RICH STRIKES OF ORE REPORTED AT HAZELTON

ITALIAN FLEET BOMBARDS THE FORTS AT TRIPOLI

Admiral Faravelli's Men Silence the Turkish Forts and Hoist Italian Flag Over the Governors Castle---Turkish Transport Captured With a General, Some Troops and Munitions of War on Board---Important News Announced by the Newspapers at Rome

(Canadian Press Despatch)
 Rome, Italy, Oct. 4.—The newspapers at Rome have published a report stating that the Italian fleet under Admiral Faravelli entered the harbor at Tripoli yesterday afternoon and gained a complete victory over the Turkish troops in command of the forts.

Hoisted the Flag
 The reports state that after a heavy bombardment in which the Italian gunners silenced the forts, the Italian marines effected a landing in the city and raised the flag of Italy over the Governor's castle.

Captured a General
 In addition the Italians captured a Turkish transport bound for Tripoli to reinforce the troops. She had on board a Turkish general,

a large detachment of troops and stores and ammunition.

London is Waiting
 London, Oct. 4.—News of an Italian victory at Tripoli as reported in the Rome press has been telegraphed to London, but so far no official news has reached here. The last official news came from Admiral Favarelli two days ago when he notified the Italian Government that he had given the Turkish commandant at Tripoli until noon on Tuesday to surrender.

Before the Fight
 A despatch from Tripoli on Monday says: "Twelve Italian warships are anchored off Tripoli and it is expected an attempt will

be made to effect a landing this afternoon.

"Nearly all of the Europeans left last night on orders of the Italian consul, and this morning the streets were deserted except for squads of Turkish soldiers, who were enthusiastic over the situation.

"The Arabs have held mass meetings in all the mosques and taken a solemn oath of unity and allegiance to the Turkish flag, even to the last drop of blood. The Turkish transport Derna has discharged 2000 tons of stores and 13,000 Mauser rifles. These have been taken into the interior where fifty camels are being used in moving the supplies.

SPLENDID ORE FROM HAZELTON

Silver Standard Mine four Miles from New Hazelton Gives \$798.24 to the Ton—A Wonderful Showing.

Telegraphic news to hand this morning from Hazelton to Mr. Angus Stewart reports the result of the assays just made of Silver Standard ore. Fourteen hundred and fifty ounces, with eighteen per cent copper is the result of the assay, and the value is set at \$798.24 per ton. The Silver Standard mine is the property of Mr. D. McLeod, Angus Stewart, and A. L. McHugh. Situated so near to New Hazelton it promises to be one of the best in its district.

STRIKE ON SOUTHERN ROAD ENDS UP WITH BLOODSHED

Strikers and Strikebreakers Fight With Guns Near Jackson, and Troops Are Called Out---Many Men Were Killed and Others Injured in the Clash---Men in the Shops Join Their Comrades---Looks Like a Long and Bitter Fight

(Canadian Press Despatch)
 Jackson, Miss., Oct. 4.—The strike at the Illinois Central yards has ended in a serious fight in which armed troops were called out to take part.

The trouble started with an affray between the strikers at McComb and a band of strike breakers. The fight- fever spread, and weapons were used. Most of the strike breakers were armed with guns which they used, the strikers retaliating in kind. In the fight many persons were killed and others wounded.

Soldiers Ordered Out
 Governor Hoel ordered out a detachment of armed troops to proceed to the scene at 7.30 last night to quell the fighting. The special train conveying the strike breakers was then enabled to proceed on its way to New Orleans.

Thousands Out
 Vicksburg, Miss., Oct. 4.—Practically every man on the Southern roads is out today. Each day has seen more joining the strikers. At Vicksburg the strikers have been joined by six hundred men, including laborers, boilermakers and machinists. At San Antonio four hundred men on the Southern Pacific have quit work, and at New Orleans 350. The strikers at Houston, Texas, number 1200 to 1500; at East St. Louis, 500; at Denver 100 machinists, 175 carmen and 125 other craftsmen; at Ogden, about 500; at Kansas City, 100; at Oakland, about 400.

Taunting Strike Breakers
 Paducah, Ky., Oct. 4.—Striking Illinois Central clerks at Paducah have adopted a silent method of taunting the strike breakers who

are taking the places of sixty-three men in the local freight house.

When the non-union men left the freight houses, the strikers met them and escorted them to their boarding houses. Not a word was spoken on either side, the only demonstration being the right index finger levelled by every striking clerk. Special agents who make no objection to the "pointed" attentions of the strikers, are guarding the strike breakers.

Reports from Hazelton state that the men at the Trimble-Pemberton group on the Rocher de Boule have completed their sixty-foot tunnel and entered the ore vein in the upper lead. Fifteen tons of rich ore were taken out in the first four feet of the vein, containing big values in native copper.

