Prospects of Peace Overshadow War News Today; Hopes Held of Negotiations Silencing Conflict

Premier Laval Answers "Yes" to Britain in Demand For Naval Support—New Three-Power Discussions Between England, France and Italy May Lead To Ending of War

LONDON, Oct. 19: (CP)—Prospects of peace overshadowed war news in today's developments in the Italo-Ethiopian war. Only meagre news of the fighting drifted through. From Addis Ababa came new reports of women and children being killed in Ethiopia by the Italians in their air attacks. Negotiations at Geneva and elsewhere with a possible view to bringing about a settlement of the conflict and averting a spread of the hostilities to more serious proportions are now the all-absorbing topic.

ADVOCATES SOCIALISM

Is Integral Factor of Theological Creed of Professor J. King Gordon

Advancing practical socialism as an integral factor of his theological creed, Prof. J. King Gordon, son of Rev. Charles W. Gordon (Ralph Connor) and C. C. F. candidate for Victoria in the recent federal election, addressed a gathering of about seventy persons in First United Church last night on the subject of "Christian Ethics."

Prof. Gordon dwelt on the importance of his subject and stressed the opportunity of the church to aid in the social emancipation of the oppressed throughout the world. He discussed essentials and non-essentials characteristic of the church in the past, showing how there had been persistent accommodation by the church to wholly un-Christian practices until the church had found itself often patronized by people who had no real Christianity in their hearts. In this regard the recent economic collapse had opened the eyes of both clergy and adherents. Prof. Gordon then went on to describe tragic contradictions of present day economics including the peculiar spectacle of a so-called Christian church adjusting itself to successive social, political, commercial and scientific periods. A condition was now confronted which it was quite possible the church might have foreseen.

The address, while outspoken, was a distinctly humanitarian appeal on behalf of those who suffer. Prof. Gordon suggested that, had he been on earth today, Christ quite probably would be accused of being a socialist or even a communist.

Prof. Gordon was unable to reconcile modern war with plain ethics of Christianity. As for the present conflict, he expressed the belief that, through the efforts of the League of Nations, sheer economic pressure might obviate the development of extensive warfare.

Concluding, Prof. Gordon urged his listeners to throw aside old ideas and seek a true application of Christian ethics.

Following the address, several interesting questions were put to Prof. Gordon who gave effective answers.

The proceedings opened with a hymn and closed with the doxology.

CRITICIZES FEDERATION

Head of All Canadian Congress of Labor Thinks His Organization Best

The American movement, self-styled international, was not truly so, declared A. R. Mosher of Ottawa, president of the All Canadian Congress of Labor at a meeting of local Unionists Thursday night. The American Federation confined its activities outside the United States to Canada. The policy it followed was that laid down by the late Samuel Gompers which was one of "no affiliation where they could not dominate and control."

Speaks of Geneva

The speaker gave an interesting insight into the working of the International Labor Office of the League of Nations at which affiliated countries are represented by employer-employee and government delegates. Early this year he had attended the League of Nations as adviser to the government delegate for Canada.

He explained interestingly how these conventions as they were called were formulated and the procedure to their eventual ratification by the affiliated countries. This year, for the first time, the United States and Russia were represented following their election to the Labor department of the League. He spoke of the countries which took a progressive view of the proposals placed before the League and peculiarly Italy could be depended upon to support advanced proposals for the betterment of world labor conditions.

An interesting insight into the methods followed in the matter of interpretation of the languages was given. The 62 countries represented, with their many different languages, presented no difficulty. The representative of the country spoke in his own tongue. Concurrently, very capable interpreters translated the speech into all the languages necessary and, by means of earphones, resembling those of the earlier radio, each delegate heard the speech in the language he knew whether German, Chinese, French, Roumanian or other language necessary.

Each morning following a session, printed copies of the proceedings were available in any language required.

H. Forrest, local president of the Canadian Brotherhood of Railway Employees and secretary of the Prince Rupert National Council, presided. He spoke briefly on the local situation, pointing out that the Canadian movement locally outnumbered the American movement as represented by the Prince Rupert Trades and Labor Council by two to one.

