MUSSOLINI EXECUTES BROAD STROKE

MAKES HIS LAST PLEA

Prisoner Richard Hauptmann Grasping at Straws to Save Himself From Electric Chair

TRENTON, New Jersey, March 22.—In an eleventh-hour move to save himself from execution, Bruno Richard Hauptmann, condemned to electrocution a week from tomorrow night for the kidnap murder of Charles Augustus Berbergh jr., has appealed to his defense counsel, C. Lloyd Fisher, to ask again the New Jersey State Board of Pardons for commutation of the death sentence. Such a plea has already been rejected once by the Board of Pardons and there is considered to be little likelihood of its being granted even if Fisher should make application.

FRANCE IS FOR PEACE

Only its Moderate Attitude Prevented Conflict, Declares Flandin in Statement

PARIS, March 23.—In a speech yesterday, Foreign Minister Pierre Flandin declared that war had been averted in Europe following the military re-occupation of the Rhineland by Germany only as a result of the moderate attitude of France and Belgium. France, declared Flandin, might easily have occupied the Rhineland itself but, instead, had chosen to pin its faith on international law and the League of Nations. While he hoped, said Flandin, that Germany could be brought to accept terms which would assure lasting peace for Europe, he pointed out, however, that the four other signatory nations to the Locarno Pact—Great Britain, Italy, Belgium and France—were agreed and ready to take the necessary action.

War Danger Over

LONDON, March 23.—General Jan C. Smuts, veteran South African statesman, expressed the belief yesterday that war danger in Europe had passed for the time being at least. Chamber of Deputies and Large Private Industries Abolished In Italy by Edict of Il Duce

Chamber of Fascists and Corporations Set up as Means Of Increasing Nation's Economic Self-Sufficiency In Event of European War

ROME, March 23: (CP)—Premier Benito Mussolini abolished the Italian Chamber of Deputies today. It was replaced by a "Chamber of Fascists and Corporations." Mussolini also abolished large private industries, leaving medium and small private industries in existence. Il Duce executed this broad stroke on the seventeenth anniversary of the founding of the Fascist Party after concluding conferences with government leaders of Austria and Hungary. He said he had taken the action to increase the nation's economic self-sufficiency in preparation for a possible European war. The National Council of Guilds which replaces the Chamber of Deputies is composed of twenty-two productive, credit, transport, agricultural and professional corporations or category guilds. Mussolini aroused tremendous enthusiasm among the nation's leaders in industry and labor by declaring that differences in rank among various producing workers must be lessened. Mussolini explained that large industries, particularly those working for the defence of the nation, would be formed into organizations called "key industries" and would be run directly or indirectly by the government. Some will have mixed organization.

MR. DUNNING'S WEAK POINT

The weakness in the Dunning scheme to compel provinces needing federal aid to hand over control of their finances is that the federal government is as anxious as are the provinces themselves that not one of them shall default. If there were a bankrupt province, it would cripple all provinces.

The western provinces, Manitoba, Saskatchewan, Alberta and British Columbia, are important markets for the manufacturers of Quebec and Ontario. They seem to be necessary evils. They are in something the same position as the unemployed in Vancouver who are mostly people who have come in from the surrounding districts and spent their money in the city and then they ask the city to keep them. Without these outside people, now on relief, the city would be crippled. Without the western provinces the provinces of Ontario and Quebec would be seriously crippled. We are necessary to Ottawa and so is our credit and good name necessary to Dominion credit.

So we, the western provinces, go to Ottawa in time of stress and say: "You have sold us your goods. You have sucked us dry with the prices you charge in a protected market. You have built up your businesses at our expense. So now you must do something to help us. We do not come to you as suppliants but as members of the same family who have a right to ask payment for what we do for the rest of you."

Premier Aberhart is right when he demands help in his refunding scheme and in asking loans so that the province of Alberta may pay its debt. In his stand he will probably receive the backing of all the western provinces for all want a debt refunding. We suggest that the west should make this refunding the price of adherence to the confederation scheme. Without the west, the east would languish. If the business of the west is worth anything, that price should be paid. It will take a cleverer man than Finance Minister Dunning to fasten a yoke about the necks of the western provinces, taking advantage of their need to enslave them financially.

