BRITISH NEWSPAPERS EXPRESS CONCERN AT CONDUCT OF MONARCH

Are Stirred to Comment by Remarks of Bishop of Bradford With Which They Seem to Be Largely in Accord

LONDON, Dec. 2: (CP)—The Yorkshire Post, in an editorial today, spoke of the "deep disappointment" that would follow the dispute between the King and his ministers such as must almost inevitably raise a constitutional issue of the gravest character. Making what was believed to be reference to the friendship between the King and Mrs. Wallis Simpson, the Yorkshire Post said: "It is proper to treat with contempt mere gossip as frequently is associated with the names of European royal persons. But certain statements which have appeared in reputable United States journals and even, we believe, in some Dominion newspapers cannot be treated with quite so much indifference."

The Yorkshire Post continued to say that Rt. Rev. A. W. F. Blunt D.D., Bishop of Bradford, "must have had good reason for so pointed a remark." This was in commenting upon certain remarks made by Bishop Blunt at a diocesan conference yesterday.

The Yorkshire Observer, published at Bradford, also commented on Bishop Blunt's remarks. "The Bishop was right in his assertion and the issues now raised extend far beyond the definition of coronation formalities," the Observer said.

A Leeds Mercury editorial expressed hope that, if the King "receives guidance in any problem of conscience as may appear possible from certain reports in circulation, he will seek it from our leaders of the church and state who have at heart the greatness of our country."

The Birmingham Post calls the Bishop's words "such a reproof as nobody, whether cleric or layman, has thought proper to address to a King of England for many a long day."

"Constitutional Crisis"

The Associated Press referred to the situation as a "constitutional crisis." The British newspapers and news services broke out into editorial comment on the speech yesterday of the Bishop of Bradford that the king "needs the grace of God for his office," but did not mention Mrs. Simpson. The Associated Press said the Premier was believed to have informed the King that the cabinet, with the backing of Parliament, is prepared to resign unless His Majesty gives up any plan he may have to marry Mrs. Simpson.

The stock market dropped sluggishly today, reflecting, brokers said, a growing concern lest the King's friendship with Mrs. Simpson might result in the resignation of the cabinet. The brokers expected the downward tendency to continue unless the meaning of the bishop's remarks were clarified.

A wholly unconfirmed rumor had it that the cabinet had decided to resign Saturday unless the King gives up his friendship. Those sponsoring the report said the government already had thoroughly sounded out the opposition and had gained a promise of co-operation in any crisis. The rumor's implication was that if the cabinet quit, other parties would refuse to form a government.

Lloyd's insurance rates against a possible postponement of the coronation jumped to 25 guineas per 100 today.

Showdown Expected
Premier Baldwin called on the King at Buckingham Palace to-night as a succession of unconfirmed rumors pointed to a show-

CREDITERS TO UNITE

One of British Columbia's Social Credit Organizations Decides To Withdraw

VANCOUVER, Dec. 2: (CP)—The British Columbia Social Credit Union, recently launched with Premier William Aberhart of Alberta as general chairman, announces that it will withdraw from the British Columbia political field.

John L. Loveseth, executive secretary, has resigned and the office will be closed.

This action follows an announcement last Friday that another Social Credit body, the British Columbia Social Credit League, had selected eleven candidates for the next provincial election.

A statement from the Union said: "Mr. Loveseth believes that, in view of the action taken by the other Social Credit bodies, it is inadvisable and not in the best interests of the Social Credit movement to continue his endeavors to obtain co-operation in this province with Premier Aberhart's policies."

The Social Credit League does not follow the leadership of any particular person.

CONVENTION PROGRESSES

Natives of Northern British Columbia Are Still in Session At Port Simpson

PORT SIMPSON, Dec. 2:—Villages all the way from Massett to Bella Bella are represented with delegates at the annual convention of the Native Brotherhood of Northern British Columbia which has been in progress at Port Simpson for the last couple of days. The meetings are progressing successfully with excellent results.

