NEW RELIEF WORK PLAN IN STATES

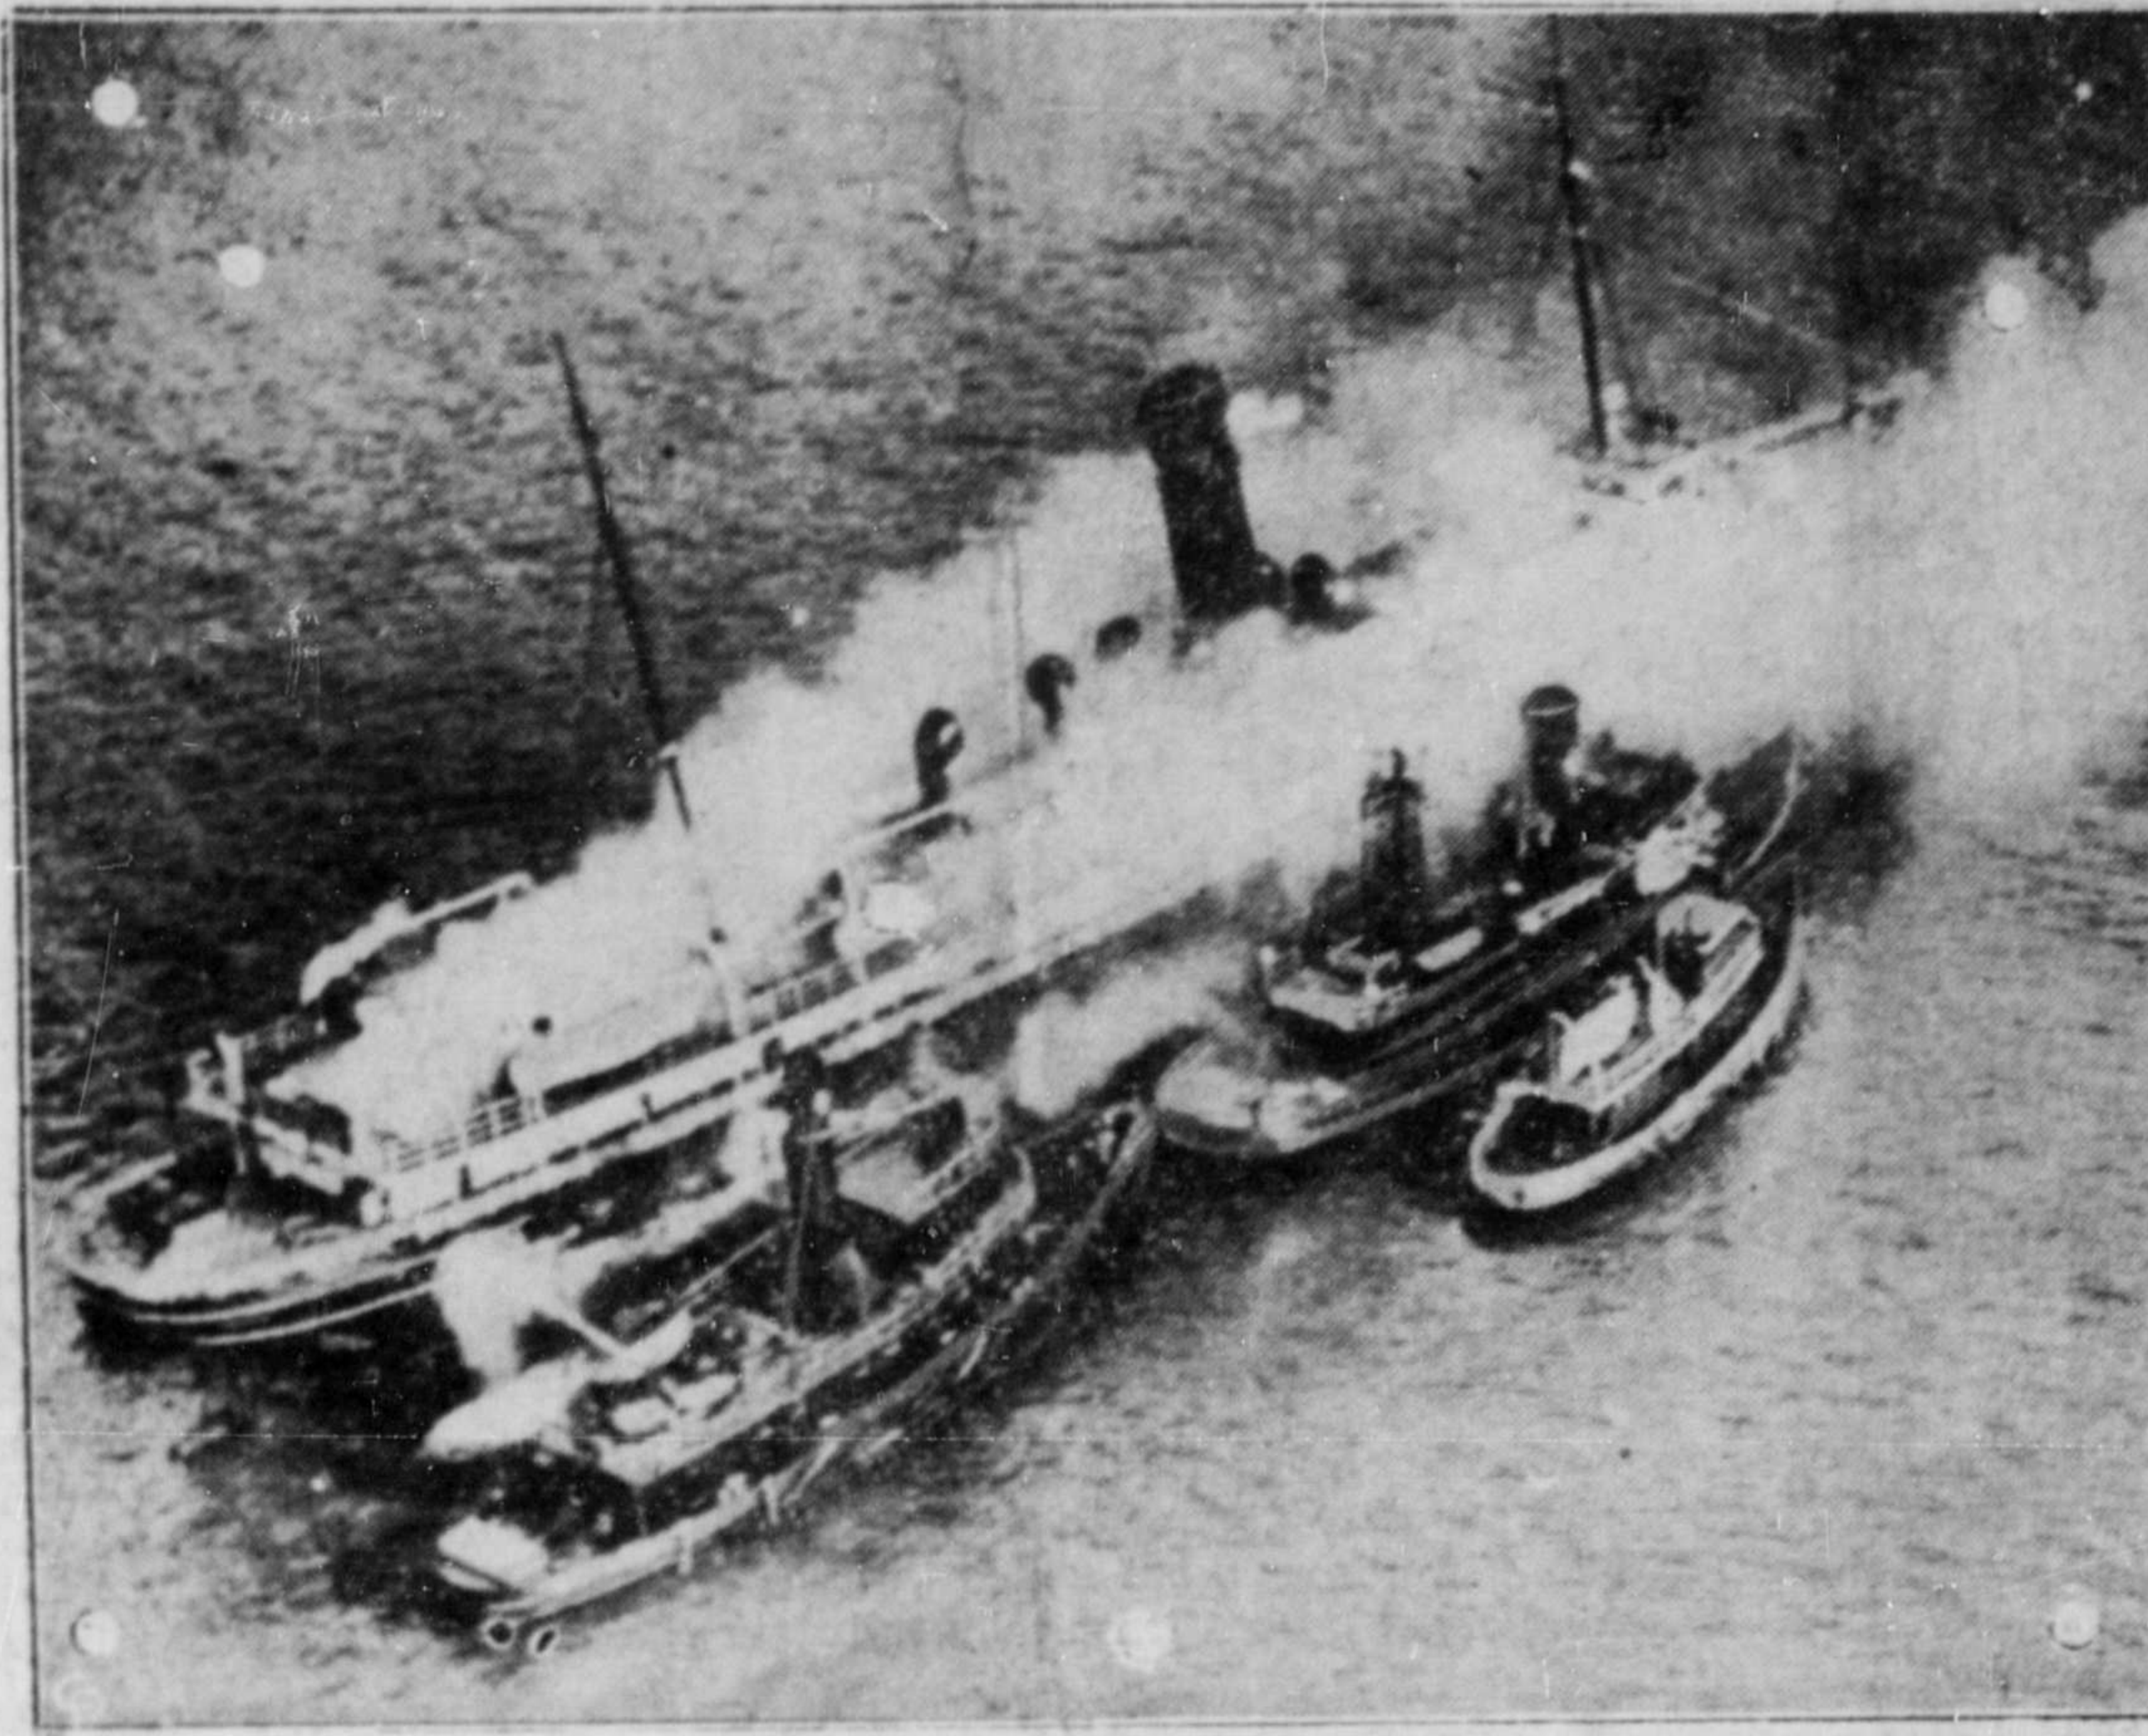

POLICE INVESTIGATION IN VANCOUVER NOW UNDER WAY

President Roosevelt Would Embark On Big Employment Project

Favors Taking Workless Off Dole and Occupying Them In Clearing Slums of Country and Other Useful Undertakings

WASHINGTON, D.C., Jan. 4: (CP)—A new and greatly enlarged plan of work relief was proposed by President Franklin D. Roosevelt to Congress today. Without estimating the cost or giving much detail, the President declared that, instead of continuing outright doles, the government should put 3,500,000 unemployed men to work clearing slums and on other public works.

Another Steamer Succumbs To Sea's Worst Enemy

An aerial view in Boston harbor, showing the blazing ss. Ontario, a coastwise steamer, after she had been beached when efforts to extinguish the fire in her hold proved fruitless.

Reorganizing of City Hall Service Planned By Mayor McGeer

"Pay-Off" System of Protection Has Been Public Scandal In Southern City, New Chief Magistrate Says—Some Officers Ashamed to Wear Uniforms

VANCOUVER, Jan. 4: (CP)—Investigation of the conduct of several suspended police officials commenced today in camera and it is reported Mayor G. G. McGeer intends immediate action in reorganizing the City Hall service. Discussing police