#### First Load Of Salvage Goods Is Brought In

Continuation of the westerly gales which have been blowing so consistently until yesterday for the impossible until yesterday for the Armour Salvage Co. to go ahead with salvage work in connection with the wrecked American freighter Denali on Zayas Island in Chatham Sound but last night Capt. W. P. Armour brought the Daly in with the first load which was being discharged this morning at the ocean dock. Two scows brought in had on board machinery and general goods.

Included in the goods so far salvaged are three little damaged dump trucks, two large six-wheel trucks rather badly damaged, a 75 h.p. Atlas-Imperial full diesel engine and some forty tons of general cargo. Capt. Armour is leaving for the wreck again today and hopes that weather will be favorable tomorrow to get off some graders and boilers. A good deal of the cannery freight aboard the Denali was consigned to the Nakat Packing Co. at Blue Fox Bay, Kodiak Island. Taking of the freight off is proving a ticklish job.

There is said to be imminent danger of what remains of the once large steamer being swept off the reef into deep water. Meantime, Capt. Armour and his crew are standing by awaiting a chance to get at work whenever possible.

#### Dionne Quintuplets Celebrate Their First Birthday as Fire Rages in Brush Not Far Away

CALLANDER, Ont., May 28: (CP)—Brush fires crackled today along a zig-zag front in the direction of the little special hospital where the Dionne quintuplets' first birthday anniversary is being celebrated. Lack of wind has caused the fire to move slowly but officials in charge of the hospital say that there is not the slightest danger to the buildings and, if necessary, the babies could be moved quickly in an emergency.

From all parts of the country presents have been pouring in for the quintuplets who, all unaware of the significance of the fact that they are the only human quintuplets in medical history to reach the age of more than an hour, gurgled happily to themselves and each other as well as to people throughout the continent by means of a special radio broadcast. Each tiny girl is in the best of health.

WANTS WORK AND WAGES

After carefully explaining that it was not advocating the Pattullo policy which it has so often ridiculed, the Vancouver Province in an editorial article on Thursday last endorsed the policy to which it formerly objected.

"We are asking Mr. Bennett very seriously to consider whether there is not, within the limits of honest statesmanship, the possibility of a real program of work and wages for the immediate benefit of the people of Canada.

"Why is it not possible to do something better about those thousands of young men in the relief camps than to keep them there, at a cost to the country of \$45 each a month?"

"Why should it be found impossible to put them to work and to put them in the way of wages?"

"We do not mean that work should be made just for the sake of making work. We do not mean that wages should be paid for anything in the nature of digging a hole and then filling it again. But we mean that the credit of Canada must still be good for the purposes of some large scheme of public works which would be at once a permanent investment in the development of Canada as a going concern, and would confer the inestimable boon of work and wages upon men who are now eating their bread in enforced idleness.

"One such project, at least, comes to mind. We put it to Mr. Bennett that he should seize his opportunity and commit his government to the immediate construction of a Canadian highway—a first-class road from shore to shore of the Atlantic and Pacific. We believe he could mobilize the public opinion of Canada behind that idea. We believe it would stir the imagination of the Canadian people. We believe, still more practically, that it would pay a good dividend on the investment. It is something in the national consciousness. It is not a wholesome thing, that it is now impossible to travel by road through Canada from one end to the other without making a detour by way of a foreign country.

"We believe that the building of a national highway would give an impetus to the processes of economic recovery, far in excess of material value to the material cost, and in moral value beyond all computation. This is not a visionary scheme. This is something that can be done. This is a job of work and wages that could put 50,000 men, now jobless and many hopeless, to work this summer. It is not true that Canada could not do this thing. Canada is equal to a job like this. Mr. Bennett should very seriously consider it. If he would give the word for this undertaking, it would be the signal of a new promise and a new hope for the Canadian people."

GROTTO IN LEAD NOW

Tobaccoists Defeat C. N. R. A. For Second Straight Softball Victory

In a regular City Softball League fixture, the Grotto last night won its second game in two starts, defeating the Canadian National Recreation Association by a score of 5 to 2. The game was interesting all the way. Although the C. N. R. A. had the same number of hits as the Grotto, it was unlucky in running bases, getting two men put out for lead-offs with base hits following them. Stone and Yager both pitched good ball but Stone's support fell down in the pinches. Bury, for Grotto, was the best man on the field with Johnson of the C. N. R. A. a close second. Hibbard secured three hits in four times at bat including a double and three-bagger. W. Tobey for C. N. R. A. and Ratchford for Grotto also hit three-baggers.

