CHINA AWAKENED AT LAST, DEMANDS REPUBLIC

TO OPPOSE RE-ELECTION OF HON. L. P. PELLETIER

Newly Appointed Postmaster-General May Have the Fight of His Life to Hold His Seat in Quebec County—Dissatisfaction Felt Over the French Representation

(Canadian Press Despatch)
 Quebec, Oct. 13.—H. R. H. the Duke of Connaught, the newly appointed Governor General of Canada, arrived at Quebec Harbor last evening on the liner Empress of Britain.
 A large concourse of people were waiting at the wharf when the vessel pulled in, anxious to catch a glimpse of their Royal

Highnesses, but to their great disappointment they did not appear on deck.
 The Royal party will remain in their cabins until this afternoon when the official landing will take place, and the swearing in ceremonies will be gone on with. They will then proceed to Rideau Hall to take up their official residence and prepare for the opening of the new parliament.

LATEST NEW ENTERPRISE
 Bright Young Men Arrive to Open New Specialty Hardware Store.

Newly graded as it is and with the new broad plankway built on both sides of the business section Third avenue is attracting new businesses already. A bright new hardware establishment is to open up close to Fifth street corner. It will prove specially attractive to home furnishers. The store is to be opened about November 1st by Messrs. Frank Miller and A. Carrigan, two young men from Seattle experienced in the commercial travelling line, and well known in this district.

They will specialise in domestic hardware, kitchen furnishings particularly, as light shelf hardware, glassware, tinware, and all the little things the home maker and housewife like to select personally. Mr. Frank Miller has just left for Vancouver to purchase the stock and Mr. Carrigan is preparing to receive it. Both boys have "cottoned on to" Rupert and are here to stay and make good.

Improved Wharf
 F. M. Davis, of the boat, wharf and marine repair station, has returned from a few weeks' business stay in Seattle. Mr. Davis has now completed the construction of

NEW CHURCH OPENED WITH CONGREGATIONAL BANQUET

Presbyterians Celebrated Last Night in Their New Building—Congratulations Were Freely Offered and an Evening of Good Fellowship Was Spent

Just to make it very clear that it is their intention to wax and grow fat in the land, as the Scriptures would say, the Presbyterians opened their new church building on Fourth avenue, near McBride street, last night with a banquet. Three long tables stretching from end to end of the new building proved inadequate to seat all who came, and a few had to have a second sitting. In point of attendance along the gathering was a great success.

But the feast of spirit and flow of soul that followed overshadowed the mundane commiseration. Toast and song and speech, and a general atmosphere of good fellowship contributed to the greater success of the banquet, the speakers including Mr. George R. Naden, Mr. Fred Stork, Mr. D. McLeod, Mr. D. C. McRae, Mr. F. G. Dawson, Mr. Gamp, Mr. J. S. Cowper, and Rev. F. W. Kerr. The musical part of the programme was provided by the Prince Rupert

Orchestra, with vocal solos by Miss Glahom, Mr. T. G. Davey, Mr. Alex. Clapperton, and a flute and violin duet by Miss Barker and Mr. Froud. Miss Froud assisted at the piano. Quite the feature of the entertainment was the humorous duet, "The Rival Lovers," by Messrs. Davey and Clapperton, which provoked boisterous merriment.

The church managers were freely commended for their foresight in selecting the excellent site the church now enjoys, and for their economical management of the building fund. The plans were donated by Mr. W. L. Barker, and many of the congregation gave service of evenings in the building of the new church, so that the out of pocket is only a matter of \$1,400.

Special praise was tendered the Ladies' Aid for their service in collecting funds and in helping toward the general success of the various causes of the church.

OLDEST MASON DEAD

Samuel Dolson of St. Catharines Passes Away—Was Aged Ninety-three.

(Canadian Press Despatch)
 St. Catharines, Oct. 13.—Samuel Dolson died here today, aged ninety-three. He was famous as the oldest Mason and Independent Oddfellow in Canada. He joined the Masons thirty years ago.

By the Prince Rupert this morning there left for the south about forty first class and forty-five second class passengers.

CHINA AWAKES TO HER PERIL

(Canadian Press Despatch)
 Peking, Oct. 13.—The Chinese government has awakened to the danger of the revolution. General Ying Tehng, the minister of war, has departed hurriedly today for Pao Ting Fu, 100 miles south of here where the sixth division army is making hasty preparations to depart for Hankow.