conditions, Mayor McGeer said: "The fact that there was, as between the police administration and the underworld, a system of organized protection based upon what is known as the 'pay-off' system became a matter of common gossip and public scandal. Many members of the uniformed police have declared to me that conditions were so disgraceful that they were ashamed to wear their uniforms on the streets."

DEATH OF EDUCATOR

Dr. James L. Hughes of Toronto Dies—Was Brother of Late Sir Sam Hughes

TORONTO, Jan. 4: (CP)—James Laughlin Hughes LL.D., widely known throughout Canada and the United States for his extensive knowledge of child psychology, died here yesterday at the age of eighty-eight years. Oldest brother of the late General Sir Sam Hughes, Canada's minister of militia and defence during the Great War, he was a school instructor in Toronto for forty years. Many educational reforms were instituted during his twenty-eight year regime as chief inspector and executive head of Toronto's public schools.

BRUINS IN LEAD NOW

Victory Over Canadiens Last Night Gave Boston Edge Over Chicago In Hockey Standing

MONTREAL, Jan. 4: (CP)—Boston Bruins moved into the leadership of the American Division of the National Hockey League last night by virtue of a close victory over the Canadiens here. The Bruins displaced the Chicago Black Hawks who had an open date.

BENNETT IS CRITICIZED

Attorney General of Ontario Perceives Governmental "Iron Heel" in Business

TORONTO, Jan. 4: (CP)—The proposal of Prime Minister R. B. Bennett in his radio address Wednesday night for the regulation of business in Canada was characterized last night by Hon. A. W. Roebuck, attorney general of Ontario, as an "application of the iron heel in business matters."

GRAIN SHIP HAS SAILED

British Freighter Bradburn Leaves Today With Full Cargo For U. K. or Continent

The British freighter Bradburn, having loaded a full cargo of grain from the Alberta Wheat Pool's local elevator for delivery to the United Kingdom or Continent, sailed at 1 o'clock this afternoon. She had been here since New Year's Eve and a fast job was done in loading the vessel. Pouring of grain was completed yesterday afternoon and this morning was spent in bagging grain and other finishing touches.

Word was received at the elevator offices today confirming previous advice that the British freighter Vancouver City would be here on January 17 to load a full cargo for the United Kingdom or Continent. Thirty-one carloads of new grain which arrived earlier in the week from the prairies are now being unloaded into the elevator. Some eighty more cars are expected to arrive over the coming week-end.