Tony Martinusen's New Boat Dove B. Launched—Capt. William Oliver Celebrates Birthday.

The launching took place from W. R. Menchions' shipyard in Vancouver last Wednesday of the new halibut boat Dove B. being built for Capt. Anton Martinusen of Prince Rupert. The vessel, 62 feet long with 16 feet beam and eight feet moulded depth, is costing in excess of \$17,000 and is to be fitted out and in commission inside of the next two weeks. She is said to be one of the finest halibut boats of the Canadian fleet and will be a decided acquisition to the vessels of Prince Rupert which will be her home port. Incidentally, she is the first new halibut boat to be launched on the British Columbia coast this year.

Capt. William Oliver, veteran missionary pilot and one of British Columbia's best known pioneer seafarers, celebrated his eighty-eighth birthday at his home in New Westminster last Thursday. Although now living in retirement Capt. Oliver, despite his advanced age, is still enjoying good health, his many friends in Prince Rupert district will be glad to hear.

The Canadian halibut boat Emba came in at the week-end on account of a broken pump and the Borgund had to return to port owing to the skipper, Capt. Anton Dybhavn, getting a rat-fish bone in his arm.

Winners of the Badminton Finals Will Carry off a Number of Cups

The stage is all set for the conclusion of the games in the city badminton tournament at the Armoury Hall tonight. By observers it is noticed that there is a keenness about the badminton games this season that has never been apparent in the past. It is clear that this invigorating sport is catching hold in the minds of the younger people and in Prince Rupert is being rapidly developed a brand of play that speaks much for the ability and endurance of the contestants, and that will pass under favorite review by critics elsewhere.

The following cups will be played for and won by the successful contenders this evening:

- Watt's Challenge Cup, for mixed doubles.
- McCutcheon's Challenge Cup, for ladies' doubles.
- Bryant Co. Ltd. Challenge Cup, for men's doubles.
- Empire Challenge Cup, for men's singles.
- Heilbronner's Challenge Cup for ladies' singles.

NOVELTIES ON VESSEL

(Continued from Page 1)

gers will hear the musical tones of a perfectly adjusted church bell.

The 10-ton sirens of the superliner have been carefully tuned to "A." In full blast they will be heard 10 miles away, but on board ship, if the designers can be believed, there will be not a trace of those fog-horn blues.

One of the electrical novelties will be the microphone adjustments of lights in the verandah grill where the late night life of the ship will be centred. The lighting of the cafe will automatically change in keeping with the type of music being played.

Nor have all the novelties been reserved for the passengers. The member of the crew who stands watch in the crow's nest, at great height over the water will not encourage the lament of "pity the poor sailor on a night like this."

He will ascend to his nest inside the mast, instead of climbing up a ladder outside, and his nest will be electrically heated and shielded from the elements.

Millions of "Little Savings" Make Up Life Insurance

LIFE INSURANCE ASSETS—large in the aggregate—actually consist of the "little savings" of more than 3,500,000 Canadian policyholders. The great majority of these policyholders are men and women of moderate means, whose thrift often involves personal sacrifice.

Consider what *your savings* in Life Insurance mean to you and your dependants, in protection and peace-of-mind. Then you can realize what millions of similar savings mean to the people of Canada.

These combined savings in Life Insurance, which total more than Two Billion Dollars, are safely and profitably invested so that every obligation to policyholders and beneficiaries may be promptly and fully met. Day after day, year after year, the "little savings" in Life Insurance accomplish great things in aiding the widows and fatherless—in educating children—in making older men and women financially independent.

Sharing in the protection and financial security of Life Insurance, are people from every walk in life—including thousands upon thousands of wage earners whose savings are necessarily small. That is why Life Insurance is rightly regarded as Canada's greatest co-operative enterprise.

