NEGRO IS CONVICTED

David Patterson Found Guilty Again in Scottsboro Case—May Get Life

DECATUR, Ala., Jan. 25.—David Patterson, first of nine negroes charged with attacking a girl hobo in 1931, was convicted for the third time by a jury of twelve white men, recommendation being made that he be sentenced to seventy-five years' imprisonment. Twice previously, Patterson, who is twenty-three years of age, had been convicted and sentenced to death, escaping execution on the convictions being appealed.

REPORTS CONFLICT

Both Italians and Ethiopians Claim Decisive Victories in East African Fighting

LONDON, Jan. 25.—Directly conflicting reports as to the progress of the Italo-Ethiopian war are received here.

An Addis Ababa dispatch says that hundreds of Italians have been slain in fighting on the northern front and that at least one Italian plane has been shot down.

On the other hand, Rome claims an overwhelming victory in the north with hundreds of Ethiopians killed and wounded.

In view of reports cancelling each other, the true situation is decidedly hazy. Other than that there has been a terrific battle in Northern Ethiopia during the past few days with heavy casualties.

Republican In South Africa Not Royalist

CAPETOWN, South Africa, Jan. 25.—After having previously favored the passage of a message of condolence and sympathy in connection with the death of the late King George, all members of the Republican Party in the Legislature here marched out of the Chamber rather than vote for a message of congratulation to King Edward VIII on his accession. The message was, however, passed.

Man Who Wrote Threat Will Be Sentenced Soon

NEW YORK, Jan. 25.—Austin Palmer, wealthy retired engineer, who has admitted writing two letters threatening to "choke the life" out of President Franklin D. Roosevelt, is now awaiting sentence in a local court.

ZULULAND DROUGHT

DURBAN, South Africa, Jan. 25: (CP)—Drought has resulted in a shortage of food for natives in the Zululand, Pondoland and Natal districts. Thousands of bags of maize have been sent to relief stations in the territory.

NATTY BLUE UNIFORMS ENTICE BRITISH ARMY RECRUITS

As one of the biggest experiments in attracting recruits, soldiers of the British army are being allowed, when off duty, to wear natty blue uniforms, which they were formerly only permitted to wear at important social functions. Here are a pair of the "boys in blue" as compared with a pair of "Tommies" in ordinary khaki.

TAKES OUR RATS ALIVE

Fred Belek of Daily News Captures Rodent by Hand

"One, two, three, four, five, 'I caught a rat alive. 'Six, seven, eight, nine, ten, 'I let it go again' - - - into the furnace.

Fred Belek of the Daily News staff thinks he is some ratter—and the rest of the staff is not ratty enough to deny it.

In the course of his duties one evening this week, Fred spied two gleaming eyes rivetted on him from a shelf. He made a quick pass with his hand, just as the rat-catchers in the Paris sewers do, and grasped the rat firmly behind the ears and carried it alive and kicking to the furnace.

It sounds simple but it is just a question how many people would have the nerve to grab a rat alive and how many of those who have the nerve would be able to do the job as expertly as the Daily News' human rat trap.

TEST OUT EVIDENCE

Still Talking About Lie Detector In Hauptmann Case—New Defence Attorney Named

TRENTON, New Jersey, Jan. 25.—Although Governor Harold Ho-f-man has stated that he would like to see both Bruno Richard Hauptmann, convicted kidnap-murderer of the Lindbergh baby, and Dr. J. F. (Jafsie) Condon, intermediary for Col. Lindbergh in the ransom negotiations, undergo the lie detector test, it is unlikely that Justice Trenchard, trial judge will grant permission for such a test to be made.

Burton Curtis of Brooklyn had been added to the forces of Hauptmann's defence attorneys. On the basis of an attack on the credibility of witnesses, further efforts are being made to appeal the conviction of Hauptmann with a view to obtaining a new trial.

Passes Away

JOHN NELSON

CHICAGO, Jan. 25: (CP)—John Nelson, aged 61, of Montreal, past president of Rotary International, died suddenly of heart disease in a hotel here yesterday. He was formerly manager of the Victoria Times and later manager of the Vancouver News-Advertiser before publishing the Vancouver World until he sold his interest in 1921. For the past several years he had been in charge of the publicity department of the Sun Life Assurance Co. O. H. Nelson, who formerly published a newspaper in Prince Rupert and for the past several years has been with the Victoria Colonist, is a brother.

