Closes Deal Which Would Give Over Half of Area of Country to American Concern—England In It Too—Mussolini Wil Not Be Turned Aside

ADDIS ABABA, August 31—An Ethiopian official communique today announced Emperor Haile Selassie had granted extensive concessions to an American Syndicate involving an enormous tract of land in the upper Nile area and including oil and mineral developments. Large scale work is provided for.

Frances M. Rickett, the British promoter, who negotiated the concession with the Emperor, said, in addition, that Haile Selassie had entered into negotiations to grant a British-controlled corporation known as the Lake Tana Conservancy Syndicate the right in perpetuity to construct a dam and pumping stations at famous Lake Tana, headwaters of the Blue Nile.

Rickett said that an initial investment of \$50,000,000 would be made in an oil and mineral exploitation enterprise.

Ethiopia expects to receive \$15,000,000 annually in royalties. It is generally regarded that the concessions have been made to thwart Italian economic penetration of Ethiopia.

At Rome it was said that Italy would not be turned from her objective.

Britain's Advice.

LONDON, August 31 (Canadian Press)—The Foreign Office announced today that the British minister to Ethiopia had been authorized to inform Emperor Haile Selassie that the British government advised him to withhold oil concessions reportedly granted yesterday.

Still Increasing Army

BOLZANO, August 31 (Canadian Press)—Premier Mussolini told the soldiers of his army today that two hundred thousand more men would be called to the colors next month, establishing an army of more than one million men.

"The world should know," Il Duce declared, "that, as one talks absolutely and provocatively of sanctions, we will not give up one soldier, one sailor or one aviator."

Italy To Quit League

GENEVA, August 31 (Canadian Press)—Italy has completed preparations to quit the League of Nations, it was reliably reported here today.

Britain Is Arming

LONDON, August 31 (Canadian Press)—British aircraft factories have adopted a twenty-four hour schedule to speed up production of fighting planes and the air ministry is seeking pilots to operate two thousand new machines.

Is First Visit Here In Quarter Century

W.A.E. Wall, President of McBride Board of Trade, In Prince Rupert Enroute To Interior

W. A. E. Wall, head of the McBride Trading Co. and president of the McBride Board of Trade, arrived in the city on the Prince George yesterday after a brief trip to Vancouver and proceeded by the evening train to his home in the interior.

It is Mr. Wall's first visit to Prince Rupert since 1911 when he passed through here on his way south from the Yukon. Of course he notices vast changes and improvements in the city since that time.

Speaking of conditions in Vancouver, Mr. Wall expresses the belief that that city is about at the end of its tether as far as expansion is concerned unless it pays more attention to the development of the north and central parts of the province.

SEARCH IS CONTINUING

No Trace of Farmer Who is Alleged To Have Shot Colleymount Man To Death

Inspector J. A. Fraser, provincial police, left on last night's train for Colleymount in the Francois Lake district to take charge of the search for John Lake, rancher there, who has not been seen since Monday evening of this week when he is alleged to have fatally shot Emil Perle, another rancher, also shooting at but not injuring a third farmer, Frank Saari. After the shooting, Lake, who is believed to have become demented, is reported to have taken to the woods where half-an-hour later a shot was heard, suggesting that he might have essayed self-destruction. Despite a widespread search by police officers and others, there has been no trace found since of Lake.

#### STATEMENTS OVER THE AIR

Almost every day we are confronted with rumors that certain things have happened in Europe or elsewhere. One day Germany is at war with Austria and another the King of Ethiopia is assassinated. The whole community gets worked up over false or colored statements that is alleged have been heard on the radio.

While we all acknowledge the value of radio to the world and especially to the outlying places, we are bound, in view of past experience, to take statements made by announcers with a certain amount of suspicion.

Newspapers also make mistakes but when they do so they are held to account for them. Nor do they make as glaring errors.

What is true of the news is also true of advertising. Fans are tiring of hearing the announcers telling of the value of stomach trouble cures until it would seem as if the whole race must be suffering from stomach trouble. When this sort of advertising is mixed with beautiful music it seems very much out of place.

Canada is doing something through the radio commission in holding down the amount of this kind of radio advertising and for that they deserve the thanks of the community.

#### WHERE IS THE TRADE AGREEMENT?

From time to time we have been led to expect that the Government at Ottawa would conclude a trade agreement and that it would be given as one reason why they should receive the support of the electorate in October. It is not yet too late but no intimation has been given recently that an agreement of that kind is expected. Doubtless the United States Government is aware that such an agreement would be used for keeping in power a group of men who are opposed to foreign trade. They will probably wait until there is a new group at the Canadian capital ready to give and take and a workable agreement that will really mean something.

#### WHAT WILL HAPPEN?

We are all fearing what will happen in the case of Italy getting rough with Ethiopia. And yet some wise man once said "What we fear most does not happen". As we look back through our lives we find that most of our fears have been groundless. Even if there is a little scrap in Africa it may not affect the rest of the world. It is useless to worry about it any way. The feelings of most people is against war and the statesmen of Britain certainly will not resort to hostilities with any nation unless they are forced to do so. Let us forget our worries and carry on.

## FORGOTTEN CITY

If newspapers were to stop, this city would practically be forgotten. You would quickly realize how much we all depend upon our daily publication. If daily newspapers throughout Canada were stopped, communities would be upset and disorganized—ordinary trade paralyzed—the populace panicky and easily misled.

