Premier Ratifies Big Merger Of Portland Canal Properties Including B. C. Silver Holdings

New Company to be Formed With Premier Having Charge of Operations and Electing Officers—Has Been Under Negotiation For Some Time

VANCOUVER, Sept. 19: (CP)—Concluding negotiations which have been under way for years, shareholders of the Premier Gold Mining Co. Ltd., at a special meeting, have approved unanimously of the proposed amalgamation of properties of the Premier, British Columbia Silver Mines Ltd., British Canadian Silver Corporation, Sebakwe and District Mines Ltd. and Selukwe Mining Co. under one management. The agreement provides for the formation of a new company to be known as the Silbank-Premier Mines Ltd. to take over the properties in the Salmon River district in the Portland Canal Mining Division as from January 1 next. The Premier Co. will have charge of operations and will elect the officers.

West Vancouver Man is Joining Local H. S. Staff

Dr. Albert Poole of West Vancouver arrived in the city on the Prince George yesterday afternoon from the south. A specialist in mathematics and physics, he is here to join the staff of King Edward High School, an addition to which has been required owing to the opening of a Senior Matriculation class.

Father is Dying, Daughter Charged With the Shooting

SAN DIEGO, Sept. 19:—Roy Zachary, forty-year old farmer, was believed to be dying in a local hospital last night and his 18-year old daughter, Lois, was being held on a charge of shooting him. The girl claims that she shot her father to protect her mother from violence during a quarrel. Zachary says he was shot in the back.

PEER QUILTS LEADERSHIP

Neither Ponsonby or Lansbury Are Accepting Labor Party's Stand in Favor of Enforcing Sanctions

LONDON, Sept. 19:—Lord Ponsonby, who resigned from the British cabinet at the start of the Great War in 1914, resigned last night as leader of the Labor Party in the House of Lords. Ponsonby's resignation became known through a letter to George Lansbury, House leader of the Labor Party, to whom the peer explained that, being a Pacifist, he was unable to accept the party's stand in favor of enforcement of League of Nations sanctions. Lansbury has taken a similar stand.

Conjecture Rife in Europe On Italian Reply to League Board Report; Mussolini Outnumbered

GENEVA, Sept. 19:—Conjecture was rife in the capitals of Europe last night as to what reply Italy would give to the twelve-point plan of the five-power board which made its report yesterday with a view to a settlement of the Italo-Ethiopian dispute. It was unofficially believed in the most of quarters that the recommendation for the setting up of an international advisory board, minus an Italian member, on Ethiopian affairs would not be acceptable to Italy. Diplomatic circles were discussing the series of sanctions, first of which would be the withdrawal of diplomatic relations with the aggressor nation by the League member nations and the last the armed enforcement of boycotts against the aggressor. Assurance has been given by the United States that it would not traffic with the aggressor nation and thus nullify the effectiveness of the League sanctions.

It was reported from Rome that the Italian government was intending to float a five percent loan to assist in financing the campaign in East Africa.

Estimates last night were that Italian naval strength in the Eastern Mediterranean was already outnumbered three to one. Twelve Italian submarines passed through the Suez Canal yesterday bound eastward and ten thousand Italian troops were estimated to have gone through outbound while the movement of sick soldiers homeward continued.

Emperor Haile Selassie, according to reports from Addis Ababa, had ordered every able-bodied man on the frontiers of Italian Somaliland and Eritrea to be ready to take up arms at a moment's notice. The common glory will be their only pay although there is assurance that there will

Pacific Mills Spending \$80,000 In Boosting Production at Ocean Falls by 12 1/2 Percent

New driving motors are being installed at the Pacific Mills pulp and paper plant at Ocean Falls which will increase the production capacity of the plant by an estimated 12 1/2%, according to word reaching the city.

Each of the four paper machines will have an increase of 100 feet per minute in output. The cost of the new installation work is estimated at \$80,000.

Vancouver Fish Packer Missing for Week; May Have Sunk in Storm

Southseaman Has Not Been Reported Since Friday the Thirteenth When She Left St. John Harbor With What May Have Been Overload of Fish—Widespread Search Instituted

A widespread search was being instituted today for the Vancouver fish packer Southseaman, owned and skippered by Captain Gerald B. Hamilton of Fulford Harbor, which has not been reported since she left St. John Harbor on the Bardwell group of Islands in Milbank Sound last Friday, September 13, for Butedale with a heavy load of fish and of which there has since been no report. Weather has been stormy of late and some fear was expressed that the vessel, due to overloading, might have swamped. Ordinarily she should have been due at Butedale the day following her departure from St. John Harbor.

The provincial police cruisers P. M. L. 8 of Prince Rupert and P. M. L. 9 have been commissioned in the search as well as vessels of the marine and fisheries departments. News that the Southseaman was missing was received at provincial police headquarters here by wireless.

