### HOW JAPAN DOES IT

Japanese statesmen are wise. They understand the art of developing a country in direct contra-distinction to the muddling of Canadians. This is a rather bold statement Booth School but let us illustrate.

The vision of Sir Wilfrid was splendid but he lost the president of the railway company in a steamship wreck and in 1911 he was forced out of office and the new port was turned over to the tender mercies of the other political party. They refused even to provide enough cars for the transportation of fish which had become the mainstay of the port.

Canadian administrators. lacking the vision of the great Canadian or even of the Japanese, may yet be induced to turn their eyes to Northern and Central British Columbia, put in there white settlers who will utilize the lands which are at present a temptation to other nations, make at least an attempt to build up the port, extend the railway services and develop the huge northern and central territory of British Columbia.

Geo. Woodland and Neil Cameron Meeting This Afternoon

The final of the Canadian Legion handicap billiard tournament takes place this afternoon when George Woodland and Neil Cameron meet. eliminated by George Dawes by points when Woodland drew ahead. Neither player struck his best form.

Woodland has been playing a good brand of billiards lately and, while he is not likely to run up a very big break, his consistent game will make him a strong contender for the game. Cameron is, of course, a better player but the handicapping makes the match most interesting and there is keen interest in the outcome.

Common constipation is largely due to insufficient "bulk" in mea You fail to get your internal exercise. Millions of people have found that Kellogg's ALL-BRAN supplies soft "bulk" with satisfactory

Tests in nutrition laboratories demonstrate that the "bulk" in ALL-BRAN can be used with the utmost confidence. Naturally, those few individuals with diseased or highly sensitive intestines should not take "bulk" in any form-either in leafy vegetables or in bran.

Unlike cathartics, ALL-BRAN is natural in its action - nor does this food lose its effectiveness with continued use. Within the body, it absorbs moisture and cleanses the intestines, promoting normal and healthful elimination.

Two tablespoonfuls of this delicious cereal, served with milk or cream, are usually sufficient. Enjoy it also in cooked dishes.

Help your family keep well. Serve ALL-BRAN regularly for regularity. Sold by all grocers. Made by Kellogg in London, Ontario.