Journalist, a native of Paisley, Ont., and over twenty-five years a resident of British Columbia, Mr. Nelson was a former president of the Vancouver Rotary Club. He spent twelve years on the Victoria Times as reporter, city editor and managing editor, resigning from the last-named post to become manager of the Vancouver News-Advertiser in July 1910. He left that newspaper in 1915, when he secured an interest in the Vancouver World and became managing director. When the World was sold in 1921, he turned his attention for a short time to real estate, but then devoted some time to running the B. C. United Farmer, a publication he had operated for a number of years, and contributing to McLean's Magazine and other eastern publications. He was one of the founders of the Victoria Canadian Club. He was well read and a fluent speaker.

E. M. Angell sailed last night on the Princess Adelaide for Vancouver enroute to San Francisco.

RUSSIAN DEFENCES

The Soviet Government announces that it has an army of about four million men and a reserve that would bring it up to ten million in case of war. The army is required, they say, for self-defence, it being found that alliances with other countries cannot be depended upon and that the only real security is in having their own defences.

Russia has good reason for her lack of faith in other countries, even in the League of Nations. On the other hand the countries of the world have reason to doubt the faith of Russia, as they have time and again broken their solemn assurances that their consulates would not be used for propaganda purposes and propaganda has started immediately they were established. This mutual distrust is the cause of most of our troubles.

Undoubtedly today Russia is justified in maintaining strong defences for there is Japan on one side and Germany on the other ready to grab off pieces of territory. Her territorial integrity can be maintained only through force of arms.

EXIT LAVAL

Premier Laval of France has been forced to relinquish the leadership of the government but there is no telling when he may come back. The French people are very fickle in regard to their politics.

Laval has been a strong force for peace in the French Government and in the League of Nations. While it is charged that he was pro-Italian, he at any rate prevented an open break recently over the oil sanctions. His successor is said to be anti-Italian in his sympathies but it is hardly likely there will be any marked change of policy. His appointment probably means that the oil sanctions will be forced through and that the group of League nations having interests on the Mediterranean will stand shoulder to shoulder to prevent a possible attack by Italy. As long as Laval was at the head of the French Government they did not feel sure that France would do its part.

Cribbage Schedule At Smithers Has Resulted in Draw

SMITHERS, Jan. 25.—The cribbage tournament which has been carried on here throughout the winter by a league composed of six teams finished its schedule Wednesday evening in a draw between the Canadian Legion and the Driftwood teams when the Legion downed the Native Sons and the Driftwood team defeated the Junior Elks, both by the same score of 38 to 28.

The play-off between the Legion and Driftwood will take place next Wednesday evening in the Legion Hall.

The Farmers feel confident that they can dislodge the Soldiers in the final battle but the Soldiers are digging themselves in and consolidating the gains they have made during the winter and have no fear of the result of the coming battle.

Many Prince Rupert people are looking through the new flower catalogues to try to find out what is new this year and suitable for local cultivation. Possibly the most striking flower which makes itself quite at home in Prince Rupert gardens is the nasturtium. Last year many people tried the Scarlet Gleam and found it a good flower but not quite up to expectations. We are assured that this year the seed of these will be much improved and much more true to type. There is an improved Golden Gleam which is more double than the one we have all been planting for several years and there is also an Orange Gleam. The improved Golden Gleam is sometimes called the Super Double Golden Gleam.

Closely allied to the gleam nasturtiums are the new strain of "globe" nasturtiums. They resemble the others very closely except that the plants instead of being of a trailing habit are al-

most completely dwarf. This makes it possible to use them for rockeries and for edgings of beds. There is the Golden Globe, similar to the Golden Gleam, and there are now obtainable some of the hybrids of mixed colors. These are said to be not quite fixed and a few plants do not come true to form.

The Golden Globe was produced in England and the seed was difficult to obtain last year. This year it will be for sale by most seedsmen but the price will be rather high.

There is a new dwarf cornflower being sold in England which may be valuable later in Prince Rupert gardens. The difficulty with the cornflower has been that it is too tall and a rain spoils the whole bed. The "Jubilee Gem" being

Winter Subjects At Story Hour

Varied Program of Interest This Morning—Tribute Paid To King George

The weekly story hour was held this morning with sixty-three children present. The program opened with a tribute to the late King followed by the singing of the National Anthem.

