some of the new cocktails we have tasted lately were served in Geneva, certainly the potentialities of the party were limitless.

Three of four Sidecars or a few Bloody Marys would bring agreement to almost any gathering.

It is said that when the "wine is in the wit is out." Well the League has been working its wits for weeks on this problem.

Why not take a crack at it now with absolutely no wits at all?

The only weak spot discernible in this League cocktail party is the notable absence of both Premier Mussolini and Emperor Haile Selassie.

Think what wonders might have been accomplished had these two been brought together under the potent aegis of a few Bloody Marys!

Ten drinks and Haile Selassie would have been matching pennies with the Italian delegates. Fifteen drinks and Mussolini would have been wearing Haile Selassie's hat.

And how can anybody go to war with a fellow whose hat he has worn in the exuberant fellowship of the flowing bowl?

We regard with relief the League's recourse to the cocktail as a means of settling international difficulties.

We view with disappointment the failure of Mussolini and the Ethiopian Emperor to be there.

Somehow we would have liked to picture the stern Duce reeling from the drawing room hiccupping "Ah-dis Ahwahwa" which is (we are credibly informed, the way "Addis Ababa" should be pronounced.

## BURY LED HITTERS IN SMITHERS

"Scoop" Had Big Time With Stick In Northern B.C. Championship Play-Offs

Allan Davies, official scorer of the Prince Rupert City Baseball League, who was at Smithers for the Northern British Columbia championship play-offs last weekend, has issued composite batting averages for the local team in the four games which they played. The local team out-hit their opponents in the four games with a team average of 283 as against 241 for the other three teams in the games they played against the locals.

"Scoop" Bury was the big noise on the local squad, collecting eight safeties in 16 trips to the plate for a mark of 500. Stan Moran, playing manager, also hit the .500 mark but he only batted six times, having pulled a "Charlie horse" in the second game. Simonson, star outfielder for the Elks in the City League, was next with eight hits in seventeen times for an average of .471.

Roy Fong, leading hitter in the local loop, was away off color at Smithers and failed to get a single hit in 17 attempts. Johnny Comadina, also a member of the Big Six in the city, failed to register in eight trips to the plate.

Following are the local team's averages:

	AB.	R.	H.	Pct.
Bury	16	5	8	.500
Moran	6	3	3	.500
Simonson	17	7	8	.471

## RACE IS TIGHTER

Margin of Leadership of New York Giants in National League Cut to Three Games

NEW YORK, Aug. 7. (CP)—The margin of leadership of the New York Giants in the National League was reduced to three games over the Chicago Cubs yesterday with the third place St. Louis Cardinals keeping pace two games behind the Cubs. The Giants lost to the Brooklyn Dodgers at the Polo Grounds here while the Cubs were winning a tight victory at Wrigley Field over the Pittsburgh Pirates as the Cardinals disposed of the Cincinnati Reds at Sportsman's Field. By virtue of their victory, the Dodgers moved back from seventh place into the leadership of the second division ahead of the Reds and the Phillies, the last-mentioned being blanked by the Boston Braves.

Yesterday's Big League scores:

## Wiley Post And Will Rogers Are On Way North

SEATTLE, Aug. 7.—Wiley Post, noted American long distance flier, not waiting for an improvement in the unfavorable weather conditions which have been prevailing along the British Columbia and Southeastern Alaska coast took off at 9:15 this morning for Juneau in the course of his projected flight to Siberia and possibly Moscow. Post is being accompanied to Juneau by Will Rogers, famous screen comedian.

Mrs. Post, who flew here from California with her husband, decided that the rest of the trip "may be too strenuous" and left Post and Rogers, old cronies of the air, to go together, remaining here herself.

## Indian Supplier Fined \$300 But Is Doing Time

Otto Olsen was fined \$300 by Magistrate McClymont in city police court yesterday afternoon for supplying liquor to a Port Simpson Indian, Edward Bryant, one of a party of natives who were aboard a boat at Sunnyside cannery from which Robert Cooper, another Indian, was drowned Saturday night. Olsen is serving a three months jail option. In provincial police court Bryant, George S. Ryan and W. A. Kelly, all Indians, were each fined \$15 and costs for drunkenness. The inquiry into the circumstances attending the fatality has been adjourned for further evidence.

Everybody reads the Daily News here's a reason.

# Dependence of Canadian Communities upon the C. N. R.

Even a brief study of the map of Canada will show how widespread in a geographical sense, are the transportation facilities afforded by Canadian National Railways. From the Atlantic to the Pacific and North and South from its main lines the C. N. R. serves practically every important section of the Dominion.

Along its 22,000 miles of track in Canada are 4,550 C. N. R. Depots or Stations. Some of the larger centres of population, (from which comes, of course, much of the company's revenues), are not dependent solely on the C. N. R. for their railroad requirements, but over four thousand stations, or approximately ninety per cent of the company's total stations in Canada, are located at points where the only rail transportation service available is that provided by Canadian National Railways.

