HANSON IS BACK FROM SESSION AT OTTAWA; PLEASSED WITH GRANTS

Enumerates Some of Accomplishments at Recent Sitting Of House—Also Discusses Some National Questions

Mr. Hanson, M.P. returned early this morning on the first train coming through from the east to Prince Rupert following the long haul of the road. He is looking well and feeling in excellent fettle after the long and arduous session at Ottawa and is particularly pleased that he has this year been in a position to make his influence felt and to secure much needed help for the constituency. Discussing the work of the session, Mr. Hanson said he was particularly happy at having been able to secure the appropriation of \$100,000 for the new federal building. The building was needed and would not only provide a good deal of labor in its erection but would be a splendid addition to the public buildings of the city.

An interesting item secured by Mr. Hanson was a grant of \$7,000 toward the local Royal Canadian Naval Volunteer Reserve unit which has been struggling hard to complete the headquarters building. This will enable them to start off on a proper basis.

The fishermen's floats and breakwater got \$18,000, the fishermen's cold storage plant, \$30,000; Port Simpson wharf repairs, \$3,000; New Massett wharf, \$6,000; Old Massett, \$2,000; Skidegate Mission, \$2,500; Stewart, \$18,000 for river improvement; Stikine River, \$4,000; Taku River, \$2,000; Endako River, \$1,800; Whitesail, \$1,000; Takla wharf \$7,000.

Important Road Work Mr. Hanson was particularly pleased at the amounts voted for road work in the district. It was important not only as providing work and wages for hundreds of people but also as being a means of encouraging mining and the opening up of the country generally. It was a distinct forward step which he felt sure would be appreciated.

Amounts allotted for roads and trails include \$100,000 for the Manson Creek road, \$50,000 for the Big Missouri road, \$8,000 for the Dolly Varden road at Alice Arm, \$5,000 for the Dease Lake road, \$4,000 for the Unuk River road, \$2,000 for the Hudson Bay Mountain mining road and \$5,000 for the Telkwa River road. All these were designed to aid mining development and would enable a number of operations to be carried on which otherwise could not operate. To each of these amounts the provincial government would add its quota.

In addition to the mining roads, there was the sum of \$195,000 for the highway, half of which was being paid by the provincial government. These amounts all put together in addition to the large amount being expended by the railway company in rehabilitating their line meant very large expenditures in this part of the country.

Kitkatla Girl Died Recently

Sarah Astor Passed Away at Port Essington Hospital—Burial At Home Village

Sarah Astor, 16-year old Kitkatla girl, passed away at the Port Essington Hospital on Friday of last week. The following day the remains were taken to Claxton whence on Sunday they were removed to Kitkatla, accompanied by mourners and sympathizers, for burial.

The funeral service was conducted by Rev. M. H. Lawrence, Anglican missionary at Kitkatla, assisted by William Ridley. The band was in attendance.

A bright and likeable girl, Sarah's death came as a shock to the people of Kitkatla. She is survived by her father, one sister and six brothers.

REPLY OF MR. ALDER

Charges and Implications of Retail Merchants Raise Ire of City Commissioner

Referring to a conference of a delegation of the Prince Rupert Retail Merchants' Association with Premier T. D. Pattullo while the Prime Minister was here this week, City Commissioner W. J. Alder, in a statement this morning, said that it was not true that a petition asking for the compulsory closing of various retail stores had been rejected on technical grounds. The petition, Mr. Alder explained, had been rejected because it did not comply with the requirements of Section 5 of the Shop's Regulations Act which provides that such a petition must be signed by three-quarters of those representing the different trades affected. The signatories of the petition in question included persons who had not paid their licence fees and artisans who were not qualified to sign such a petition because they paid only \$5 a year in licence fees. That this was true, Mr. Alder contended, was proven by the fact that J. T. Harvey, counsel representing the petitioners, did not challenge the commissioner's decision.

