Roman Hand Seen by London In Disorders in Palestine

Paris Calling Upon England For Showdown On Question of Sanctions so That There May be no Further Delay At League Meeting

LONDON, May 21: (CP)—The situation in Italian-dominated Ethiopia became tense again today. Authoritative sources here said that the British and French governments were in consultation following Italian hints that their legation guards at Addis Ababa would be withdrawn.

France has refused to withdraw colonial troops from Direddawa, key point on the Franco-Ethiopian railroad, and railroad officials refused the Italian request that they permit shipment of provisions over the line from French Somaliland to Italian troops in Addis Ababa.

In Paris Acting Foreign Minister Paul Boncour declared Italy's expulsion of a French priest from Ethiopia was "inacceptable" and an authoritative source said France would protest vigorously.

In London the allegation was made in the House of Commons that Italian influence in East Africa was responsible for disorders in Palestine and Premier Stanley Baldwin served strong warning that Great Britain would not tolerate foreign tampering with affairs of Palestine and Egypt.

FARE TO QUEEN CHARLOTTES

Queen Charlotte Islands people are still worried over the high fare they have to pay in visiting Prince Rupert and also on the high fare visitors to the Islands have to pay. They think the present rates should be cut in half.

While we all know that there is a general tendency to kick against rates charged by all corporations whether it is for railway fares, power and light or any other service, we must admit that the rate to the Islands is high and we strongly urge the steamship company to consider the possibility of making a reduction.

Residents of the Islands have been anxious to make it a holiday resort but they complain that this is impossible under present conditions. They suggest, and the suggestion seems a good one, that a fare for transportation alone without meals should be put in force and those people requiring meals might pay for them separately. This would cover the points where the cost of meals is high. Probably some scheme could be worked out that would benefit the people of the Queen Charlottes and at the same time prevent loss of much needed revenue to the steamship company.

A BATTLE ROYAL

Evidently there is to be a battle royal in the Omineca constituency. If the nomination of the Liberal party, following the resignation of A. M. Ruddy, should fall to M. M. Connelly of Fraser Lake, as seems likely, and with Sidney Godwin representing the C. C. F. and also a Conservative in the running, it would be a general free-for-all with all sorts of possibilities. Mr. Godwin is a good speaker and is well known in the district. Mr. Connelly is a businessman and sawmill operator of considerable ability, the first to ship matchwood from the central interior through Prince Rupert to the Orient. People who are looking to see the constituency develop would undoubtedly look to him for a lead. The Conservative candidate has not yet been named but they should easily find an able man to take up the fight on their behalf. And then there is the possibility of Captain Colthurst entering the lists for Social Credit. In any other person has political ambitions he might look over the Omineca field for the vote there will be badly broken up and it is too early yet to prophecy what the outcome may be. An independent with a bold policy of the Townsend type might stand a chance.

DRAW GAME IN FOOTBALL

Two All Tie Between High And Booth Schools Last Night

W. D. L. F. A. P.	
High School	3 1 0 11 4 7
Booth	1 1 1 7 4 3
Borden	0 0 3 1 1 0

The Junior Football fixture last evening between King Edward High School and Booth Memorial School was a thrilling game with Booth lucky to finish level, the final score being a draw—two goals each.

The game had barely begun when Knutson crossed a simple centre that Smith converted into a goal. From then on, the game was fought at top speed and neither side gave anything away. Following a Booth attack, Parsons cleared and Holkestad centred well with the Booth defence lucky to scramble the ball clear. Beynon cleared strongly. Ritchie blocked a clearance but the ball just topped the bar. Booth was attacking and Ritchie's header twisted off Parson's foot for the equalizer. Dybhavn cleared from Smith. Cameron and Hougan made headway. A long dive of Fitch's hit the bar with Dybhavn looking on helplessly. Ritchie was nearly through.

The second half was fought at an equally fast clip. Smith put High in the lead when he breasted through a weak clearance by Dybhavn. Fitch went close with another long drive that hit the upright. Ritchie equalized from a penalty. He was nearly through a moment later but Parsons stopped him. Holkestad hit the upright. Baker's hard drive was blocked. Dybhavn kicked out Knutson's centre who later shot over twice. Gomez went close. Blain saved well. Smith shot over and Holkestad lopped the bar.

