# Baldwin's Ultimatum to King; Cannot be Married to Mrs. Simpson and Keep Throne

### Assent of Government to Such a Match For Monarch Would Not be Forthcoming, Prime Minister Flatly Declares With Cheers Greeting Announcement

LONDON, Dec. 4: (CP)—Prime Minister Stanley Baldwin announced in the House of Commons today that the government declined to accede to the suggested compromise by which King Edward VIII might marry Mrs. Wallis Warfield Simpson and keep the throne. Premier Baldwin told the House that Mrs. Simpson could become Queen of England only by assent of the Empire and that this "would not be forthcoming."

"In view of the widely circulated suggestions as to certain possibilities in the event of the King's marriage, I think it would be advisable for me to make a statement," Mr. Baldwin said. "Suggestions appeared in certain or-

gans of the press yesterday and again today that, if the King decided to marry, his wife need not become Queen. These ideas are without any constitutional foundation. There is no such thing as what is called a morganatic marriage known to our law. The Royal Marriage Act of 1772 has no application to the sovereign himself. Its only effect is that the marriage of any other member of the Royal Family is null and void unless the sovereign's consent, declared under the Great Seal, is first obtained. This act, therefore, has nothing to do with the present case. The King, himself, requires no consent from any authority to make his marriage legal but, as I have said, the lady whom he marries, by the fact of her marriage to the King, necessarily becomes Queen. She herself, therefore, enjoys all the status, rights and privileges which, both by positive law and customs, attach to that position and with which we are familiar in the cases of Her Late Majesty Queen Alexandra and Her Majesty Queen Mary. Her children would be in direct line of accession to the Throne. The only possible way in which this result could be avoided would be by legislation dealing with a particular case. His Majesty's government is not prepared to introduce such legislation.

"However," the Prime Minister continued, "matters to be dealt with are of common concern to the Commonwealth as a whole and such a change could not be effected without assent of all the Dominions. I am satisfied from inquiries I have made that such assent would not be forthcoming."

"I have felt it right to make this statement before the House adjourns in order to remove a wide misunderstanding."

### Greeted by Cheers

Loud cheers greeted Premier Baldwin's announcement which he read slowly and deliberately from a typewritten document after Clement Atlee, Labor leader, had for a second time today asked if the Prime Minister had any statement to make.

Atlee rose after the statement had been made by the Prime Minister and said: "At this stage of affairs I think it would, even if time allowed, be undesirable to make any comment on or discuss the Prime Minister's statement."

Cries of "Hear, Hear," resounded through the House.

"The statement is one to which we will have to give our very gravest attention," Atlee said.

The House rose immediately.

Premier Baldwin's statement indicated that what the King wanted was to marry Mrs. Simpson without her becoming Queen. Mr. Baldwin's statement made it clear

## IN CRISIS

KING EDWARD VIII

## NOT BEING DRAWN OUT

### Premier King Has Little Say To Make Regarding Constitutional Crisis in London

OTTAWA, Dec. 4: (CP)—Premier William Lyon Mackenzie King yesterday issued a statement saying he had no comment to make on the constitutional crisis reported from London.

Premier King made the statement after being shown reports reaching here including one quoting the Evening Star in London as saying that Canada had taken the stand that a marriage of the King and Mrs. Wallis Simpson might bring a review of the present relationship to the crown.

"I do not intend to be drawn into a discussion of this important subject by replying to what obviously are unwarranted rumors," Premier King said.

ANOTHER STATEMENT  
Premier King made another statement today implying that the existing situation between King Edward and the British ministry on the King's possible marriage to Mrs. Wallis Simpson has not developed on the initiative of the Canadian government as distinguished from the British government. The initiative had necessarily been with the United Kingdom government. The initiative was taken, however, the statement said, with due regard to collective concern and responsibility of the several governments of the British Commonwealth.

