BIG LOG PROJECT

Putting in of Railway Northward From Queen Charlotte City Is Reported

Reports are received in the city from the Queen Charlotte Islands of the intention of interests, behind which are supposedly the pulp and paper interests of the mainland, to put in a thirty-five standard gauge logging railway before long from Queen Charlotte City into extensive timber stands on Graham Island to the west of Massett Inlet and in the general direction of Naden Harbor.

The timber, it is said, is gradually becoming over-matured and must be taken out before long.

Surveys for the railway are already said to have been completed.

Such an operation would be of almost importance to Graham Island.

EFFECT OF DECISION

Further Explanation of Appeal To Privy Council in Pioneer Gold Case

LONDON, July 30: (CP)—The showing yesterday by the judicial committee of the Privy Council of the appeal in connection with the formation of a new company to replace the old Pioneer Gold Mines Co. in no way affects the standing of the new company—Pioneer Gold Mines of British Columbia Limited.

The original action was brought by Peter and Andrew Ferguson of Victoria to secure a minority interest in the new company. After it had been lost in the British Columbia courts, the privy council dismissed the appeal only on a point raised by the defendants that the Fergusons had no right to sue, contending that only the liquidator, R. C. Salter, could do so.

Wish Fulfilled In Graduation

Alberta Couple Put All Seven Children Through College

VEGREVILLE, Alta., July 30: (CP)—Mr. and Mrs. Frederick Kotash never went to university but they vowed their sons would. They brought up six stalwart sons all of them obtaining university degrees. Five graduated from the University of Alberta, the other from Marquette University, Milwaukee, Wis.

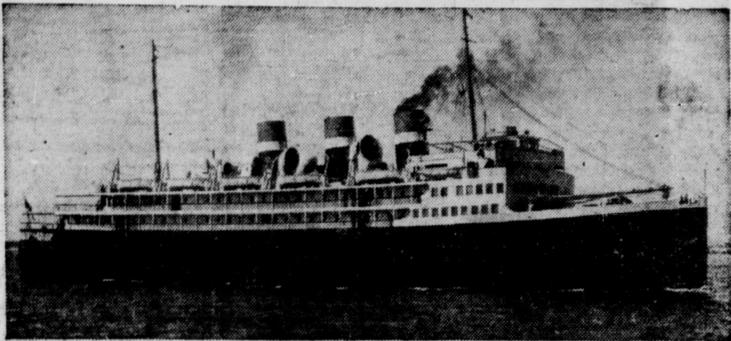

And their only daughter, Mrs. Helen Podohuk, also is imbued with the spirit of higher learning. Her 20-year old daughter, Marion, was an honor graduate in mathematics at Vegreville high school. She had completed her first year arts at the University of Alberta.

MLORD

CROYDON, July 30: (CP)—After listening to the Bishop of Ely being referred to as "My Lord Bishop," the Bishop of Walkato, New Zealand, said "we are not used to so much 'my lording' in New Zealand."

Miss Donald Rix, little daughter of Mr. and Mrs. Alex Rix, returned home on the Prince Charles this morning following a visit to Massett.

Here With Important Tour Party

Liner Prince David Here Today With Important Tourist Group; Is Sailing Direct For Honolulu

Bringing the most important tourist party to visit Prince Rupert this year, the big Canadian National Steamships liner Prince David, in her coat of white, arrived in port at 7 o'clock this morning from Alaska and will sail direct for Honolulu. On board the Prince David is a party totalling 329 persons and consisting to a large extent of prominent New York people.

The voyage, uneventful so far, started from New York and came through the Panama Canal and up the coast, with stops at Mexican and California ports, to Vancouver. From there the Prince David proceeded via Hecate Straits to Alaska and, before arriving at Prince Rupert this morning, stops were made at Ketchikan, Juneau, Sitka, Skagway and Wrangell. The trip to date has been one of much delight to all on board and the travellers are now looking forward with keen anticipation to the Honolulu visit.

Immediately on arrival here, the Prince David tied up at the Imperial Oil Co.'s dock to take on fuel, moving later to the Canadian National docks from where she will sail for Honolulu.