While the Canadian movement had been retiring in the matter of publicity locally, its forefront place among trade unionists here was actually all that mattered.

President Mosher, together with T. McGregor, general chairman, western lines, Canadian National Railways, who accompanied him, left for the south on the Prince George Thursday night.

TWO DIE AS CITY IS WRECKED

Score of Persons Injured And Streets Are Shamble Of Wreckage Following Collapse of Buildings.

Local Girl There

Miss Vivian Hickey is Unhurt—Damage Estimated At \$1,000,000.

HELENA, Mon., Oct. 19: (CP)—An earthquake, killing two persons and injuring a score of others, scattered wreckage during the night in the main streets of Helena, causing damage estimated at \$1,000,000. As the quake swayed the city for about twelve seconds, the brick facings of many buildings crashed into the streets. Wires went down and the city was plunged into darkness. The tremor came about 3 p.m. as the culmination of a series of some sixty disturbances which had been felt in Western Montana during the past few days. Minor shocks were experienced in other sections of Montana, Idaho, Washington and Southern Alberta.

When light and power facilities failed here, a number of fires broke out.

One of the dead is a negro, Dave Miner, aged 35, who was crushed in the street when the front of a two-storey brick building collapsed.

Terror reigned in the city throughout the night and many people remained in the open, being afraid to re-enter their homes.

Miss Vivian Hickey, daughter of Mr. and Mrs. W. S. Hickey of this city, who now lives in Montana, sent a wire this morning to her parents announcing that she was unhurt in the earthquake.

BOWLING SMOKER

Prizes For Past Season Presented At Affair Last Night

At a smoker last night in Canadian Legion Rooms, lawn bowling trophies of the past season were presented to their winners. F. S. Walton, president of the Bowling League, was in the chair.

The presentations were made as follows by W. H. Tobey: Singles championship, D. A. MacPhee.

Doubles championship—S. D. Macdonald and Jack Preece. League championship—H. T. Cross, William Millar, Frank Dibb and G. P. Tinker.

July 1 match game—H. W. Birch, Thomas McClymont, Louis Arroll, F. S. Walton and George Hill.

S. D. Macdonald spoke on behalf of associate members and W. M. Brown for the Canadian Legion. Leonard Cripps, Andrew Horne, Bob James and Angus Macdonald sang solos and there were humorous recitations by J. S. Wilson and Jack Frew. Al Small gave piano selections and C. P. Balagno was also an accompanist.

There was a 100 percent attendance of lawn bowlers.

PRIZES ARE PRESENTED

I. O. D. E. Recognizes Accomplishments of Local School Students In Their Studies

Presentation of proficiency prizes offered by the Imperial Order, Daughters of the Empire, to local school students for proficiency in their studies last year took place at an interesting gathering yesterday afternoon in the auditorium of Booth Memorial School. Mrs. D. Orchard McLeod, regent of Municipal Chapter, was in the chair and others on the platform were presidents of primary chapters, educational secretaries, the municipal standard bearer and principals of the schools.

After the proceedings had opened with the singing of "O Canada," McLeod gave a brief address, telling of the great sums which the I. O. D. E. spent annually on prizes and bursaries for school pupils and also describing the I. O. D. E. was endeavoring to keep out of the country. Substantial magazines and books, the influence of which was held to be largely responsible for crime among juveniles.

The program included piano solos by Miss Maureen Kirkpatrick, vocal solos by Miss Lois Lee, accompanied by Miss Ruth Sloan, and violin solos by Miss Edna Christiansen, accompanied by Miss Margaret McMeekin.

Mrs. J. E. Boddie, regent of Queen Mary Chapter, made the presentation of prizes to pupils of Borden Street School. The \$10 bursary for the pupil of Borden Street school making the highest marks in the High School entrance examination went to Hiroki Yamana. The girls' Canadian history prize was presented to Emille Christopher and the boys' Canadian history prize to Hiroki Yamana.