FIREMAN KILLED IN QUEBEC FIRE

Terrible Result Attends a Fire Which Broke out in the Fire Station.

(Canadian Press Despatch)
 Quebec, Oct. 4.—Fireman Labarre was killed, and two women will die of their injuries as the result of a fire which broke out in No. 5 fire station last night. The fire station was completely destroyed.

The women met their injuries in attempting to leap from a window to a ladder which was a story below them. One of them in her fall caught on the rungs of the ladder by her clothing, and hung head downwards while the flames burst out all around her.

Unions Are Wondering
 Members of the Typographical and Carpenters' Unions are wondering why their letters of condolence about the prison labor system were not brought up at last Monday's council. They were addressed to the Mayor and council and mailed in ample time.

REPRESENTS "CANADA"

Travelling Editor of Great London Magazine Visits Rupert Today.

This morning's "Rupert" brought in on a descriptive writing tour Mr. J. R. Cogger, one of the leading men of the staff of the big magazine "Canada" which has made its field the whole Dominion and is known all over the world for its articles and pictures. Mr. Cogger is here to see Prince Rupert, and to tell his impressions of the city in his magazine, and this morning made a tour of the city. There can be no doubt that he will boost the city, and for Prince Rupert to figure again in "Canada" as it advances will be as good a boost as any going.

SCHOONER RESCUED
The Yukon was Taken in Tow by the U. S. Steamer

Seattle, Oct. 4.—The gasoline schooner Yukon which was reported in distress off Vancouver Island, was found last night by the U. S. steamer Snohomish and taken in tow to Port Angeles.

OLD CHURCH AS GYMNASIUM

Good Idea Included in Plans for New Methodist Church Erection. Young Men of Rupert Will Appreciate Scheme.

A proposal which will be embodied in the plans for the new Methodist Church of Prince Rupert is that the old church building shall be removed to the new church site, and there re-erected in shape to form a spacious gymnasium for the young men of the church. The old Methodist Church is a very substantial structure, and will serve the proposed purpose admirably. Amongst the gymnasium plans are included arrangements for fine bathrooms with athletes cold and hot sprays, douches, and plunge baths. The gymnasium will be as good as any in Rupert.

ENGLAND FOR EIGHT HOUR DAY

Shipbuilding and Steel Workers Unions Resolve in Favor of Movement. Will Confer with Employees.

London, Oct. 4.—(Special)—The executive committee of the 18 federated unions governing the shipbuilding trades, have approved the movement for an eight-hour day. It is said the matter will be discussed at the next meeting of the federated executives and that the outcome of this meeting will be the almost unanimous backing of the demand for an eight-hour day.

A similar agitation is reported in the steel trade. The members of the British Steel Smelters' union have voted largely in favor of a move for the eight-hour day, and the officials of the union have asked for a conference with the employers to discuss the demand.

NEW EMPRESSES

New C. P. R. Trans-Pacific Flyers Have Their Names Selected.

(Canadian Press Despatch)
 Montreal, Oct. 4.—The new C. P. R. trans-Pacific flyers which are being built to replace the Pacific Empresses next spring are to be called the Empress of Asia and the Empress of Russia. This announcement was made today by the C. P. R. officials.

THE EXODUS FROM DAWSON

Annual Leave Taking for the Winter Vacations is Taking Place up North.

Dawson, Y. T., Oct. 4.—The big annual exodus is now in full swing. Every boat has a full load of passengers bound for outside points for their winter vacation. The lower river boats arriving are filled with passengers from Iditarod, Fairbanks and other camps.

The packet Sarah on her last trip brought 170, including seventy-seven members of the boundary survey party from Porcupine River. The boundary men have 150 horses, which will winter on the White River. There is good grazing there all winter.

The last steamer from White Horse for Dawson will leave there October 6 and the last from Dawson on October 10. The last steamer of the year from Dawson for points below here sailed last Monday, when the packet Sarah took sixty tons of freight and eighty sacks of mail.

EARL GREY LEAVES

Postpones His Leave Taking for a Week Longer than Intended.

(Canadian Press Despatch)
 Montreal, Oct. 4.—Earl Grey and his family have booked their passage by the steamer Victorian sailing on October 13. Their original intention was to leave on October 6th. The increased official work consequent on a change of Ministry has been the reason for Earl Grey's altered plans.

NEW POWER BOAT FASTEST EVER

Twenty-six Foot Racer Owned by R. C. Pryor at the Soo will Challenge Duluth Flyer Reputed Speediest Boat in the World.