The universal communication maintained by the Daily Newspapers nourishes and stimulates our social, business and economic structures in countless ways—and is necessary to their healthy functioning. Daily Newspapers have established and have sustained spot markets everywhere—that all may contact the public and cultivate its goodwill.

Relief Lands Most Halibut—Prices Somewhat Better During Past Week—Salmon Canning Season Nears Close.

Up to the end of last week the Relief, Capt. Merrill Solows, was leading the Canadian halibut fleet at Prince Rupert for volume of fish landed so far this season, also being among the boats which had completed the second greatest number of trips, namely nine. For volume of fish landed, the Takla, Capt. Chris Parkvold, was second with 132,000 pounds in five trips (this not including a catch of 36,000 pounds which the Takla landed during the past week) while the Kaien was third with 124,000 pounds in eight trips. Other boats of Canadian fleet besides the Relief having completed nine trips were the Cape Race for a total of 57,000 pounds; the Gony, 114,500 pounds, and the Vera Beatrice, 89,000 pounds. The Unome, Capt. David Ritchie, had made the greatest number of trips so far this season, namely ten for a total of 99,500 pounds. As far as volume of landings at Prince Rupert was concerned, the Tacoma was leading the American fleet with 142,500 pounds in seven trips, the Betty being second with 103,000 pounds also in seven trips and the Estep third with 99,000 pounds in four trips. The Visitor had made the greatest number of landings for the American fleet at Prince Rupert, having completed nine trips for a total of 69,000 pounds. The Wabash was another boat which had landed seven trips at Prince Rupert for a total of 38,200 pounds.

The Pacific Airways low-winged Junkers monoplane piloted by Charlie Elliott, which is at present based at Stewart in commercial flying, arrived here at 11:15 yesterday morning from Stewart, bringing in a woman patient for the Prince Rupert General Hospital. Last evening at 6 o'clock the plane was in the air again winging its way back northward.

With the fishing season in Area No. 2 closing next Friday by order of the International Fisheries Commission, by which time the quota limit will have been reached, the end of August sees the most of the vessels of the Prince Rupert halibut fleet on their final trips of the season. Only a few of the larger boats will fish in Area No 3 where the season does not end until later in the fall. Landings at Prince Rupert for the season up to and including yesterday had reached a total of 8,511,450 pounds of which 4,140,150 pounds was from Canadian boats and 4,371,300 lbs. from

New Capitol Theatre Policy—"Naughty Marietta" at First Of Week—September List

Co-incident with the opening of the new fall entertainment season, which commences with the presentation at the first of next week of the screen transcription of Victor Herbert's musical masterpiece, "Naughty Marietta," and includes a number of outstanding pictures in September such as "Little Colonel," with Lionel Barrymore and Shirley Temple, "Doubting Thomas," with the late lamented Will Rogers; repeat screenings of "It Happened One Night" and "One Night of Love," and "Follies Berge," with Maurice Chevalier, the management of the Capitol Theatre here announces a new reduced price policy, details of which are given elsewhere today.

"Naughty Marietta"  
The charming music as sung by Jeanette MacDonald and Nelson Eddy playing the leading roles in the picture, is heard against a background of drama in "Naughty Marietta." The settlement of Louisiana, pioneer struggles, the "Marriage Auction" of St. Louis of the old Creole days, the capture of the Casquette Girls by pirates their rescue, and other gripping dramatic details are woven into a story that, aside from music provides an epic recital of the founding of one of America's most romantic cities.

Amid the drama runs romance and with it such great song hits as "Ah, Sweet Mystery of Life," "I'm Falling In Love With Someone," "Chansonette," "Tramp, Tramp, Tramp" and others of Herbert's immortal airs.

Miss MacDonald is beautiful sings divinely, and gives a sample of emotional acting that is surprising. Eddy, famous American baritone, proves that he is real material as a new leading man of the screen, aside from his resonant and artistic baritone voice.

The human interest touch in the story is that of the French princess who, to escape a marriage of state, flees to the new colony of Louisiana, for an amazing romance with a British army captain.

The cast includes Elsa Lancaster, the Anne of Cleaves of "Henry the Eighth," as a gorgeous; by gowned wife of a French governor of Louisiana, the role played with skill by Frank Morgan.

**September Bookings**  
The following list of bookings for the month of September is announced:

September 2-3—"Naughty Marietta" with Jeanette MacDonald and Nelson Eddy.

September 4-5—Double feature bill "Vagabond Lady" with Robert Young and Evelyn Venable and "All The Kings Horses" with Mary Ellis and Carl Brisson.

September 6-7—Double feature bill "The New Adventures of Tarzan" and "The President Vanishes" with Arthur Byron and Janet Beecher.

September 9-10—"Go Into Your Dance," with Ruby Keeler and Al Jolson.

September 13-14—"Little Colonel" with Lionel Barrymore and Shirley Temple.

September 16-17—"Star of Midnight" with Wm. Powell and Ginger Rogers.

September 18-19—Picture set yet set.

September 20-21—"Doubting Thomas" with Will Rogers.

September 23-24—Double feature bill "It Happened One Night" with Clark Gable and Claudette Colbert; and "One Night of Love" with Grace Moore.