Proposal to Fill in Cow Bay Was Long Bone of Contention; Plan is Apparently Abandoned

Dissolution by provincial order-in-council at Victoria, as announced yesterday, of the eighteen-year old agreement whereby the province was to exchange waterfront acreage at Prince Rupert with the Grand Trunk Pacific Railway presumably involves the loss by the city of a 200-foot piece of waterfront in Block G which, under the

provincial government and the Grand Trunk Pacific Railway whereby the railway agreed to transfer to the province a waterfront lot and a reservation for a forty-foot road in exchange for a piece of land including Cow Bay and consent to filling in of Cow Bay. The railway commission would grant the application only on condition that the city would give its approval and consent.

In 1923 an act was passed by the Legislature providing, among other things, that the province should grant to the city a portion of the 450 feet of the water lot in front of Waterfront Block G which was to be transferred by the railway company to the province in return for the city's assent to the filling in of Cow Bay. On July 8, 1929, the city gave its written consent to the application on condition that the province grant the city not exceeding 200 feet of waterfront.

As late as October last year the railway company was continuing negotiations with a view to filling in Cow Bay but, since then, has, apparently, abandoned the de-

RAILWAY CHANGES

Many Transfers in Operating Department of Canadian National

WINNIPEG, Dec. 2:—Additional changes in the operating staff of the western region of the Canadian National Railways are announced by Vice-President A. E. Warren, effective December 1.

J. H. McKinnon, superintendent at Prince Albert, is transferred to be superintendent at Calgary in place of J. P. Johnson, transferred to North Bay as general superintendent.

N. P. North, superintendent of transportation, Winnipeg, is transferred to be superintendent at Prince Albert.

J. W. Crane, assistant superintendent at Kamloops, is transferred to Winnipeg as superintendent of transportation for Manitoba district.

In addition to the above, two further changes are also announced:

J. P. Kirkpatrick, assistant superintendent at Sioux Lookout, is transferred to be assistant superintendent at Kamloops.
G. A. Gray, Winnipeg, is appointed assistant superintendent at Sioux Lookout.

J. H. McKinnon entered the railway service in 1900 and occupied many positions until 1911 when he went to St. Paul as commercial agent. In 1917 he was appointed superintendent at Virginia, went later to Kamloops and returned to Virginia in 1931. In 1933 he was moved to Prince Albert as superintendent.

N. P. North entered Canadian National Railway service in 1912 and after being located at various points in the United States and eastern Canada, went to Hornby as superintendent in 1927. He was later superintendent at Port Arthur and, in 1931, was superintendent of transportation, Winnipeg.

J. W. Crane entered railway service in 1903 and has held operating positions at many points in Western Canada. He was superintendent in Prince Albert and Brandon and went to Kamloops in 1931.

Today's Weather (Government Telegraphs)

SILVER PRICE ADVANCES
NEW YORK, Dec. 2: (CP)—Bar silver advanced to 46c per ounce on the New York metal market yesterday.

Between Thirty and One Hundred Killed in Air Raid; Britons Near Hit

Thousands of Frightened Residents Take to Cellars—Attack Still Concentrated on Suburban University City

MADRID, Dec. 2: (CP)—Sixteen Fascist bombers, smashing Madrid houses to splinters, killed between thirty and one hundred men, women and children in a swift air raid today. Thousands of frightened residents ran for shelter to their cellars.

Hospitals are now treating what authorities call the first gas cases of the siege.

Close to fifty heavy bombs were dropped by the sixteen planes, mostly on the suburban University City and workers' sections.

Two visiting British Members of Parliament narrowly escaped flying shrapnel.

HOSPITAL BUILDING

Nothing to be Done Until 1938—To Seek Greater Public Interest

The new hospital building project here, upon which it now seems agreed nothing can be undertaken until 1938 by which time it is hoped sufficient funds will have accumulated to justify a start being made, was again under discussion at last night's meeting of the hospital board.