THE DUKE OF CONNAUGHT HAS ARRIVED IN CANADA

Reached Quebec Last Night on the Empress of Britain—Large Crowd of People Who Gathered Were Disappointed at Not Seeing Him on Deck

(Canadian Press Despatch)
 Quebec, Oct. 13.—It is altogether likely that very strong opposition will be offered to Hon. L. P. Pelletier, the newly appointed Postmaster General when he offers himself for re-election as member for Quebec County next month.
 The Liberal organ here has threatened the Minister with a strenuous fight. The Liberals here are very much dissatisfied with

the French Canadian representation in the Borden Cabinet, and will count on that dissatisfaction in the coming contest.
 Hon. Mr. Pelletier only gained a victory over his opponent J. P. Turcotte by a slender majority, and if serious opposition is made his re-election is by no means assured.

REVOLUTION BREAKS IN CHINA

Rebels Joined by Soldiers Rise and Demand That China Set Up a Republic—Are Joined by Whole Provincial Assembly—Want Dr. Sun Yat Sen as President—Battle Between Wu Cheng Forts and Cruiser

(Canadian Press Despatch)
 Hankow, China, October 13.—The revolution that has been hanging over China for several months in which the rising in the province of Sze Chuen is only a small part has begun in real earnest. It is a concerted movement to shake the Empire and declare it a republic.

A CHINESE REPUBLIC
 If the plans do not mis-carry the noted exile and revolutionist Dr. Sun Yat Sen, the leader of the anti-Manchu party, will be elected President. His brother who is now in Hankow has been elected President of the provincial assembly. The whole assembly has seceded from the Imperial government, and the rebels are well organized and financially strong.

A WIDESPREAD MOVEMENT
 Thousands of soldiers have joined the revolution. The prisons have been opened today and all criminals liberated. Orders have been issued that the lives of all foreigners are to be protected. There has been a sharp exchange of shots today between the Wu Cheng forts and a Chinese cruiser.

BIG GUN BOOMED

Bottom of One of Battleship's Boats Fell Clean Out—Portholes Fractured and Skylights Shattered—Men Wore Wool-padded Earlaps.

London, Oct. 13.—(Special)—The battleship Orion's 13.5-inch guns have been tried with remarkable effect. So tremendous was the concussion that windows were shaken in Southsea, ten miles away. The structure of the ship well withstood the test and showed no damage.

All those engaged in the firing operation wore wool-padded earlaps. Hardened glass skylights and portholes were badly fractured, and the coverings of canned goods in the ship's stores burst, and much crockery was smashed.
 The decks were not buckled by the blast, thanks to the manner in which they were specially strengthened, but the bottom of one of the ship's boats fell clean out.

SANK HER HELPER

Steamships Collide. Whole Crew Drowns off Goodwin Sands.

London, Oct. 13.—(Special)—The British steamer Hatfield, from Huelva, Spain, for Rotterdam, was in collision with the British steamer Glasgow, from Rotterdam for Durdee, and sunk. All the members of the Hatfield's crew, numbering about twenty men, were drowned. The Hatfield had gone to the assistance of the Glasgow, which had broken her steering gear and had signalled for assistance. The Glasgow was picked up by another steamer and towed into the harbor at Dover.

The S.S. Celtic with a full cargo of coal for Messrs. Rochester & Munro is delayed for a few days. She ran ashore near Vancouver on the northward trip but was got off easily.

TO FORCE BATTLE AT TRIPOLI

General Conevi, Commander-in-Chief of the Italian Expedition, Decides to March Immediately Upon the Turks Who are Entrenched Outside the Town and Supported With Field Guns—Proclamation Issued

(Canadian Press Despatch)
 Tripoli, Oct. 13.—General Conevi, Commander in Chief of the Italian military expedition, has decided to act quickly. It is believed the troops under him will march immediately against the position occupied by the Turks.

Turks are Entrenched
 A reconnaissance of the desert today disclosed a central body of Turks with field guns not far from the city.
 Nineteen more Italian trans-

ports escorted by warships carrying the second division of troops arrived this morning and hastily landed. There is now a force of 22,000 Italian soldiers at Tripoli. The total division is one hundred and fifty thousand.

