New Economic Plan For Germany

Scientists and Fishermen Are Not Agreed Upon Some Phases Of Halibut Fishery Situation

Secretary of Deep Sea Fishermen's Union Claims That Present Regulations Are Working Unfair Hardship On Small Vessels and Port of Prince Rupert

Guest speaker at the September dinner meeting of the Junior Section of the Prince Rupert Chamber of Commerce last night, George Anderson, secretary of the Deep Sea Fishermen's Union at Prince Rupert, declared that some of the findings of the scientific staff of the International Fisheries Commission did not harmonize with the practical knowledge of the fishermen in connection with the North Pacific halibut fishery. Mr. Anderson asserted that he and a large proportion of the fishermen held the view that certain restrictions now imposed on fishing in Area No. 2 on the Pacific Coast by the International Fisheries Commission were not necessary in the interests of the conservation of the fish. These restrictions, as they now stood, were working an unfair hardship on the smaller vessels of the Canadian fleet as well as upon the port of Prince Rupert. Particular exception was taken to the division of the coast into two areas and the setting of quotas for each, the result of which was that all boats, large and small, fished out the quota of the closer in Area No. 2 early in the season. The more remote Area No. 3 was then left available for the larger vessels, particularly of the American fleet, while the smaller boats had to stop fishing after a short season which made it impossible for these vessels to pay their way.

Manson To Preside Over Assize Court In Vancouver City

VANCOUVER, Sept. 9:—Mr. Justice A. M. Manson will preside over the fall session of the Supreme Court Assizes here opening next Monday. The list of cases is a good deal lighter than usual, there being only eight on the docket of which probably only six will go to trial.

CHAMBER RESUMES

Regular Monthly Meetings of Junior Body Start After Summer Vacation

Meetings having been suspended during the summer months, the Junior Section of the Prince Rupert Chamber of Commerce last night resumed its regular monthly dinner meetings in the Knox Hotel. The agenda of the meeting, at which the president, Lee Gordon, was in the chair over a fair attendance of members, included an address by George Anderson, secretary of the Deep Sea Fishermen's Union who discussed the halibut industry from the fishermen's point of view, as well as reports on Junior Chamber activities which had been conducted during the summer by the executive and the committees concerned.

There was correspondence from the Junior Chamber of Commerce of Canada welcoming affiliation of the local chamber which was the fourth in Canada to join up.

A letter from Mrs. Jean Elkins, secretary of the Prince Rupert Swimming Club, intimated that, due to lack of support, the club was having difficulty in paying for material used in making improvements at the Salt Lake swimming resort this year. Also, owing to lack of interest, the projected swimming gala had been abandoned. A donation was requested. The letter was filed as it was felt that was a matter outside the scope of the Junior Chamber.

President Gordon stated that the radio committee had suspended broadcasting over the local station during the summer months but it was expected to resume early in the fall. Obtaining of suitable talent had proved a problem.

The Carnival

The recent carnival in which the Junior Chamber had supported the Boys' Band committee had not proven the success anticipated. Little, if anything, would be realized. The next time the Junior Chamber embarked upon anything of this nature, Mr. Gordon felt, it should conduct it exclusively or not participate at all. There had been lack of enthusiasm.

Not much success had been realized by the Pioneer Airways which had enlisted the co-operation of the Junior Chamber of Commerce in a campaign to raise subscriptions to assist in financing a regular air service between Prince Rupert and Vancouver.

The executive had considered the proposal of Premier T. D. Pattullo that there should be concentration on having the Skeena River highway built in the direction of the canneries. The Junior Chamber was by no means agreed upon this idea but was taking the matter up with the Senior Chamber. There was a feeling that the ultimate Terrace objective should not be lost sight of, even temporarily.

The proposal of taking standard moving pictures over a period of a year to publicize Prince Rupert was being worked upon and progress was being made. Some of the production features were now being taken up and it was expected to have more definite information for next meeting.

It was decided to hold a dance on October 2 for the purpose of raising further funds necessary to pay prize money in the recent Peace River outlet essay contest.

As the annual meeting of the Junior Chamber will be that of next month, Lee Gordon, T. N. LePage and Foster Willan were named a nominating committee.

