CONSTIPATION* MAY CUT DOWN YOUR ENJOYMENT OF LIFE

Long Neglected, It May Even Develop Serious Consequences

Common constipation* keeps you from being at your best. It causes discomfort, and may lead to headaches and loss of appetite. You feel below par, lack your usual vigor.

So many people treat this condition as a slight matter. But it can be the starting point of serious trouble. It contributes to a general run-down condition. With lowered bodily resistance, you are more likely to pick up the first chance infection you meet in your everyday routine.

Common constipation is due usually to insufficient "bulk" in meals. Fortunately, a delicious cereal supolies gentle "bulk." Within the body, the "bulk" in Kellogg's ALL-Bran absorbs moisture, forms a soft mass, and cleanses the system.

Serve ALL-BRAN as a cereal, with milk or cream, or cook into muffins. breads, etc. Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor.

ALL-BRAN is guaranteed by the Kellogg Company as an effective laxative food for constipation.* Sold by all grocers. Made by Kellogg in London, Ontario.