The travellers were much in evidence around town throughout the day, taking in the sights and anxious to see all points of interest. As a souvenir of the visit here, each of the visitors is being presented today with a tin of canned salmon. The local fishery product is the gift of Skeena River canneries and the distribution was organized through the efforts of the Junior Section of the Prince Rupert Chamber of Commerce.

Novel Newspaper In Great Demand

BON ACCORD, Alta., July 30: (CP)—The Bon Accord Herald is a fast-growing sheet. There's no doubt about it, 12-year old Eddie Arrol, the publisher, says.

Eddie announces his circulation list now totals 54. And what is more to the point, they are "all paid up subscribers." He is combination editor and printer of the little sheet that sells for two cents monthly.

SECOND DICK TURPIN

LONDON, July 30: (CP)—Stanley Bennett was sentenced to 18 months imprisonment recently despite his plea "I do it to help people poorer than myself; I am a second Dick Turpin." He was charged with theft.

efforts of the Junior Section of the Prince Rupert Chamber of Commerce.

Ralph Lelevie, president of National Tours, and his personal party are leaving the Prince David here today and will proceed to New York by rail tomorrow night.

Ship's Officers

The Prince David is in command of Capt. R. A. Clarke, regularly master of the steamer Lady Hawkins on the West Indies run. Other officers include Chief Officer E. C. Wallace, Purser Frank Yates, Chief Engineer P. H. Farmer, Ship's Surgeon Dr. D. Orak and Chief Steward H. Singleton. As pilots for the trip along the British Columbia and Alaska coasts Capt. James Watt, master of the Prince John, and R. Sparkes, Second Officer of the Prince Charles, are at present on board the ship and will leave her off Triple Island today. Wilfrid P. Jackson, formerly a member of the staff of the C.N.R. city ticket office here, is acting as tour conductor on the British Columbia and Alaska coastal part of the cruise and also leaves the vessel here.

It is the first visit of the Prince David to Prince Rupert and her departure from here will mark the first direct sailing ever made from this port to Honolulu.

DRAW UP PRIZE LIST

A special committee of the Prince Rupert Horticultural Society met last night with Jack Frew presiding and drew up a schedule of prizes for the flower show which is to take place on August 10. This will be recommended to the full executive at a meeting to be held early next week along with a plan for judging the local gardens and lawns which takes place after the arrival of the judge next Wednesday.

LONDON, July 30: (CP)—Reaching of an Anglo-Russian naval agreement on all points was announced at the Admiralty today.

WHEAT UP TO DOLLAR

Firmness in Outside Markets and Continued Drought Are The Reasons

WINNIPEG, July 30: (CP)—Firmness in outside markets and continuing complete lack of prairie rainfall sent wheat future prices up to new seasonal highs on the Winnipeg Grain Exchange today. For the first time since October, 1935, dollar wheat was posted. Prices rallied from 1:00 to 3:00, July closing at \$1.02; October at 99 3/4c and December at 98 3/4c.

VANCOUVER UP TOO
VANCOUVER, July 30: (CP)—Wheat was quoted at 98c on the local market today, up from 96 1/2c yesterday.

MANITOBA ELECTION

Liberals Are Still Losing Ground Slightly—C.C.F. and Social Credit Even

WINNIPEG, July 30: (CP)—Liberal-Progressives had today elected twenty-one members to the Manitoba Legislature as a result of Monday's elections and were leading in two seats. The standing of other parties in the House of fifty-five with the elections in two seats deferred was as follows:

Table with columns: Elected, Leading, Election Highlights. Lists Conservative, C.C.F., Social Credit, and Communist counts.

Highlights of the balloting in addition to the new found Conservative strength is the showing made by Social Credit and Independent candidates.

Mayor John Queen of Winnipeg has been elected as a C.C.F. member along with S. J. Farmer, C.C.F. Leader, Attorney General W. J. Major and Minister of Mines J. C. McDiarmid have also been elected. Ralph H. Webb, Conservative, and James Litterick, Communist, both of Winnipeg are also definitely elected.

IMPROVED BUSINESS

Gyro Club Hears Peppy Talk By Frank Anders of Vancouver At Luncheon Wednesday

Improved business, industrial and employment conditions in various parts of British Columbia were described by Frank C. Anders of Vancouver in a cheerful talk before the Prince Rupert Gyro Club at its regular weekly luncheon yesterday with Dr. R. G. Large, president, in the chair. Greatly increased activity in the logging and lumbering industries, attempts of foreign agitators to tie up which with strikes had failed, was leading the way back to prosperity for the province, Mr. Anders declared.