High School—Blain; Parsons, Bolton; Christian, Fitch, Brown; Holkestad, Wikdal, Smith, Houston, Knutson.

Booth—Dybhavn; Beynon, McKay; Franks, McLean, Flewin; Cameron, Hougan, Ritchie, Baker, Gomez.

Referee, Jimmy Carroll; linesmen, D. Gomez and G. Ferguson.

For Booth McLean played a strong game at centre-half, Dybhavn, McKay, Beynon, Franks and Flewin also defended well. Ritchie was a trustful centre with Cameron dangerous. Baker and Hougan did well.

Parsons was very safe at back. Fitch played hard and his long drives were dangerous. Christian and Brown were good. Knutson and Holkestad were the pick of the forwards but Smith got two good goals and was well supported by Houston and Wikdal.

GIANTS ON TOP AGAIN

Crucial Series With St. Louis Cardinals is Now On

NEW YORK, May 21: (CP)—The New York Giants and St. Louis Cardinals opened a crucial series as far as the leadership of the National League is concerned at the Polo Grounds yesterday with the Giants winning 10 to 7 to assume the leadership of the league in place of the Cards. At Brooklyn the Dodgers slugged out an 11 to 2 victory over the Chicago Cubs who, as a result, dropped into the second division below the Cincinnati Reds who won over the Boston Bees at Boston. The Phillies, losing 3 to 9 to the Pittsburgh Pirates at Philadelphia, dropped into the cellar below the Brooklyn Dodgers.

There was no change in the race between New York Yankees and Boston Red Sox for supremacy of the American League, both being defeated. The leading Yankee lost a close 4 to 3 decision to the Tigers while the Red Sox were losing a slugging bee to the cellar-dwelling Browns at St. Louis. It was the third straight victory for the Browns.

Baseball Screen Is Being Renewed

City Commissioner Suggests That Portion of Gate Receipts Be Set Aside to Maintain Grounds Property

City Commissioner W. J. Alder announced this morning that he had ordered the replacement of wire screens in protection of the baseball stands at the Acropolis Hill grounds. During the past winter the old screens had been entirely removed.

Following his suggestion that a central sports body might be organized here to assume responsibility for the maintenance of the sports ground property, the commissioner mentioned that arrangements might be made to set aside a portion of gate receipts for the express purpose of taking care of the upkeep of grounds and property. It is becoming increasingly difficult to assess such charges against the taxpayers, Mr. Alder commented.

This is the best coffee you have ever made.. what kind is it, Alice?

The same kind of coffee, dear.. it's St. Charles that makes the difference!