Log Scale For 1934 in Prince Rupert Nearly Three Times As Great as 1933; Islands Active

The log scale in Prince Rupert forestry district for the year 1934 totalled 135,967,361 board feet as compared with 56,106,234 board feet in 1933, according to a summary of official reports of the Forest Branch. The increased production was largely accounted for in the enlarged output of Queen Charlotte Island logging camps for coast pulp mills and export. Further expansion of production is anticipated next year, preparations for it being already under way.

The scale for December this year totalled 4,479,349 board feet as compared with 328,158 board feet in the same month last year. Scaling figures per varieties this December and last were as follows:

	1934	1933
	B.F.	B.F.
Douglas Fir	141,741	
Cedar	484,405	77,448
Spruce	2,183,123	110,947
Hemlock	1,314,467	66,558
Balsam	312,763	73,021
Jackpine	42,850	184
Totals	4,479,349	328,158

Output of poles and piles in the interior this December was light at only 37,806 lineal feet, all of which was cedar, as compared with 148,190 lineal feet in December 1933. There was an increase, however, in output of ties which numbered 2,644 (jackpine) in December 1934 as against 190 in December 1933. Twenty-one cords of wood was recorded this December as compared with 365 cords a year ago.

Vancouver Wheat

VANCOUVER, Jan. 4: (CP)—Wheat was quoted at 78 1/2c on the local exchange yesterday, up 1/2c from Wednesday. Today's price was 78 3/4c.

BAR SILVER

NEW YORK, Jan. 4: (CP)—Bar silver closed at 44 7/8c per ounce on the local metal market yesterday. It was indicated by the defence that they would show who it was who actually killed the baby.

SPEAKS TO TEACHERS

James R. Mitchell Addresses Local Pedagogues

At the invitation of the Prince Rupert Teachers' Association, James Mitchell, president of the British Columbia Teachers' Federation, addressed the teachers of the city and surrounding district at a meeting yesterday afternoon in the Commodore Cafe. W. W. C. O'Neill presided and there were more than thirty teachers present.

Mr. Mitchell gave a resume of the work of the federation and the enumeration of the varied activities of the federation in its attempt to further the educational progress of the province was little short of a revelation. The relationships existing between the Department of Education, its officers, the boards of school trustees, the inspectors and the federation, as the mouthpiece of the teachers of the province, were very happy and a complete agreement was easily reached when the problems were discussed so that the pupils should have the best that could be offered.

In the work of the future, Mr. Mitchell referred to education week, planned for the first week in February. A Dominion-wide scheme aims at putting before the public the objects of education and the means by which that objective may be reached. There is no doubt that part of the apathy of many people towards progressive educational methods is the result of lack of knowledge of what may and what is being done.

HAUPTMANN IDENTIFIED

Col. and Mrs. Lindbergh Appear as Witnesses Against Man Who Is Accused of Slaying Their Baby

Touching Scene

Mother Identifies Garment In Which She Last Saw Child Alive—Defence Promises Surprise

FLEMINGTON, N.J., Jan 4: (CP)—Col. Charles A. Lindbergh today identified Bruno Richard Hauptmann as the man whose voice he heard in a Bronx cemetery when he paid through Dr. J. F. (Jafsie) Condon, the \$50,000 ransom in a vain effort to get back his kidnapped baby.

Hauptmann, charged with the kidnap-murder of baby Charles Augustus Lindbergh jr., faced both the father and mother of his alleged victim at his trial yesterday when Col. and Mrs. Lindbergh appeared as witnesses.

Mrs. Lindbergh was fighting back a garment in which she had last seen her baby alive. Col. Lindbergh also identified notes found in Hauptmann's garage in the Bronx, New York, as part of the ransom money which had been paid for the return of the child.