The commissioner also resented the implication that the petition had been rejected by him on specious grounds and that his action would seem to suggest conspiracy with the city solicitor to defeat the aims of the petitioners. Mr. Alder emphatically denied that he had induced any one to take their names off the petition. Any name that was taken off was taken off voluntarily.

Eight Young Boys Before Magistrate

Recent Incidents of Breaking and Entering Are Cleared Up By Police

Youthful culprits in a number of cases of breaking and entering, not only in the city but across the bay around such points as the Salt Lake and McNicholl Creek, have been up in juvenile court during the past day before Magistrate McClymont. There were no less than eight boys in all. Various enterings and thefts were admitted by the boys. Six of them were allowed to go with a warning. Two, who had been in trouble before, were ordered to leave town during the school holidays.

Recent Wet Weather Has Caused Phenomenal Growth—Timely Sunshine Now

GREAT CROP IN BULKLEY

SMITHERS, July 18:—The Bulkley Valley has at last emerged from the long spell of wet weather that has held it in its grasp for a month. While the prairie provinces and the middle states have sweated in the heat, the Bulkley Valley has been having showers of rain every day and every night for a solid month.

All the crops have made phenomenal growth. Timothy hay is showing one of the best stands ever seen in the district. Potatoes are standing three feet high in many gardens. Grain is growing rapidly and promises a bumper crop.

The farmers throughout the valley were beginning to worry over the harvesting of the hay as it was all in bloom and ready to cut but still the rain kept coming down. It is true there was also some fine bright sunshine on almost every day, as well as some rain, but it did not allow an opportunity to start haying.

Three days ago the weather started to clear and those who kept a weather eye on the barometer got a jump on the weather man and started in. Thursday and Friday have been real summer days and the weather now appears to be settled for some time and, as a consequence, haying is in full swing with every prospect of a very large crop.

With several weeks of ordinary reasonable weather in prospect the farmers are all smiling. Summer residents of Lake Kathleen who have been waiting for the weather to turn fine are now flocking to the lake where the children are enjoying themselves and keeping cool.

Plans Being Laid For Best Flower Show Yet Held in City

Date For Annual Event Set For August 10 With Garden
Competition to be Held During Previous Week

The executive of the Prince Rupert Horticultural Society at a meeting yesterday afternoon decided to hold the annual rose and flower show on Monday, August 10, and the garden competition the week previous, between August 3 and 8. The secretary of the society is writing the department of agriculture at Victoria asking if it would be possible to have a horticulturalist sent to judge both the flowers and the gardens. If it is impossible to get an outside man, a local judge or committee of judges will be chosen.

A committee of three is being chosen by the acting president, Jack Frew, to draw up a prize list and to arrange for a building in which to hold the show. This sub-committee will carry out all arrangements and appoint a manager to stage the show. The event is being held later this year than last. While roses will not be as plentiful at that time, it was thought that other flowers would be more numerous. Sweet peas, gladioli and dahlias would be all available and the show, probably the only one of the season, would be more representative than if held earlier. The day was chosen particularly because three large tourist boats would be in port. The only other day available would have been July 27 and that it was thought would have been too early. It is planned to have more classes this year than last and to make it an outstanding event.

Garden Competition

In regard to the garden competition, the committee decided to have two classes the same as last year, one for gardens 25 feet or less and the other for gardens over 25 feet frontage. In addition to that there will be two handsome prizes given by Lieut. Col. J. W. Nicholls for the best lawns, one for the best on a 25-foot lot and the other for a larger lawn. The prizes will be of the same value for each class.

A change is being made this year in the garden competition in that no entries are being required. All gardens will be judged but if there are any residents who feel their garden is likely to be overlooked owing to its obscure position or for any other reason, a letter to the secretary will make sure that it will be judged. Outside the prize winners there will be no comparative results published.

The society is asking that all flower growers in the city cooperate to make this the most outstanding flower show yet held in Prince Rupert.

