PEOPLE ARE JEALOUS

"I have met a great many visitors to Prince Rupert and I find that many of them are really jealous of the climate, the freshness and the greenness of the place and especially the gardens," declared a local resident recently.

And all this time many Prince Rupert people are jealous of the long periods of sunshine, the dust and the heat of many southern cities. Some even suggest they would like to leave the coolness and freshness and greenness of Prince Rupert behind and stay in the land of dust and drought and heat and there sweat their hearts out.

WHAT'S THE NEWS?

Most people when they ask, "What's the news?" mean that they would like to know if anybody is dead, married, born or killed. Has a war started? Is there a new political or other disturbance?

The news today is that the countries of Europe, which have been making wry faces at each other for the past many moons, are still doing the same. The probability seems to be that the situation will end with the nations making faces at each other and the newspapers telling the people of the world that another crisis has arisen or another crisis is past.

The whole of Europe today is something like the Balkans used to be, only in the Balkans they sometimes threw off their coats and had a round or two until both contestants were tired.

SHOULD IT BE ALLOWED?

The Dominion Bureau of Statistics tells us that among the imports into Canada from the United States were five dollars worth of leeches. Yes, we imported blood suckers and paid five dollars for them and the Bureau of Statistics expended at least another dollar in tabulating them and sending out the information from one end of Canada to the other. Also we imported from Great Britain something like 75,000 golf balls during the same period, that is during the month of June. Think how much profanity those golf balls will cause. Another dangerous import was four and a half million pounds of raw rubber. Some of it will be made into motor tires which will run down a great many pedestrians and kill them. Some of it will be made into medical instruments which also may prove a danger. It makes us pause to consider whether imports of any kind should be allowed.

UNITED STATES MAKING FINE OLYMPIC SHOWING

BERLIN, Aug. 10:—The United States, up to Sunday night, had won twelve championships out of 22 events which had been completed at the Olympic Games. The Americans seemed well on their way to bettering their feat of 1920 at the Olympic Games in Stockholm when they won thirteen events. The American point total up to Saturday night had been built up to 188 points and the United States was assured of clinching the track and field championships. In basketball yesterday United States scored a 52 to 28 victory over Estonia, halftime score having been 26 to 7 for the winners. On Saturday Glenn Morris, Denver automobile salesman, took the decathlon with a point total that broke his own record of the world, moving into the lead at the start of the sixth event. Morris gradually added to his total and won with a score of 7,900, that shattered the world record he created in winning the Olympic try-outs in Milwaukee in June. Morris clinched for the United States the unofficial team title for men's track and field and left America needing only one victory in events to surpass its 11 victories of 1932 at Los Angeles. Behind Morris came two of his team-mates, Bob Clark of San Francisco was second with 7,601 and Jack Parker of Sacramento finished third with 7,271 points. The fastest heat for the 400 men's relay was made by the American quartet, who turned in 40 seconds flat, to tie the world's record. The team was composed of Jesse Owens, Ralph Metcalfe, Foy Draper and Frank Wykoff.

The United States qualified three girls for today's semi-finals in the women's 100 metre free style swim and two men for the final in the men's 100 metre free style.

FLOWERS ARE FINE

Local Display is Largest and Best—List of Winners

The largest and best flower show yet held by the Prince Rupert Horticultural Society opened in the building owned by the city and formerly occupied by McCutcheon's Drug Store. While roses are not so much in evidence this year as on former occasions, some good blooms were examined by the judge before he was able to give a decision.

Sweet peas are the feature of the show, a long row of tables being devoted almost entirely to these flowers with many of them indeed exquisite. The best sweet peas exhibited were those sent in by J. K. Murray of Alfred Street but, unfortunately, he did not strictly conform to the rules, putting in one bloom too many and his exhibit was disqualified. One of President Jack Frew's exhibits was also disqualified for having one flower too few, each of these being an oversight.

Vases for centre tables and floral displays brought out some very beautiful combinations of flowers and in many classes of annuals and perennials there were fine specimens shown.

F. J. Fuller had an excellent display of flowers grown by him but it was too large to comply with the regulations. The C.N.R. complimentary display was excellent and H. B. Rochester and Arthur Bayne supplied the window decorations, one on each side.

The management of the show was in the capable hands of Jack Frew and Frank Dibb with Mrs. C. J. Norrington, Mrs. R. M. Winslow and a number of others helping. Mr. Dibb has worked long and well to make the show a success and his efforts have been crowned with success. The show will be open until ten o'clock to-night after which the exhibits will be removed.