KILLED BY GAS POISON

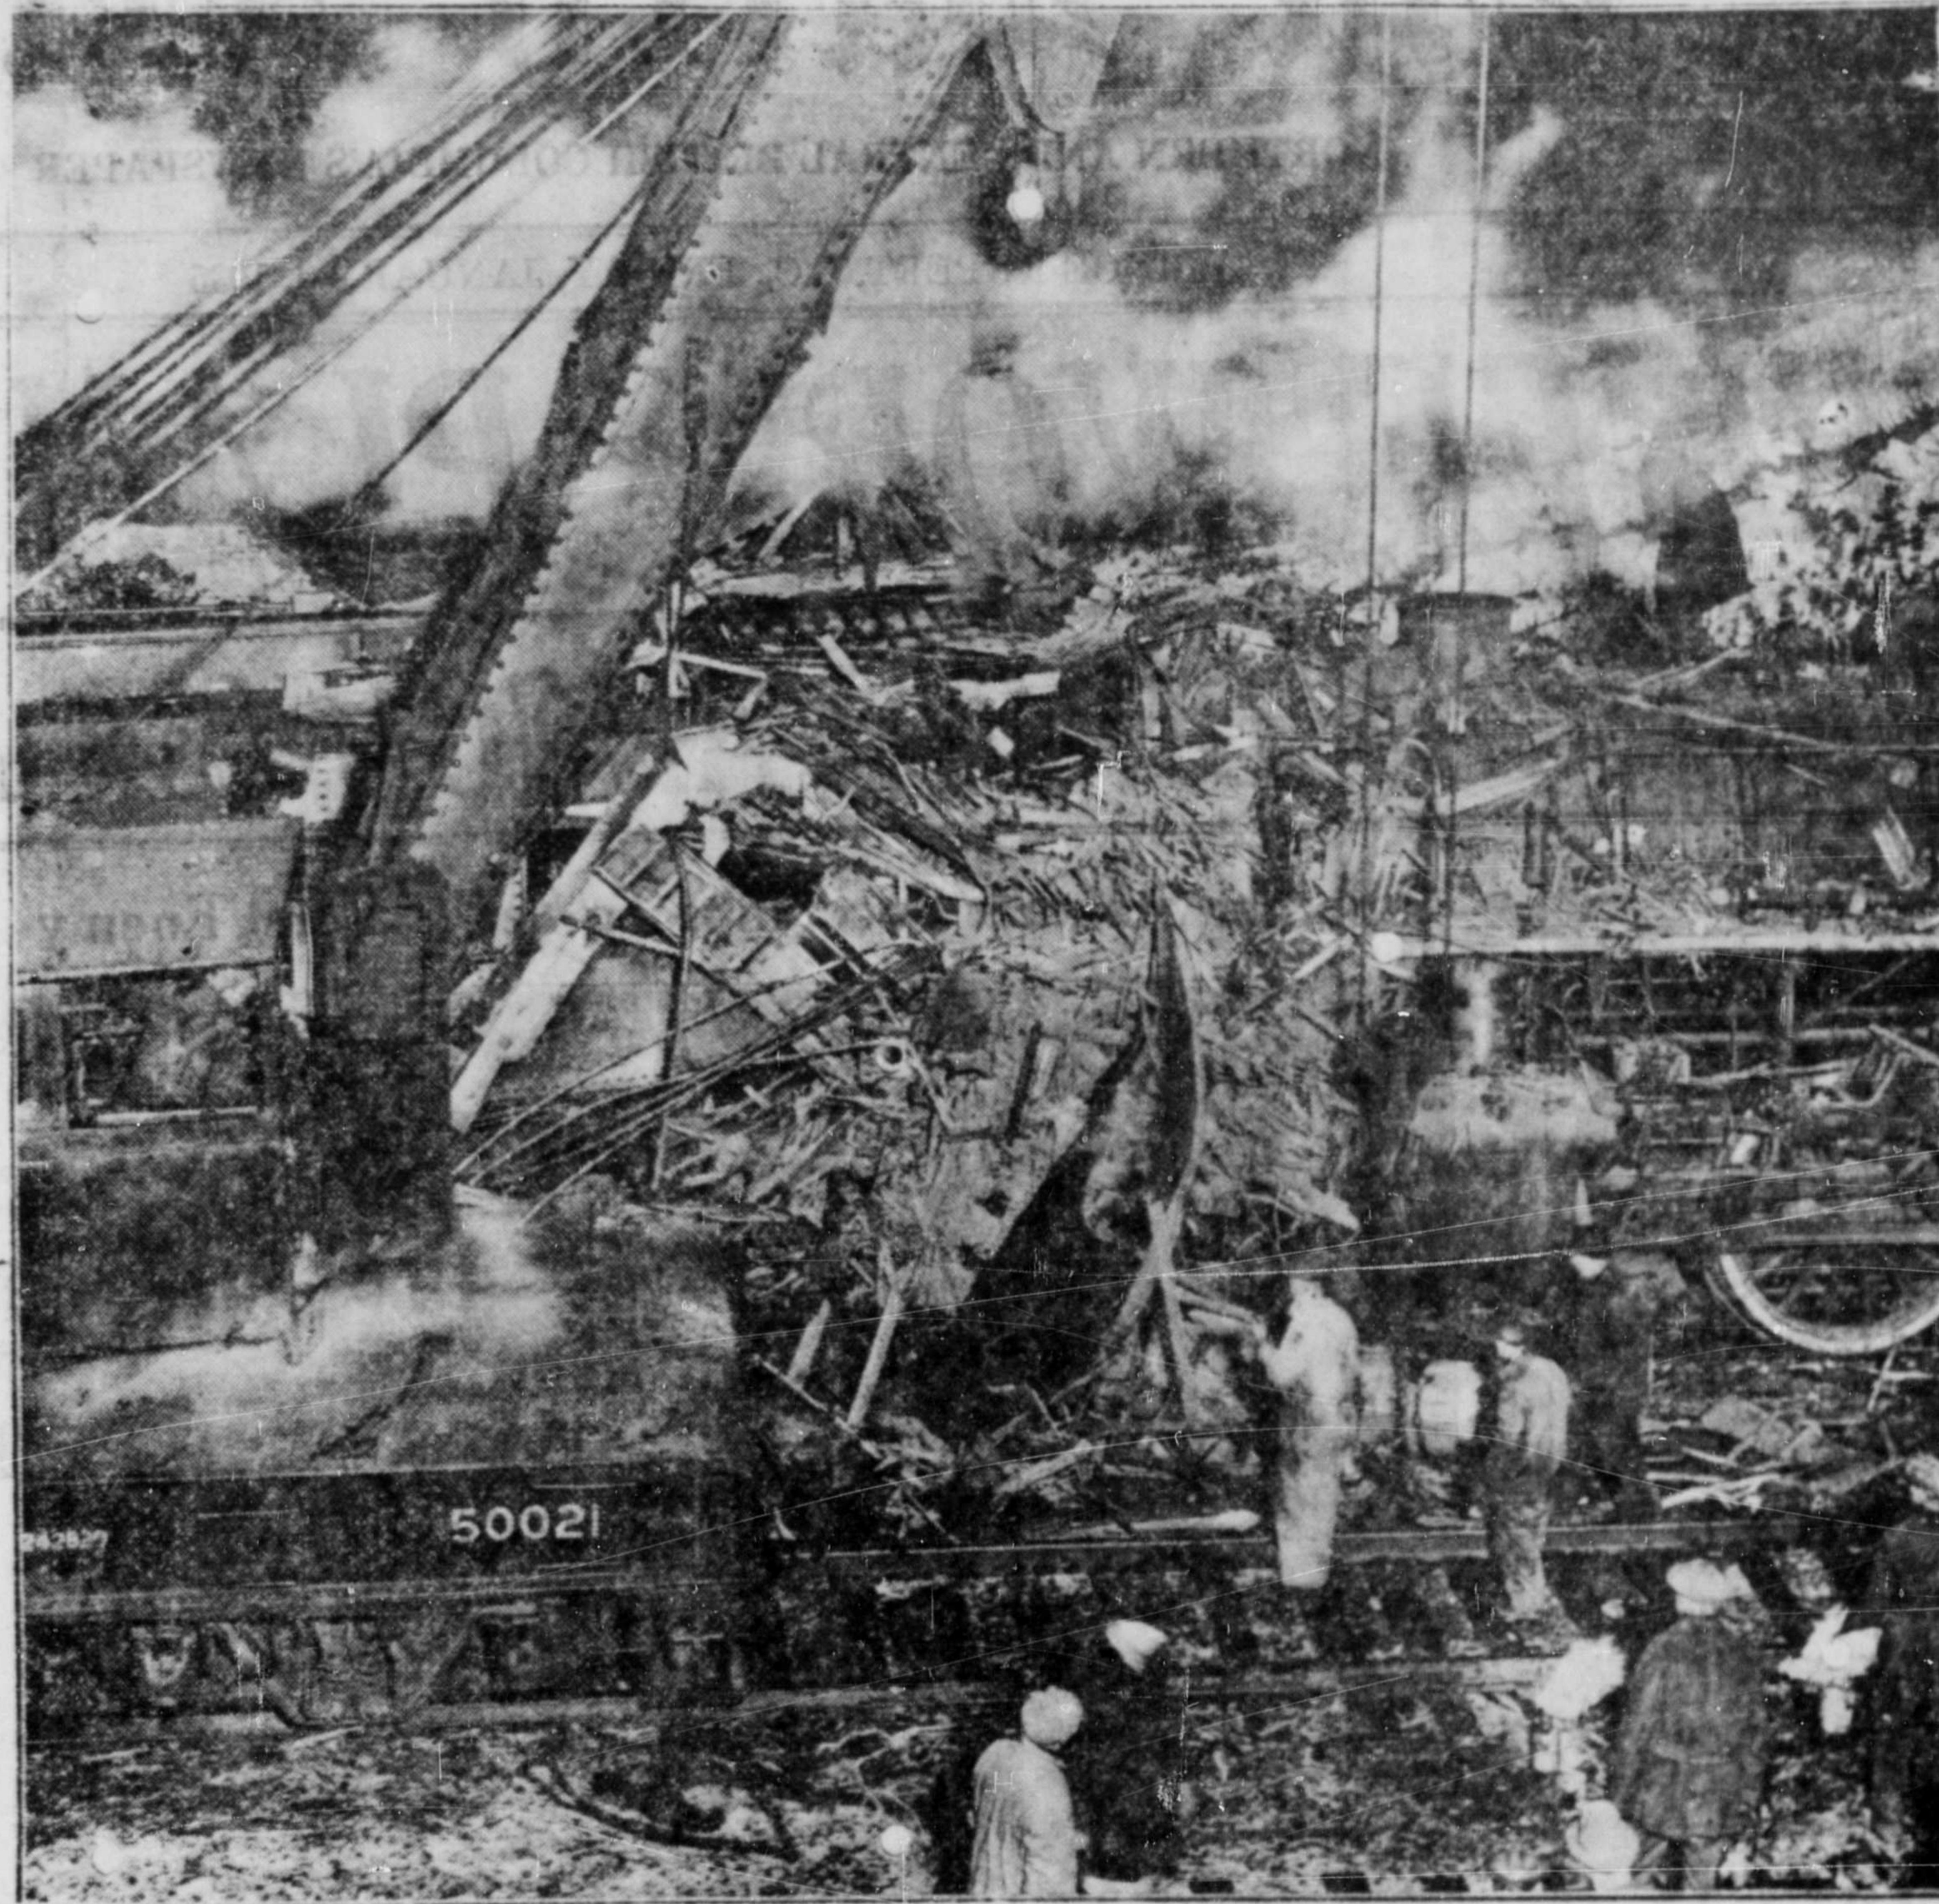

Two Men Asphyxiated in Calgary And Two Women in Critical Condition

CALGARY, Jan. 4: (CP)—Harry Wheatley and Private Thomas Hall of the ordnance corps were found dead in Wheatley's cottage here yesterday as a result of gas poisoning and Mrs. Wheatley and an unidentified woman are in hospital in a serious condition.