Almost without exception these stations serve communities, varying in size and wealth, which produce commodities required in other parts of Canada or abroad. In their turn they are purchasers from manufacturers and merchants throughout the Dominion. They are thus highly important in the economic structure of the country, and in providing the means of transportation for passengers and freight Canadian National Railways is performing an essential service . . . one which, indeed, is of tremendous significance in enabling Canada to exist as a complete and united national entity.

As will be readily understood, many of these communities are only in the early stages of their development . . . their growth has in all too many cases been retarded by the economic conditions of the past few years . . . but their potentialities, under happier trade conditions, are beyond computation. Further, the people who live in them and who are building the Canada of the future have claims to railway service as a necessary adjunct to their welfare which must be seriously considered.

This aspect of the services rendered by Canadian National Railways will command the approval of all who have faith in the destiny of Canada. Without adequate patronage however from the public as a whole, the performance of these services becomes a matter of great difficulty, if not of impossibility.

Canadian National Railways is operated economically. It stands ready to deliver the best service possible in railway facilities . . . transportation, telegraphs, express, hotels . . . and it is on this basis that the C. N. R. solicits your cooperation in the great and nationally important work performed under all conditions and throughout the entire year.

During the present Summer season the C. N. R. is providing special fares and excursions between points throughout Canada. These are exceptional travel bargains. The nearest C. N. R. agent will be glad to give full particulars.

**HONORED BY OLD TIMERS**

Another Presentation to C. J. Graham, Retiring Locomotive Engineer of C. N. R.

Representing the old timers of the Grand Trunk Pacific train and engine crews, namely those who were here a quarter of a century ago around 1910, 1911 and 1912, Conductor W. D. Moxley and Engineer J. M. McCawley called yesterday afternoon at the home of C. J. Graham, who has just recently retired on superannuation as engineer, to make the presentation of a farewell gift in the form of a fine pigskin travelling bag, framed picture of some of the "old timers" and a testimonial address. Among those seen in the presentation picture are W. D. Moxley, J. M. McCawley, Russel Smith, Clarence Foster, the late Jack Herstick, "Shorty" Stafford, A. C. Abbott, J. Johnson, Jack Pascaill, George Raymond, F. V. Foster, the late Frank Warren, T. M. Spencer, Jimmy Buchan and the late William Clark. The address read as follows: "It is but fitting after a close association of over twenty-five years that on this, the eve of your departure from your old stamping grounds, we, your old friends, should pay some tribute to you and to wish you God-speed in your new environment. "No doubt as from time to time

**Twenty-Five Years Ago**

August 7, 1910

Ald. T. D. Pattullo, at last night's meeting of the city council, was given leave to introduce a bylaw regulating weights and measures in the city. He said that he had got on one scale at the wharf which was used for weighing coal and had found that it gave fifteen percent more weight than it should.

Lakelse and Kitsumkalum, strawberries are making a name for themselves the fruit being of the very finest quality. Last year a few boxes of strawberries were picked and brought here proving very popular. This year the residents of the two valleys planted more vines and have been making shipments not only to Prince Rupert but to Vancouver and Seattle.

The Anglican synod of Caledonia diocese will be in session here this week with Rt. Rev. F. H. DuVernet D.D., the Bishop, presiding. Others taking part will be Rev. T. C. DesBarres, Rev. William Hogan, Rev. T. J. Marsh and several others.

# ELECTRIC CLOTHES WASHER

Northern British Columbia Power Company Limited

It's old fashioned to toil over a washboard—ruining your hands, ruining your health, ruining fabrics. Wash the easy way. An electric washer is easy to buy and amazingly cheap to operate. 10 cents will pay for the current used for a month by the average family. Take a Northern Electric ABC washer for instance. You can have one for a small down payment with the balance spread over two years. It's paid for before you know it and all the while you have been freed from the chains of washday slavery.

## A VISIT TO THE CARIBOO

(By H. F. Pullen)

"Gold in Cariboo" was the title of a novel written by the late Sir Clive Phillips-Wooley but, when he wrote the book, he did not realize that there was still plenty of gold in the hills in that district and that it would be discovered and taken out by people only a few years after his death. The delegates to the convention of the Associated Boards of Trade of Central British Columbia were taken to the Cariboo last Saturday as guests of the Prince George Board and held a joint meeting with the Quesnel Board by whom they were royally entertained. There the visitors were told something of the work that was being done in opening to the world the riches of the eternal hills. The whole gathering radiated optimism and faith. Not a false note was heard. The Prince Rupert delegates were, as on every similar occasion, called upon to say a few words for their city and were given an excellent reception. President Hebbington, manager of the Royal Bank, was master of ceremonies and most of the members of the Quesnel Board were present.

Quesnel is feeling the impulse of the Cariboo revival. It looks prosperous, feels prosperous and doubtless is prosperous. It is one of the prettiest little towns in the west. I am not going to attempt to describe all that we saw of the mining revival of that wonderful district. We first called at Wing Dam, descended two shafts and saw something of what is meant by the Australian method of mining gold from underground alluvial deposits as carried on there under the management of Campbell Mackenzie with English capital. The visitors were guests of the management at lunch and then drove another 30 miles to the modern little town of Wells.