Although the utmost precautions have been taken cholera has broken out amongst the troops and four deaths have occurred.
Italian Proclamation
 General Conevi has issued a proclamation to the inhabitants

assuring them that they will not be enslaved by Italy, but on the contrary, will be liberated from the yoke under which they have been laboring for years. They will be ruled by their own chiefs and receive the patronage of the King of Italy. All religious and irrelevant laws are to be respected, and taxes are to be reduced or abolished. It concludes by stating that Italy desires Tripoli to remain under the hand of Islam and under the protection of Italy.

ABANDONED MT. ROBSON CAMP

A. O. Wheeler, F. R. G. S., director of the Alpine club of Canada, has just returned from the Yellow Head Pass, in the neighborhood of which he spent the past three months. Wheeler was in charge of a party which went north on July 1, for the purpose of making a topographical survey of the Yellow Head region. The party made a circuit of 100 miles around Mount Robson and made complete maps of the enclosed area. Travelling with them were several scientists representing the Smithsonian Institute of Washington, who were commissioned to make a study of the fauna of the region and who secured over 800 specimens. Mr. Wheeler states that the Alpine club will be obliged to abandon the idea of holding next season's camp in the neighborhood of Mount Robson as he found that the difficulties of such an undertaking would be too great owing to the lack of trails and transportation facilities.

W. T. White, formerly manager of the National Trust Company of Toronto, has been succeeded by Mr. W. E. Rundle as manager of the concern. Mr. White becomes president in succession to J. W. Flavell.

THE COST OF NAVIES

Great Britain to Spend More Than Ever This Year. Estimates \$75,000,000

The British naval estimates for this year are exceedingly large. It is the intention to appropriate \$75,000,000 for new construction. This sum of money will provide five Dreadnoughts, three protective cruisers, and a number of torpedo boat destroyers and submarines. News also comes which says Austria-Hungary is to spend within the next few years \$75,000,000 in naval construction, and this is regarded as peculiarly significant inasmuch as Austria-Hungary is Germany's ally. At the present time British tonnage is 436,000 tons; that of Germany is 297,080 tons; and the United States is in the next position with 136,000 tons.

REMEMBERED THE MINISTER WHO HAD MARRIED THEM

Mr. and Mrs. George Farren of Porcher Island, Send the First Fruits of Their Ranch Over to the Minister Who Married Them—A Grateful Compliment

About a year ago a young rancher from Porcher Island knocked bashfully at the door of the residence of one of the local ministers. He led with him a brave maiden who was willing to go over to the forest and stand by his side as he carved out a home for them.

Yesterday there came to the minister's house a huge parcel with "The compliments of Mr. and Mrs. George Farren." The parcel contained the hugest and cleanest samples of all kinds of vegetables, all of which have been grown on their own little farm at Refuge Bay. Onions and turnips, carrots, cabbage, preserved fruit—all were there—and there are going to be some excellent bachelor meals in the minister's cabin for the next few days.

The News would gladly give the name of the bachelor minister, but is afraid that it might be crowded out in the rush for the good things. The only hint we

will give is that he is Scotch, and kept them away from the banquet table at his kirk last night.
 The thank offering is good evidence that the marriage has turned out to be a very happy one to the young couple.

"MORE PROTECTION"? NEEDED

Two very interesting despatches found their way over the telegraph wires yesterday, more pertinent to the individual citizens of Prince Rupert than anything from the seat of war. One told of a meeting of the Coast and Mountain Lumber Association at Calgary; the other told of a meeting of the Canadian Manufacturers' Association at Toronto.

Each association has for its object the furthering of the material welfare of its members. That is a worthy object, with which no man can quarrel. No apology is needed even from a wealthy lumberman or a plutocratic manufacturer, if he desires to become still more wealthy.

The noticeable feature of both meetings, according to the press despatches, is that the lumbermen and the manufacturers alike sought to increase their wealth, not by opening up larger markets and increasing their outputs, but by seeking legislative restrictions on trade.

The lumbermen were very frank about it. They did not conceal that they intended to seek increased wealth by brining about an artificial lumber famine. "The members agreed that many mills on both sides of the line are to remain closed until 1913" is the blunt but eloquent wording of the press despatch. The lumbermen calculate that they can make more money by limiting the output of lumber, than by bothering about opening up new markets.

Valuable machinery will lie idle. Lumber camps will disband, saw mill employees will break up their homes and disperse to seek other jobs, but the wealthy members of lumbermen's associations will look to the lumber shortage to create starvation prices. This will pay for the rotting mills and the silent plants, and leave still larger profits. It is the easy road—for the lumber operators.

