J. C. Gilker was the chief speaker at the regular monthly dinner meeting of the Junior Chamber of Commerce held last night in the Knox Hotel, Lee Gordon presiding. Mr. Gilker dealt at some length with the historical aspects of the connection with the respective rights and privileges of the United States and Canada. He reminded his hearers that the fisheries was a primary industry. It was the oldest industry in Canada and still one of the most important. Pope Has Birthday

AGED PONTIFF SHOWN IN STUDY

VATICAN CITY, June 3:- Forty thousand pilgrims, some from far abroad, gathered here especially Sunday for the seventy-ninth birthday of His Holiness, Pope Pius. The Pontiff made a brief appearance during the afternoon at St. Peter's Cathedral, conducting a short solemn mass with his blessing to the congregation. The condition of health of the Pope, who is suffering from heart trouble, makes it necessary for him to avoid strain as much as possible. He has visibly aged, presumably on account of worry over the Italo-Ethiopian crisis. All the Cardinals in Rome called during the day at Vatican Palace to offer congratuations.

CONSTIPATED* 25 YEARS, ALL-BRAN

Delicious Cereal Corrected His Condition

Here is Mr. Johnson's letter: "I got a package (of Kellogg's ALL-BRAN), and before the package was gone I was very much better.

"So I have been eating it for two or three weeks, and my constipation* has gone, and I was constipated* for 25 years or more. Hoping this may help some one to better health. I am a new friend to Kellogg's ALL-BRAN."- Mr. J. B. Johnson (address upon request).

Mr. Johnson's letter is one of many. Millions find Kellogg's ALL-BRAN corrects constipation* satisfactorily. It supplies the "bulk" missing in the average meal.

The "bulk" in ALL-BRAN is mild and effective. It absorbs moisture, and gently exercises and cleanses the intestines. ALL-BRAN also supplies vitamin B and iron.

Isn't it more sensible to use this natural food instead of taking patent medicines? Just eat two tablespoonfuls daily. If not relieved, see your doctor.

Use as a cereal, with milk or cream, or cook into muffins, breads, etc. It is sold by all grocers. Made by Kellogg in London, Ontario.