(Special to the Daily News)
 Sault Ste. Marie, Oct. 4.—R. C. Pryor's new racing motor boat, which has been tried out on Portage lake, is considered by many Houghton motor boat judges to be the fastest 26-foot motor craft in the world. All of the international motor boats, such as the Dixie IV, the champion, are larger than this. No records to which local people have access give any motor boat a record equal to that unofficially given Mr. Pryor's boat in a trial on Portage lake Thursday. The new boat was used in exhibition runs on the lake during the Copper Country fair and it is possible that a race will be arranged between it and Schell's great Duluth speed boat. Negotiations for such a race are now under way. The Pryor boat is a handsome craft, built for pleasure as well as speed. She has room for from four to six passengers. The boat is built entirely of mahogany, finished with a piano polish. Her bottom is flat, as distinguished from a keel boat, but it also is terraced so that as her speed increases and the bow raises she is riding on a new plane surface at each rise.

MUSICIANS WIN STRIKE

Members of Chicago Union Obtain Better Conditions and Wages.

(Special to the Daily News)
 Chicago, Oct. 4.—Because members of the Musicians Union of Chicago desired better conditions and higher wages, theatrical managers decided to get along without orchestras. Church chimes and other musical novelties were substituted, but their introduction did not improve the productions by any means. After a painful experience the managers decided that orchestras must be restored and yielded to the demands of the union. As a result it has been agreed that hereafter each leading theatre would employ a minimum of eleven musicians, besides the leader, and that each would receive \$27 a week, instead of \$21, and the leader \$60 instead of \$35.

R. Ross arrived by the Prince Rupert this morning from Vancouver and Victoria.

G. Lindquist arrived from the south this morning by the Prince Rupert and went to Masset.

B.C. TO HAVE ONE MINISTER

Ottawa Despatch Says It is so Understood at the Capital

(Canadian Press Despatch)
 Ottawa, Oct. 4.—While the personnel of the Borden Cabinet has not yet been announced it is understood that the prairie provinces are to have two or three representatives in the Cabinet and B. C. one.

No reply has yet been announced to the invitation said to have been extended to Hon. Richard McBride. It is explained that Mr. McBride is away on a hunting trip.

A DANGER SIGNAL

Lloyds Want 25 Guineas Per Cent to Insure the Throne of Spain from Overthrow.

London, Oct. 3.—The overthrow of the Spanish monarchy was insured against this afternoon when a high rate of 25 guineas, approximately \$26, was paid for policies.

WORKMAN WAS INJURED BY POWDER BLAST AT TUNNEL

Unknown Man Rushed to the Hospital This Morning From Mile 44—Feared he May Lose His Eyesight Owing to a Premature Shot

Injured about the face and chest by the premature explosion of a blast in the tunnel at Mile Forty-four this morning an unknown foreign laborer was hurried into hospital by special train this morning. He was employed by Contractor McDougall. Dr. Egert was in attendance, and met the train. The injured man was conveyed to the hospital in a rig fitted with spring mattresses.

Although the shot went off right in his face, and he is badly cut and contused all over the upper part of the body it is not thought that there is any internal injury. Both eyes are however injured, but they may be saved. No bones were broken by the shock, but the man was stunned, and had not recovered complete consciousness when brought into town. Mr. McDougall himself made enquiry about him at the hospital during the morning. The accident occurred just after the gang had got to work, and it is understood that the injured man was loading a bore when the charge went off.

LEADING DOCTOR DEAD

Dr. Francis Hall of Victoria Passed Away at His Home Last Night.

Victoria, Oct. 4.—Dr. Francis Hall, one of the leading physicians of the province, died here last night. He had been twenty-six years a resident of the province. He was only fifty years of age.

SCHOOLBOYS AT LIVERPOOL WENT OUT ON A STRIKE

Followed Their Fathers Example in Support of Demands For Shorter Hours, Less Homework, and Pay for Monitors—Ended With Lots of Strap

(Canadian Press Despatch)
 Liverpool, England, Oct. 3.—The strike fever which has been rampant in Liverpool for the best part of the summer has broken out in another spot. This time it is the schoolboys who have engineered a strike.

The boy promoters of the "strike" did their work well. They assembled several hundreds of the more valiant spirits, and armed with banners inscribed "What our fathers did we can do," they visited the schools, calling on the scholars to come out and join the strike. Large numbers did so, and soon the parade was swelled to thousands. After having called out the scholars, pickets were placed round the school, to inform any would-be scholars that a strike was on.

The demands of the strikers were: Payment for monitors; less homework, and reduction in the school hours.

The strike did not last long. A vigorous application of the cane upon as many of the strike leaders as could be captured round the schools, reinforced by the domestic strap in the homes of several hundreds of the scholars has broken the back of Liverpool's school strike.
