TAX MAIL ORDER HOUSES

Local merchants pay local taxes, spend their money in the city and help to provide employment for local boys and girls. The big mail order stores bleed the small cities white and give absolutely nothing in return. Local boys never get a chance of a job in the big mail order houses and if they did it would be refused because the pay is so low. Local merchants pay current rates for wages and help young

the decision of the officials.

If a peddler comes to town he has to pay a large licence fee. We think the law should compel the big mail order houses to pay a licence fee before it can flood the city with catalogues in order to entrap the citizens into buying from them. If this were done there would be little mail order buying in Prince Rupert, merchants would be able to Edmonton earry larger and better stocks and sell at lower prices. Calgary Everyone would benefit.

AN IMPORTANT DECISION

The decision of the management of the Canadian National Railways to change the old foundation site of the once planned railway hotel from an unsightly hole into a Invitation Sent to Seattle Rowers beautiful sunken garden is a very important step in the development of Prince Rupert. Once it is improved it will be a great tourist attraction and will vie with the sunken sity of Washington rowing crew has (4), Brown. It is understood that General Manager Warren has the next June. The invitation has not wholehearted support of the local railway staff in his plan yet been accepted. Washington has to beautify the place and that under the management of Superintendent Tobey the city may expect a worthy transformation of the spot. The city is to be congratulated on