## MISSION FINISHES

### Final Address by Bishop Wells Of Cariboo Last Night

The special mission of Bishop G. A. Wells of Cariboo concluded last evening in St. Andrew's Cathedral. The missioner reviewed the addresses of the past week and made an appeal for a deeper consecration. None were doing all they might or could do to bring about the Kingdom of God on the earth. "If we say we have no sin we deceive ourselves and the truth is not in us," declared the visiting Bishop, "but, if we confess our sins, He is faithful and just to forgive us and to cleanse us from all unrighteousness."

"Sin involves us all. It is an act against God. It is transgression of the law. To know the right and do it not is sin! It has something to do with the law laid down for the guidance of men. In the Old Testament we had the Ten Commandments—the first four expressing our duty to God, the last six our duty to our neighbor.

"There are very few who sin or commit wrong acts willfully against God. Those who take the name of God in vain do it thoughtlessly. In order to find out what sin against our neighbor is we must examine our conduct in the community. It is a relative thing and begins in our relationships with men. There are sins of commission and sins of omission. There can be no absolution without confession. If we have wronged our neighbor by word or deed our duty is to go and tell him about it. Sin and forgiveness begins with the group. It is a difficult matter to go to the wronged one and acknowledge our transgression but it must be done. Before we can approach God we must carry out (Continued on page six)

## TROUT, FLOUNDER AND BULLHEAD FLOURISH IN CAPTIVITY ON ISLANDS

Four years ago the Stevens brothers, Demmey and Edmund, built a large pool at their home at Skidegate and diverted running water into the pool after which they stocked it with minnows about one inch long. At the same time they put in one flounder and one bullhead. Strange to say, all the fish have flourished and some of the minnows are now trout over a foot long. The flounder when put in the pool was little over an inch long but now it is ten inches long. The trout spawned in the pool this fall.

## Owl Startles Local Girl

### Flies Into Local Realty Office And Is Captured—Will Be Stuffed

Today Percy Tinker's window has been a great attraction, especially to school children, who have been very much interested in an owl in a box in the window. This morning when Miss Helen McLeod entered the office she was somewhat startled to see a pair of eyes looking at her from a ledge at the back. When Mr. Tinker arrived they captured the bird by dropping the typewriter cover on it and put it in the box where it has been complacently blinking away the daylight hours.

It is proposed to have the bird chloroformed and sent to Victoria to be stuffed for the local museum.

### A Pleasing Visit

A pleasing visitor to Prince Rupert during the past few days was Rt. Rev. Bishop Wells, who conducted a mission at the Cathedral and who spoke at a number of gatherings outside the church. He was an excellent incisive speaker with a fund of ready wit and in addition to that he had the courage of his opinions and spoke them freely. A few more of such people would help give spice to life but too many of them might make life unpleasant for some of us.

### Just Another City?

In addressing the Rotary Club yesterday Bishop Wells asked if Prince Rupert was to be just another city. The Bishop did not elaborate but doubtless he had in mind that the people here had it in their power to build a distinctive city, something different and better than other cities. He probably would have said that now at the beginning of things was the time to make our city beautiful with gardens and parks such as could not be seen elsewhere. The city could be kept clean of slums and unsightly buildings. Physically it could be a city of strong, useful young men and women with high ideals. Plague spots could be eliminated and it might be such a place as people would like to visit.

### Interior Visitors

Next Tuesday night the train from the interior should bring a number of visitors from towns and villages between Prince Rupert and Prince George to do some shopping. May we, as we have done on former occasions, suggest to local people the possibility of keeping open house for a couple of days and making the visitors welcome. The railway company is co-operating by giving a very cheap rate. If we make the visitors welcome we shall expect to see them take advantage of similar excursions at other times and thus encourage the railway company to continue their policy.

## BAZAAR OF ST. PETER'S

The annual fall bazaar of the Woman's Auxiliary of St. Peter's Anglican Church was held in the Parish Hall at Seal Cove yesterday afternoon and, with many ladies calling throughout the afternoon to extend their patronage, the affair proved to be most successful in all respects.

Rev. J. E. Birchall, the rector, opened the affair.

The guests were received by Mrs. W. H. Goodsell, first vice-president, in the absence of the president, Mrs. G. A. Kelsey.