The prize list is as follows:

- Three red roses, any variety—E. Allstone, E. Evenson.
- Three pink roses, any variety—Mrs. Robert Gordon, Mrs. Arnold.

Former Resident Of Prince Rupert Married in South

Miss Ruth Laura Pitcher Becomes Bride of Bennett Barry At Pretty Home Wedding

A quiet wedding of much interest was solemnized August 3 at 2:30 p.m. by Rev. Andrew Rodden of the First United Church, at the home of Mr. and Mrs. L. Piche, Vancouver B. C., when their youngest daughter, Ruth Laura, for several years a resident of Prince Rupert, became the bride of Bennett Barry, only son of Mr. and Mrs. M. Barry of Victoria, B. C.

The reception room was tastefully decorated with the numerous flowers of the season. An arch in pink and white with streamers attached proved a pretty setting for the ceremony.

The bride, given in marriage by her father, looked very charming in a navy blue silk pebble crepe dress, with a white turban hat with pointed veil and white kid gloves. She carried a shower bouquet of ophelia roses and white carnations. She was attended by Miss Beatrice Barry, sister of the groom, who wore a blue silk dress with red accessories and a spray of white carnations. The groom was supported by his cousin, Gerald Thomas of Bellingham, Wash.

The mother of the bride wore a dress of navy and white figured crepe with scalloped cape sleeves, with white accessories to match. The mother of the groom wore a brown crepe dress with peach collar and cuffs, and hat to match.

After the ceremony a buffet luncheon was served to the guests present, when the three tier wedding cake, which was very decorative, surrounded by vases of sweet peas and baby's breath, was also served.

Those present were Mr. and Mrs. Pitcher, parents of the bride, Mr. and Mrs. M. Barry of Victoria, parents of the groom, Miss B. Barry, Mr. and Mrs. Thomas of Bellingham, Mrs. Hawks of Victoria, Miss M. Lawson of Victoria G. Thomas, Miss B. Warren, Mrs. J. Mowat.

The happy couple left by motor for Bellingham, Seattle and other points for their honeymoon. For travelling the bride wore a sky blue sport suit, with hat to match and a white polo coat with matching accessories.

On their return Mr. and Mrs. Barry will make their home in Victoria, B.C.

Having been delayed by heavy freights for cannery points, Union steamer Catala, Capt. James Findlay, arrived in port at 1:30 this morning from the south and sailed a couple of hours later for Stewart, Anxoy and other northern points whence she is due to return here tomorrow afternoon southbound.

WHIFFLETS From the Waterfront

Pinks Put in Appearance in Massett Inlet — Last Big Monday For Tourists — Flying Boat on Dry Dock.

The week-end saw appearance of the first pink salmon in Massett Inlet where a good cycle run is expected this year and where, for the first time in several seasons, three canneries are in operation—the Massett Cannery at Old Massett, Langara Fishing & Packing Co. at New Massett and B. C. Packers at Shannon Bay. The run has not sufficiently developed, however, to indicate how extensive it might be. Good pink seining is reported from Butedale and Lowe Inlet in Prince Rupert district but the peak of the pink run appears to be over on the Naas River. Gill netters on the Naas and Skeena are averaging 100 pinks per boat while the sockeye run is showing definite signs of falling off.

Halibut fishing in Area No. 2 comes to a close at midnight to-night, marking the end of the season for many of the smaller vessels of the Canadian fleet while a few of the larger vessels will continue fishing in the more remote area No. 3.

EXCITEMENT AND DRAMA

Combined in Double-Bill Program At Capitol Theatre at First Of This Week

"The Case Against Mrs. Ames" a fast-moving drama dealing with a beautiful mother's battle to retain her life, her good name and her only child, and "Border Flight," an action-filled air drama, comprise an interesting first of the week double-bill program at the Capitol Theatre.

"The Case Against Mrs. Ames" sustains suspense through one startling development after another until the closing fade-out with Madeline Carroll turning in an unusually fine piece of emotional acting. Mrs. Ames' is charged with the murder of her husband, a millionaire social leader. Public opinion, her wealthy mother-in-law, even her own attorney are against her. The murder trial is replete with powerful drama, George Brent, as the chief prosecutor, acts skilfully. Arthur Treacher and Alan Mowbray are also included in the cast.

Showing activities of the United States air corps, "Border Flight" is a thrilling story of combat between the agents of the law and members of a fur-smuggling band operating off the coast of California. John Howard and Grant Withers are buddies of the corps who become rivals for the affections of one girl, Frances Farmer. Withers' expulsion from the corps leads to some exciting complications.