Mrs. Ernest Anderson, first vice-regent of Hill Sixty Chapter, presented a \$5 bursary to Alfred Wilson of Booth Memorial School who won the Governor General's award for leading this inspector in the Entrance examination. First Canadian history prize for Booth School went to Phyllis Hill and second prize to Kiyoo Muro. The English prize was presented to Annie Peterson.

Card of Thanks

Pat and Barney Phillipson wish to thank their many friends for the kind expressions of sympathy and for the beautiful floral tribute received during their recent bereavement.

Mother of John Dybhavn Passes

John Dybhavn is in receipt of the sad news of the death today at her home at Dybhavn, near Aalesund, Norway, of his mother, Mrs. Olave Dybhavn, at the age of eighty years. Considering her advanced age, she had been in fairly good health right up to the end. Mr. Dybhavn, who is Norwegian vice-consul here and well known local business and industrial leader, had not seen his mother since he left home for Canada in 1907.

The late Mrs. Dybhavn's surviving relatives include her aged husband, Andreas Dybhavn, at home; five sons—John, Earl and Anton of Prince Rupert, Thomas of Vancouver and Hans at home, and two daughters, Mrs. Josephine Brathaug and Mrs. Anna Holstad in Norway.

Herbert Gray, engineer of the government's snagboat here, sailed last night on the Princess Adelaide for New Westminster to attend the funeral of his uncle, Matthew Gray, Hon. A. Wells Gray, minister of lands and municipalities, is a nephew of deceased.

OFFICER RETIRES

Staff Sergeant Alex McNeill Of Provincial Police Leaving Here

Retirement of Staff Sergeant Alex McNeill, for ten years chief of the district detachment of the provincial police here, from the force at the end of the present month is announced. He and Mrs. McNeill will leave shortly thereafter for the south to take up residence, the move being found necessary on account of the condition of Mrs. McNeill's health. Successor here to Staff Sergeant McNeill has not yet been announced.

Staff Sergeant McNeill has been identified with the British Columbia Police for twenty-two years and has become widely known as an efficient and popular officer. Of the twenty-two years, eighteen have been spent in the northern interior and coastal areas of the province. His ten years here has been the longest period that any provincial police officer has ever been stationed in Prince Rupert. At one time he was in charge of both city and district detachments. He was formerly stationed at Prince George, Kamloops and Fernie.

Departure of Staff Sergeant and Mrs. McNeill from Prince Rupert will be generally regretted by their many friends who will hope that the latter may soon be restored to her normal good health.

APPEAL DISMISSED

The County Court appeal of Revs vs Charlie Kl. in which the crown sought reversal of a police court decision of Magistrate McClymont, acquitting the proprietor of the West End Chop Suey House on a charge of keeping liquor in other than a private guestroom, was dismissed by Judge W. E. Fisher yesterday on the grounds that notice of appeal had not been filed within the required time.

CANADA WANTS PEACE

Canada wants peace and hopes not to be involved in any European war. We think we can speak for every citizen in saying that. At the same time it must be remembered that Canada is a member of the League of Nations and a prominent part of the British Empire. As such she has certain national obligations. If it should so happen that this country becomes involved in any war, it will be because her citizens feel it their bounden duty to back up the sanctions of the League and take such steps as will lead to a general adoption of the enforcement of the findings of an international court. In other words there may be such a possibility as having to fight to bring about peace.

When some Doukhobor bandits ran amok recently in Alberta it was unfortunately necessary that several policemen should lose their lives in order to make Canada safe for the rest of the people.

So, in policing the world, there may be times when nations have to fight in order to subdue lawless nations. We all hope this will not be necessary.

HIGHWAY IS NEEDED

Work is proceeding slowly on the construction of the highway eastward from Prince Rupert. It could hardly be otherwise considering the resources at the command of the provincial government. They have done well to get the work started after it was shut down for several years by the Tolmie administration.

The hope for quick construction would be substantial help from the federal government. We hope consideration will be given to the project by the new government when it takes over the administration at Ottawa and lays its plans for giving work to the unemployed.