## What Are People Of Rupert Doing?

Is This to Be "Just Another City"? Inquired Bishop Wells of Cariboo In Address

"What are you members of the Rotary Club putting into Prince Rupert?" inquired Right Rev. Bishop Wells in an address at the regular weekly luncheon of that organization in the Commodore Cafe yesterday afternoon, C. V. Evitt presiding. He asked if the people here were allowing only those things which were pure and clean or would Prince Rupert be "just another city?"

The Bishop repeated in substance the lecture given the previous day to the members of the Gyro Club, laying stress on the matter of religion and of the value of little church gatherings. He embellished his talk by pointed references to the weaknesses and foibles and peculiarities of various people. Speaking of language, he mentioned that a person could get along very well. A person could usually get by anywhere. "Even with the variety in use in Prince Rupert he'll get through." The English tongue was used all over the Empire and in the country to the south. All have the same language. "Even though some speak through their noses, we still understand them." He joked about the Irish and the Scottish but the humor was only incidental to a powerful address in which he emphasized the value of being a member of the British Empire as the greatest factor in world peace.

## They Live By The INDUSTRIES of CANADA

### For Instance, take Our Own Industry

The plants of the automobile manufacturers employ about 14,000 men and women engaged in the building of cars and trucks; an impressive figure, but merely the start of a chain of jobs.

The plants of the Paris Manufacturers employ many thousands more, and those engaged in the rubber, textile, paint, glass, chemical and steel industries add yet other thousands to the total, dependent in part or in whole, on the production of Canadian-built cars.

To this impressive total must also be added the employees of firms dealing in raw materials, food, clothing and other living necessities, and employees of the railways who live by traffic.

All these people are vitally interested in a sound and well-supported Canadian Automobile Industry.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lumsden Building, Toronto.

Jobs are vital to Canadian homes and families. No matter what the job may be; in a factory, office or store, in a mine or in the woods, on the farm or on the railway, it is affected, directly or indirectly, by the industries of Canada. Thriving industries mean more and better jobs all around; hampered industries mean fewer and poorer jobs.

Industry provides a home market for our natural resources; for the produce of the farm, the output of the mine, the cut of the forest and the catch of the fishing fleet. Each industrial unit buys the

manufactured product of many other units. All buy raw materials from every domestic source. The employees of each of these units constitute groups of consumers whose mass purchases of food, clothing, housing and amusement, spread prosperity over industry and the country as a whole.

The interests of industry and of the individual, be he business man, mechanic, laborer, clerk, farmer, fisherman, miner, rail-roader or lumberman, are identical. What hurts one hurts the other. What helps one helps the other.

## WHIFFLETS

From the Waterfront

Local Waterfront Contract Con-  
firmed—Stir on Seattle Water-  
front. Mackerel Taken on Queen  
Charlotte Islands.

Official announcement was made  
by the Department of Public Works  
in Ottawa today of the awarding of  
the contract for alterations and ad-  
ditions to the Royal Canadian Na-  
val Volunteer Reserve building at  
Prince Rupert to John Currie &  
Son of Prince Rupert at a contract  
figure of \$8500. Announcement of  
the letting of the contract was al-  
ready made several days ago in  
the Daily News.

Seattle's waterfront was all agog  
recently when the power schooner  
President came in with a more  
than usually salty tale. Captain  
Thomas L. Thompson was the  
bearer of the strange tale. "We  
came in toward Hecate Strait  
about one o'clock in the morning,"  
he said. "We had been running in  
heavy fog for about three hours,  
and it was so dark you couldn't  
see a boat length ahead. We were  
nearing land and we stopped to  
take soundings. I came forward  
from the wheelhouse as Nels Wal-  
berg started to cast the lead. The  
next thing we knew there were  
bird cries all around us in the  
dark and we could hear the rustle  
of what sounded like a million  
wings. The birds were like mos-  
quitoes, there were so many. They  
seemed to be so tired they could  
hardly fly, and they settled down  
on the decks and masts and over  
the wheelhouse. We picked them  
up and threw them overboard to  
make a path back to the wheel-  
house, but more settled where  
they had been. They started going  
down the hatch into the fo'c's'le  
and the boys below threw them  
out as fast as they came in and  
finally closed the hatch. They got  
into the engine room and the en-  
gineer was driving them out of  
corners for all the next day. Then  
they started laying eggs on the  
deck. We got six of the eggs to  
bring home with us. We lay off  
the land taking soundings until  
daylight and the birds sat on the  
boat all night. They flew away at  
dawn and we came on into Queen  
Charlotte Sound, homeward  
bound." Capt. Thompson believed  
the birds were of several varieties  
of fork-tailed petrel which frequent  
northern waters. They were about  
the size of gulls and the eggs were  
three quarters of an inch long  
and pure white.