The Okanagan fruit district had two or three good seasons and this was expected to be the best yet. New marketing regulations, resulting in better prices, were contributing greatly to the improvement. Centering in the Bridge River and Cariboo gold districts, the mining industry was on the up-grade.

Wages generally were increasing Mr. Anders said, and, with few exceptions, concerns which had cut wages during the depression had restored the cuts.

Speaking of unemployment, Mr. Anders declared that, even in the so-called "good old days," there had been soup kitchens and relief lines. There probably always would be unemployables. This was a problem which governments apparently realized now would always have to be faced.

Trade Treaties Beneficial
The Canadian-American trade treaty and the Imperial trade treaties negotiated a few years ago had all helped Canada's trade very materially, Mr. Anders declared.

Election year always saw a slump in United States, the speaker declared, and this inevitably had an effect on Canada although possibly the effect was not as great as usual on this occasion.

Mr. Anders closed with reference to Vancouver's Jubilee celebration which was attracting a great deal of tourist trade and business to the southern city. The driving force of Mayor G. G. McGeer had been one of the factors instrumental in making the Jubilee such a great success.

PUBLIC SCHOOL SPIRIT

HOLT, Norfolk, Eng., July 30: (CP)—"The public school spirit at its best is heroism—at its worst snobbery," said Air Vice-Marshal Sir Philip Game, Metropolitan Police Commissioner addressing pupils here.

YOUNG FINANCIER?

WEST BROMWICH, Eng., July 30: (CP)—An eight-year-old boy placed on probation for theft of two bicycles was said to have hired out the stolen cycles to older boys at two cents a ride.

Bitter Fighting in Many Quarters With Varying Results—Foreign Embassies Unable to Get Guarantee Of Protection For Their Nationals

MADRID, Spain, July 30: (CP)—The leftist government forces of the Spanish Republic are pressing the desperate purge of the administration's enemies from within while loyal troops smashed two insurgent garrisons in the southwest, reinforcements being sent to the siege of others. Suspected Fascist functionaries and officers were wrenched from state departments and the army.

ROAD WORK COMMENCES

Camps Now Being Built And Fifty Men Will Be Employed During Coming Week

Camp buildings are now in course of erection and within the coming week a crew of fifty men will be at work on the extension of the Skeena River highway from its present ending a mile beyond Cloyah Bay towards Taylor Lake, a distance of about a mile and a quarter, the present objective.

The present work will, it is expected, be in progress until well into winter. The whole road building operation has to be carried out including slashing, clearing, grubbing and grading.

New Chemical To Test Milk

Product of Alberta Professors Result of Three Years Research

EDMONTON, July 30: (CP)—Two University of Alberta professors today enquired about their new chemical, expected to revolutionize the process of bacteriological milk testing.

The men were Drs. H. R. Thornton of the University's dairy department and Reuben Sandin of the chemistry division. For three years the two have worked to develop methylene blue thiosynate, for testing the purity of milk. They believed their product to be a major contribution to the dairy industry.

The new substance is practically 100 percent pure, it was announced. The compound now generally used in testing milk quality methylene blue, varied from 50 to 60 percent in purity.

Crystals from methylene blue thiosynate can be obtained in almost complete purity, that being the chief value of the new discovery. Methylene blue crystallizes poorly. In addition the crystals carry moisture and other impurities.

"ROAD SENSE"

LONDON, July 30: (CP)—A scheme to give boys in preparatory school "road sense" has been launched by the National Safety First Association.

Howard Frizzell came in on the Laura F. yesterday afternoon from the Skeena River Hot Springs, where he has been visiting for the past two or three weeks with his parents, Mr. and Mrs. George Frizzell, and will leave Saturday afternoon by the Princess Louise on his return to Chicago via Vancouver.

Loyalist Spain confiscated its merchant marine today to form an anti-Fascist armada of defence and launched a desperate ground and air battle for possession of the strategic city of Zaragoza. Spanish mountaineers reported today that 2000 loyal troops had been ambushed and killed outside of Zaragoza by the rebel army.