Mrs. W. D. Grant Hollingworth then told of the winter sports on Mount Royal in Montreal.

A chorus of six girls—Molly Frew, Inez Berg, Bonnie Perkins, Ellen Feasby, Audrey Grimble and Amy Armstrong—sang two songs.

Miss Noreen Gibson spoke briefly on "Skating on the Prairies," following which Joseph Wickett showed moving pictures of skiing at Ottawa. The pictures shown by Mr. Wickett were especially ordered from Winnipeg by William Cruickshank, city ticket agent, and illustrated the theme of the morning, "Winter Sports."

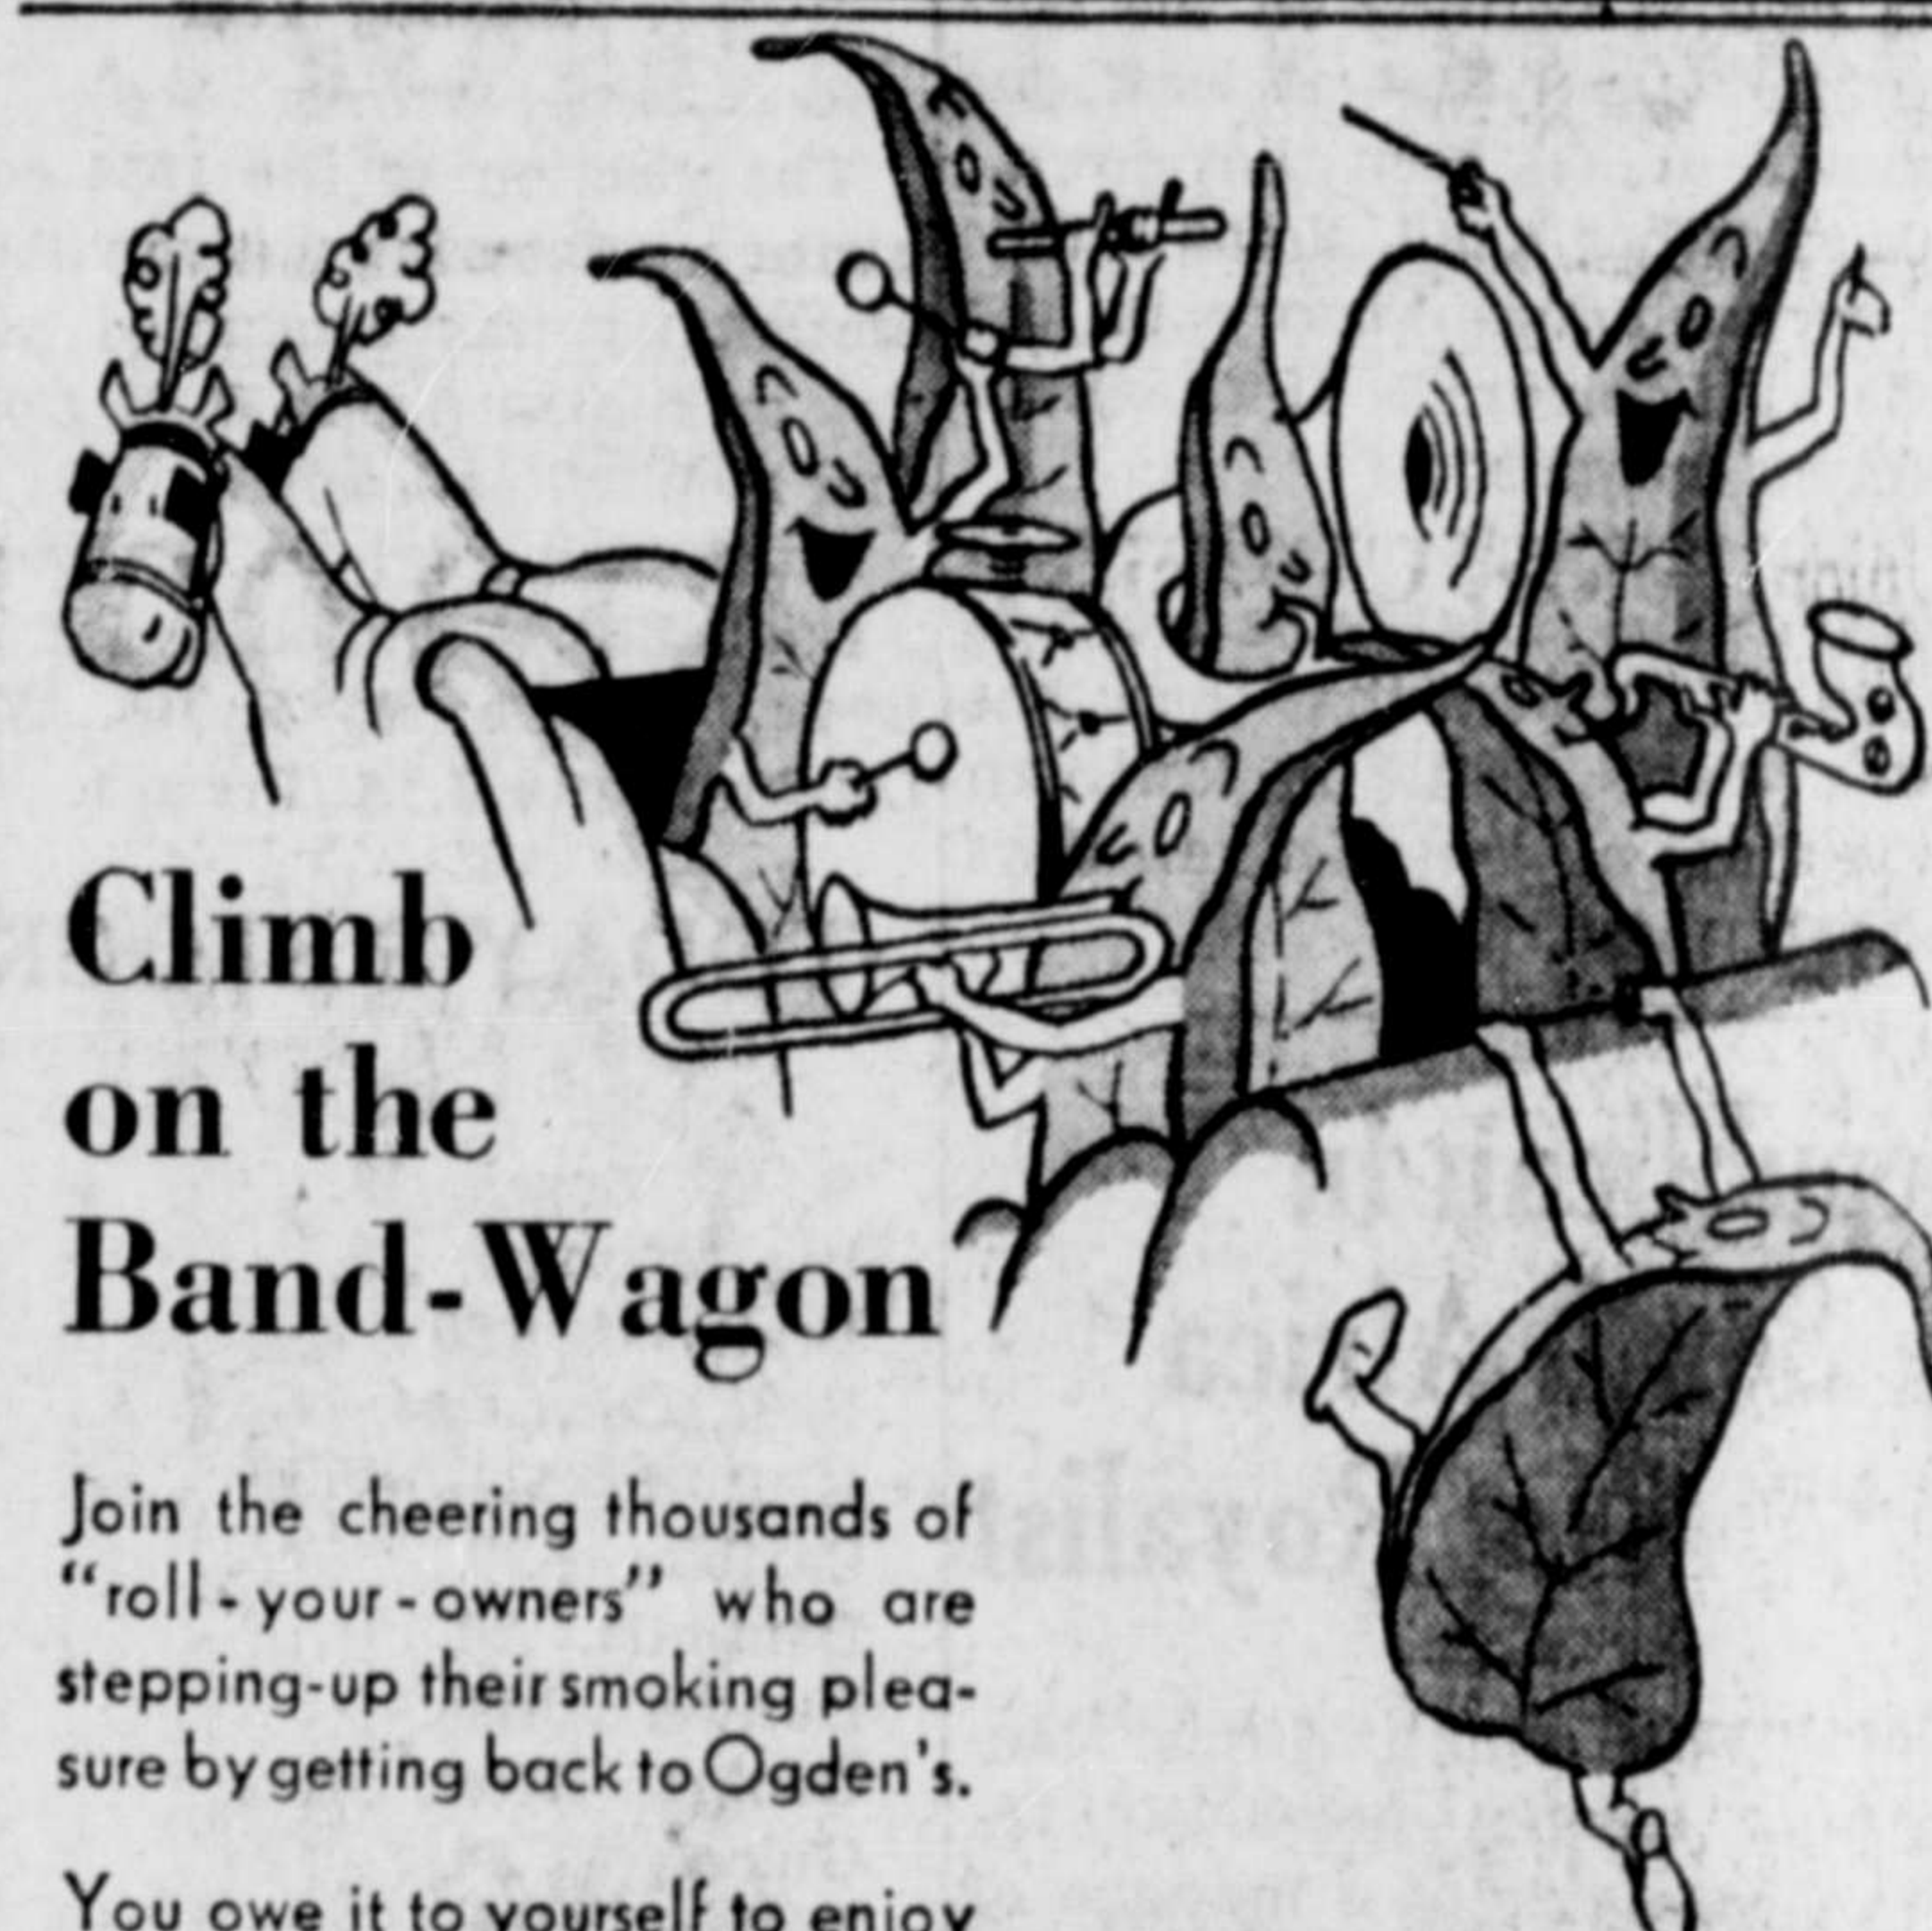

After the singing of "Jingle Bells" by all, W. W. Wrathall showed moving pictures of much interest as they were local views. The hour was brought to a close with a march.

Miss Cathie Watson was pianist for the morning.

Next week the story hour will be for children four to eight inclusive.

Mrs. F. E. Robertson, Mrs. Arthur Sutton and Mrs. G. P. Tinker will be in charge of the program.

William Goldbloom returned to the city on the Gardena yesterday afternoon from a trip to Namu and elsewhere down the coast on business.