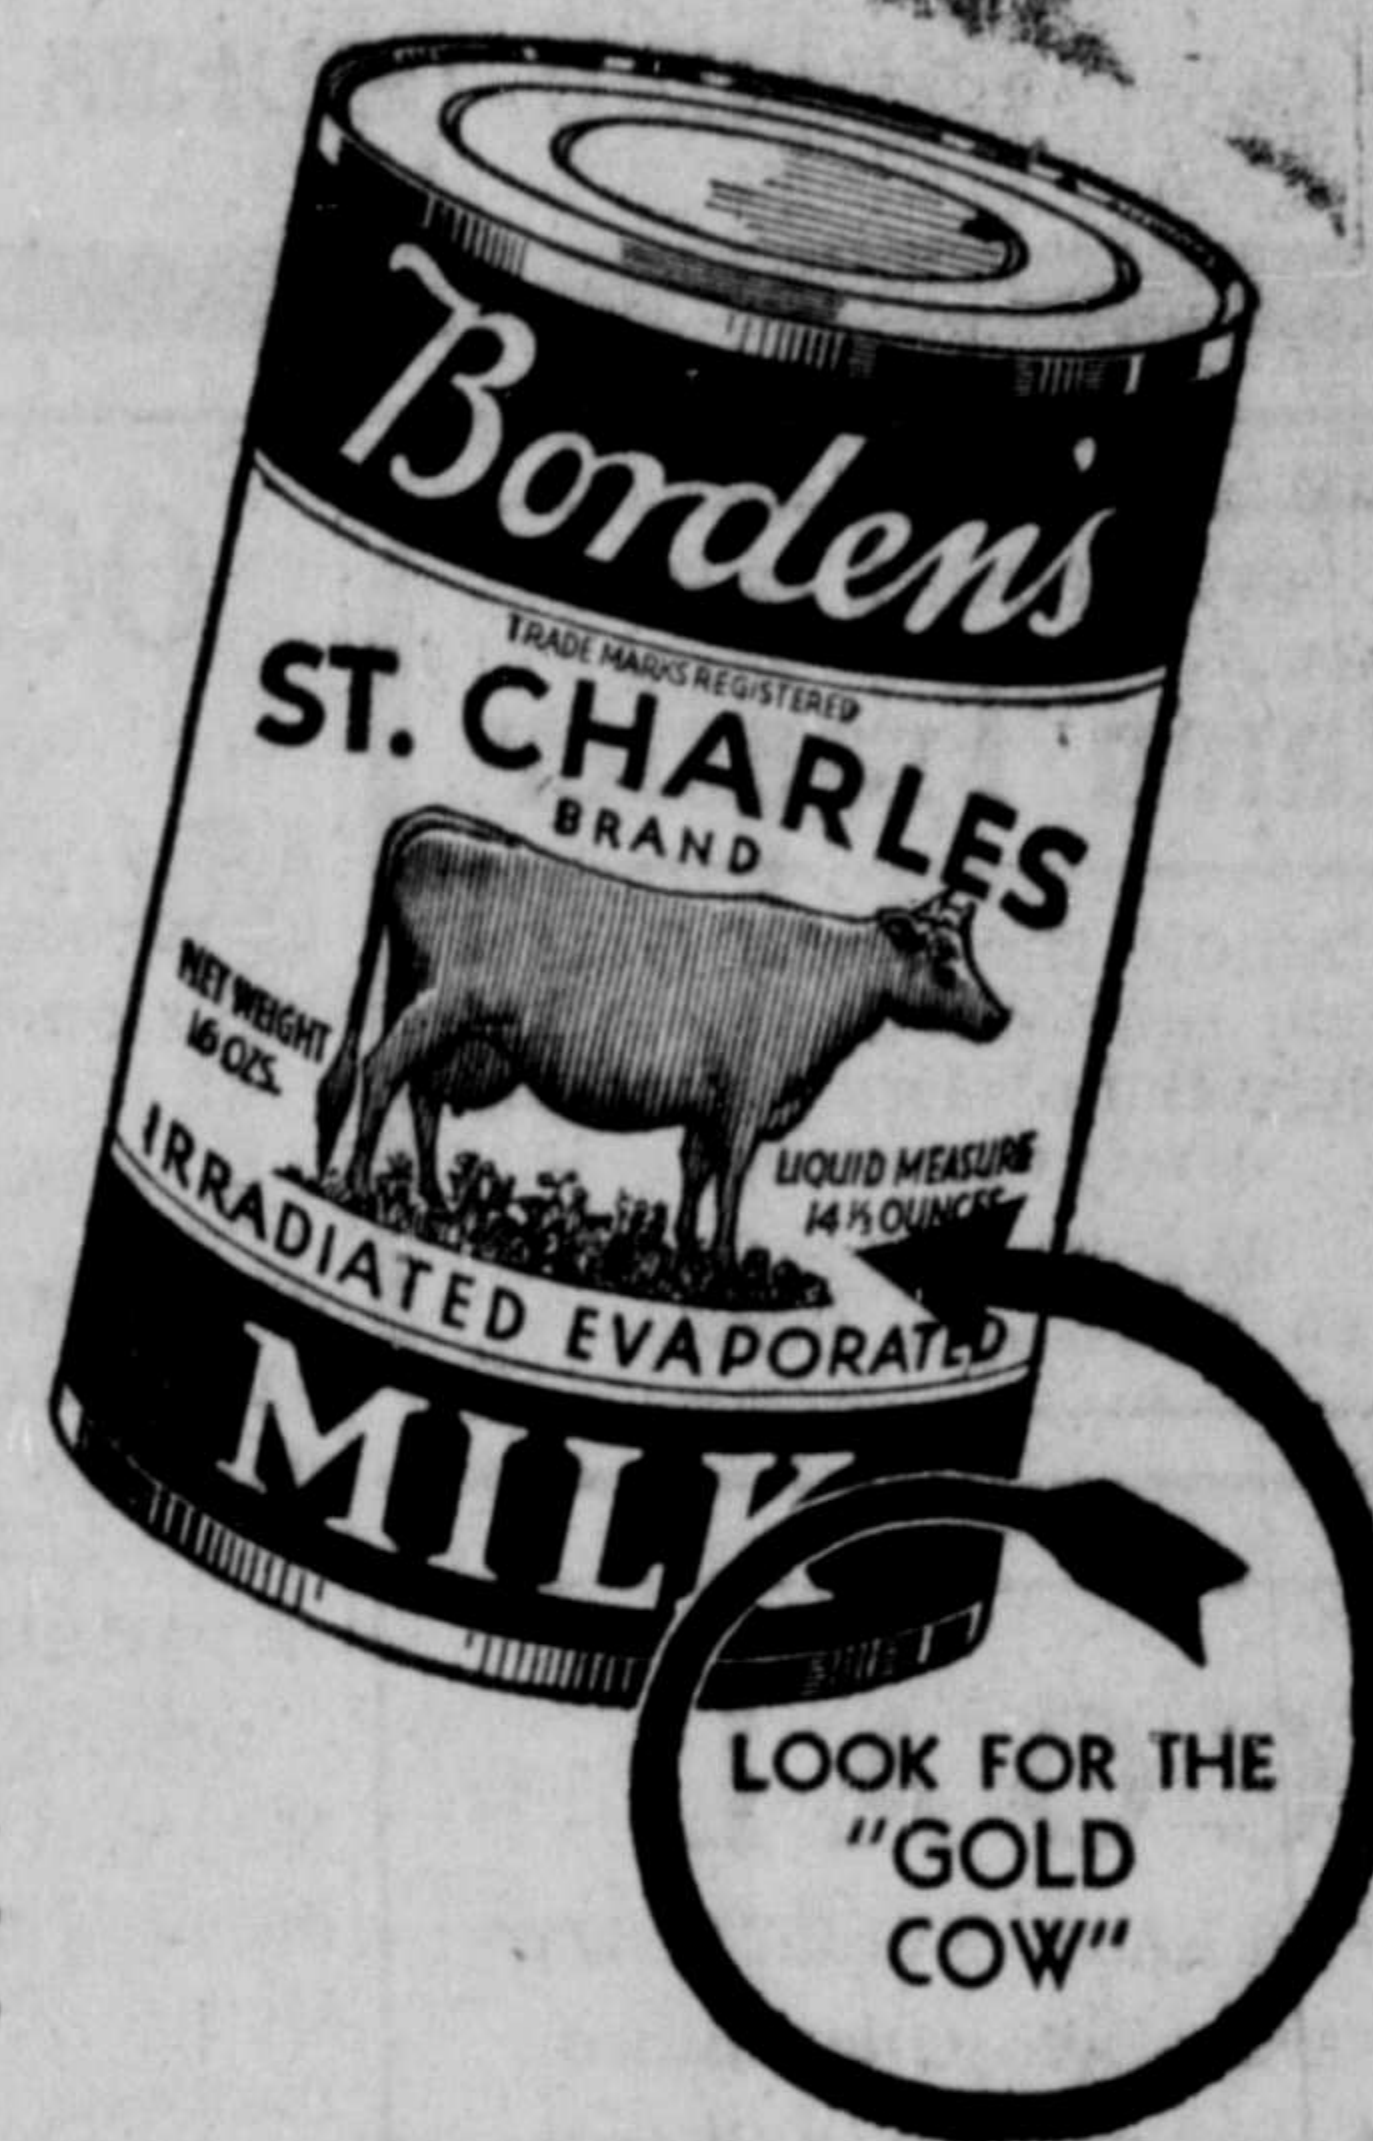

You'll be really amazed to find how the fresh creaminess of St. Charles brings out all the best flavour and subtle aroma of your favourite coffee. St. Charles blends so smoothly that you'll say you never knew before how good coffee could taste!