The grant of \$25,000 voted for the new hospital at the recent session of the Legislature comes under the fiscal year April 1, 1937, to March 31, 1938, it was pointed out and may be pyramided, it is thought, with such appropriations as may be subsequently made. It was generally agreed that more than \$25,000 would have to be available before any start on building could be made.

City Commissioner W. J. Alder stated that Henry Whittaker, provincial architect, had been working on plans for a 70-bed hospital estimated to cost from \$175,000 to \$200,000.

In the course of a discussion of possible ways and means of raising funds locally for the hospital project, City Commissioner Alder proposed that the Junior Chamber of Commerce and Rotary and Gyro Clubs as well as other organizations might be induced to become interested. The desirability of having a larger membership in the hospital association and a consequent greater degree of public interest was stressed by Dr. A. S. Lamb, provincial hospital inspector. With this end in view it is proposed to reduce the annual membership fee from \$2 to \$1.

If nothing was to be done about a new hospital for a year or so, Dr. Lamb suggested the advisability of spending some money on improving the fire escapes of the present building. The house committee of the hospital board now has this matter in hand and it is proposed to obtain the advice of the city engineer.

A report from Fire Chief J. R. Morrison advised the board that the usual monthly inspections had been made and, from a fire standpoint, everything at the hospital and nurses' home appeared to be in good order.

HOSPITAL FINANCES

Hospital disbursements for the month of October amounted to \$3952.43, it was reported at last night's board meeting by the finance committee. Receipts for the month were not divulged. There were 1500 hospital days at \$2.64 per day.

Vancouver Wheat

VANCOUVER, Dec. 2: (CP)—Wheat advanced to \$1.12½ on the Vancouver market yesterday.

Ten Children On First Trip

Family Ranging in Age From Three To Twenty-One Going To England

WINNIPEG, Dec. 2:—The ten children of Mr. and Mrs. W. E. Slade, of Simon House, Man., will receive the most unique Christmas present of their lives this year. They are all on their way to the Old Country, having left Winnipeg last night over Canadian National lines. The children, who range in ages from 21 to the little girl of three years, have not only never seen a large ship but this is the first time they have ever been as far away from home as Winnipeg. Needless to say the children are at the height of excitement already and keep asking their parents at each stop: "Is this where the big boat is?"

Mr. and Mrs. Slade have not been back to the Old Country for 26 years and are looking forward with as much excitement as the children to their arrival "back home in dear old Kent, where I was born," as Mr. Slade puts it.

Weather Forecast

Pressure is high off the British Columbia coast with light scattered showers occurring over the province.

Prince Rupert and Queen Charlotte Islands—Moderate to fresh west to north winds becoming steadily colder followed by snow flurries.

West Coast Vancouver Island—Moderate westerly winds, fine and not much change in temperature.

Exit The Crystal Palace

The Crystal Palace, one of the attractions of tourists a few miles from London, was totally destroyed by fire yesterday. It was built about three-quarters of a century ago to house the first great exhibition ever staged in Britain, the greatest in the world up to that time. All Englishmen know the Crystal Palace either from having visited it or by repute. It was one of the landmarks of the country and when illuminated for special occasions is said to have been a wonderful sight.

Outstanding Bank

In today's issue we are publishing the annual financial statement of the Bank of Montreal. The bank announces that the year has been marked by more active conditions in most branches of trade and commerce and this has been reflected by expansion in many of the principal departments of the bank. Total assets have increased and from the accumulated profits another million dollars has been added to the reserve making the total rest account thirty-nine millions as against the total capital of thirty-six millions. This fully protects shareholders against the double liability of all bank shareholders.

While Canadians often think their banks are too careful of the money entrusted to them by the depositors, there is a great satisfaction in knowing that the savings of the public are absolutely safe. This was well illustrated at the time of the depression when banks in the neighboring republic were all tottering and thousands of workers lost the savings of a lifetime, while at the same time there was not even a flutter among the banks of Canada.

Political Bias

"Certain Canadian newspapers which do not seem to like the government in office at Ottawa or the government in office at Washington are doing their best to discount the value of the Canadian-United States reciprocal trading agreement which went into effect at the beginning of this year," says the Victoria Times. "Why this should be the case is difficult to understand. Every million dollars' worth of goods shipped out of the Dominion, and, of course, every million dollars' worth of goods imported into the country means employment under innumerable hands.

