LONDON, Aug. 13: (CP)—The British government faces a tragic sequel to 1914 through its failure to make it clear to Italy that Great Britain is not bluffing and is prepared to stand by the League of Nations even if it means war, Lord Robert Cecil, Great Britain's leading peace advocate, declared today.

TOULON, France, Aug. 13:—There have been no further serious disorders here since the riots of last week when a few persons were killed, the authorities now having the situation well in hand. Field as Big as Old Klondyke Predicted by Vancouver Geologist—Nuggets Found

CALGARY, Aug. 13: (CP)—Dr. Frank Henderson, Vancouver geologist, visiting here said yesterday that "pieces of gold ranging in size from one to over thirty ounces have been picked in the last few days" in a placer property near Atlin.

Another gold field as big as the strike in the old Klondyke may shortly be developed in the Atlin district, Dr. Henderson stated.

ARMS IN PACIFIC

United States Government is Still Hopeful of Preserving Peace In This Arena

WASHINGTON, D.C., Aug. 13:—The administration has been discussing the question of fortifications on the Hawaiian and Aleutian Islands but no definite policy has yet been laid down, it has become known. The United States government is still hopeful that, when the Washington arms treaty expires in 1936, a new treaty will be reached among the nations which will obviate an armaments race in the Pacific arena.

TAX BILL REPORTED

Adjournment of United States Congress Hoped For Next Week

WASHINGTON, D.C., Aug. 13:—After rejecting all moves to extend the burden of taxation to the earners of small salaries, the senate finance committee yesterday reported the tax bill to the upper chamber. Under the bill as it now stands married men earning up to \$2500 per year are exempt from taxation of their incomes while the exemption for single men is \$1000. It is expected that the Senate will dispose of the tax bill by the end of the week.

It is hoped in administration quarters that Congress may at last rise on August 24 if there is no filibuster and if the Senate disposes of the tax bill by the end of the week.

ITALY DOES NOT EXPECT MUCH OF PARIS CONFERENCE

ROME, Aug. 13:—Doubt was expressed in official quarters here last night that a settlement of the Italo-Ethiopian crisis, satisfactory to Italy, could be reached at the tripartite conference to be held this week in Paris between representatives of Great Britain, France and Italy. Any offer of territory in settlement of its demand would be scorned by Italy, it was indicated. This country demands full freedom of action in regard to Abyssinia, it was reiterated.

Found Swimming In Mid-Atlantic; Sanity Questioned

BOSTON, Aug. 13:—To find a man swimming in the ocean 150 miles from shore was the rather unusual experience on Sunday of the Boston fish trawler Notre Dame. The man was picked up by the fishing vessel and landed here. He is believed to have jumped overboard. From remarks he made, he is believed to have been suffering from hallucinations and his mind is thought to be affected.

FEAR OF LYNCHING

Another California Police Chief Is Slain—Three Men Are Under Arrest

NORTH SACRAMENTO, Cal., Aug. 13:—As a protection against possible mob violence, the authorities are considering the removal from the county jail here of three men being held in connection with the shooting down on Sunday of Chief E. C. Fish of North Sacramento, the third chief of police in California to be slain lately while engaged in the execution of his duty.

Fish was slain when, in company with other officers, he responded to a prowler call. After running down the alleged robbers, the officers were greeted with a fusillade of bullets and Fish was shot in the groin, dying in emergency hospital without regaining consciousness. George Wallace, a taxi driver, had confessed that he had driven two men in his car to burglarize a store. It was while Alfred Payne, aged 28, and Hugh Smith, 25, alleged to have been the two men in question, were being taken into custody that the shooting of Fish occurred. The two men later claimed that they had been too drunk to know what they were doing.

Former President Will Not Discuss Possibility of Further Candidature—Critiques New Deal

NEW YORK, Aug. 13:—Arriving here yesterday from California to attend a meeting of the life insurance company of which he is a director, Former President Herbert Clark Hoover refused to be drawn out on the possibility of his again being a presidential candidate in 1936. He, however, criticized the "New Deal" and challenged President Franklin D. Roosevelt and his administration to make a definite statement before the present session rises with respect to intentions regarding constitutional policy. He accused the chief executive of becoming more and more dictatorial every day and with curtailing Congress of its privileges.

On the way here Mr. Hoover was given an enthusiastic reception by a large crowd of admirers at Chicago.

Man is Held In Connection With Death by Train

OAKLAND, Aug. 13:—John Hardy is being held here in connection with the death of Mrs. Mary McLachlan, 67-year old woman, who was run over by a train in the outskirts of this city at the end of the week. Hardy, it is said, had been drinking with the woman whom, police suggest, may have been thrown under the wheels of the train by a second person.