Present at the meeting last night were Jack Frew, vice-president and acting president, in the absence of Theo. Collart, Frank Dibb, D. G. Borland, Horace Duhamel, Mrs. C. J. Norrington, Mrs. R. M. Winslow and H. F. Pullen.

St. Louis Cardinals One Game Behind Chicago Cubs—Yanks Away Ahead in American.

ST. LOUIS, July 18: (CP)—Eking out a close victory over the Phillies at Sportsmen's Field yesterday, the St. Louis Cardinals were able to creep up within a game of the National League leading Chicago Cubs who were losing to the Boston Bees at Wrigley Field. Carl Hubbell turned in a good pitching performance at Pittsburgh by blanking the Pirates, the Giants being now in a virtual tie for fourth place with the Cincinnati Reds who, playing at home, dropped a game to the Brooklyn Dodgers.

At New York, the Yankees went on a home run splurge to vanquish the Detroit Tigers who dropped into fourth place eleven games below the Yanks and half a game under the Boston Red Sox who won a thrilling contest from the St. Louis Browns at Boston. The Yankees brought their home run record for the season up to 102 with the four circuit clouts they registered yesterday. Jimmy Foxx's single in the ninth with the bases crowded brought in the winning run for the Boston Red Sox over the St. Louis Browns. It was the fourth win for the Red Sox in the last five starts. The Cleveland Indians made more secure their hold on second place by winning again over the Philadelphia Athletics at Shibe Park. The Indians are still nine and a half games behind the Yankees.

LEGION IN BALL WIN

Defeated Canucks Last Night To Draw First Blood in Play-Off Series

Canadian Legion drew first blood last night in the four out of seven game series with Sons of Canada for the city baseball championship, and possession of the Orme Cup for the next year when they scored a 6 to 1 victory over the Sons of Canada in the play-off opener. The Sons of Canada used three pitchers in the effort to stop the Vets but wildness and errors caused their downfall.

Harvey Bowden pitched a steady game for the winners and struck out 11 batters in the seven innings, including six in the last two innings, allowing but two hits which both came in the second innings to account for the only tally made by the Native Sons.

Jackie Campbell made his debut on the mound for Sons of Canada but lacked control. He walked three men in a row in the first inning and then struck out Bowden to keep the Legion scoreless. He walked the first two men in the second and was replaced by Jack Lindsay. The "Schoolboy" lasted until the sixth when Letourneau went in and pitched the last inning.

A small crowd of fans was on hand to witness the game.

Score by innings:
R. H. E.
S. O. C. 0 1 0 0 0 0 0—1 2 5
Legion 0 2 0 0 3 1 x—6 3 1
Batteries: Campbell, Lindsay, Letourneau and Stiles; Bowden and Bury.

Doll Display Very Pretty

Interesting Event Yesterday Afternoon at Gyro Playground

The doll contest staged yesterday at the Acropolis Hill in connection with the Gyro playground activities was a very interesting event. It was evident that great interest had been taken by the mothers and the children in the dressing of the 75 entrants. The Canadian Army nurse, in uniform and cape; the young lady going out to tea in a mauve silk dress with lace coat; the baby in swaddling clothes ready for its christening; the bride, complete in veil and orange blossoms, the Scotch lassie in kilts and the demure young lady in knitted cap and cape all were there. The merry folk of doll-dom were represented by the mascot of McClymont park, in yellow and black, a clown with a black eye, the "Gold Dust" twins and others. A buggy holding dolls of all nations was a unique entry. Many interested mothers and friends were present.

Prizes were awarded as follows: by the judges, Miss Beatrice Berner and Miss Swanna Oatfson: Best dressed dolls, Audrey Hunter, Jean Cameron. Funniest dressed doll, Audrey Grimble. Prettiest dressed doll, Beth Astoria, Solveig Mork. Most original entry, (dolls of all nations), Pat McLeod. Prizes were donated by McCutcheon's Drug Store, Fraser & Payne and the Peoples Store.