"Is it to be supposed that Sir Edward Beatty, president of the Canadian Pacific Railway Company, or S. J. Hunterford, chairman of the Board of the Canadian National Railways, is worrying about the fact that at the end of September of this year Canada sold more to the United States by \$40,000,000 over her sales of the previous twelve months, or that Canada bought from the United States commodities worth about \$38,000,000 more than the corresponding period of a year ago? Of course not."

Why not forget politics and devote our thought and energies to improving conditions, adopting anything that is good from any party.

Junior Chamber Hears Letters Of Former Members

Decides to Decorate Lamp Standards Again This Year And Committee Appointed To Have Charge

A considerable amount of routine business occupied the Junior Chamber of Commerce at its dinner meeting in the Knox Hotel last evening. George Rorie presiding. The president announced that, in future, no financial matters would come before the gathering at dinner meetings. They would be passed only by the executive in order to save time.

A letter from C. R. Alum, now at Chilliwack, was read, in which good wishes to the members were extended and information in regard to the organization of a junior chamber was requested.

A letter was also received from T. N. LePage thanking the chamber for the gift received by himself and Mrs. LePage on the occasion of their leaving the city for Vernon.

A rather lengthy letter was read from the B. C. Junior Chamber of Commerce, one section of which suggested as subjects that might profitably be discussed:

Votes for Orientals.

Japanese encroachments on the fisheries.

The tourist business and the desirability of British Columbia people holidaying in their own province.

National defense.

Cliff Gilker reported on behalf of the radio committee that the new Canadian Radio Corporation was considering their request for extension of the broadcasts to Prince Rupert.

G. P. Lyons reported on the steps taken in co-operation with the Parent Teachers to arrange for University extension lectures.

It was decided to decorate the lamp standards for Christmas, a committee to have charge of the work being appointed consisting of Hugo Kraupner, Jack Mussallem, Jack Roaf and G. P. Lyons.

Members and visitors at the dinner were George Cripps, Jack Roaf, Joe Scott, Sam Joy, George Dibb, H. F. Pullen, L. B. Lambly, W. R. Brooksbank, Jack Bulger, Hugo Kraupner, A. Newman, R. G. Vandersluys, T. G. Williams (secretary), G. L. Rorie (president), N. L. Freeman, C. A. E. Phillips, J. C. Gilker, F. G. Wilson, Jack Mussallem, C. G. Ham, G. P. Lyons, Lee Gordon, F. E. Scott, R. Lloyd Jones, B. McWaters.

TRIP IS ARDUOUS

Interior Natives Have to Take Long Hike After Cabin Burns

SKEENA CROSSING, Dec. 2.—Edward Wesley and Abel Russ of Alyanah had a rather arduous experience last Tuesday while on their trip. All their grub and blankets had been left in their cabin twenty-five miles away from home. When they came in off the trip line they found the cabin had been completely burned down. Without anything to eat they were all day and all night hiking home and, on reaching the village, were nigh famished.

New Streamline Trains For Union Pacific Railway

SAN FRANCISCO, Dec. 2.—At a cost of \$3,000,000, the Union Pacific Railway is putting two new diesel-electric engine streamlined trains on the run from Chicago to San Francisco and Los Angeles. The trains will have a maximum speed of 130 miles per hour and will provide full accommodation for 200 passengers.

Presentation To Lee Gordon At Dinner Meeting

Handsome Silver Tray Given Retiring President of Junior Chamber of Commerce

At the Junior Chamber of Commerce dinner meeting in the Knox Hotel last evening a presentation of a beautiful silver tray was made to Lee Gordon, past president, on behalf of the organization by George Rorie, president.

In a neat speech Mr. Gordon expressed appreciation of the beautiful gift which he and Mrs. Gordon would use and while doing so would remember the good fellows of the Chamber. While it was a relief for him to be out of the chair, he hoped to take an active interest in the organization at all times. The only reason he was not at the previous dinner was that he had more important duties to attend to.

