BRITISH FASCISM

Fascism is not in favor in Great Britain. At a recent gathering of the Mosley Fascists in the Albert Hall, London, the police had to be present in force to protect the Fascists against a hostile populace. Although access to the meeting was by ticket only, a number of opponents secured admission and heckled Sir Oswald throughout dads 1537 to 1449 and Rangers won Carter his speech.

There is a rival Fascist organization in Britain which is very critical of the Mosley organization and which is C. N. R. A.—Teng, 270; Peterson, strongly anti-Jewish. Preparing For Big Display

Exactly 550 Prince Rupert residents registered at the local Recleational and Physical Education Centre since its opening slightly less than ten weeks ago, the final check up showed yesterday morning. Of this number 320 are girls and ladies. The regular schedule of classes has been dropped in order to concentrate wholly upon rehearsals for the public display program which will be presented this Saturday night in the Exhibition Building. Massed gymnastics, daring tumbling, apparatus work and spectacular pyramid building, as well as illuminated Indian club drill and Scandinavian folk dancing, are some of the highlights of the program but these will have to be good to outshine the lighter "turns" including Greek "unorthodox" wrestling, blindfold boxing and clown acts. Above is shown a colorful tap dancing number presented during the final display of all the Vancouver Centres held in the Terminal City recently.

200,00 Boys Ride C:C:M:Bicycles To School Every Day

DOYS know what to look for in a bicycle and they know in a couple of D days' riding whether or not they have got "it".

That is why on every school day over 200,000 boys gaily mount their C.C.M. Bikes and ride easily and swiftly off to school. They got what they expected in their C.C.M.'s and they told their pals.

When you go to buy a bicycle look for the things that over 200,000 boys have found in their C.C.M. Bicycles.

The "straight-line drive" is the final proof of C.C.M.'s precision methods of manufacture. You will find that the perfectly straight alignment of the two sprockets under all riding conditions causes the chain to run smoothly and with a minimum of friction. Ride the bicycle and you will see that the back wheel tracks in a perfectly straight line behind the front one. These are the things that make for smooth, effortless riding.

Check the pedals and crank hanger and note the easy-running qualities of C.C.M. bearings. Look for a real coaster brake that is free-running yet quick and smooth-acting as a brake. C.C.M.'s Hercules coaster brake is everything a brake should be. Look at the wheels and see that the spokes are rustless and that the tires are the famous Dunlops. Look the entire bicycle over completely for every detail of what you think a bicycle should be.

If you look for all these things, and remember also that 200,000 other boys have done the same thing and then bought a C.C.M., you too will buy a C.C.M. Bicycle.

IS APPRECIATIVE

Editor, aily News:-

Permit me in your valuable paper to thank publicly a local young man whose recent gesture is, in my opinion, singularly indicative of the ever-friendly attitude of Prince Rupert residents towards their Recreation Centre.

When he learned that the centre would be holding a mass display of its activities in the Exhibition Building this Saturday night, Don Passmore, who conducts weekly Saturday night dances in a downtown cafe, promptly volunteered to call off his party in order to allow his patrons to attend the more unusual event.

Considering that his public dances are strictly a business with Mr. Passmore, I believe he should be given full credit for his thoughtful action by everyone concerned.

Editor, Daily News:-

In the report of the meeting o the Trades and Labor Counci Saturday you have deliberately given the impression that I am the "leader in the local Co-operative Commonwealth Federation move-

In fairness to the leaders of the C. C. F. movement in Prince Rupert, I must, if possible, correct the News. I believe in giving "honor to whom honor is due." I am connected with the local C. C. F. club as a member but do not hold and have not held any office and, unfortunately, I have not been able to attend the meetings of the club for a number of months as on the nights when meetings are held I group of young people in a study minister has little time to give leadership to any organization outside of his church.

I should think, Mr. Editor, that such a Liberal organ as the News prices higher owing to the expecwould be better informed about the activities in the opposing political camp and know Who's Who.