The outstanding operations at Wells are those known as the Cariboo Gold Quartz and the Island Mountain, both financed by American capital. Viewed Operations We did not go underground at either of these operations but we saw the large mills which crushed the rock, took from it the gold and made regular shipments of bricks of the precious metal. Island Mountain is controlled by the Morgan interests and not much is heard of it as it is fully financed and is making profits for its owners.

The pioneer in quartz mining in the district is the Cariboo Gold Quartz discovered by Fred Wells who is also a director of the company. It is managed by D. B. Rose with O. H. Solbakke of Seattle as financial director. These and other company officials were present at the dinner given by the company to the visitors after they had gone through the mill. We were told there were three hundred men employed by this company and that

the operation is being increased as soon as the addition to the plant has been completed. The intention of the company, evidently, is to gradually increase production until this becomes one of the great gold mines of the world. Both this mine and the Island Mountain are only a few steps from the town of Wells where there is already a fine modern hotel, and other buildings and houses are being rapidly built. Both mines are in the same class of ore and both look like good mining bets.

It was seven o'clock that evening when we finished dinner and we immediately set out for Prince George where we arrived about two o'clock in the morning after a long, hard drive and slept the sleep of the weary. I rode both ways with J. M. Henderson, manager of the Imperial Oil Company who is well and favorably known throughout the district. Incidentally we visited the old town of Barkerville a few miles beyond Wells, the old town which is passing slowly away and giving place to the new one of Wells. The trip was an education in geography and in the study of mining methods and mining men. It was a treat to meet the men who are really doing things and to see something of their work.

## Brighten up with ALL-BRAN!

You've had days when you've felt discouraged and low. Nothing seems to go right. Frequently these dreary days can be traced to common constipation, due to lack of "bulk" in your meals.

This ailment may cause headaches and loss of energy. Correct it by eating a delicious cereal.

Laboratory research shows Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also furnishes vitamin B and food-iron.

The "bulk" in ALL-BRAN resists digestion better than the fiber in fruits and vegetables. It is gentle—and often more effective. Isn't this natural food better than taking patent medicines—often harmful?

Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal, in chronic cases. If not relieved this way, see your doctor.

Brighten days with ALL-BRAN! Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

Keep on the Sunny Side of Life

## THRILLING AIR STORY

A thrilling story of exploits of the Marine Corps in the air, "Devil Dogs of the Air," featuring James Cagney and Pat O'Brien, comes to the screen of the Capitol Theatre here as the mid-week feature offering. It presents dare-devil stunts by flying marines, a dozen battleships participating in naval manoeuvres with the ill-fated dirigible Macon. In addition to its thrilling episodes, "Devil Dogs of the Air" is a rollicking comedy through which runs a clever romance.

Cagney gives a fine performance as a fresh youth who joins the Marines because he can't keep out of airships. He gets into the aviation corps through the kindness of a Marine officer from his home town whose girl he steals. Margaret Lindsay, as a pretty waitress, provides the heart interest. Frank McHugh provides comedy as an ambulance driver while others in the cast who do splendid work are Helen Lowell, Robert Barrat, Russell Hicks, William Davidson, Ward Bond and Gordon Elliott.

## WHIFFLETS

From the Waterfront  
Having on board a list of 200 passengers consisting principally of round trip tourists for Alaska, C. N. R. steamer Prince George, Capt. Edward Mabbs, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and sailed at 1 o'clock this afternoon for Skagway and other northern points whence she will return here next Monday southbound.

Bringing two carloads of fresh salmon for trans-shipment east over Canadian National Railways, the motorship Bellingham was in port last night from Ketchikan, returning there after she had completed discharging.  
One of the poorest seasons on record is reported from the Dundas Island trolling grounds. Many of the boats have been hardly making expenses so far this year owing to nothing of cleaning up on past profits. There is still hope however that there may be an improvement in the fishing.

## TRIP WAS VERY FINE

Eighty Local People Back From Attending Splendid Celebration At Smithers

Local people to the number of eighty, forming the largest group from any individual point in the district to attend the celebration in connection with the Elk's Flag Day and Central British Columbia baseball championship tournament in Smithers over the weekend, returned home on last night's train, loud in their praises of the excellent way in which the celebration was staged, the interesting program of sports and entertainment that was offered and the genuine hospitality that was extended on all hands by the people of the interior railway town. In addition to the baseball tournament which was won by Smithers and the particulars of which have already been published, the sports program included an exhibition boxing card on Saturday night in which Eddie Smith of this city was one of the participants in the main event.

There were dances at Lake Kathlyn Pavilion Saturday and Sunday nights and in Smithers by the Elk's Lodge Monday night. Many of the local people enjoyed drives through the Bulkley Valley where they saw flourishing crops in thriving condition. It was a memorable visit for all who made the trip. Weather was fine and warm.