Forty thousand loyal troops were reported last night to be advancing from Madrid into the mountain strongholds of the Fascist forces with a view to breaking them up.

Bitter fighting continues in southern Spain near Malaga.

"Battalion of Death"
PARIS, July 30: (CP)—Spanish rebel fliers, undaunted by explosion and destruction, were reported organized today into a "battalion of death." Pilots are reported ready to take aloft planes full of explosives and hurl their ships into Liberal encampments and strongholds.

Submarine Sunk
GIBRALTAR, July 30: (CP)—It was reported here yesterday that the Spanish government's submarine C-3 had been sunk by bombs from a rebel seaplane in the Straits of Gibraltar.

The insurgent radio station at Seville, Spain, announced today that the garrison at Valencia had revolted against the government and gone over to the rebels.

Britain Is Warned

LONDON, July 30: (CP)—General Francisco Franco, commander of the Spanish rebels, has advised the British government to keep its ships at safe distance from Spanish government warships to avoid attacks by his aircraft.

Fears For Americans
MADRID, July 30: (CP)—Fears are entertained for the safety of 160 Americans following the failure of the United States embassy to obtain any guarantee of safe transport of refugees to the coast. Meanwhile, warships of various nations hover off the coast in the hope of picking up such refugees as may safely arrive.

A party of twenty Americans, who had fled from the Vigo district and for whose safety fears were felt, were reported last night to be safe at Marseilles, France.

OPTIMISTIC REPORT

While emphasizing the setback on the prairies as a result of the drought in some of the districts, the monthly Bank of Montreal report just issued says this does not seriously affect the general recovery movement which has been going on with slight interruptions since the beginning of the year. The tourist business has been much improved, half a million cars having entered Canada from the United States during the months of April and May and later entries of which there are as yet no official returns have been keeping up well. Mineral production has shown expansion, wheat exports have increased, railway revenues are rising, and in every other line there are indications of improvement.

The Bank of Montreal has been careful in recording recovery improvements but this month it throws itself unreservedly into the role of optimist.

SOCIAL CREDIT IN MANITOBA

Social Credit was not well organized in Manitoba and had done very little propaganda work, but the propaganda in Alberta must undoubtedly have had an effect in the older prairie province. At any rate Social Credit seems to have got away to a pretty good start, to some extent displacing the C. C. F. movement in that province.

RUNNING TRUE TO FORM

Since the depression commenced there has been a tendency everywhere in democratic countries to be critical of governments and in a good many cases to turn them out. This showed itself in the Dominion election, and in most of the provincial elections. The tendency is for people to vote against any administration, good or bad. Manitoba is showing this in a rather remarkable manner considering the government's reputed strength. It is running true to form but the upset has been modified and the probability is that the administration there will be continued in power but very much weakened. Presumably Premier Bracken will remain in power until the Legislature meets and then it will be a question whether he will be outvoted. We take it that the tendency to vote against governments is being modified. Possibly it will disappear altogether by the time it gets to Burrard's turn. The Province newspaper by its earning criticism and ridiculously petty hostility to Premier Pattullo is making the way easier for Pattullo.

Sketches Of Old Timers In Baseball

Harry Menzies
Started playing in Victoria with other famous brothers. Began local career in 1916 with Colts. Has played on all city league teams since, starting at second base. Now playing outfield for old timers.

Red Robertson
Started playing ball in Canada's Queen City (Toronto). Played west in all major cities to Prince Rupert. Starred with local Sons of Canada for many years. Still playing outfield for Old Timers.

Howard Frizzell
Started with Colts in intermediate league, developed into star pitcher with Sons of Canada in senior company. After arm went bad played first base. Is still holding down that position for Old Timers.

Brick Skinner
Started out as catcher in Vancouver Commercial League, playing in various cities in B.C. Played outfield all of Prince Rupert career. Playing that position on Friday night for Old Timers.

Dido Gurvich
Started as outfielder in local league, played third base, has developed into one of the best backstops Prince Rupert has had in years. Still in the game and always good for a laugh. Will be in there catching for Old Timers on Friday evening.

Gordie Hill
Started as catcher with Colts under Harvey Fraser. Moved to the outfield in senior company. Was heavy hitter for many years. Will be in there socking the apple for Old Timers also still catching them in his hip pocket in the outfield.