Rev. and Mrs. L. G. Seider re-  
turned to Queen Charlotte City  
with the United Church mission  
boat Udal this week after a trip  
to Sandspit and Skidegate Mission.

The Fishermen's Co-operative  
Association held a meeting last  
Saturday at the residence of E.  
Rolston at Queen Charlotte. Those  
attending included the president,  
Capt. M. Anderson, and the sec-  
retary, Capt. Charles Valley.

During the salmon seining sea-  
son this year around Skidegate  
Inlet several large hauls of mack-  
erel were made in salmon seines.  
After the fishermen had taken  
what they needed for their own  
use, the mackerel were liberated.

With another bumper passenger  
list, C. P. R. steamer Princess  
Norah, Capt. William Palmer, was  
in port from 3 to 4:30 yester-  
day afternoon southbound from  
Skagway to Vancouver. The vessel  
had no less than 215 passengers  
aboard on arrival here. Of this  
number, 31 disembarked at Prince  
Rupert, including twenty-five de-  
legates from this district who have  
been in attendance at the Sal-  
vation Army Congress in Ketchi-  
kan this week. The Norah had no  
room to take on passengers from  
this port for the south.

## MARRIED THURSDAY

Miss Inez Pettenuzo Becomes Bride  
Of Leonard Griffiths

A pretty and interesting wed-  
ding took place at 3 o'clock yester-  
day afternoon at the chapel of  
the Church of the Annunciation,  
Rt. Rev. E. M. Buno D.D., Bishop  
of Northern British Columbia and  
the Yukon officiating, when Miss  
Inez Angelica Pettenuzo, elder  
daughter of Mr. and Mrs. E. Pet-  
tenuzo, 717 Seventh Avenue West,  
was united in marriage to Leonard  
Charles Griffiths, son of Mr. and  
Mrs. W. D. Griffiths of Cardiff,  
South Wales.

The bride was charming in her  
wedding gown of white Spanish  
lace, Princess style, with silk net  
veil and tiara of orange blossoms,  
carrying a bouquet of white lilies  
and fern. She was attended by  
two bridesmaids, Miss Lydia Pet-  
tenuzo and Miss Angelica Colussi,  
the former wore shell pink chiffon  
with pink chiffon turban hat trim-  
med with silver lame and silver  
slippers, carrying a bouquet of  
white and rose carnations. The  
latter wore coronation blue chif-  
fon with blue turban and also

carried a bouquet of white and  
rose carnations.  
The groomsmen were Tom Mor-  
gan.

### Reception in Evening

Last evening there was a re-  
ception at the home of the bride's  
parents with about 100 well wish-  
ing friends in attendance. The  
couple received the congratula-  
tions and best wishes of their  
friends under a bridal arch and  
bell, the decorations featuring pink  
and white roses with salal leaves.  
During the serving of buffet re-  
freshments, a toast to the bride  
was proposed by Tom Morgan and  
responded to by the groom. The  
remainder of the evening was  
delightfully spent in dancing with  
music by Julius Welle's Orchestra.

Mrs. Pettenuzo, mother of the  
bride, and Mrs. Tom Morgan, as-  
sisted in receiving the guests. Mrs.  
Morgan wore olive green satin and  
Mrs. Pettenuzo navy blue crepe  
with corsage of pink and white  
carnations.

The bride was assisted in cutting  
a beautiful four tier wedding cake  
by Miss Alvina Turgeon.