It was announced by President Rorie that this was the last presentation the club would make, it having been decided by the executive that in future ceremonies of that kind would be abolished.

Rt. Rev. G. A. Wells D.D., Anglican Bishop of Cariboo, will be the speaker tomorrow at the regular weekly luncheon of the Prince Rupert Rotary Club. This afternoon Bishop Wells is addressing the Women's Canadian Club.

HOME IMPROVEMENT PLAN

A NATION-WIDE CO-OPERATIVE EFFORT
to
Improve Canadian Homes
and
Employ Canadian Workmen

THE SITUATION TODAY: Every community contains homes that have needed repair or improvement for the last six years. Every community has skilled workmen who are unemployed.

MEETING THIS SITUATION: The National Employment Commission, with the Home Improvement Plan, invites each home owner to make repairs, improvements and additions to urban and rural dwellings and barns, in concerted action with all other Canadian home owners.

It plans to mobilize across Canada a vast co-operative effort of home owners, banks, contractors, supply firms and business and service organizations generally, to restore, improve and brighten the homes of Canada, and at the same time provide legitimate work for the unemployed.

SIMPLIFIED FINANCING, THE KEYNOTE

For those who have not the ready cash on hand, it provides a simple plan of financing these improvements. You decide what improvement your home needs; get an estimate on the cost of the job and arrange for a loan with any chartered bank or approved lending institution, by satisfying them that you can repay the loan in instalments, out of income. No security or endorsement is needed and there are no service or investigation charges; no red tape of any kind. Maximum loan on any one property \$2000. Terms of repayment up to three years. Discount rate 3 1/4% — said by experts to be the lowest in instalment repair plan rate that has ever been known at any time in any country. The aggregate limit of loans under this Plan is \$50,000,000 and the limit of the Government risk in protecting the banks up to 15%, is \$7,500,000.

DON'T LET WINTER STOP YOU

There is no need to wait for the Spring for the Plan permits a wide range of jobs that can be executed anytime, regardless of weather — thus putting men to work at once. Any reputable contractor, builder or supply house, working in conjunction with your banker, will gladly help you draw up a programme.

YOUR CO-OPERATION IS VITAL

The value of the Home Improvement Plan lies in its wide acceptance — it is what YOU do with it that counts. It is an immediate way of taking men off relief rolls and putting them on pay rolls. Your hearty co-operation is looked for. It is a great opportunity for you, and for Canada.

The "Home Improvement Plan" official booklet can be obtained from the National Employment Commission, Ottawa, Ontario, or from your bank.

District News

STEWART

William J. Fidler of the Prince Rupert staff of the Northern British Columbia Power Co. is at present at Stewart relieving John Thompson, the Stewart accountant, who is on a two weeks' holiday trip to Vancouver.

The teachers and pupils of the public school at Premier are busy these days preparing for a rather ambitious annual Christmas concert.

James N. Killas of Prince Rupert is on a business visit to his store at Premier.

L. Marsh of Premier has left for his home at Victoria where he will pay a brief visit before proceeding on a trip East.

Rev. Father Anthony Meulenbergh has returned to his parochial seat at Stewart after visiting Anyox and Alice Arm which points are also included in his parish.

John Laurie of Stewart is a visitor in Prince Rupert. Mrs. Laurie is there for medical treatment.

Rev. Evan Baker of the United Church returned to his headquarters at Anyox Monday on the Catala after visiting Stewart, Premier and Big Missouri to conduct services.

The Portland Canal district is having an unusually open fall. Fifteen or so inches of snow which fell a couple of weeks ago has been all washed away by exceptionally heavy rains. The whole country is bare of snow up to an elevation of several thousand feet. There is no snow whatever on the road between Stewart and Premier and cars are in constant use. Generally at this time of year there is much snow throughout the entire Stewart area.