Rebekah Tea And Sale is Success

Delightful Affair Held Yesterday Afternoon at Home of Mrs. W. A. McLean

Very successful and enjoyable was the tea and sale of home cooking held yesterday afternoon by the Rebekah Lodge at the home of Mrs. W. A. McLean, Fifth Avenue West. Many ladies called during the afternoon and the hostess was assisted in receiving by the noble grand, Mrs. A. Barbe.

The rooms presented a very attractive appearance, Rebekah colors of pink and green being used in the floral setting. The tea table was centred with a beautiful bowl of pink and white sweet peas. There were cut glass and silver coverings with pink and green candles. Mrs. J. W. McKinley, Mrs. J. A. Murray, Mrs. J. M. Simpson and Mrs. J. S. Irvine presided at the tea table.

Mrs. S. V. Cox was general convenor and was assisted in the tea room by Mrs. J. L. McIntosh and Mrs. William Sherman Jr. Servers were Mrs. W. McLeod, Mrs. D. V. Smith and Mrs. Peter Solem. The home cooking table, laden with good things to eat, was in charge of Mrs. G. V. Wilkinson and Mrs. A. Blackhall.

The right way to BEAT THE HEAT

I FEEL LIKE A MILLION DOLLARS AFTER EATING THAT BIG BOWL OF KELLOGG'S CORN FLAKES. THEY'RE CERTAINLY REFRESHING ON A HOT MORNING.

NO MORE MORNINGS SPENT IN HOT KITCHENS FOR ME! KELLOGG'S ARE SO EASY TO SERVE... AND ALL THE FAMILY LIKES THEM!

HE'S ASLEEP ALREADY, THERE'S NOTHING LIKE KELLOGG'S FOR SUPPER ON A HOT EVENING... THEY DIGEST SO EASILY!

BOTH you and your family will enjoy these hot days more if you serve crisp, refreshing Kellogg's Corn Flakes. These light, satisfying flakes help you to forget the heat. They're full of nourishment—yet they don't overload the stomach. With fruit or berries, they're extra-delicious.

Kellogg's are an ideal hot-weather breakfast, lunch or children's supper. A wholesome bedtime snack. And so convenient to serve! They come to you crisp and fresh, ready to eat.

When you ask for corn flakes, be sure to ask for Kellogg's by name. Oven-fresh and flavor-perfect in the patented WAXTITE inner wrapper. Sold everywhere. Made by Kellogg in London, Ontario.

Nothing takes the place of Kellogg's CORN FLAKES

Big Salmon Canning Season On Skeena—Minister of Fisheries Visits Massett Inlet—U. S. S. Litchfield Arrives.

The salmon canning industry on the Skeena River is continuing to have one of the busiest seasons in years, according to latest reports today from the river. The sockeye run is still going strong and the run of pinks is increasing. The sockeye pack will be one of the largest in years, according to all expectations. The canneries, it is anticipated, will run well on towards the end of August packing cohoes and chums.

The Imperial Oil Co.'s big tanker Albertolite, Capt. J. Cowling, arrived in port at 5:30 yesterday afternoon from Ioco with a cargo of fuel oil for the company's local tanks and, after discharging, will sail this afternoon for San Pedro. Yesterday the smaller tanker Imperial, Capt. A. McGaw, arrived from Stewart and, after discharging bulk and package fuel, sailed for Vancouver.

The hydrographic survey steamer William J. Stewart, with Hon. J. E. Michaud, minister of fisheries, and party on board, was in Massett Inlet yesterday afternoon in the course of the minister's coast tour. A stop was made at Massett and the vessel arrived at Port Clements at noon. Mr. Michaud and other members of the party taking to cars and motoring down to Skidegate Inlet. From the Queen Charlottes, the William J. Stewart proceeds to the West Coast of Vancouver Island.

Aboard the 54-foot gasoline engine power cruiser Outcall, a party of thirty-three Sea Scouts from Tacoma, led by Capt. T. C. Gunderson, paid a brief visit to Prince Rupert yesterday afternoon, being much in evidence about town during their stay of some three hours from noon until mid-afternoon. The boys started out from Tacoma on July 24 and are due back home on August 9. On the way here stops had been made at Nanaimo, Campbell River, Namu and Butedale. The next stop after Prince Rupert was to be Ketchikan.