And if you like a good, old-fashioned cup of tea—the kind that revives and cheers—you'll find St. Charles adds the final touch of satisfaction.

St. Charles is extra-fresh, full-cream, country milk, evaporated to double richness in spotless Borden Condensaries. In coffee and tea, or any recipe that calls for cream, use it just as it comes from the tin.

Try St. Charles, too, for rich, nourishing casseroles, smoother creamed soups, delicious puddings and cakes. To make rich fluid milk, add an equal quantity of water to St. Charles. Be sure to ask for St. Charles Milk in the tin with the "Gold Cow" on the blue and white label.

Keeping House Needs Training

TORONTO, Ont., May 24 (CP)—"Housekeeping is an honorable profession," said Mrs. W. Bingham of Gore's Landing, speaking before the Anglican Woman's Auxiliary.

She added that mothers residing in the country should train their daughters carefully in this art. "We all know that many country girls wishing to enter domestic service in the city cannot even boil carrots. They do not even know casserole from camisole."

James Anslow was fined \$10.00, with option of seven days' imprisonment, in city police court yesterday for creating a disturbance. He is serving the time. Magistrate McClymont suggested to Anslow the advisability of leaving this city.

A. D. Matheson of Carlisle, C. E. Avis of North Pacific and H. W. Harris of Port Essington were among Skeena River cannery managers visiting the city yesterday on business. They arrived on Tuesday night's train and returned to the river last evening.

Carcross Flying Boat Here Enroute North—Seattle Yacht Principia Back in Port—Strange Sea Creature Near Seattle.

Pilot Staples of Carcross made a brief call here late yesterday afternoon with his Eastman flying boat bound north from Vancouver for the Yukon after having spent the winter in the south. He landed at 6 p.m. and, after refuelling, took off immediately in continuation of his flight north.

The provincial police boat P.M. L. 8 returned to port at noon yesterday after a trip of two or three days to Warke Canal with George Cripps, provincial assessor, on official duties.

A. K. Macomber, retired Seattle business man, and his son, L. A. Macomber, returned to port yesterday afternoon after a cruise to Warke Canal and other district waters for sport fishing and will sail tonight by the Prince George on their return south. They have been hereabouts for the past couple of weeks and made the cruise on Mr. Macomber's palatial yacht Principia, Capt Wellington Smith, which will proceed south from here.

Arriving in Seattle yesterday with a catch of halibut, the captain of the boat Freyos reported having sighted a strange marine monster as he made his way up Puget Sound. The head of the creature was said to look like that of a moose. It is believed that Victoria's famous "Caddy" might be paying a visit to Puget Sound.

Five boats landed 90,000 pounds of halibut at Seattle yesterday, prices being little changed from the day previous although there was considerable spread. The sales at Seattle were as follows: Pierce, 14,000 pounds, Booth, 9 1/2c and 7 1/2c; Republic, 45,000, San Juan, 7 1/2c and 6c; Lively, 10,500, Washington, 9c, 7 1/2c and 2c (cod); Jane, 12,500, New England, 8 1/2c, 7 1/2c and 2c (cod); Freyos, 8,000, 8 1/2c and 7 1/2c.

Dredging and other improvements to the harbor at Petersburg, Alaska, for which the Commercial Club and fishing and business interests of that port have been pressing for ten years, are to be carried out, it is announced. Bids, returnable June 4, are being called. Improvements are also to be made to Wrangell harbor, it is announced.

P. T. ASS'N HAS MEET

Pictures Enjoyed Last Night Music and Refreshments

The regular monthly meeting of the Prince Rupert Parent-Teachers' Association took place last evening in Booth Memorial School with Mrs. D. C. Stuart presiding over a good attendance of members.