Smithers Business Man Has Returned

SMITHERS, July 18:—E. J. FRITH has returned to the city to again take over the operation of the meat market first established by himself and which he sold a few months ago to C. P. Bussinger of Telkwa. Mr. Frith has been prospecting and cruising over British Columbia sight-seeing during the summer and, having satisfied his wander lust, he thinks that Smithers looks as good to him as any other place and he has come back and bought back his old business. His many friends and patrons are glad to see him, back and hope that he will prosper.

Mrs. J. R. Morin will sail this evening on the Prince Rupert for a trip to Vancouver.

Strike is Not Expected to Spread Further
—Fish Transportation Here Back
To Normal—Halibut Landings
Have Held Up Well

There is believed to be little possibility of the spreading of the gillnetters' strike, which this week resulted in the decision of the canners of Rivers and Smith's Inlet to close down for the remainder of the season, to areas further north in Prince Rupert district. With 45c—five cents a pound more than the Rivers Inlet fishermen were getting—being paid for fish and an excellent run on, the gillnetters of the Skeena and Naas Rivers are, evidently, little impressed by any strike representations that may have been made. The canners, evidently, being prepared to take a determined stand against any increase in price for fish, it seems that the strike has gone about as far as it will. Meantime, the Rivers Inlet strike has involved some 1500 fishermen, probably throwing them out of work for the remainder of the season. It was believed today that the most of the striking fishermen had left Rivers Inlet although there are still picketers posted there.

With the railway tie-up over and service restored on the Prince Rupert-Jasper Park line of the Canadian National Railways which was out of commission for almost two months as a result of flood damage late in May, Prince Rupert's fish transportation facilities are functioning normally again. Movement of fresh fish to the eastern markets from Prince Rupert is once more under way. In addition to the fish landed direct by the halibut fleet, trans-shipment of fish from Alaska through the port for delivery to the Eastern States by rail is being resumed again. While the railway tie-up, doubtless, caused the diversion to Vancouver and Seattle of some halibut that would ordinarily have been landed at Prince Rupert, the landings of halibut, particularly American, during the tie-up stood up considerably better than might at first have been anticipated.

Halibut landings at the port of Prince Rupert for the 1936 season up to and including yesterday had reached a total of 6,026,500 pounds as compared with 5,915,150 pounds at a corresponding date last year. The Canadian landings for this year to date stand at 3,311,500 pounds in comparison with last year's 2,715,150 pounds while the 1936 American total is 2,715,000 pounds as against 3,200,000 pounds. During the past week landings amounted to 390,500 pounds of which 264,500 was from Canadian vessels and 126,000 pounds from American. Prices remained steady during the week. The top bid for Canadian fish was 7c and 5c received by the Oslo for 12,000 pounds and the low 6 3/4c

and 5 3/4c paid the Finella and Margalice for catches of 9,500 and 6,000 pounds respectively. For American fish the high price of the week was 7.8c and 6c paid the Wabash for 3,000 pounds and the low 7c and 6c received by the Republic for 20,000.

According to word received from the Queen Charlotte Islands, some of the Skidegate trawlers have returned to their home port from the fishing grounds, reporting the spring run a total failure for the season.

Seven boats sold halibut catches totalling 111,500 pounds at Seattle yesterday. In addition to the halibut, there was 3300 pounds of mixed cod, 2000 pounds of red cod and 1200 pounds of ling cod. The halibut sales at the Puget Sound port were as follows: Celtic, 39,000 pounds, Booth, 8 1/4c and 8c; Bernice, 16,000, Whiz, 9 1/2c and 8 1/2c; Edward, 16,000, Booth, 9 1/4c and 8 1/4c; Evolution, 13,000, Washington, 9 1/4c and 8 1/4c; Viking, 6,000, Washington, 9 3/4c and 8 1/4c; Unimak, 8,500, San Juan, 9 1/2c and 8 1/4c; Restitution, 15,000, New England, 9 1/4c and 8 1/4c.