ARE WEDDED LAST NIGHT

Miss Winnie McGreish Becomes Bride of Alexander Duncan

Another well known local young couple was united in marriage last night at 7 o'clock at the Manse of First Presbyterian Church when Miss Winnifred Stewart McGreish, only daughter of Mr. and Mrs. John McGreish, became the bride of Alexander Duncan, third son of Mr. and Mrs. R. R. Duncan. The wedding ceremony was performed by Rev. W. D. Grant Hollingworth and the attendants of the couple were Miss Kathleen Duncan, sister of the groom, and Roderick Smith. The bride was given in marriage by her father, the only others present being the parents of the contracting couple. There were about forty friends present at a reception which followed later at the home of the bride's parents. The couple left during the evening aboard the steamer Cardena for a honeymoon trip to Vancouver and Victoria.

The bride was very attractive in a wedding dress of white crepe satin with small hat and short veil, her bouquet being of white carnations.

The bridesmaid wore yellow silk net over satin with large white hat and bouquet of pink and red carnations.

At the reception a delicious wedding supper was served. The toast to the bride was proposed by Axel Olsen and responded to by the groom. The bride cut a three-tier wedding cake which centred her pretty table. Dancing and singing followed with music by Miss Kathleen Duncan and John Bremner.

On their return to the city after the honeymoon tour, the couple will take up residence on Seventh Avenue East.

Both Mr. and Mrs. Duncan have lived here since childhood and both are well known and popular. The groom is a member of the crew of C. G. S. Newington.

Now Science Explains Why So Many People Past 40 Feel That They're Slipping Losing Their "Grip" on Things

Many people "round 40 think they're "growing old." They feel tired a lot . . . "weak." Have headaches, dizziness, stomach upsets.

Well, scientists say the cause of all this, in a great many cases, is simply an acid condition of the stomach. Nothing more.

All you have to do is to neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, take Phillips' Milk of Magnesia after meals and before going to bed. That's all!

Try this. Soon you'll feel like another person! Take either the familiar liquid "PHILLIPS'" or the convenient new Phillips' Milk of Magnesia Tablets. Made in Canada.

1. Take two "Aspirin" Tablets. Make sure you get "Aspirin."

2. Drink a full glass of water. Repeat treatment in 2 hours.

Instead of using fancy priced "cold remedies" try the new-day cold treatment pictured here. Your own doctor will approve it. It will start easing the average cold or sore throat almost as fast as you caught it.

The "Aspirin" you take will start combating your cold internally at once; if throat is sore, crush and stir 3 "Aspirin" Tablets in a third of a glass of water; gargle twice. Do not rinse mouth.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

Dramatic Club At High School Has Started Activity

The new dramatic club, consisting of members of the local high school, began functioning on Friday when a play, "Not Quite Such a Goose," was read before the assembled students.

Owing to the absence of the president, Miss Molly Winslow, her

place was ably taken by Miss Betty Parlow, the vice-president.

Those taking part in the play were Margaret McLeod, Margaret McLachlan, June Armour, Dick Clarke and Murray Philipson.

A few comments by Roth Gordon, the sponsor of the organization, concerning the cast and future activities concluded the afternoon's program.

Mike McCaffery Jr. returned to the city on the Princess Adelaide yesterday afternoon from a trip to Vancouver and Victoria.

Herring and Spring Salmon Run in Harbor Continues—Prince Rupert Overhaul Job Proceeds—Massett Inlet Pink Experiments

Much earlier than usual, herring seining got under way in Prince Rupert Harbor during the past week when the Gammon & Watt seineboat Zenardi started taking the fish for the reduction plant of Nelson Bros. Fisheries Limited at Tucks Inlet. The first run of the plant actually took place on Thursday, the Zenardi having taken forty tons of fish that day. Capt. Eli Skog started seining yesterday afternoon with the Anna S for the Canadian Fish & Cold Storage Co. for halibut bait purposes but had little success owing to colder weather. As a result of the presence of herring, there is also a run of spring salmon in Prince Rupert Harbor which is attracting out numbers of hand trollers with varying degrees of success.

Capt. W. P. Armour, manager of the Armour Salvage Co., returned to the city on the Princess Adelaide yesterday afternoon from a brief business trip to Vancouver.

John Clausen, well known local fish packer, and Mrs. Clausen, who have been visiting for several weeks in Vancouver, returned to the city from the south on the Cardena yesterday afternoon.