H. S. Parker arrived home last night following a business tour through the interior.

Toronto to See New Play Ideas

Local Group Proposes Theatre Of Action To Appeal to Working Classes

TORONTO, Sept. 9: (CP)—Studying and practising in a little studio here, about 50 Toronto men and women are planning a new theatre, the "Theatre of Action." Although the idea comes here from New York with David Pressman, young Russian-born actor, and others, it had its roots locally in the Progressive Arts Club which flourished at the University of Toronto about five years ago.

The new Theatre of Action, which has been growing here for two years, includes several of the leading players of the Progressive Arts Club. In October the new group will offer its first finished performance, the eyebrow-raising "Bury the Dead."

Mr. Pressman says Canada's Little Theatres have failed in their most important field—that of bringing forth notable plays or playwrights. He thinks the fault lies largely in the choice of plays and audiences. The Theatre of Action will go to the working classes where, the players believe, is the widest and most stimulating audience for the drama.

Aggressive Colonial Demands to be Made—Industrial And Agricultural Production to be Speeded up And Exports to be Increased

NUREMBERG, Germany, Sept. 9: (CP)—Chancellor Adolf Hitler today proclaimed before a Nazi convention a four-year program embracing aggressive colonial demands aimed to make Germany economically independent. Der Fuehrer disclosed that he had signed decrees reorganizing the national economy and accelerating planned production of all industrial and agricultural products. The decrees contained schemes for increasing German exports.

"Our colonial demands," the proclamation said "are part and parcel of this program. We must build up our raw material forces." Hitler emphasized that "the shackles of Versailles have been torn" and the country rehabilitated from a military standpoint. The present forces were capable of defending Germany against all. A wildly cheering multitude numbering hundreds of thousands heard Der Fuehrer.

ECHOES OF BURRARD

As the southern newspapers arrive it is interesting to note the various opinions and summaries of the situation following the Burrard by-election. Here is in part what the Daily Province says:

History repeats itself and what happened in Vancouver yesterday was reminiscent of that earlier period. Here was the C. C. F. with all the rousing and enthusiastic meetings of the Burrard campaign, with five-sixths of the shouting from C. C. F. throats, the stage all set for an impressive victory. But when the ballots were counted, it was found that not all the shouts were votes. The government candidate had turned back the challenge of the radical party.

It is true that Mr. Forester, an excellent candidate personally with an unblemished record, had an exceedingly narrow escape from defeat; but at the same time it can not be denied that the vote registered against the radical standard-bearer was most decisive. If the C. C. F. could not win Burrard in a three-cornered contest on this occasion, with all the local encouragements to victory that were theirs, then their strength was not nearly up to their pre-election estimates. In a ratio of almost two votes out of every three polled, the choice of the electors was against the C. C. F. This defeat will be a severe blow to the Leftist movement within the ranks of the party and to its new leadership.

The Province believes that under all the conditions of this contest, Dr. Patterson made an excellent showing. With an organization quite defunct, the new Conservative leader started from zero, waged a manly and dignified campaign and won many friends.

Viewed from all angles, the outstanding fact of the by-election was the rebuff administered to the C. C. F. But the government will do well to avoid being too gleeful. Good times reign in British Columbia's forest, fishing and mine industries and a threat sounding like confiscation or radical interference of government in business probably alarmed more electors than it pleased.

Diagnosed as a province-wide movement, the C. C. F. is probably much more a party of protest than it is a party of Communist or Socialist aims. The lesson of Burrard is that a vast majority of the people do not want to see British Columbia embark upon an uncharted sea of visionary experiment.

Labor Day Dance Enjoyable Event

Over Two Hundred Persons at Affair in Moose Hall Monday Night

Over two hundred persons were in attendance at a successful Labor Day dance in the Moose Hall Monday night. One of the features of the proceedings was the drawing for a \$5 cash prize conducted by the Prince Rupert Baseball Association in connection with the Labor Day celebration, the winning number being 440.

Music for dancing, which was in progress from 10 p.m. until 2 a.m., was provided by the Premier Orchestra. Gillis Royer was, as usual, a genial master of ceremonies.

Bill Stone was the winner of the prize in a balloon race which provided a diverting novelty. Balloons and confetti were distributed and added much to the general merriment of the occasion.

Delicious refreshments were served at midnight with Mrs. Richard Giske, Mrs. Knut Slatta, Mrs. Ole Stegavig and Mrs. Jack Preece in charge.

The committee for the dance consisted of A. K. Nelson, Albert Stiles, William Gray, W. B. McCallum, Gillis Royer, Louis Shilbig and Cecil Morison.