The Salmon Pack

Official figures covering the salmon pack in Prince Rupert district for the present season up to the end of last week show it to be running about double last year at a corresponding date although not quite as high as two years ago. During the week ending today, however, there has been an exceptionally heavy run of sockeyes which is expected to bring the figures up to an even more favorable comparison. The total pack for the Skeena up to the end of last week was 31,767 cases as compared with 16,337 cases at a corresponding date last year and 39,276 cases in 1934. The sockeye pack for the Skeena River this season was 21,239 cases in comparison with 13,041 cases in 1935 and 33,891 cases in 1934. The Naas River pack total up to July 11 this year was 10,446 cases including 6,479 cases of sockeye, the comparison with previous years being somewhat similar to that of the Skeena.

Doug Christison, Pat Palmer, R. McAllister and Doug Sutherland of the local unit of the Royal Canadian Naval Volunteer Reserve sailed last night on the Princess Adelaide for Esquimalt to take courses of naval instruction.

C. P. R. steamer Princess Alice, Capt. Clifford Fenton, is due in port at 4 o'clock this afternoon from a regular voyage to Skagway with a full list of round trip tourists and will sail at 5:30 p.m. for Vancouver.

C. H. Finley and C. B. Finley are sailing tonight on the Prince Charles to join the service of the A. P. Allison Logging Co. at Cumshewa Inlet, Queen Charlotte Islands.

When Amy Set Another Record

Mrs. Amy Johnson Mollison, England's ace woman flier, flashes the smile of success as bobbies escort her through the crowd at Croydon aerodrome, near London after she broke all records for the London-Cape Town flight. After taking one day, 14 hours, 40 minutes off the southbound flight, she made the return hop in a record time of four days, 16 hours, 17 minutes.

HELPING TO RENT SUITS

Dress Suit Renting Should Be Left To Men Alone, Dealers Declare

NEW YORK, July 18: (CP)—Representatives of the dress suit rental trade have voiced a complaint against the practice of prospective brides accompanying their future husbands when they rented formal attire. The consensus was that women were outside their field when they took a hand in this time-honored, premarital problem which should be settled among men, and among men alone. Picture, they said, a satisfied customer in a cutaway with a cooing dove standing by urging him to try on another just to see how it looks. It is a difficult situation to cope with, and causes considerable masculine suffering, they said. Personal remonstrance almost invariably results in loss of business and sometimes gives rise to torrent of humiliating invective. The situation is graver at present because the June wedding business is about 10 percent above last year's. This results in about 10 percent more female domination. One dealer in the business 28 years has not become resigned to this form of intimidation. "You might hit 'em with the very first suit," he said, "and fit 'em perfectly, but the bride wants to see how they look in some more. They'd like 'em to look like Clark Gable in spite of the fact that they don't. And they don't know anything about this business. That makes it worse. If they're going to crab too much, I'll take a walk. You can't make every man look like John Barrymore."

Another dealer said he sometimes had bride difficulty even though he carried a large stock of shorts, longs, regulars, stouts and short stouts ranging in size from 32 to 52. His biggest job recently was when 21 men, including the bridegroom and best man, walked into his establishment at one time to be fitted. They were accompanied by one woman, the bride. The average rental price for an afternoon outfit, or a full

Smithers School Board Holds Its Annual Meeting

SMITHERS, July 18:—The annual meeting of the Smithers School Board was held in the High School on Wednesday evening to transact the annual business and elect a trustee to fill the vacancy caused by the expiration of the term of H. Boswell, secretary.

The meeting was well attended and the ratepayers were gratified to know of an annual reduction in expenditures and, consequently in taxes.

Mr. Boswell was re-elected and a vote of thanks was tendered the members of the board for the able manner in which they were carrying on the business of the schools.

dress suit is \$5, with \$1 extra for a high silk hat. Tuxedos, in demand at this season for graduations, run from \$3 to \$4. In a busy establishment a suit lasts only about a year before being replaced. The worn ones are sold to waiters or to second hand dealers. New styles also make it necessary to restock from time to time. Each suit is cleaned after each renting.