Serviteurs were Misses Margaret  
Fritz, Grace Clark, Yolanda Dom-  
inato, Irma Bussanich, Eva Cava-  
lier, Margaret Cook, Carrie Whif-

### Pat Dolan And Jack Stote In Headline Bout

OCEAN FALLS, Dec. 4.—Interest of Ocean Falls sport fans is centred in a mixed boxing and wrestling card to be staged in December. Pat Dolan of Ocean Falls has been matched with Jack Stote of Vancouver, the British Columbia amateur titleholder for 1936, in the scientific and acrobatic wrestling headliner. This main event will be to eight rounds and plenty of action is assured.

### SPORT CHAT

The 2 to 1 victory of Toronto Maple Leafs over Montreal Maroons at Montreal in the only National Hockey League game Tuesday night would seem to indicate that the new Maple Leaf alignment is beginning to function more effectively. The Leafs are now in third place in the International Section standing with the Maroons in the basement. The Detroit Red Wings defeated the leading New York Rangers 2 to nil at New York last night to advance into a tie with Boston Bruins for second place in the American section.

Glace Bay Caledonians, holders of the McTier Challenge Trophy emblematic of eastern Canadian rigger supremacy, and McCurdy Cup, symbolic of the Maritime Provinces' championship, are seeking matches with clubs in the Eastern Rugby Union of the United States.

## CLOTHIERS' EASY WIN

#### Lambie & Stone Put on Great Hoop Display to Beat Grotto

The Lambie and Stone Senior League quintet last night put on one of the greatest displays of basketball seen in these parts in a long time and gave the Grotto the worst trouncing in the Senior League to date by a score of 51 to 32. Jumping into a quick 8-0 lead in the first two minutes of play, the "Three Basketeers" of the Clothiers—Lindsay, Calderoni and Santerbane—dropped in shot after shot to culminate some pretty combination and give Lambie and Stone a 27 to 9 lead at the interval. The second half was merely a repetition of what had gone before as the Clothiers, playing a five man defense, bottled up the whole tobaccoist crew and still continued to snare their quota of counters. Twelve minutes from time the score stood 43-13. Up to this time "Legs" MacPhee had been limited to one free throw but now he began to sink them from all angles while his team-mates—"Hooker" Morgan and "Bad Man" Stalker—garnered the occasional tally. With five minutes to go, the Clothiers again turned on the steam and breezed home with a more than comfortable margin, 51 to 32, at the final whistle.

**Intermediate League**  
In the Intermediate fixture Ben's Newsies, playing a bang-up brand of ball, turned back the reinforced artillery of the Regiment 27 to 18. The Newsies took the lead from the whistle and were never headed, half time finding them on top 13 to 4. Following the rest period the soldier boys started out to go places but somehow didn't manage to reach there as the Newsies, taking advantage of scoring opportunities, continued to forge ahead and hold their nine point lead until the whistle. Nelson Allen, last year's hoop prexy, playing his first game in Rupert, and Laughlin Gillies, exponent of physical training, turned in a good game for the losers.

**Ladies' League**  
The Grotettes, surprise packet of the Ladies' League, went into the second half of their game with Annette's without a point registered on the board for them and, led by Beale, Smith and Croxford, proceeded to outscore the milliners 4 to 1 and take the win 8 to 6. This game was featured by hard checking on both sides, no less than nineteen persons being called in all.

**Junior League**  
In the Junior League curtain raiser, the Moose met the cellar place Seal Cove squad and won a one-sided 22 to 7 victory. The East-enders missed McKay, their only shot, but gave the winners a good-run for the game on floor play. Winslow and Holkestad did most of the damage for the Moose.

Individual scoring was as follows:  
**Junior League**  
Seal Cove—Dalzell (2), Rystad (3), Dennis (2), MacDonald, Ritchie.

## Sport Letter Box

### AN EXPLANATION

Sports Editor,  
Daily News:  
With reference to the wrestling show in which I took part on November 18 in your City, I feel that I owe the public who attended the wrestling bout an apology and explanation.

