Special Powers Act Revived In Abbreviated Form in B.C. House By Premier Pattullo

VICTORIA, March 21: (CP)—The Special Powers Act is revived in abbreviated form in a bill introduced by Premier T. D. Pattullo in the Legislature yesterday. The bill particularly enables the government to take action in regard to municipal affairs including financial difficulties, to protect or assert the rights of the province in its dealings with the Dominion and to supplement Dominion legislation to give it provincial application.

The amending bill also continues the government's right to borrow on the sole credit of the province, lend money to municipalities or industries and authority to deal with municipal institutions.

ALL PREMATURE

One of the Vancouver papers is full of the suggestion that Premier Bennett will not be back to take his place again as leader of the government and speculates as to his successor. It is intimated that Hon. H. H. Stevens is likely Clothiers Are to be the new leader as the only Conservative who could hope to win the coming election.

While it seems as if all this speculation were premature and not in very good taste, it must be admitted that there Lambie & Stone Blank Rinky Dinks seems to be a possibility of a change of leadership before the election and we are inclined to agree with the Vancouver paper that Mr. Stevens is the hope of the Conservative party. While Mr. Bennett fired the hope of the young Conservatives when he made his eloquent announcement over the radio, and if the election could have been held at that season as a result of defeating mas Collins, Terrace; D. McLeod. time it is quite possible he would have been re-elected, since Rinky Dinks three matches to nil Vancouver. then the program he announced as being so revolutionary with an aggregate score of 2788 to has been shown to be just an appropriation of part of the 2494 in last night's scheduled play. policy of the Liberal opposition and the Liberals have cooperated in passing the legislation. There is little now left
of the Reprett policy except the provise that work and left gate score of 2801 to 2565. High of the Bennett policy except the promise that work would average score for the evening was couver; Mrs. M. The Five Pin League standing to In view of this the Conservative hopes have been gradually date is as follows: waning and only the most enthusiastic members of the party see victory ahead if the battle of ballots is to be Lambie & stone fought with Mr. Bennett at the head and with nothing Post Office more on which to base their pleas for re-election than the Rinky Dinks now famous radio speeches of the leader.

CONSERVATIVES WAITING

The Conservatives of Skeena have delayed nomination of a candidate, evidently waiting and hoping that something would happen to make it easier for them. It will cost a lot of money for the candidate to travel all over the huge constituency, to hire halls, provide transportation and make provision for the hundred and one minor expendimres incident to an election eampaign. Very few men are willing to give both time and money to the cause in exchange for the honor of either tacking on the letters "M. P." to their names for a few years or going into the discard as "the defeated candidate for Skeena." Very few people can afford to do it.

Naturally then the illness of Mr. Bennett at this time is anything but opportune, for the present Prime Minister is known to have spent three-quarters of a million dollars of his own money in fighting the last election and he is expected to spend lavishly on the coming campaign. If he should drop out, it might affect the hopes of the local Conservatives.

This is all speculation of course and we all hope and pray that Mr. Bennett will be restored to perfect health in a few weeks and will lead his party at the election, if not to victory at least to an honorable defeat.

THE

OF CANADA

THAT FIRST BRANCH BANK AND 500 MORE

The founders of the Bank of Montreal firmly believed in branch banking. Two weeks after opening the Bank in Montreal on November 3rd, 1817, the directors appointed an agent at Quebec! By the following June the agency was made an "Office of Deposit and Discount," and thus the first branch came into being. Two others soon were created-at Kingston and York (afterward Toronto).

Those early bankers sought to extend and perpetuate for the farmers and merchants, the benefits and stimulus of a branch banking system the worth of which had been abundantly proved in the British Isles.

Thus they introduced one of the elements of elasticity

for which the Canadian banking system has received so

Consistently, throughour the decades, the Bank of Montreal has added branches wherever business warranted, giving to new and growing communities the advantages of banking strength, ample facilities and sound management. Today over 500 branches are serving Canada. Each branch is the Bank of Montreal, with all the facilities and public service for which the institution is known.

From the first branch in Quebec to the most recent one opened, the spirit of the Bank of Montreal is expressed-and will continue to be expressed—in terms of useful banking.

A winter vacation in the warm sunshine of California or Southern Arizona costs much less than it once did. Train fares are very low. For example:

TO LOS ANGELES

(from Vancouver, B. C.) One way . . . \$24.50 21-day roundtrip . 39.50 3-mos. roundtrip . 46.00

These fares are good in coaches on our fastest trains, also in newtype tourist sleeping cars. (Tourist lower berth from Seattle to Los Angeles \$5, upper \$4.) Complete meals in our dining cars cost as little as 80¢.

Kellogg's ALL-BRAN Helped Miss Kesterke

We quote from her letter: "Three years ago, I became constipated.*
I tried many laxatives. But as soon
as I got used to each kind, I began to get the same trouble.

"Last summer I was on my vacation. They served Kellogg's ALL-BRAN. I just loved it. I eat Kellogg's ALL-BRAN every morning, and ever since I have not had to take any more laxatives."-Miss Margaret Kesterke. Address on

*Due to insufficient "bulk" in

Tests show Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN is also rich in vitamin B and iron.

The "bulk" in ALL-BRAN is gentle. It resists digestion better than the fiber in fruits and vegetables, so it is often more effective.

Isn't this food safer than risking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. If seriously constipated, use with each meal. See your doctor, if you do not get relief.

Use as a cereal, or in cooking. Sold by all grocers. Made by Kellogg in London, Ontario.
