TOKYO, Feb. 26: (CP)—Emperor Hirohito summoned Admiral Mineo Osumi to the Royal Palace today and commanded him to form a new cabinet. This was the first advice from Tokyo since reports indicated that a militarist uprising had occurred in the Japanese Capital. Reports stated that young Army officers had sprung a coup d'etat at dawn. DETAILS OF COUP

It was officially announced today that the young army officers, saying they wished to remove corrupt influences from around the throne, assassinated Premier Okada and two other cabinet ministers as well as wounding two other high ranking Japanese officials who died later.

In addition to Okada, the insurgents killed Admiral Viscount Makato Saito, Lord Keeper of the Privy Seal Board Decides to Charge Admission and former Premier, and Former Premier General Jotaro Watanaba, chief of military education.

The officials who died later from their injuries were Korekiyo Takahashi, minister of finance, and Admiral Kantaro Suzuki, Lord Chamberlain of the Imperial

Striking before sunrise the conspirators surrounded the residences of the men they wished to kill, called them out and, when they appeared, pressed revolvers against them and fired.

Later a state of emergency was declared throughout the country and the government ordered two fleets from the high seas to police duty at Tokyo and Osaka.

A later report said that Emperor Hirohito had commanded Fumio Goto, strong nationalist, to form a new government.

Musketeers Go To Tip Top Tailors Cup Final Series

In a play-off to decide which should represent the Bridge League in the Tip Top Tailors Cup final against Grotto, Cribbage League winners, Musketeers scored a decisive 7233 to 4361 victory over Ramblers last night.

Bud Barrie and Bill Lambie put their team for the series with New Metlakatla through a stiff workout last evening and they will have them out tonight for the final practice. The cagers from Annette Island will be remembered by the large crowd of fans that went up to see them play in the Exhibition Building a few years ago. At that time they were billed as intermediate players. Incidentally they won both the games they played here.

# WAKE-UP YOUR

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk,

A mere bowel movement doesn'talways get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "op and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else, 25c.

NEW NAVAL PROPOSAL

The latest proposal for naval limitation among Great Britain, Germany and United States comes rather as a bolt from the blue. If Germany is allowed to come in on this treaty it places that country definitely to the fore as a naval power of the first rank and recognizes that the provisions of the Versailles Treaty are finally thrown overboard.

Britain already has a treaty with France, guaranteeing the integrity of that country against German or other aggressors. The United States, turned out to take part. it is to be presumed, would not agree to enter a pact that would the older boys with 91 feet but he embroil them in any foreign war but, at the same time, the proposed naval agreement would link to their credit. together these three powers in such a way as to make it likely they might act in concert in the event of a great world war.

a week or two before settling down of frosty weather. to business. The pre-sessional announcement that there would be only a small amount of business before the House other than the voting of supply and the passing of a health insurance measure seems to indicate that the session will be short. For that we are extremely thankful. The less the Legislature does, the better for the country. What is needed is an opportunity for more work and less talk.