Rejoices Irish For Insurgents

Author and Lecturer Comments On Spanish Situation

BOSTON, Sept. 9: (CP)—Seuman McManus, author and lecturer, arrived here on the newly-inaugurated Dublin-Boston steamship line. "I note with enthusiasm that 99 percent of the Irish people are with the Spanish insurgents," he said. "Spain has always been near and dear to Ireland, especially in the Middle Ages, when the Spanish nobles sent their sons to the Irish universities and we Irish chieftains sent ours to study in Spain."

"It was Spain who gave shelter in 1641 to the rebel earls, Owen Roe O'Neill and Red O'Donnell after they led what was the last resistance against England by the old Irish chiefs. Up to a generation ago, many of the Spanish generals had Irish names."

SCIENTISTS AND FISHERMEN ARE NOT AGREED UPON SOME PHASES OF HALIBUT FISHERY

(Continued from Page 1)

course with a review of the history and development of the halibut fishing industry on this coast, leading up to the era of intensive fishing and overproduction and the agreement between the governments by treaty on restrictive measures.

In a general discussion with Mr. Anderson which followed there was a free expression of views. The members of the Junior Chamber felt that, if the fishermen themselves could agree on some common line of action, they might be able to win public support. In the past they had often been unable to agree among themselves. Many phases of the situation of the industry, more particularly as it affects Prince Rupert, were discussed.

Table Tennis Latest Sport

Club Formed in Prince Rupert Will Open This Week

Thursday evening of this week marks the opening to the public of Prince Rupert's latest indoor pastime, table tennis. Three local young men have formed the Rupert Table Tennis Club in the Boston Hall, formerly occupied by the Elks' Lodge.

Table tennis is fast becoming one of the most popular of indoor sports, reaching major proportions in such countries as England, United States, France, Germany, etc., and in the near future, should be among Canada's favorite indoor pastimes.

Like all sports table tennis has been modernized. To compare table tennis of today to ping pong of yesterday is like comparing box lacrosse to the old field lacrosse or modern wrestling to that of the old school. In European countries it is considered one of the most strenuous of modern games, first class table tennis being rated faster than the best tennis of badminton.

LOCAL STORE SHOWS GREAT ACTIVITY

Opening up new fall things, and re-grouping and re-pricing present stocks, "Demers" Ready-to-Wear is a hive of activity these days preparing for their Grand Autumn Sale which starts shortly.

L. K. G. Browning of Vancouver is in charge of these preparations and he enthusiastically informs us we're going to see something epoch-making in the way of values when the sale opens.

Announcement may be expected in this paper shortly!

Mrs. J. C. Dunn and daughter of Massett arrived in the city on the Prince Charles this morning from the Queen Charlotte Islands for a visit.

Sergeant J. H. McClinton, provincial police, returned to the city on last night's train from a trip to Terrace with prisoners in his charge.

Norman Watt returned as far as Terrace yesterday after a trip to France for the Vimy Memorial unveiling and is expected to complete his journey home on the next train.

Mrs. Peter R. Kelly of Ocean Falls, who has been paying a visit at Skidegate, arrived in the city on the Prince Charles this morning and will proceed to the paper town on the Prince Rupert tomorrow night.

Charles A. Mowry, of Spokane, district governor of the Rotary Club, arrived in the city on the Princess Louise this afternoon from Juneau and Ketchikan. This evening he will meet the executive and committee heads of the local club at a dinner and tomorrow will be the speaker at the club's regular weekly luncheon. He will proceed south on the Prince Rupert tomorrow night.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A new bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Will Marry In Vancouver Soon

Nuptials of Miss Phyllis Harvey and Alan Cross to be Solemnized This Saturday Evening

The marriage of Miss Phyllis Harvey, youngest daughter of Mrs. W. N. Hoss of Portland, Ore., to Alan Cross, son of Mr. and Mrs. H. T. Cross of Prince Rupert, will take place at 8 o'clock Saturday evening of this week at St. Paul's Cathedral in Vancouver. The bride will be given in marriage by G. M. Ferguson and will be attended as matron of honor by her sister, Mrs. G. M. Ferguson. George Ogg will act as groomsmen. A reception at the home of Mr. and Mrs. G. M. Ferguson will follow the marriage ceremony.