Possibly the matter of a northern highway may come before the conference of premiers to be held in the near future at Ottawa.

BASKETBALL TIME TABLE

Fixture List For First Half Of Season is Announced

The league basketball season will open in Prince Rupert on Monday evening with a program of games which should attract a bumper crowd of fans.

The curtain raiser will bring together the Scythians and Boy Scouts in the Junior League with both teams out to put up a hard fight for the first win of the season. It will be the first game for the new Junior Scythians who have a big reputation to keep up.

Annette's and Grottoettes will clash in the Ladies' League fixture. Although Annette's had things pretty well their own way last year, they may find the opposition quite a bit stronger this winter.

Canadian Legion and High School will resume their old rivalry in the Intermediate League and should put up one of the best games on the evening's card as the line-ups appear to be very evenly matched.

The Senior game will see the Moose lock horns with Lambie & Stone and this is expected to be a real thriller.

Prince Rupert Basketball Association announces the following schedule for first half of the season:

The Sixty-Eighth, Imperial Order, Daughters of the Empire, Company of Girl Guides, under the leadership of Lieut. Kathleen Kleiback, had its opening meeting on Thursday night in Toe H rooms with a good muster of girls. Owing to the intervening holidays, there will be no meetings between now and November 7.

BOWL PLAY WAS NIFTY

Exciting Match Last Night Between Lambie & Stone and Five Jokers

In the postponed Five Pin Bowling League game last night Lambie & Stone beat Five Jokers two games to one. The fans saw the niftiest game of five pins ever served up in Rupert. The first game was a walk-over for the Jokers, the second canto was pretty hot with Lambie & Stone nosing the Jokers out. The third and last game had the fans yelling their heads off, every player with one exception shooting over 200. Bullet Joe Scott and Jimmy Andrews finished the last frame with a mess of strikes, Lambie & Stone again winning.

The scoring was as follows: Lambie & Stone—McIntosh, 519; Alexander, 600; Stiles, 623; Johnson, 538; Scott, 607; total, 2887.

Five Jokers—Dingwell, 545; Schriaber, 558; Morrison, 558; Barton, 489; Andrews, 704; total, 2854.

High average scorer was James Andrews with 235.

Ford Brings Latest Service Methods Here

This is one of the 15 service training cars operated by the Ford Motor Company of Canada, Limited, throughout the Dominion. The car is completely fitted with approved service equipment, enabling the trained service representative in charge of the unit to demonstrate while here approved service methods to service staffs of Ford dealers, and large fleet owners. The top view is of the exterior of the car; below, a view of one side of the interior.

Following successful experiment with a single unit last year, Ford Motor Company of Canada, Limited, has commenced operation of a fleet of 15 Service Training cars in all parts of the Dominion. The unit assigned to this territory was here October 16, 17 and 18 at the dealership of S. E. Parker Ltd. Roy M. Gardner is the service representative in charge of the unit.

The program for the service training car included a service clinic held here, to which Ford dealers and fleet owners in the district interested in better automotive service were invited.

The car is completely fitted with approved service equipment, enabling the trained representative to demonstrate approved methods to service staffs of Ford dealers and large fleet owners. Mr. Gardner has had long experience with Ford, and received special factory training before being sent out.

The car with its load of equipment weighs close to two tons. The panel delivery models were built and equipped in the Ford factory at East Windsor.

Equipment includes a device which presents sound slide films explaining correct servicing methods and use of approved equipment; the Ford Laboratory Test Set; sectioned carburetor, fuel pump, distributor, which show the working of internal parts; mileage tester for use in products, including Lincoln cars; and the machine used for reconditioning the special alloy valve seats used in Ford V-8 motors. There are also other small pieces of equipment used in various chassis, transmission, axle and motor service operations.

The cars are distinctive in appearance with their finish of aluminum gray, silver lettering and red striping, wheels and trim.

