#### CANDIDATES CHOSEN

Member of Audit Bureau of Circulations

With the nomination of Dr. Patterson to represent the Conservative party in Burrard, the stage is all set for the! big contest on September 2. J. H. Forester is candidate for the Liberals, Dr. Telford for the C. C. F. and now Dr. Patterson for the Conservatives. There is not likely to be a Communist in the field as Dr. Telford is evidently quite satisfactory to the members of that party. Mr. Connell's new party is not organized and in view of the situation seems unnecessary.

While the government is not depending upon Burrard for its political life and it will make little difference to its! policy which candidate is elected at the present time, there st. Louis is no doubt that its prestige will be affected by the result. The Liberals are handicapped by the fact that there is a strong candidate out for the Conservatives and Dr. Telford is well known. Mr. Forester does not seem to have been so much in the public eye and the outcome of the contest is not at all clear at the present time. Possibly as the time for election gets nearer, there may a clearer picture of the situation.

#### LORD MAYOR'S VISIT

The Lord Mayor of London is visiting British Columbia. In view of that fact it may be interesting to note the standing of this dignitary when he is at home. He occupies a unique position in British public life.

In the City of London he is second only to the King Philadelphia himself, taking precedence of all other members of the Royal Family. The King is always met at the city boundary by the Lord Mayor when he desires to enter, and the sword is presented by the Lord Mayor in token of submis-! sion and as a sign of permission for the King to enter. On the birth of a royal prince or princess the home secretary is in attendance, and it is his first duty to send a special messenger to the Lord Mayor acquainting him with the news. The liver should pour out two pounds of figuid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmfu sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make yo feel "up and up". Harmless and gentle, they make the bile flow freely. They do the wor of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c

## FIELDS IS VERY GOOD

Popular Comedian of Ponderous Monologue Here in "Poppy"-Exciting Western Also

A carnival picture, featuring that popular comedy star, William C. Fields, comes to the screen of the Capitol Theatre here this mid-week in "Poppy." The story is the same one in which Fields set America roaring years ago on the stage, the first in which he transformed himself from pantomimist and juggler to the ace of all dead-pan comedians with his distinctive line of ponderously worded monologue. Fields is cast as a loveable rogue whose pompous fakery clears the way for the romance of a couple of youngsters played by Rochelle Hudson and Richard Cromwell. The supporting cast includes Lynne! Overman, Catherine Doucet and Rosalind Keith.

Adventure, romance and comedy are blended in "Three on the Trail," an entertaining "western" which is the second picture of the double bill with "Poppy." William Boyd is again seen in the role of the fast - shooting hard - riding "Hopalong" Cassidy. Jimmy Ellison is "Hoppy's" side-kicker. A conflict with a band of stage-coach robbers forms the basis of an exciting story. Muriel Evans and Onslow Stevens are other important members of the cast.