Peter Marvin, remembered as a boy at Stewart and Prince Rupert, is at present located in Johannesburg, South Africa.

Ernest Clay, head checker at the Big Missouri mine at Stewart, sustained head injuries in a fall while skating last week and is confined to his bed at the mine.

TERRACE GETS FIRST SNOW

TERRACE, Dec. 2:—The first snow of the winter whitened the Terrace district on Saturday. It soon went, however, before the mild south breeze which has been characteristic of the season up to now.

Hazelton Social Affair is Held

Successful Anglican Christmas Sale Of Work Under Auspices Of The W. A.

HAZELTON, Dec. 2:—The members of the Hazelton Anglican Women's Auxiliary held their annual sale of work in the Mission Hall on Friday. The weather was most congenial and throughout the evening there was a steady flow of visitors. Mrs. B. Shearman, the President of the Auxiliary, received the guests. Mrs. W. Sharp, assisted by Miss Dorothy Shearman, presided at the home cooking and candy stall. Mrs. James Turnbull, assisted by Mrs. Helen Stanger, presided at the fancy work stall. Mrs. W. W. Anderson and Mrs. Allen were in charge of the refreshments, assisted by Miss Mary Sargent. Mrs. U. Sealy, the secretary of the auxiliary, and Mrs. A. D. Chappell were cashiers. Miss Flick, assisted by Miss Marjorie Shearman, was in charge of the Christmas tree.

The success of the evening was due to the energetic preparations, especially by the President and Secretary.

Miss Helen Randal R.N., registrar of the graduate Nurses' Association of British Columbia and inspector of training schools for the province, arrived in the city on the Prince Rupert this morning to pay her annual visit to the local hospital. She returns south tomorrow night.

Basketball Club Dance at Terrace

Season is Assured of Good Start As Result of Large Attendance

TERRACE, Dec. 2:—A dance with novelty features, was put on by the Terrace Basketball Club on Friday night. The full attendance assured the club a good financial start for the coming season. The prize for the best waltzing couple went to Dudley Little and Miss Mary Welch.

Building Permits

City building permits for November were light here at a total of but \$275. One permit was for \$75 general repairs to the Washington Block on Second Avenue and another for \$200 repairs to a dwelling at 1028 Second Avenue, both buildings being city property. With a number of large waterfront permits to be recorded, there will be quite a large building list in December, it is expected.

New Farm Home Near Smithers

John Lapadat Takes up Residence On Farm Adjoining His Old One

SMITHERS, Dec. 2:—John Lapadat has nearly completed a new dwelling on his property at Glenanna. Mr. Lapadat sold a large part of his farm a month ago to C. Tugnum, a new arrival from Switzerland, and immediately started work on buildings on 24 acres adjoining the place sold and which he also owned.

Ernest Hann has been in charge of this building and expects to have it finished this week when John will entertain his many friends of the district at a "House Warming."

He has been greatly favored in his building operations by the weather man and progress has been made that could hardly have been expected at this time of the year.

Sees Valley of Dry Bones Resurrected Into Life Of Usefulness and Activity Through Church of Today

Continuing his mission services last evening in St. Andrew's Cathedral, Rt. Rev. Bishop Wells spoke to a large congregation of keenly interested men and women, many of whom had attended all the gatherings.

A question was asked regarding the playing of games on Sunday. The Bishop replied there was no sin in playing a game of tennis or golf on Sunday afternoon, provided the player had first rendered his duty to God by attending a place of worship. He could not do it himself because he was prejudiced against it, but he could not say it was a sin. On the other hand he condemned "organized" games such as baseball, football or basketball, because only a few players were exercising their muscles while the crowd but exercised their aroids and made themselves a nuisance. The organized game had become a racket.

The missioner based his address on Ezekiel's vision of the Valley of dry bones and asked are we satisfied with the trend of the age. How are we going to make right the things we feel are wrong? There is only one remedy, one cure and that is to get back to the simple teaching of Jesus Christ and put it into practice. Brains won't do it. Men are not more intellectual today than in ages past. A greater number of people received a little education, but a little knowledge was a dangerous thing. The tendency is to make liberty a licence. There is no guarantee that a highly educated man will be an upright citizen—he may be one of the greatest crooks. There was no cure apart from the teaching of Jesus Christ. It was hard to put it into effect. Anything worth while in life was hard to put into effect.