William Patmore, son of L. W. Patmore of this city, sailed by the Prince George last night to resume his studies at the University of British Columbia in Vancouver after having spent the Christmas and New Year holiday season at his home here.

George Miller, deputy collector of customs, Skagway, was here this morning enroute to Seattle.

Rescuers Frantically Search Debris For Train Wreck Victims

Thundering through an open switch at nearly 60 miles an hour, a Canadian National flyer, near Dundas, Ont., crashed into a holiday special, crushing like matchwood three cars, killing at least 15 and injuring more than 35. The special train had drawn into a siding to allow a flyer to pass through, but switch in some manner remained open. The above shows the tangled debris as wrecking crews worked frantically trying to extricate the dead and injured.

FIRE LOSS WAS LIGHT

Damage in City During Year 1934 Was Lightest in Long Time

There was a fortunate absence of serious fire in Prince Rupert during the year 1934, damage for the year from this cause totalling but \$11,141.43, according to a report compiled by Fire Chief J. R. Morrison. This total damage is one of the lowest the city has had in many years and compares with \$23,990.75 in 1933 and \$42,858 in 1932. Practically all the fire loss during the past year was covered by insurance.

There were sixty-four fire alarms in 1934 as compared with 107 in 1933. In December this year there were six calls as against nineteen in the same month the year previous.

Month by month fire loss in Prince Rupert during 1934 was as follows:

January	\$ 412.40
February	60.55
March	6.50
April	25.00
May	59.00
June	85.00
July	37.50
August	141.50
September	154.50
October	16.50
November	151.90
December	
Total	\$11,141.43

DAILY EDITION

Friday, January 4, 1935

MUCH APPRECIATION

Much appreciation was expressed last evening and this morning at the splendid report given in this paper yesterday of the radio address given the previous evening by Prime Minister Bennett. Owing to the poor reception most people were unable to hear what the Premier had to say. It was necessary to turn to their newspaper the next day in order to find out that Mr. Bennett had made a somewhat radical announcement in regard to changes in the economic system. We shall await with great interest further announcements as to what changes he proposes and how he expects to bring about that prosperity of which he speaks.

The speech of the Premier indicates a thorough change of heart on his part. He no longer believes in sitting pat and letting nature take its course, as he has done during the past years of depression, but is now, with the depression almost past, prepared to change the whole economic system in order to "end all this worry from which none of us are free."

MACKENZIE KING NEXT

Now that Premier Bennett has fired the opening gun in his election campaign people will be looking forward with great interest for an announcement from the other political leader, W. L. Mackenzie King. So far Mr. King has not committed himself definitely in regard to the policy which he will advocate when asking for election of himself and the Liberal party generally. Most of his utterances have been critical rather than constructive. What people are looking for now or in the near future is a statement of his policy in regard to work and wages. The British Columbia Premier and members of the House have already urged upon him the need of an advanced policy which will eliminate the dole. If the Liberals expect to get the support of the people of the country at the coming election they will have to let the electors know what they propose to do to remedy the present situation. Make the country prosperous and the railway situation will take care of itself.

DEATH OF EDUCATOR

(Continued from page one)

pupils brought the best school results, Inspector Hughes held. He was instrumental in introducing the kindergarten, cadet and manual training, domestic science and the penny bank in Toronto schools. Speaking of cadet training before a meeting of churchmen on one occasion he said: "I believe I can transform a boy's life into noble purposes and develop in him a strong character by training as a cadet better and more easily than any minister can by theological training."

Wrote Books

Dr. Hughes put his theories into works on pedagogy and child training adopted as text-books in several countries. He affirmed systematic study under close observation by the teacher was a better criterion of the ability of the child than periodical examinations. Such tests he termed "the greatest agency of the devil in all Canada for weakening the work of the schools in building the character of boyhood."

James L. Hughes was born February 20, 1846, the son of John Hughes, who had brought his wife and family to Canada a short time previously. He was educated for the teaching profession at Toronto Normal School. Appointment as Inspector of Toronto public schools came in 1874 after outstanding work as a teacher. He held the post of chief inspector till 1912 when he retired.

Always confident and optimistic, Dr. Hughes on his eighty-eighth birthday, expressed belief the world would "come through the throes of the present experiences wiser and better. And the depression will have developed character and thought that otherwise might never have been developed."

Dr. Hughes married in 1870 Annie Agnes Sutherland of Toronto, and in 1885 Ada A. Mareau. Both predeceased him. There were three children, one son, Chester, killed in the war, and two daughters, Mrs. H. M. Clement of New York, and Mrs. R. W. Hanna of Vancouver. In October, 1929, Dr. Hughes married Estell Rounding, popular bedside teacher at the Toronto Hospital for Sick Children.

Percy Gladstone, who teaches school at Vanarsdol, arrived in the city on the Prince John Tuesday night after spending the Christmas and New Year holidays visiting his home in Skidegate and proceeded to the interior by train.

"... So that Our Visitors will be Sorry to Leave"

"If we are going to invite people to this country, we must be honest with them . . . Courtesy costs nothing and is one of our greatest tourist assets . . . Let us so treat strangers within our gates that it will be easy for them to come, pleasant for them to stay, and difficult for them to leave."