But there is one danger to the lumbermen's plans. When lumber reaches famine prices, it will be profitable for United States lumbermen to ship in American lumber. Accordingly, to quote the words of the despatch "an effort will be made to have the Government give added protection to rough lines of lumber."

The News has no hard words for the Lumbermen's Association. The News is only concerned in its responsibility to educate the public as to the methods whereby they are victimised under by the operation of a tariff. A tariff is a legislative weapon whereby the wealthy producers are protected from molestation while engaged in the task of extorting fictitious values from the mass of poor consumers.

The case of the Canadian Manufacturers' Association upon which at the outset we had intended to elaborate, is identical in spirit with the case of the lumbermen. They want a "revision of the tariff," but it is to be revised upwards instead of downwards. Before even Mr. Borden's ministers can hold their first Cabinet meeting, the Canadian Manufacturers' Association are meeting to plan how to get back the huge sums they spent in the recent election in defeating reciprocity.

This is not a question of politics; it is a question of economics for every voter to grapple with.

IS IT A QUIET GRAFT?

Alderman Newton's action in criticising the civic advertising patronage on Wednesday night, gives the News an opportunity to discuss a question which it would not have raised itself. The News was quite conscious that it was being unfairly discriminated against, but accepted the discrimination as the price it paid for retaining its liberty to serve the public. At no time has the News ever been a suppliant for "pap." It did not look for a square deal in the matter, and consequently has not been disappointed.

But it is time that the question thus raised should be properly ventilated. Last year's council very properly awarded its advertising by public tender. The Journal was the successful tenderer, and very properly entitled to it. Why was that system abolished this year?

Both Mayor Manson and the Journal are on trial today, and should explain how it is that large advertising this year has been given to the Journal without a tender, and at double the rates which the Journal agreed to print the city's advertising at.

Had the Journal been a widely read newspaper, such as one other we could mention, had it helped the town by paying out in wages and operation during the year a sum of over \$25,000 to citizens of Prince Rupert, as has the News, some public spirited reason might be imagined for thus quietly giving it subsidies out of the people's purse.

The matter calls for very full explanation.

CHINKS MUST PAY DOUBLE

A Regina Restaurant Decides to Draw the Color Line—Drastic Method to be Used.

(Canadian Press Despatch)
Regina, Oct. 12.—A city restaurant here has decided to draw the color line in future on all blacks, Japanese and Chinese patrons who will have to pay double what their white brothers are charged. This is not declared to be a money making venture, but a hint to all the colored people that their presence is not wanted.

BY-ELECTIONS ARE ANNOUNCED

Writs Issued Today for Ten Constituencies Represented by the New Ministers.

(Canadian Press Despatch)
Ottawa, Oct. 12.—Writs are to be issued today for ten by-elections in those constituencies represented by those members of the Borden government who have been assigned portfolios. The nominations are to be on October 25, and elections on November 1st.

Nothing has been determined as to the seats to be occupied by Messrs. Hazen, Cochrane, and White. It is understood that Hon. Robert Rogers has been offered the Winnipeg seat, as there is a probability of Mr. Haggart going to the senate.

Another Great Story

THE DAILY NEWS READERS HAVE ANOTHER TREAT IN STORE FOR THEM

The News has received so many letters of appreciation from its readers for its enterprise and judgment in securing the serial rights of Captain Clive Wolley's great story, "The Tenderfoot's Wooing," that it has gone still further.

The News has secured the serial rights for Louis Tracy's Great New Story

"The Pillar of Light"

and will start the story Next Week.

Louis Tracy is the greatest writer of fascinating adventure stories in England.—His plots are vigorous.—His characters are lifelike. There is not a dull paragraph. His stories are models of good English too. . . .

What The Pillar of Light Is

The "Pillar of Light" is a sea story of love and adventure. As you may guess the "Pillar of Light" is a lighthouse. The story concerns the romance of Stephen Brand the lighthouse keeper and man of mystery. It is a story of heroic deeds in many lands. It will hold you to the very last word and delight you all the time. In the end you will see the greater meaning of the title "The Pillar of Light. : : :

This story is exclusive in British Columbia to the Daily News and its readers. See that you get the story from the start by having your name entered on the Daily News books as a subscriber.

ITEMS OF SPORT

The Ottawa hockey team will be managed next season by Martin Rosenthal, who was secretary in former years. Dave Mulligan is managing the Brestlin at New York, and will not be available, so his mantle will fall upon Mr. Rosenthal. The latter is already looking for material.