Ezekiel was confronted with a nation destroyed. He was a great nationalist and was thinking of the Holy City and the temple in ruins. He had a vision of a valley full of bones—a picture of desolation. Instructions were given to Ezekiel by God and there was a movement among the bones. These eventually became a great army which means organization for a purpose. God was going to bring them back into their own land.

From this the Bishop deduced three things:
1.—Organization, a coming together which was the framework.
2.—Equipment, to enable the church to carry on.
3.—Inspiration in the church of the living God.

Organization—the reason we have churches and ministers is that worship demands a group movement. Like minded people organize for fellowship and communion and the strengthening of each other. The church must be organized in order to be effective. The isolated man cannot make much contribution for the welfare of the whole.

He put first among the organizations that of the Sunday School, emphasizing its importance. Never

was it more needed than today when there was a breaking down of values. Choir, W. A. men's and young peoples' societies co-operating together can change the whole outlook of the church in the community.

Equipment—churches and halls were very necessary and money spent on them was not wasted. They should always be worthy of the traditions of the Christian Church.

Inspiration—a spirit entering dead things raising them up and turning them into a great army. We may have a well equipped building and everything that is necessary but the church may be dead. Nothing but the spirit of the living God working through us is going to make it effective. The life and actions of the Christians must be such as to convey to the people of Prince Rupert that the church is alive.

Mrs. S. Painter sang "Father to Thee I Come."

The mission will continue this evening when the subject will be "Spiritual Power."

Synopsis of Land Act

PRE-EMPTIONS
VACANT, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement.
Full information concerning Pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C.; Bureau of Provincial Information, Victoria, or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes within reasonable distance of road, school and marketing facilities and which is not timberland, i.e. carrying over 5,000 board feet per acre east of the Coast Range and 8,000 feet per acre west of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated on printed forms obtained from the Commissioner.

Pre-emption must be made within five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

Pre-emption carrying part time conditions of occupation are also granted.

PURCHASE OR LEASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes. Minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land, \$2.50 per acre. Further information is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

As a partial relief measure, reverted lands may be acquired by purchase in ten equal instalments with the first payment suspended for two years, provided taxes are paid when due and improvements are made during the first two years of not less than 10% of the appraised value.

Mill, factory or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, conditional upon a dwelling being erected in the first year, title being obtained after residence and improvement conditions are fulfilled and land has been surveyed.

For grazing and industrial purposes areas not exceeding 400 acres may be leased by one person or a company.
Under the Grazing Act the Province is divided into grazing districts and the range authorities from time to time to meet varying conditions. Annual grazing permits are issued based on certain monthly rates per head of stock. Priority in grazing privileges is given to resident stock owners. Stock-owners may form associations for range management. Free or partially free permits available for settlers, campers and travellers, up to ten head.

Department Received But Single Call Bringing Total For Year Up to Sixty-One

The city fire department responded to but one alarm during the entire month of November this year. This call was to the residence of J. S. Wilson, Fourth Avenue East, where \$5 damage by smoke was claimed. So far this year the fire department has responded to 61 alarms as against 92 in the first 11 months of 1935.

DEBUT FOR VOCALISTS

Unusual Stage Attraction at Cap-
itol Theatre This Mid-Week

Initial appearances before the local public of two new local vocalists, both of whom are said to have unusual talent, will feature the fortnightly engagement of the Capitolians, under direction of Dr. H. N. Brocklesby, at the Capitol Theatre this mid-week. They are Miss Edna Wilkinson, an exchange teacher from England, who is pos- sessed of a lovely mezzo-soprano voice and who has appeared exten- sively in England in amateur light opera such as "Desert Song," "Mar- rie England," "Tom Jones" and "Miss Hook of Holland," and Charles Hovey of Vancouver, baritone with considerable radio ex- perience. The Capitolians, alway popular, have selected an attractive program.