Tommy Brown and Delphine Bal-
agno Win Table Tennis Tourney

Playing with almost uncanny
nonchalance, T. W. ("Tommy")
Brown Saturday night won the
men's open championship at the
Recreational and Physical Educa-
tion Centre in the first public
table tennis tournament ever to
be staged in Prince Rupert when
he defeated young Gordon Stam-
ford in the final round. The scores
were 21-16, 21-16, and 21-14.

Both finalists had the time of
their lives in the semi-final round,
Brown being taken to three close
sets by Hiroje Yamanaka, who had
previously conquered Philip Edg-
cumbe, and Stamford barely nos-
ing out F. E. ("Gene") Scott, a hot
favorite, 23-21 and 21-18.

Youth was served with a ven-
geance in the ladies' open com-
petition as 13-year old Delphine
Balagno treaded triumphantly
over all opposition with the loss
of but a single set, scoring a de-
cisive victory against Mrs. J. H.
Horton in the final round. A trio
of tinos took part in this com-
petition but all acquitted them-
selves surprisingly well.

The "consolation" draws pro-
vided some really close matches
as well as much mirth to players
and spectators alike, youthful
Bert O'Neill winning the men's
first round casualty draw, and
Miss Frances Cross bringing home
the bacon in the ladies' section.

Mrs. Foster Willan graciously
presented the prizes at the con-
clusion of the tournament.

Scored Another Decisive Victory
Over Premier Saturday In
District Hoop Series

Looks Like Cinch

Grotettes Capture Ladies' Cham-
pionship by Margin Of
One Point

Winning the second game of the
Northern British Columbia senior
championship series with Premier
by a score of 47 to 28 Saturday
night, Prince Rupert made it two
straight victories with an aggre-
gate point lead to date of 85 to 51.
The Premier team sailed by the
Catala last night on its return
home and the locals will journey
north for the second two games of
the series at Premier on April 2 and
3. The possession of the Sun Life
Cup, championship trophy, for the
coming year will be determined on
the basis of the best three out of
four games or, in the event of a
two-all tie in games, on total
points. The two decisive victories
in the opening games, of course,
give Prince Rupert a strangle-hold
on the competition.

As on Friday night, the locals
were again full value for their vic-
tory Saturday evening. The first
string forward line of Sonny Stiles,
Eddie Smith and Walter Johnson
was too much for the visitors to
cope with. At that, Sonny Watson,
Al Phillips and Bobby Stewart had
a good share of the play, and had
they not missed so many scoring
chances, Premier would have made
a much better showing on the
score board. During the latter part
of the second half Lorne Falconer
of Premier and Alex Mitchell of
Prince Rupert figured in a col-
lision on the floor as a result of
which the former was knocked
completely out. The game was held
up for several minutes while he was
coming to. Dr. J. H. Carson was
called out of the crowd and Fal-
coner was unable to finish the
game. Johnny Obuchina taking his
place, Capt. Watson of Premier was
the only player to be banished for
fouls, he being sent out about half
a minute before the end of the
game. The visitors put up a better
game on Saturday than they had
on Friday. It was a fast game from
start to finish.

Half time score was 25 to 16 for
Prince Rupert. At one time during
the period the score was tied up
14 all.

Rupert All Stars turned on the
heat in the second half and held
the visitors down to ten points
while the locals collected 22. Wally
Johnson speared 14 in this half.

all tie after the Grotettes had won
17 to 16 Friday night in the first
game.

Grotettes opened up the scor-
ing in the first half and held their
lead until the interval when the
score was 10 to 6. It was in the
second half that the Girl Students
came to and they brought the
score up to 15-15 and a chance to
tie on penalty shots but McLeod
missed both her penalties and the
Students hopes for the title went
glimmering. The Davis duet and
Wilson played a good game for the
Students while Menzie, Dickens
and Smith were the stars for the
Grotettes. Wally Johnson bounced
Dickens of the Grotto and Wilson
and E. Davis of the Students. Each
had four personals.

Scythian juniors lost to an all
star junior squad 27 to 14. Half
time score was 12-4 in favor of the
All Stars.