Young Liberals football team will make its debut on the local soccer field on Thursday night of this week against Canadian Legion. It is the first time that a pigskin eleven has been sponsored under political auspices in Prince Rupert and Manager Jack Campbell sr. has high hopes for his proteges. The line-up is a likely one, being as follows: goal, Spiro Gurvich; full backs, H. Moe and Bronson Hunt; half backs, Floyd Eby, H. Lokken and Bill Murray; forwards, Johnny Comadina, Russell Cameron, Jack Campbell, James Carroll and Jack Lindsay. The captain of the team has not yet been selected.

The first Major League night baseball game in history was played at Redland Field in Cincinnati last Friday night. President Franklin D. Roosevelt pressed a button at Washington which turned the flood lights on in Cincinnati. The game was a close one, the Reds defeating the Phillies two to one. The American League race took on an unprecedentedly tight complexion as a result of Friday's play and but three and a half games then separated the leading Chicago White Sox from the sixth place Washington Senators. The Senators shut the White Sox out ignominiously at Washington. The Cleveland Indians were in second place, a game and a half below the White Sox, the New York Yankees in third, the Boston Red Sox in fourth and the Detroit Tigers in fifth. In the National League, the pace-making New York Giants made twenty hits to blank the Chicago Cubs. The Boston Braves lost again to the Pittsburgh Pirates, this time by the odd run, and are in exclusive possession of the cellar position.

As a result of week-end play, the Chicago Cubs went into second place in the National League ahead of the Brooklyn Dodgers. The Cubs lost to the New York Giants Saturday and took a series opener from the Dodgers on Sunday. In the American League, the New York Yankees won a double-header from St. Louis Browns on Saturday and blanked the Detroit Tigers Sunday and were in second place but a game and a half behind the leading Chicago White Sox and with a similar margin over Cleveland Indians who divided a double-header with the Philadelphia Athletics on Saturday and lost to Washington Senators Sunday. Boston Red Sox lost to the Tigers Saturday and to the Browns Sunday to drop into fifth place below Detroit and tied with Washington.

The margin of leadership of the Chicago White Sox over New York Yankees in the American League was reduced to half a game yesterday when the White Sox lost to the Philadelphia Athletics at Shibe Park while the Yankees were defeating the Detroit Tigers at Yankee Stadium. In the latter game, Johnny Allen, on the mound for the Yanks, allowed the Tigers but three hits while "School Boy" Rowe yielded the Yanks eight, the score being three to one. The Washington Senators jumped from their fifth place tie with the Boston Red Sox into the first division by winning a close decision over the Cleveland Indians at the National Capital. The Detroit Tigers are now at the top of the second division with the Boston Red Sox in sixth place. In the National League all first division teams were idle yesterday on account of rain. The Philadelphia-Pittsburg game was a batting spree with the Phils getting fourteen hits and the Pirates, twelve. There were only six

runs, however, the Phillies winning four to two.

Carried right to the last green at St. Andrew's-on-the-Sea, England, Lawson Little of San Francisco, as announced in a press dispatch on Saturday, was finally able to defeat Dr. William Tweedell of Birmingham, England, one up in the 36-hole final for the British amateur golf championship. Little, who has defended his title successfully, had won his way into the final on Friday by defeating Robert Sweeney of New York and London three and two in the semi-final. Dr. Tweedell won the other semi-final by defeating Tony Torrance of Scotland two and one.

Sulphuric Acid Causes Painful Burns For Boy

James Feasby, 12-year old son of Mr. and Mrs. J. F. Feasby, 323 Beaufort Avenue East, was able to return to his studies at Booth Memorial School yesterday but may carry scars for some considerable time as a result of a painful accident on Victoria Day. The lad was at Royal Canadian Naval Volunteer Reserve headquarters awaiting the line-up of the parade of Sea Cadets, of which he is a member, when a bottle of sulphuric acid was discovered. For some reason, the cork blew out and the contents flew on to his face, neck, ears and side of the head, inflicting painful burns. The boy was given first aid by Petty Officer Instructor Ross before being taken to the Prince Rupert General Hospital for further dressing. He was able to return to his home in a few hours.