The double bill picture program for the middle of the week con- sists of "Seven Sinners," a British production starring the well known American screen stars, Edmund Lowe and Constance Cummings, and "One Rainy Afternoon" with Francis Lederer, Ida Lupino and a strong supporting cast.

Moose Women Bridge Party

Seven Tables in Play at Enjoyable
Affair Held Last Night

An enjoyable bridge party was held last night by the Women of the Moose. There were seven tables and prize-winners were: ladies' first, Mrs. Peter Wingham; second, Mrs. George Fritz; men's first, B. J. Bacon; second, Knut Shitta. Mrs. William Bussey was mistress of ceremonies and the committee in charge consisted of Mrs. Ole Stegavis, Mrs. Richard Giske, Mrs. William Bussey and Mrs. Hugh Smith. Delicious refreshments were served.

Co-operating With New Tuberculosis Service in City

At the suggestion of Dr. A. S. Lamb of Vancouver, travelling medical health officer and tuber- culosis specialist of the provincial government, who was in atten- dance at the meeting, the local hospital board last night decided to co-operate with the tuberculosis service which has been established in Prince Rupert by the govern- ment through affording to Dr. R. G. Large, the tuberculosis officer here, the hospital x-ray service at a fee of \$1 per examination which will cover the actual expense.

Tells Juniors How Halibut Facts Obtained

Norman Freeman Gives Interesting
Address at Dinner Meeting in
Knox Hotel Last Night

In an interesting and instructive address to the Junior Chamber of Commerce at its monthly dinner meeting in the Knox Hotel last evening, Norman Freeman, local representative of the Interna- tional Fisheries Commission, show- ed how some of the facts were es- tablished in regard to halibut. For instance, it was stated as a fact that the halibut is a slow growing fish. To establish that fact took a great deal of time and energy. An- other fact often stated was that the female halibut was larger than the male. This fact and many others had been definitely estab- lished by the Fisheries Commission before it was possible to proceed with the work of conservation.

The commission was formed in 1924 and its first work was to gather data in regard to the life histories of the fish. They fitted out a vessel with a scientific staff and proceeded to fish, weigh, mea- sure and gut the fish. It was found that the average length of the four year old fish, male or female, was approximately 22 inches. The age was determined by the rings in the ear bone. The male halibut at ten years old measured 31.7 inches whereas the female measured 34.4. That showed that the female grew faster than the male.

Taking the matter of weight, the fish at four years of age weighed four pounds. At ten years the male weighed 12 pounds and the female 15.9 pounds. Males were seldom taken that were more than forty or fifty pounds whereas females became much larger, sometimes reaching two or three hundred pounds. Practically all the large fish taken were females.

Mr. Freeman stated that the average age at which halibut com- menced to spawn was 12 years. A few spawned at earlier ages and some did not commence until later. Fish grew faster in Area 2 than in

Areas 3 or 4, the largest spawning area now being the Yakutat Banks. No halibut over 16 years of age were found on the Goose Island banks but the ages were increasing as a result of regulations enforced. In securing the data on which much of their work was based no fewer than 13,000 fish had been tagged.

Lose Fight To Close Early

SAINT JOHN, N.B., Dec. 2. (CP) —A ruling by the city solicitor has checked an effort by a group of boot and shoe dealers to have all such dealers in city compelled to close at 6 p.m. daily except Satur- day.

Hospital Very Busy Just Now

Institution is Full to Capacity and
Patients Coming in as Fast
As They Are Discharged

The Prince Rupert General Hospital is exceptionally busy these days. Miss Jean Harrison R. N., lady superintendent, reported at last night's board meeting. The institution is filled to capacity and patients are coming in as fast as others are discharged. Staff work is going along normally except for one of the nurses who is being sent to Tranquille Sanitarium for treatment.

S. E. Parker, who has been on a trip to Windsor, Ont., and other points in the east, returned to the city on last night's train.