Mystery Surrounds Disappearance Of Two Men Who Slid Down Rope of Princess Elaine

VANCOUVER, Sept. 19: (CP)—As the steamer Princess Elaine was sailing for Nanaimo last evening, two seamen, Danie Monte, aged 27, and Jacobs Psiris, 29, deserters from the Greek steamer Phaex, who were being sent to Port Alberni for deportation to Greece, slid down a mooring rope into the water. It is not known whether the men were drowned or made their escape. A search by police failed to reveal any sign of them.

Friday the Thirteenth may also have proven unlucky for the 26-foot gasboat Claire, with two men and a woman on board, which left Seymour Inlet, Vancouver Island,

THE POLITICAL CORNER

Some Broken Pledges of The Great Promiser

UNEMPLOYMENT
Mr. Bennett in Victoria, June 17th, 1930, at the last election: "We in Canada cannot tolerate a dole. Men and women in this country want work, not charity. There are great natural undertakings that this country should engage in right now. And we must have employment for every man and woman in the country who is able to work and wants to work. You have my promise that if the Conservative party is returned to power as soon after July 28th as possible Parliament will be called together to deal with the problem of unemployment by providing not doles, but work."

PEACE RIVER OUTLET
Mr. Bennett at Winnipeg June 9th, 1930: "We pledge ourselves to the improvement of the whole scheme of Canadian transportation, Northward, by the completion of the Hudson Bay Route; to the Pacific Slope by a Peace River Outlet, and east and west by the development of the St. Lawrence Waterway."

WHEAT MARKETS
Mr. Bennett at Saskatoon, June 20th, 1930: "There is only one way we can get the moneys of England for Canadian wheat, rather than Russia and the Argentine and how is that? By providing our wheat cheaper than the others. Is that not so? And how are we going to do it? This is what we are promising at any rate to do."

Let it be noted in passing that Mr. Bennett is rapidly losing our wheat market in England by holding Canadian wheat at approximately 20 cents a bushel above world wheat prices. Because he broke the above promise and refused to sell Canadian wheat as cheaply as the others he has accumulated a carry-over of 325,000,000 bushels of wheat in the most fatuous wheat sales policy ever advocated. What the result will be to Canada no man can say, but the best marketing and financial authorities are in fear and trembling at the possible results. A vote for Orme is a vote for Bennett.

BLOW FOR CARDINALS

Loss of Centrefielder Through Broken Leg May Affect Pennant Chances—Cubs Make It Fifteen Straight

CHICAGO, Sept. 19. (CP)—The National League leading Chicago Cubs made a new season's record in the Big League yesterday for consecutive victories when they again defeated the New York Giants at Wrigley Field here for their fifteenth straight victory. The defeat just about ruined any further chances the Giants might have had to capture the pennant, the New Yorkers now being six and a half games behind the league leaders. The St. Louis Cardinals, at Sportsman's Field, kept within two and a half games of the Cubs by winning over the Brooklyn Dodgers but their pennant hopes suffered a severe blow when Centrefielder Moore, in a slide, suffered a fracture below the left knee as a result of which he will be out of the game for the rest of the season. The Cincinnati Reds, playing at home, won a tight victory from the Phillies as a result of which they displaced the Brooklyn Dodgers from the leadership of the second division. LEAGUE SANCTIONS

An inquiry is made as to what is meant by the "sanctions" of the League of Nations which it is proposed to enforce against Italy. It is understood the last and most important sanction is not necessarily to be enforced. It is "the use of combined armed forces against the aggressor state." The others to which France it is understood has agreed are:

- "The severance of all trade or financial relations.
- "The prohibition of all intercourse between their nationals and the nationals of the covenant breaking state.
- "The prevention of all financial or personal intercourse between their nationals and those of the aggressor state."

Prince George Man Is Killed by Train

Albert Winka, Believed to be Trespasser, Lost His Life Near Interior City Yesterday

Albert Winka, a Swedish resident of Prince George, was run over and killed by a westbound way-freight yesterday morning close to the city limits of Prince George, according to advice received at divisional headquarters of the provincial police here. It is believed that he was stealing a ride. There are no details of the tragedy.

DISCUSSES TOTEMISM

H. J. Gregg of Vancouver Interesting Speaker at Luncheon Of Gyro Club Yesterday

Some fundamental aspects of totemism, particularly that of the Pacific Coast Indians, were discussed by H. J. Gregg, Vancouver theological student, in an interesting discourse before the Prince Rupert Gyro Club at its regular weekly luncheon yesterday. Mr. Gregg, in opening, described how man from the very first had some religious consciousness. Early man had discovered the existence of a spirit in himself. Dreams had indicated the existence of a spirit. The shadow was taken as another indication of a spirit. Then had come the belief that a spirit existed in trees, in springs, in stones, in mountains and in animals.