By Hon. R. B. BENNETT, Prime Minister of Canada, to the Canadian Association of Tourist and Publicity Bureau, November 6, 1934.

Canada's tourist activities represent more than a great industry from which everybody benefits. They provide an opportunity to create what the Prime Minister has described as "that feeling of neighbourliness" which is such a vital factor in building up cordial relations within the family of nations.

For both these reasons, may I urge upon the people of Canada the importance of showing consideration, courtesy and honesty to guests of our country? Let us all do those little acts of kindness which count for so much when one travels in a strange land.

We have a beautiful country. We must keep it so. We want our visitors to travel highways free from disfigurement, walk the streets of cities that are orderly and clean, and find at the end of every day's travel an inviting spot to rest. Canadians should turn their attention now to the important work of preparing for next year's tourist season.

As a nation, we are advertising abroad the attractions of Canada as a holiday land. We must see to it that our guests return home with only the happiest recollections—and the determination to come back again and again.

Nor should we forget, in planning our own vacations, that there are beauties to discover and friendships to be made in our neighbouring provinces. We live in one of the world's most glorious playgrounds—let us learn to know better the rich variety of its travel attractions.

MINISTER OF RAILWAYS AND CANALS

CANADIAN TRAVEL BUREAU

Ottawa, Canada

CLOSES 65 YEARS OF STEADY GROWTH

During the past sixty-five years there have been in our national life periods of great prosperity and of economic stress, years of war and peace, of epidemics and unusually good health, crop failures and abundant harvests. Throughout these years the Mutual Life of Canada has steadily grown from a group of five hundred policyholders in 1870 to a group of over 141,000 at the close of 1934—during this year the number of policyholders increased by over 2,500. At the close of each year the insurance in force has exceeded that of the preceding year.

THERE IS A REASON

Since its inception every dollar of profit has been returned to policyholders as premium refunds, or is held in trust for their benefit, resulting in low net cost insurance. This record combined with a high quality of service has built up this large body of satisfied policyholders.

OWNED BY POLICYHOLDERS

In 65 years the Company has disbursed under Insurance Contracts over

\$183,000,000

(of which \$59,000,000 represents dividends to living policyholders)

There are many evidences that the pendulum is swinging towards better times. We hope that all parts of Canada will share in this general improvement.

A Happy New Year To All

Much Publicity For Rupert Over Basking Shark

Secretary Arthur Brooksbank of the Prince Rupert Chamber of Commerce has received from W. A. McAdam, acting agent general for British Columbia in London, clippings from a number of newspapers containing references to the basking shark recently found near here. The most interesting of these was the Illustrated London News which had it labeled "Behring's Sea Cow." There was a picture of a skeleton of Behring's Sea Cow from the provincial museum at Victoria and a sketch of Cadborosaurus. The whole series made a page spread in the London paper.

- Auditors—Mrs. D. C. Schubert, Mrs. Hugh Smith and Mrs. S. V. Cox.
- Investigation committee—Mrs. J. Bond and Mrs. W. Rothwell.

Arrangements were made for a bridge and whist drive to be held January 15.

Things That Endure Subject of Address

Inspector T. W. Hall Showed a Number of Pictures by Canadian Artists to Illustrate Subject

"Things That Endure" was the subject of an address yesterday before the Prince Rupert Rotary Club by School Inspector T. W. Hall as the opening address of the new year. The enduring things were the spiritual with particular reference to Canadian art.

In the course of the address, Inspector Hall showed a number of reprints of pictures from the National Art Gallery by the earlier Canadian painters. These included works by Kriehhoff, Cruikshanks, Walker, Watson, Gagnon and several by Tom Thompson. He spoke of the leading features of each of these and the standing of the painters in the world of art.

The address proved very interesting and at the close the speaker was heartily thanked by President Little.

GOOD BILL PRESENTED

Riotous Comedy "Harold Teen" and After-College Drama "Gentlemen are Born" at Capitol

A riotous comedy of mirth and love entitled "Harold Teen," with Hal LeRoy, youthful stage dancing star in the title role, and a thrilling drama of after-college life, "Gentlemen are Born," comprise the two ends of another double bill coming to the screen of the Capitol Theatre here this week-end.

All the famous characters of the popular comic strip are brought into films in "Harold Teen" which on the screen is the story of a newspaper reporter much in love with Lillums, played by Rochelle Hudson. The romance unfolds in funny detail despite being nearly blighted by the interference of a wealthy banker who holds a note on Lillums' father. Guy Kibbee appears as Lillums' father while other prominent members of the cast include Patricia Ellis, Hugh Herbert, Clara Blandick, Hobart Cavanaugh, Chie Chandler, Eddie Tamblyn and Douglas Dumbrille. It is not a musical picture although there are several song numbers as well as dance specialties.

What the stark realities of life do to the hopes of young men who, filled with high hopes and confidence, are poured forth from college and high schools every year forms the theme of a powerful drama in "Gentlemen are Born." The picture also contains plenty of humor touches of light comedy and an original college song written especially for the production. Franchot Tone, Margaret Lindsay, Jean Muir and Ann Dvorak are the principal members of the cast.