"Baseball is a pickpocket game," says the Asahi Shimbun, one of Tokio's foremost papers. "The object of the players is to fool each other by strategy, and in trying to steal a base a player glances on all sides to get a chance. This affects his nerve system. It may be a suitable game for Americans or Japanese, but not for an Englishman or a German."

Aviator Robert G. Fowler abandoned his trans-continental flight. His engine would not carry him over the Sierras because it will not "bite" the thin air. He made several unsuccessful attempts before giving up.

President Thomas C. Noyes, of the Washington American league club, says that George Stovall, acting manager of the Cleveland club, is "being considered" with other candidates for the place of manager of the Washington club. President Noyes would make no further statement of Washington's plans.

Billy Allen, featherweight champion of Canada, has left for Syracuse, New York, to re-enter the ring after an enforced retirement of five months, caused by a bout with appendicitis.

Billy just at the present time hits the beam at 136 pounds, but when he settles down to training will box around 125, a shade lighter than he did last year. His first mill is booked with Tommy Kilbane, of Cleveland, the fuss to take place at Syracuse some time next month.

Charlie Huck will again have Billy in charge and has him tagged to meet several fast featherweights this winter. There is talk of Billy hooking up again with Abe Attell at a higher weight than the champions insisted on him making last January. Attell recently gave Matt Wells fifteen pounds, so should not hesitate to give Allen two or three.

Not that it is teeming with news interest, but just to keep the type setter and the proofreader good-natured, we chronicle the fact that a man named Ctehegiotopf is mentioned as Stoly-pin's successor. Ctehegiotopf, by the way, is chief justice of the supreme court of Russia, where Ctehegiotopf lives.

Joe Hancock, matchmaker of the Pacific Athletic Club, states that a twenty-round bout between Sam Langford and Joe Jeanette has been arranged for the Vernon arena on October 28.

Vancouver's reserve list for 1912 contains the names of twenty-seven players, the majority of whom will report for spring training when President Bob Brown sends out the call next March. Secretary Jim Brown of the Vancouver Baseball Club compiled the list last week and forwarded it to headquarters. In the list are the names of six new pitchers, Gayle Jervis, a Gonzaga college twirler; George Rustemeyer from Cottonwood, Idaho; J. B. Buckles, W. C. Theile, J. C. Morelands and N. L. Seidel from California, and Joe Collins from Montana.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN. This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HOSPITAL ROMANCE

Blinded Patient Learns to Love His Nurse as He Lies Bandaged in His Cot.

Falling in love with the sound of a girl's voice, while he lay blinded on a cot in a Wallace, Idaho, hospital, Kenneth Chisholm, master mechanic at the Lead-Silver Mine, proposed to his pretty nurse, Miss Ruby Hull, as soon as he regained the use of his eyes.

The romance resulted in the wedding at Portland the other day. It was just a year ago that Chisholm was brought to the hospital. A shower of steel filings from a lathe had entered his eyes and for a time it was doubtful if he would regain his sight. For days he lay with his head swathed in bandages. During this time Miss Hull cared for him.

QUAINT WEDDING

Mountain People Marry by Drinking Wine Through Straws.

Of all the queer marriage ceremonies which exist among the nations of the world, the one which holds in Anam may be said to bear away the prize. It is the ceremony of a tribe known as the "Thai," a mountain people of Anam, Asia.

The bridegroom and bride kneel on either side of a vessel containing a quantity of rice wine, which they drink through long reeds which the medicine man of the tribes crosses and holds in position. After they have drunk they are pronounced husband and wife, and the medicine man and assembled guests crowd about them to offer congratulations. After the ceremony the guests partake of the wine in precisely the same manner as the happy couple.

Ingrowing Toe Nail

Frequently pain results from the toe nail not being cut with a straight edge at right angles to the toe, so that the nail is driven into the skin on the side. To gain relief, cut the nail straight or, better still, concave, removing as much as possible of the skin at the side of the nail and pressing with a needle a piece of cotton-wool under the skin.

HEADACHE PILLS KILL A WOMAN

Pain Harassed Wife Succumbs After Taking Eight Doses of Patent Medicine. Mrs. Edward Woodcock, of Canton, Ill., has just died from the effects of pills taken to cure headache. She took eight of the pills, became unconscious, remaining so until death. She had been subject to headaches and was in the habit of using the pills.