The speaker then went on to discuss the essential difference between magic and religion. In magic endeavor was made to control spirit. In religion the attitude was

one of inferiority to the spirit, the deity being to supplicate it.

Totemism, a form of religion, was not necessarily a worship of animals which were believed to have spiritual powers. Rather the object was to cultivate the goodwill if the spirit as represented by the animal and to share of the spiritual power. Thus the early Indians copied the animal which they adopted as their totem. They would endeavor to emulate its characteristics and to make offerings to the animal.

Only under especial circumstances could the totem animal be slain. This could only be done by consent of the tribe and certain individuals would be chosen to do the killing. Here came in the sacrificial feast for which the animal must be prepared in a certain way. By eating the flesh, particularly the blood, it was believed that some of the spiritual power might be assimilated. Also all taking part together in these feasts, being brothers by blood, could not slay each other.

At the close of his address, Mr. Gregg was tendered a vote of thanks on behalf of the club by Past President W. H. Tobey who

occupied the chair in the absence of President S. J. Jabour. A guest at the luncheon was Peter Lakie.

ORIGIN OF EVIL TALK

Prince Rupert Parent-Teachers' Ass'n. Hears H. J. Gregg In Interesting Talk

The Prince Rupert Parent-Teachers' Association resumed its activities following the summer vacation last evening when, at the regular monthly meeting held in the Borden Street School with Mrs. D. C. Stuart presiding, arrangements were made to hold a telephone bridge in October to raise money to supply supplementary and reference books for the schools. Mrs. J. W. Kilpatrick, Mr. E. B. Baker, and Mrs. N. M. Carter were appointed as a committee to take charge of this event. Arrangements were also made for the October meeting when diplomas will be presented to the pupils who have this year graduated from the elementary schools into high school.

Following the business meeting and musical program, H. J. Gregg, Vancouver theological student, gave an interesting address on the "Origin of Evil". At the outset Mr. Gregg stated that evil could be divided into three classes—moral evil, physical evil and aesthetic evil. Philosophers had attempted to explain the origin and cause of evil. The speaker explained the three main theories of philosophy namely: the dualistic philosophy which stated that evil was personally directed by an evil spirit, co-existent with but opposed to God; Platonism which declared that God or Spirit was good and matter evil; and the Hegelian position that all evil was a road to the good and consequently there really was no evil. Modern science utterly rejected dualism and the other two theories were entirely unsatisfactory.

Christianity along with the discoveries of science and the development of the evolutionary theory offered the most feasible explanation of the origin of pain and physical and moral evil. Evolving from a primitive stage when man did not know the difference between good and evil, man eventually came to a stage in his existence when he was confronted with the choice of good and evil—of choosing for the good of his group or for self. Evil came when man first chose wrongly. A parallel to this was found in the Biblical account of the temptation and fall of man. With this fall came the discovery of the knowledge of good and evil, the sense of free will, and the feeling of guilt for doing wrong. The tremendous force of environment coupled with heredity and animal instincts multiplied this evil until it had become a powerful world force which needed no evil spirit to personally direct it.

This problem of the origin of evil was an important one for all those who were engaged in the training of the young. All such should ever keep in mind the potent force of example in the life of the child. Example was more powerful than the spoken word. Evil that had its roots in selfishness could be eradicated best by example. Evil that had its roots in animal instincts could be dealt with best by sublimation which would allow of the positive teaching of "do" rather than of "don't". Positive teaching was good psychology. Christ had used this method when he turned the negative commands of the decalogue into the positive teaching of the Sermon on the Mount. The method of the psychoanalysts was worth considering—to trace the evil to its beginning and root and rectify it there.

During the evening Miss Lois Judge with vocal solos accompanied by Mrs. J. S. Black, and Miss Maureen Kirkpatrick with piano-forte solos, provided a most enjoyable musical program.

Tea and Sale By Church Choir Is Successful Event

A successful tea and sale of home cooking was held yesterday afternoon by the Choir of First Presbyterian Church at the home of Mrs. H. N. Brocklesby, Fourth Avenue East. Many ladies called during the afternoon to lend their patronage to the affair and the gratifying sum of \$28 was realized. Mrs. James Simpson was general convener.

Guests were received by the hostess and Mrs. E. J. Smith. Pouring were Mrs. W. D. Grant Hollingworth, Mrs. D. McD. Hunter and Mrs. Samuel Massey. Serviteurs were Mrs. James L. Lee, Mrs. J. A. Teng and Miss Molly Owens. The home cooking table was in charge of Mrs. W. W. C. O'Neill and Mrs. B. R. Rice was cashier. Mrs. John Bremner read tea cups.

A brief but acceptable musical program included vocal solos by Mrs. Brocklesby and Mrs. A. J. Webber.

The rooms were attractively decorated with asters and gladioli.

CONJECTURE RIFE IN EUROPE