All fans of any kind of sport know well enough that both contestants must be willing to fight and give their best to please the public.

I am sorry to say that my opponent was in no condition to do so, depending entirely on his weight advantage and working on the defensive only.

Should Mr. Stone, local promoter, decide on any future wrestling bouts, I would be quite willing to wrestle in your City for my expenses only, providing he could get a suitable opponent for me. I would appreciate the opportunity to put myself right with your sport-loving community. I am very grateful to you for granting me space in your valuable paper.

#### Baldwin's Ultimatum

Continued from Page 1

that the government was definitely opposed to this.

Later today Mr. Baldwin again went to Fort Belvedere, the King's country residence, arriving there at 6:05 p.m.

"Nothing but a miracle" will prevent announcement Monday of the King's abdication, Hava's News Agency said tonight.

**Demonstration For King**  
There was a demonstration of affection for the King at the changing of the Guard outside Buckingham Palace today and also at a peace meeting at Albert Hall last night when a crowd of 7,000 cheered and sang "God Save the King."

Mrs. Simpson left Fort Belvedere last night for Rouen, France. She was placed in the car by the King himself and was accompanied to France by her chauffeur, one of the King's secretaries and a body-guard.

#### Mission Finishes

(Continued from Page 1)

what we can do ourselves in order to obtain forgiveness. The measure of our forgiveness with God is our forgiveness of others."

**The "Returning" Son**  
The Bishop referred to the parable of the Prodigal Son, preferring to call him "The Returning Son" and emphasizing "returning." Admitting wrong was a hard thing. As soon as he had made up his mind to do it the father anticipated his desire and ran to meet him. This was true to life. An earthly father was usually eager and anxious to forgive when confession had been made.

This was a picture of God. God could not save a man until he was ready to admit his faults. There could be no forgiveness without admission and confession. Then the power of God came in.

"We may not break any of the Commandments yet be guilty of sin. To know the right and do it not—the sin of doing nothing—is the most popular sin in the world. It is along that line that most of us will get into difficulties on the day of judgment. We condemn men who fail to do their duty. We need not be surprised when God does likewise.

"Christian people are to be witnesses standing for what is right, true, honest and good.

"The viewpoint in Christian experience is confession and then to lift up to God in all that we do."  
Mrs. Hugh Forrest sang "Come Unto Him."

**MRS. MILLS RETURNS**  
TERRACE, Dec. 4:—Mrs. Stanley Mill returned to Terrace on Monday after having undergone an operation in the Prince Rupert General Hospital.

#### TINY FILM STAR HERE

Ever Popular Shirley Temple in "Poor Little Rich Girl" At Capitol Theatre

Surrounded by an exceptional cast, singing five new song hits and with a splendid story for her remarkable acting talents, Shirley Temple, little queen of all the juvenile screen stars, is coming to the Capitol Theatre here this week-end in "Poor Little Rich Girl." It will undoubtedly, be a real treat for all local movie fans who are every one admirers of Shirley Temple.

Shirley is seen as the little daughter of Michael Whalen, a wealthy young business man, who is far too occupied making money to devote much time to his child. Shirley persuades her father to send her to boarding school but, on the way to the train, she wanders into the busy streets of New York where she has many exciting adventures. Jack Haley and Alice Faye, an out of work vaudeville team, find Shirley and take her into their act. After several complications in the plot, there is a whirlwind of exciting events before a thrilling climax is reached.

#### Twenty-Five Years Ago

December 4, 1911  
The 580 lots in Section Two offered for sale at auction brought a total of \$573,335 or close to \$1,000 per lot. The highest price paid was by V. D. Casley and Wilfrid Gratton—\$5,200 and \$6,575 for a pair at the junction of Second Avenue with Moresby and Atlin. The sale has been concluded by Auctioneer Frank Ellis.

With the pelt of a beautiful silver fox valued undressed at \$600, the Belway, well known Skeena river trapper, arrived recently at his camp at Mile 65.

The body of a new arrival in the city from Vancouver was found in a pool of blood in his room at the Queen's Hotel by manager George Poupadopolis. He cut out his own throat with a razor.