Complexion Hint

The following recipe will remove blackheads and reduce the size of pores: Ether.....2 ounces Soap liniment.....2 ounces Before applying the mixture, bathe the face with warm water. One hour after the lotion has been applied bathe the face again with warm water, using soap this time to cleanse the skin.

Beauty Notes

Bitter aloes placed on the nails frequently breaks the habit of nail biting. Should this fail, the next best thing is to bind the nails with cloth or to wear fingertips until you overcome the habit. Following is the recipe for an excellent tooth powder: Precipitated chalk.....4 ounces Powdered orris root.....8 ounces Powdered camphor.....1 ounce Triturate the camphor in a mortar, moistening it with a very little alcohol. Add other ingredi-

GREAT SINGER TOURS WEST

Madame Nordica, World Famed Soprano, Opens Her Fall Season.

Mme. Lillian Nordica, the great American soprano, is now opening her fall season after a month at her bungalow in Deal Beach, New Jersey, having what she terms "a good rest," although to a person of less strenuous temperament that might not seem the correct description. As a matter of fact, the prima donna spends from three to four hours daily at the piano with her accompanist, preparing her operatic and concert work for the coming season, and between whites looking after her household, for Mme. Nordica is a notable housewife.

Nordica is vibrant with vitality, magnetism and enthusiasm, and she ascribes her splendid physical condition largely to her belief in the doctrine of "fresh air and plenty of it." Her summer program includes a brisk walk in the early morning and usually sometime in the afternoon she may be seen enjoying the beautiful roads round Deal in her big white motor car, with white-clad chauffeur, and the diva snowy raimented also.

This month the singer boarded her private car, the "Isolde," which will be her home for the ten weeks of her fall tour. The opening concert was given at Denver, October 1; Salt Lake City and San Francisco follow, after which seven other Californian cities will hear the golden voice, and the "Isolde" will enter Canadian territory by way of Spokane, for after a concert in that city Nordica is to visit seven cities of Western Canada.

The diva, who has never been farther west than Winnipeg, is anticipating the Canadian tour with keen enjoyment. The States will be re-entered by way of Minneapolis and St. Paul, and thirteen concerts will be given between the Twin Cities and New York.

During the winter Mme. Nordica will be heard in a special series of Wagnerian performances in Boston, conducted by no less a personage than Felix Weingartner, the great conductor having consented to cross the Atlantic especially for this engagement. The costly stage settings of "Tristan and Isolde" have been purchased for these performances from the Berlin Royal Opera, for which they were specially made. Nordica will also create the leading role in the new opera, "The Blue Forest," when it is given its premiere in Boston, probably in February.

SUPREME COURT WILL SIT HERE

Civil Cases Will be Tried in Prince Rupert in the Early Part of December.

News reached the city this morning that the Chief Justice of the Supreme Court will arrange a sitting of the Supreme Court to try civil cases in Prince Rupert.

It is to be regretted that the judge who will visit Prince Rupert in December to try the civil cases, could not also have been permitted to save the citizens of Prince Rupert and of the province large expense by allowing him to try the criminal cases also.

Fresh FLOWERS By S.S. Prince George tomorrow a.m. ARCTIC STUDIO, 3rd Ave. Law-Butler Bldg. OPEN SUNDAYS

AT THE THEATRE "The Sweetest Girl in Dixie" Won Many Admirers Last Night.

If the Dave Williams Stock Company made a hit on the night of their first appearance, they most certainly redoubled that good impression by last night's performance.

A packed house witnessed "The Sweetest Girl in Dixie" and quite agreed that Miss Pinkie Mullalley in the title role was sweet enough for Prince Rupert too.

The play is an American romance—Southern of course. Its simple plot, that of the scheming wealthy villain endeavoring to force the heroine to marry him by threats of foreclosing a mortgage on her old home.

Of outstanding merit was the acting of Mr. W. S. Van Dyke as Colonel John Howard, the proud old father of "Barbara, the Sweetest Girl."

Miss Ora Wolff took the part of the detestable "Matilda Martin," sister of the villain, and acted with fire restraint and effective realisation of her part.

Miss Rose Reid who does a little taxidermy in his spare time has had almost more work on his hands lately than he can tackle conveniently.

Some of the finest deer and mountain goat heads ever seen in Rupert have come in this hunting season.

Quite a charming interlude was given by Miss Marguerite Doyle in clever songs during the interval between Acts I and II.

Tonight the company presents "La Belle Marie" with Miss Pinkie Mullalley in the title role which is said to be her very best.