Both bride-elect and groom-elect have lived in Prince Rupert since childhood and have many friends and are very popular. The bride-elect for some years was with the S. C. Thomson produce brokerage house while the groom was with the Northern British Columbia Power Co. before moving to Vancouver to become identified with the British Columbia Electric Co.

WHIFFLETS

From the Waterfront

The three salmon canneries in Massett Inlet—Old Massett, New Massett and Shannon Bay—have now closed for the season, the pink run being over. Chinese workers at Old Massett and Shannon Bay arrived in the city from the Islands on the Prince Charles this morning and will proceed to Vancouver on the Prince Rupert tomorrow night. Members of the crew of New Massett cannery are being taken to Nootka on the West Coast of Vancouver Island by the steamer Prince John as well as the stock of empty cans and certain canning equipment. John Dybhavn is expected home this week with the tender Jedway after having spent the summer at Old Massett Cannery. Lagoon Bay cannery on Moresby Island continues in operation.

Inaugurating the company's winter service for the Queen Charlotte Islands, C. N. R. steamer Prince Charles, Capt. Dan McKinnon, arrived in port at 8:50 this morning from Vancouver via the Islands with a fair-sized list of passengers and will be here until Friday night when she will sail on her return south over the same route.

With a fair-sized list of passengers, C.N.R. steamer Prince Rupert, Capt. Neil McLean, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here southbound tomorrow evening.

A day late owing to having been stranded on a sand bar in the Skeena River near the Frizzell Hot Springs all Monday night, Mr. and Tommy Fraser, George Peters and Miss Lillian Lowe returned home yesterday afternoon on the Peter's gasboat from an angling trip to Lake Khtada. They got a satisfactory bag of trout over the Labor Day holiday week-end.

Southbound after calling at Naas River cannery points and Wales Island, Union freighter Chilliwack, Capt. Ernest Sheppard, was in port for a short time last night, leaving later for Butedale and Lagoon Bay, Queen Charlotte Islands, enroute to Vancouver. The Chilliwack will be taking in a full load of canned salmon to Vancouver. Some local people recognized the whistle that has just been installed on the Chilliwack as the old one which for many years was a familiar sound on the pioneer passenger ship Camosun now out of service and is gradually being dismantled at Vancouver. The Chilliwack also has some of the other fittings and equipment of the Camosun on board.

District News

Q. C. ISLANDS

Frank Jerwa, well known professional hockey player, who is at present employed at the Canadian Fishing Co.'s cannery at Lagoon Bay, returned to the Queen Charlotte Islands on the present trip of the Prince Charles after having gone to Vancouver to receive treatment for a hand injury.

Mrs. Gordon H. Joffe returned to her home at Queen Charlotte City on the present trip of the steamer Prince Charles after a visit in Vancouver.

Mrs. Ralph T. Ward returned to her home at Port Clements on the Prince Charles yesterday, having been called south on account of the serious illness and subsequent death of her husband who was a pioneer settler of the Islands and agent of the Government Telegraphs.

W. G. Smith of the Skidegate Gold Mines returned to Queen Charlotte City on the Prince Charles this trip after a brief trip to Vancouver on mine business.

FINED \$100

Roy McDonald was fined \$100, with option of two months' imprisonment, in city police court yesterday for supplying liquor to Indians.

MATTHEWS' FILM HERE

"First a Girl," With Popular British Singing and Dancing Star, At Capitol Theatre

"First a Girl," latest vehicle of Jessie Matthews, popular British dancing and singing screen star, comes to the screen of the Capitol Theatre here as the feature presentation at the middle of this week. It contains six new song hits and almost as many dance numbers and is said to provide exceptionally acceptable entertainment. Sonnie Hale, the star's husband and a comedian of the first rank in his own right, has one of the principal parts in the picture while the romantic lead is played by Griffith Jones. Anna Lee plays the part of the sophisticated princess whose engagement to the hero makes plenty of trouble for Jessie.

The other end of the double bill is "Yellow Dust," a story of early California history with Richard Dix in a thrilling role. Dix faces the rope through the subtle Onslow Stevens who plays a mining town big shot. A neat twist cooked up by a pair of Dix's friends, however, leads to a spectacular escape. All the color and romance of the eighties is used as a background for the tense melodrama. Dix is a young prospector who strikes a rich vein of gold-bearing quartz. Leila Hyams plays the part of a mining town entertainer whose beauty starts the rivalry between Dix and Stevens.