Now Science Explains Why So Many People Past 40 Feel That They're Slipping Losing Their "Grip" on Things

Many people "round 40 think they're 'growing old.'" They feel tired a lot... "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this, in a great many cases, is simply an acid condition of the stomach. Nothing more.

All you have to do is neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia Tablets. Made in Canada.

ALSO IN TABLET FORM: Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

Find Out

From Your Doctor if the "Pain" Remedy You Take is SAFE

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations.

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with "Aspirin."

We say this because, before the discovery of "Aspirin," most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of "Aspirin" largely changed medical practice.

Countless thousands of peo-

ple who have taken "Aspirin" year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: "Aspirin" is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

New Oil Company to Enter Field—Namu, Last Operating Cannery This Season, Closes Down—Halibut Continues to Move In

With the presence in Prince Rupert for the past ten days of engineers of the Standard Oil Co. of California in the persons of R. D. Baker, J. D. Fraser and J. A. Killian, the plan of that company to establish a waterfront oil station at Prince Rupert has become known. The officials, who left by the Princess Adelaide last night on their way to Ocean Falls, were

here to inspect sites with a view to selection of one and to make other preliminary arrangements regarding location and construction of a plant. The local plant, it is understood, would be of proportions somewhat similar to the stations of the Union Oil Co. and Home Oil Distributors but not of the large scale of the Imperial Oil Co. The most favored site is understood to be just west of the Union Oil Co. and P. Burns Ltd. and might interfere with the floats of the Prince Rupert Rowing & Yacht Club.

The B. C. Packers plant at Namu, last salmon cannery in Prince Rupert district to operate this season, closed down on Tuesday of this week and is now cleaning up for a few days before the crew leaves for the winter. The closing down of Namu marks the cessation of practically all salmon fishing activity in the district for the season.

The Prince Rupert Halibut boats Balsac, Capt. John Orvik, and White Hope, Capt. Pete Thompson, returned to port at the end of last week, the former having been seining salmon on the Queen Charlotte Islands for the B. C. Packers while the latter was packing from the Islands to Namu cannery. After spending a few days in port the Balsac and White Hope left late this week for the east coast of Vancouver Island, the former to seine fall fish and the latter to pack into Vancouver. They expected to be the better part of a month down the coast.

The Massett Cannery fish packers Jedway and Delphinium, in charge of Capt. Johnny Hartlin, returned to Prince Rupert on Thursday night after having spent some weeks packing salmon from Vancouver Island seining grounds into Vancouver.

Hallbut landings at the port of Prince Rupert for the 1935 season to date total 10,555,650 pounds as compared with 13,761,355 pounds at the corresponding date last year. Canadian landings have reached a total of 4,913,350 pounds in comparison with 5,763,765 pounds a year ago while the American total is 5,642,300 pounds as against 8,017,600 pounds in 1934. Landings for the week amounted to 285,000 pounds consisting of 117,000 pounds from Canadian vessels and 168,000 pounds from American. The high price of the week for Canadian fish was 7.7c and 6c paid the Edward Lipssett for 7,000 pounds and the low 6.5c and 6c which was the prevailing price. For American fish the high price was 10.4c and 6c paid

the Estep for 24,000 pounds and the low 8.3c and 6c which a number of boats received.

The International Fisheries Commission, in a circular issued to the industry this week again calls attention to that portion of the Pacific Halibut Fishery regulations which provides that, unless closed sooner, the close season shall commence on November 1 in waters of Area No. 3 between Cape St. Elias Light and Ocean Cape Light. Reminder to this effect was given in these columns some weeks ago.

Union steamer Cardena, Capt. Ernest Georgeson, arrived in port in good time at 7:45 last night from the south and sailed at 12 midnight on her return to Vancouver and waypoints.

Armour Salvage Co.'s power tug Algie, with Capt. Paul Armour in personal charge, returned to port last night from a trip to Anchorage, Alaska, bringing in the local halibut boat Lysekil, Capt. Al Wole, which became disabled as a result of damage done by a storm while fishing in waters of Area No. 3. Repairs to the Lysekil will be made here.