Skeena River Salmon Packing Plant Swept By Disastrous Blaze

Man Dropped Dead From Excitement as Conflagration Was at its Height—Was One of Best Known Pioneer Establishments in District

The main building of Oceanic Cannery on Smith Island, about twelve miles from Prince Rupert at the mouth of the Skeena River, was destroyed by fire about 9 o'clock last night, according to reports reaching the city this morning. A white man, whose name is believed to be Gardner, "iron Chink" attendant, is reported to have dropped dead of excitement during the fire.

The provincial police boat P.M.L. 8, with officers on board, left early this morning to investigate the circumstances of the fire and bring in the body. Particulars will not be available until the return of the boat which was not back up to this afternoon.

Oceanic is one of the best known canneries on the Skeena and was built many years ago. A few years ago it was acquired from the B. C. Packers Ltd. of which Robert C. Gosse of Vancouver and C. Gillespie, the manager, are the principals.

The plant was engaged in canning salmon at the time of the fire. The canning machinery and principal equipment being destroyed, it will, of course, mean cessation of operations there for the current season. A large quantity of canned salmon is also believed to have been lost.

Deep Sea Clearance and Fuel Tax; From Tacoma to Juneau in 14-Foot Open Boat; Activities of Aircraft.

There is no recent change in the situation as affects clearance of trolling boats for the deep sea fisheries. It is stated in regard to correspondence recently purported to have passed between here and Ottawa on the subject. All boats clearing for deep sea have been exempt for months from fuel tax. It is pointed out. Olof Hanson, M.P. for Skeena, as well as others have been for months endeavoring to secure further relaxation to cover all fishing vessels.

From Tacoma to Juneau in a 14-foot sailboat equipped with an outboard motor is the undertaking of J. Morrison of Tacoma who is at present tied up at the floats of the Prince Rupert Rowing & Yacht Club. Having got this far in spite of unfavorable weather, Mr. Morrison is doing quite well. He has been on the way for a couple of weeks and has met with almost continuous rain during the trip. His boat being an open one, he has been wet a good deal of the time. Having arrived in port Sunday, the intrepid young yachtsman is planning to leave today in continuation of his voyage to the Alaskan Capital.

Bringing in A. R. Breuger, well known Wrangell cannery operator and salmon importer, Pilot Herb Munter of Ketchikan arrived at 1:15 yesterday afternoon from Alaska with his seaplane. After spending the afternoon and overnight here on business, Mr. Breuger returned north aboard the plane which left early this morning.

After having been tied up here on account of unfavorable weather conditions since his arrival a week ago yesterday morning, Clayton L. Scott hopped off at noon today with his big twin-motored flying boat for Juneau to join the yacht Taconite, which has on board W. E. Boeing, prominent Seattle ship and aircraft builder. The flying boat is being operated from the yacht for fishing trips to inland lakes and for other purposes while here the aircraft was hauled out on the pontoons at the local dry dock for hull inspection, having been there for four or five days.

Union steamer Catala, Capt. A. E. Dickson, is due back in port at 3:30 this afternoon from Anyox. Stewart and other northern points and will sail an hour or so later on her return to Vancouver and waypoints.

Arrangements are complete for the conference to be held here tomorrow night between representatives of the Puget Sound, Alaska and Canadian halibut fleets on conservation, curtailment and price stabilization matters. The meeting is being held more or less unofficially under the new Canadian halibut marketing board. H. E. Lokken, manager of the Puget Sound Halibut Vessel Owners' Association, will arrive tomorrow morning from Seattle to attend. Gust Olson of Ketchikan will represent the Deep Sea Fishermen's Union and halibut vessel owners of Alaska.

The Relief and Annabelle are local halibut boats leaving today for the fishing grounds.

Pioneer of B.C. Dies in Interior

Henry Augustus Olds Went to School in Victoria When Only 40 White Children There

ENDAKO, Aug. 13.—The funeral took place here Saturday, Rev. W. Sweatnam officiating of one of the real old timers of the province in the person of Henry Augustus Olds, who died on Wednesday at the ripe age of 83. Born in Des Moines, Iowa, he came west to Oregon in 1862 in a covered wagon. His parents moving to Victoria, he went to school there at a time when there were only 40 white pupils attending. During his 23 years' residence in the Endako district, he became well known. He was an outstanding character and valued friendships above everything else.

The widow and seven children mourn the loss of a husband and father. The children are B. A. Olds in California, Mrs. E. Warren of Winnipeg, H. F. Olds of Vancouver, C. H. Olds of Prince George, Mrs. George Cottingham of Vancouver, Gordon Olds of Seattle and Albert Olds of Alert Bay. A daughter, Ella May, died in 1929.

Card of Thanks

C. H. Olds of Prince George and brothers and sisters wish to thank all those who extended sympathy or sent flowers at the funeral of their father, Henry Augustus Olds, who died last week at Fraser Lake and was buried at Endako.