Overhaul work on Canadian National Steamships' steamer Prince Rupert is proceeding steadily at the local dry dock, consisting largely at the present time of the usual routine repair work inside the ship including the engine room. About the middle of next month the vessel will be taken on to the pontoons for hull work. Thomas Loudon, Pacific Coast superintendent of Canadian National Steamships, paid a visit to the job this week, returning south Thursday night.

Members of the scientific staff of the Prince Rupert Fisheries Experimental Station contribute their share to a regular progress report bulletin which has been issued by the Biological Board of Canada in connection with the work at the local station. Dr. Neal M. Carter, director, writes interestingly on the subject of ambergris. Basil E. Bailey has an article on "The Vitamin A" Potency of the Liver Oils From Some Miscellaneous Pacific Coast Fishes." O. C. Young writes on "Cooking and Freezing Curves For Fish."

Capt. Chris Parkvold, who lost his former boat Takla by fire recently, has not yet made up his mind whether he will buy an old boat to replace the Takla or have a new boat built. In any case, it will be a large boat. Capt. Parkvold is at present in the city, having been here for the past week.

Frank Waterhouse freighter Northholm, Capt. A. W. Ogden, arrived in port at 9 o'clock this morning from Vancouver and is discharging local cargo at the Canadian National wharf. The vessel will sail tomorrow on its return south via Ocean Falls.

During early September of last year 620,112 "green" pink salmon eggs were transferred from the Tiel River to the McClinton Creek eying station. These will be raised to the fry stage and released during next spring in a final attempt to gain information on the feasibility of transplanting experiments in building a pink salmon run in Massett Inlet in the "off" year. Two previous experiments—the planting of fry in 1932, and the planting of "eyed" eggs in 1933—have been met with failure. In the spring of 1935

THRIFT IN NEW STORE

Proprietor Shows Faith in City By Extending Scope of Business

The new grocery store in the Kilas premises on Third Avenue next to the Thompson Hardware is to be the new home of the Thrift Cash & Carry. Complete renovation of the premises has been under way for several weeks and the latest up-to-date fixtures are now being installed.

The arrangement of the store is a departure from the accepted plan followed in this city and is similar to the latest type of food store in the larger cities.

The layout is arranged so that customers can serve themselves with the greatest of ease and convenience. The interior color scheme is most attractive and tends not only to brighten the store but to harmonize with any grocery display.

Altogether the new store is a credit to the community and to the proprietor who is showing in a tangible way that he has faith in the city. The opening date will be announced in the near future.

Prince Rupert people will wish the store in its new home the success it deserves and which it will undoubtedly have.

CITY OF PRINCE RUPERT NOTICE

As a token of respect and regard for our lately departed sovereign, King George V. I do hereby declare Tuesday, the 28th day of January, a day of mourning, to be observed within the limits of Prince Rupert and would request that all stores, offices and other places of business be closed during the whole day.
Signed: W. J. ALDER,
Commissioner.

Sitting in the capacity of the city council yesterday afternoon, City Commissioner W. J. Alder ordered the Soldier's Housing property on block 27 and 28, section 8, deeded to Mr. and Mrs. W. H. Derry, the payments having been completed.

ETHIOPIA DESCRIBED

Film of Much Interest Being Shown Tonight at Capitol Theatre Here

"Wings Over Ethiopia," a production which was meant to be strictly informative but which also provides dramatic excitement and genuine thrills, should attract many to the Capitol Theatre tonight—particularly those who are interested in the important developments of modern history. The picture gives complete details of this country which is so much in the limelight today, the ground covered ranging from the wild hills country to the civilized and cultured towns. The colorful and impressive figure of Emperor Haile Selassie also appears in many of the scenes centering around Addis Ababa. Racially, politically and economically, the country is shown to be a study in contrasts, a strange mixture of ancient and modern elements.

"Millions in the Air," the other end of tonight's double bill, presents the story of a radio amateur hour broadcast. All the drama of the vastly popular new entertainment medium of the air is brought into the film story. The tale is concerned mainly with the romance of a young ice cream salesman and the daughter of the radio program's sponsor. The parade of amateur performers to the microphone reveals not only the inner workings of amateur hour broadcasts but serves to indicate the emotional range which may be packed into an hour's variety show. Wendy Barrie and John Howard are the principal members of the cast.
