BRITISH WARNING TO JAPAN

Tokyo Apparently Intends To Enforce Its Will-Big Arms Appropriation Passes

PEIPING, Nov. 30: (CP) —An ultimatum demanding declaration of autonomy in North China was handed Chinese authorities today by representatives of the Imperial Kwantung Army, it was reliably reported.

Arrival of a trainload of tanks and an additional ten troop trains in Tientsin seemed to indicate there was every intention to back the ultimatum with force and that the Japanese appeared determined not to permit this demand to pass without definite action as did the last deadline for autonomy fixed for November 20.

London's Attitude

LONDON, Nov. 30:-In a note to Tokyo yesterday, the British government indicated that it did not like Japanese activities in North China. The note curtly reminded Japan that there was still such a thing as the nine-power treaty guaranteeing independence and boundaries of China.