Trout Fishing Fine at Khtada—Northland Brings Five Cars of Fish—Mae West Had Close Call.  
Except for the fact that the fish may be a little on the thin side, angling conditions are reported to be of the best just now at Khtada Lake by a party consisting of R. G. Van der Sluys, F. A. MacCallum, E. J. Clapp, Johnny Pierce, Foster Willan, Sid Dickens and Wlizer Bryant which visited there over the week-end, making the trip on Skipper Van der Sluys' Aussie. They left Saturday noon and returned Sunday night with a catch of some eight dozen or so fine fish. The trail is in excellent condition, unusually dry and with no snow. The boats which were put on the lake a year ago are in good shape. Water in the lake is low owing to the recent dry spell. Another party including Malcolm Lamb and Pete McCormick also visited Khtada at the end of the week, going in Friday night and coming out Sunday morning, and had good fishing. Northland Transportation Co.'s motorship liner Northland, Capt. Len Williams, arrived in port at 10 o'clock last night from Ketchikan and, after discharging four carloads of fresh halibut and one carload of mild cured salmon for transshipment east over Canadian National Railways, sailed at 3 a.m. in continuation of her voyage to Seattle.

icates that the recent experience of the well known Seattle halibut boat Albatross in being lashed by a giant comb which almost swept her clean above decks was a real narrow escape, for both vessel and crew. Only the fact that her crew of ten men were below decks saved them from being washed overboard, it is declared. As it was extensive damage was done and it was all the crippled vessel could do to limp into Ketchikan for repairs at the end of the week.

Captain Red Pierce and his crew aboard the local halibutter Mae West got a bad scare and a ducking about a week ago. They were crossing Wright Sound light and, as it looked likely to be foggy, all except the man at the helm had turned in for the night to try to get some sleep. Then a sudden squall struck the vessel turning her right over and very soon the crew was holding on to the keel. Happily the skipper had the presence of mind to cut the dory loose. The Mae West was righted and arrived home about the middle of last week, leaving again for the halibut banks on Friday. The decks were swept of gear.

All is quiet at the local elevator following the departure last week of the British steamer Fresno City with a full cargo for the United Kingdom or Continent. Only a small amount of wheat is left in the house and none is on the way. There will likely be little doing at the elevator now for a month or so pending decision as to the future of the plant following expiry of the Alberta Wheat Pool's lease this summer.

Police Hold Off as Family Contacts Kidnappers in Weyerhaeuser Case

TACOMA, May 23: (CP)—There were no further developments of importance up to noon today in the case of nine-year old George Weyerhaeuser, kidnapped last Friday noon while on his way home from school. Police authorities have been keeping in the background at the request of the lad's father who is making strong efforts to contact the abductors and is still hopeful of being successful in negotiations with representatives of the kidnapers looking to safe return of the child by Wednesday, the reported deadline.

Fruit-a-tives Gave Veteran Quick Relief From Constipation

Isaac P. Booth, 70 Wayland Ave., Toronto, relates in a sworn statement how Fruit-a-tives gave him quick relief from constipation and rheumatism brought on by military service. So that everyone can be sure of the truth, he told his experience under oath before a notary. Mr. Booth says, "I was greatly bothered with constipation brought on by military service. I tried Fruit-a-tives and they gave quick relief and now keep me regular. I also suffered from rheumatism. Since I have used Fruit-a-tives, it does not bother me any more unless I take foolish chances in wet or cold weather." Copy of Mr. Booth's complete sworn statement will be sent on request. DRAW GAME OF SOCCER

Canadian Legion and Regiment Played to Four All in Season Opener Last Night

A good, stiff game of football was staged last night at Acropolis Hill grounds by Regiment and Canadian Legion in the opening fixture of the soccer season, the final score being four all. The standard of play, while leaving considerable to be desired, was not so bad for the first of the year. It should not take the teams long to round into better form.

T. W. Hall, inspector of schools, left on last evening's train for a trip to Haysport and other Skeena River points on official duties.