The local seineboat and packer Bertha G., owned by R. Gammon and skippered by Capt. Charlie Larkin, returned to port last night from Vancouver Island waters where it has been engaged in fishing and packing.

Prof. J. King Gordon, noted young theologian of the United Church, son of Rev. Charles Gordon (Ralph Connor), famous Canadian novelist and clergyman, and C. C. F. candidate for Victoria in the recent federal election, arrived in the city on the Princess Adelaide yesterday afternoon from the south in the course of a lecture tour of various important western centres. Prof. Gordon will be here over the week-end and will preach in First United Church tomorrow.

The Letter Box

IMPRESSIONS OF LECTURE

Editor, Daily News:—"Tho' the cause of evil prosper, yet 'tis truth alone is strong."

A little smile rippled over the faces of many attending last night's lecture in the United Church when they sang these words in the opening hymn. Coming so soon after the election, some sense of humor must after all be imputed to the Rev. C. D. Clarke or perhaps to the lecturer. This was the Rev. Prof. J. King Gordon, B.A., lately professor at the United Church College and this week's defeated C. C. F. candidate at Victoria, B.C.

The subject was "Dare the Church be Christian?" and the lecture was frankly an apology for church ministers entering the political field. This is the first of a series of lectures to be given by Mr. Gordon throughout Canada. Last night, Prince Rupert was the dog on which it was tried out. Next time Mr. Gordon comes here, it is to be hoped he will try his stuff out back east and bring the finished product west.

The lecture was an undeserved indictment of the church, considered as the organized forces of religion and in it Mr. Gordon frequently used the words "church" and "religion" as synonymous terms as if all Christianity was confined to the church. From the ideals of the early Christians in Jerusalem where the apostles started the first communistic society and shared "every man according to his needs," Mr. Gordon told of the fundamental approach of Jesus being watered down until it was acceptable to the existing societies of succeeding centuries. He saw Christianity accepting the spirit of authority of the Roman Empire, how it upheld the feudal system, adjusted itself to the early capitalistic trader, to the individual religion of the Puritans and finally upholding the modern factory system so "that the great mass of the people must continue as slaves to the system."

Now, Mr. Gordon knows better than that. He knows that the church as an organization is in the grip of the inexorable conditions of evolution, of adaptation to existing conditions in order to perpetuate itself into the future, just as is our present social system adapting itself from generation to generation to changing conditions. The change might not be so fast as some would like, but, as Mr. Gordon quoted, "at present we are in the middle of a revolutionary period." Not at the beginning. The beginning, according to Mr. Gordon's own theology, was when Adam was cast out of Eden. Since then mankind has been struggling, according to the catechism, to regain his lost estate.

Mr. Gordon's lecture presented no argument but was simply a series of statements. Here are some of the highlights: "If the Christian forces in society do not accept their responsibilities of leadership, then society is threatened with downfall."

"The United Church is now definitely a middle class church. "Any society based on private exploitation is doomed to collapse. "Why is it that ministers today come out making statements which ten years ago would have been considered radical? Because their security is threatened.

"There is no hope for Canada, unless.....?" Is Mr. Gordon, like Saul, also among the prophets? Just remember what happened to Saul!

"Our present economic and social system has reached the point of collapse." These words are re-

miscent of what might be termed almost the slogan of a political party.

"The church must give some leadership to the people in the present time of crisis." This brings up the question: Who is the church? Our ministers, priests, bishops and dignitaries? No! The church consists of the man in the street who maybe doesn't go to church but who is possibly quite as religious in practice as the preachers he doesn't hear.

Mr. Gordon needn't worry. The time will produce the man. The function of the church is to preach the Gospel—not economics or politics. For the religion of Christ transcends economics and politics and is an individual and personal thing. And it seems somehow in the English language that a minister should minister.

Mr. Gordon's lecture, while in-

exact through being too much sided, was well delivered and received by the few present, neither the lecture nor those sent received C. D. Clarke's dictation when the meeting closed.