Final arrangements were made for the tea to be held at the home of Mrs. R. M. Winslow. Appreciation was expressed by the principals of the schools for donations of money to purchase sport equipment.

Miss Patmore's class and Mr. O'Neill's class won the pictures presented to the classes which obtained the largest number of members for the Association.

Through the courtesy of William Cruickshank and Joseph Wickett of the Canadian National Railway Office, beautiful moving pictures showing places and depicting events in the heart of England, in Trinidad, and in the Canadian Rockies were shown. These included such interesting places as the colleges of Oxford, the Bodleian Library, Banbury, Warwick, Kenilworth, Sandringham; the famous Pitch Lake of Trinidad; and the Tomquin trails reached from Jasper Park Lodge.

A very enjoyable musical program was rendered consisting of vocal solos by Miss Kitty Dybhavn, accompanied by Mrs. H. O. Johnson, and a pianoforte duet by Miss Maureen Kirkpatrick and Miss Margaret Christensen.

At the conclusion of the meeting refreshments were served by a committee in charge of Mrs. R. Wood and Mrs. Perkins, and a pleasant social hour was enjoyed.

The next regular meeting of the Association will take place in September.

KITIMAT VISITOR

Mr. and Mrs. C. E. Moore Visiting City—Tells Interesting Bear Story Which He Thinks People Will Not Believe

The tale of how Kitimat just missed becoming the terminus of the Grand Trunk Pacific Railway instead of Prince Rupert is one of the mystery stories of this coast and, if told in detail, would undoubtedly make very interesting reading. That Kitimat was at first intended to be the terminus is attested to by C. E. Moore who with Mrs. Moore is today in the city on one of his periodical visits. He has lived in the valley for many years and at one time had high hope of it being the railway terminus. At that time there was considerable white population at Kitimat but today there are only three families outside of the Indian village. Most of the land is under timber reserve. Building of the line to that point was actually commenced but suddenly stopped and never again resumed.

Mr. Moore has a ranch at Kitimat, on the banks of the river, but in the winter he has his own trap line which keeps him busy during the long months when the snow is on the ground, usually from November to April. This year the spring freshet came dangerously near their home, surrounding it and isolating them temporarily from the rest of the community. When the waters receded it was found that their garden had been covered many feet with silt. So uncomfortable did the flood make them that they have decided to build farther from the river.

Naturally Mr. Moore has a number of stories to tell of life in the backwoods. One of these is about a brown bear that he met on the mountain side when he was prospecting. When the bear saw him it did not run away as is customary, even though Mr. Moore shouted. Having nothing in his hand but an axe, Mr. Moore was not looking for an encounter. However, he stood ready to strike if the bear attacked him. Instead of doing this the bear ran right up to him and put its head down much like a dog will sometimes do. Evidently he was a friendly bear and not afraid. The man could easily have split the animal's skull but something stayed his hand and instead he just remarked, "Oh get away". The bear, as if it knew what was said, turned and ran away.

Mr. Moore says he knows no one will believe the story but he declares it was true. He thinks the bear must have been at some time in captivity or else as a cub it must have been around a camp and been fed. Usually the bear stands up to fight but this one showed no signs of hostility. Mr. Moore says he was glad he did not strike the creature.

Mr. and Mrs. Moore are here with Rudolph Braun on the latter's boat.

In recognition of his services, directors of Preston North End, English first league football club, have conferred life membership on Vice-Chairman J. I. Taylor.

THE FIRM OF Mr. and Mrs.

THEIR ASSETS—Health, a few securities, and hope for the future.

THEIR PROBLEM—To raise money for a temporary need, and still retain their securities.

THEIR SOLUTION—They talk it over with their banker, arrange to borrow against their securities. Within a reasonable time they pay off their loan (for they are thrifty), and will get back their securities intact.

Thus the firm of Mr. and Mrs. have established a line of credit. Perhaps even more important, they have discovered their local bank manager is more than a banker—he is their friendly counsellor too.