With a full list of tourist passengers, consisting largely of round

trippers returning south, C. P. R. steamer Princess Alice, Capt. Clifford Fenton, arrived in port at 4 o'clock yesterday afternoon from Skagway and other Alaska points and sailed at 5:30 p.m. for Vancouver. There were 195 passengers on board including a party of Murad Shrine Temple of Indianapolis returning south after a trip into Atlin. Four persons disembarked from the Alice here and two went south aboard her.

The United States Navy destroyer Litchfield, which had given notice of intention to visit this port Tuesday, at 10 a.m. today put in an appearance for a brief visit. Capt. J. Howard Ingram, commanding the destroyer squadron of which the Litchfield is flagship; Lieut. Commander Ellroy Moore and Lieut. Charles Adair made an official call at the office of City Commissioner W. J. Alder soon after arrival this morning. The Litchfield will be here until tomorrow morning.

Mystery surrounds an incident which occurred aboard the new 86-foot fishing vessel Vachon at Seattle on Sunday. The Vachon was moored at the fishermen's dock when she was entered and a series of "x's" marked on doors and bunks. Charts were also taken. The damage is understood to be covered by insurance. The owners, Ed-

wards brothers, are unable to throw any light on the mystery.

Four halibut vessels sold catches totalling 70,100 pounds at Seattle yesterday. The sales were as follows: Estep, 29,000 pounds, Washington, 9 1/2c and 7 1/2c; Sea Bird, 25,000, Booth, 9 3/4c and 8c; Lebanon, 16,000, San Juan, 9c and 8c; Valero, 100, Whiz, also 4,000 sablefish at 4c and 300 ling cod at 3c.

Having on board another good sized party of tourist passengers, C. N. R. steamer Prince Charles, Capt. Dan McKinnon, arrived in port at 8:15 this morning from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock Saturday night when she will sail on her return south over the same route. Most of the tourists coming north on the Prince Charles will transfer to the steamer Prince Rupert tomorrow and make the trip to Anyox and Stewart and thence to Vancouver. The Prince Rupert will bring north from Vancouver a group of tourists who will transfer to the Prince Charles to proceed south via the Islands. Coming north the Prince Charles stopped at Boswell Cannery in Smith's Inlet and picked up Manager Frank Nason and the cannery crew for Shannon Bay in Massett Inlet. The tourists on the Prince Charles number fifty-nine.

QUINTS IN FILM HERE

Famous Ontario Babies Are Central Figures in "The Country Doctor"

That much anticipated picture, "The Country Doctor," in which the Dionne quintuplets make their screen debut with a distinguished cast of supporting actors, comes to the Capitol Theatre for the last half of this week, opening tonight. To accommodate the large crowds that are expected to wish to see the attraction, it is being put on for three days instead of the regulation two. Undoubtedly, there will be capacity houses.

While the most of people will no doubt go to this picture primarily to see the marvelous baby girls laughing and crooning in their own natural way, there is nevertheless a story bristling with drama, comedy, pathos and adventure. Jean Hersholt plays the part of the doctor, adapted from the career of Dr. Allan Roy Dafoe, who dedicates his life to a battle against pain and illness in a Canadian fur settlement and who lives to become a world famous figure as the physician to the quintuplets. In the climax the

man who faced a lonely old age as his reward for devotion to duty in the backwoods becomes the recipient of high honors and world acclaim.

Michael Whalen and June Lang provide the romantic interest and Slim Summerville and John Qualen are the comedians. Dorothy Peterson is the screen nurse

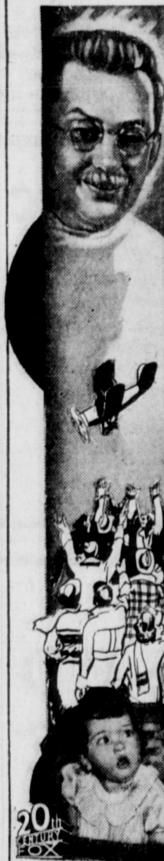

Miss Leah Bruer Jospe, teacher of Edgemere, Long Island, legislative chairman of the Women's International League for Peace and Freedom for Rockaway, Long Island, and lecturer in English at the Institute of Adult Education, Prince David,
