## Don't Forget The Salvation Army

The Salvation Army campaign is always rather slow in starting. People think there is plenty of time and as a result they become busy just before Christmas and find it difficult to attend to everything they would wish. We suggest a check be sent at once to the Salvation Army or to the Daily News covering a donation, not for the Army officials, but for the Christmas Cheer Fund which they handle for the people of the city. They have the machinery for doing it and can do it well. Now that the fund is opened we are looking for greater response.

## Welshman in Madrid Trenches Fighting For Rebels

Not all British nationals in Spain are neutral and not all the fighting Britishers are on the side of the Loyalists. Peering down his rifle barrel from the depths of a sandbag dugout on the Navalcarnero front on the outskirts of Madrid is Frank Howard Thomas of Cardiff, Wales, fighting with the troops of General Franco, insurgent chief. Thomas was a travelling salesman for his father, a wholesale grocer, but got "fed up" and ran away to join the rebels.

## Some Warehousemen At 'Frisco Working

Unions Have, However, Voted Against Accepting Compromise Wage of 70c Per Hour

SAN FRANCISCO, Dec. 8.—Strike-breaking San Francisco warehousemen were continuing to handle goods yesterday for the compromise wage of 70c per hour, an increase from the former 62 1/2c, despite the vote of union warehousemen against returning to work unless 82 1/2c is paid.

## PARLEY IS CONTINUING

Separate Meetings of Delegates At Buenos Aires Considering Peace Plans

BUENOS AIRES, Dec. 8.—Delegates to the inter-American Peace Conference here went into separate parleys here today to consider various peace plans including that of Secretary of State Cordell Hull of the United States which proposed the setting up of a special committee to consider the situation in the event of a general European war breaking out.

## New York Stock Market Stronger

Early Rally This Morning Continued Throughout Day's Trading

NEW YORK, Dec. 8.—The New York stock market staged a rally in early trading this morning, continuing strength throughout the day.

## BIG GERMAN BATTLESHIP DAMAGED AT LAUNCHING

KIEL, Germany, Dec. 8.—With Chancellor Adolf Hitler and thousands of spectators standing agast, a great new 26,000-ton battleship got out of control following its launching here today and slid rapidly across the harbor, crashing into a thick wall. The stern was badly damaged but there was no loss of life or serious injuries.

## Late Telegraphs

### DR. CHABOT DIES

### MAYOR OF TORONTO

TORONTO—W. D. Robbins, chosen last month to fill the unexpired term of the late Mayor Sam McBride, was returned to office yesterday on a wave of 74,844 votes, defeating opponents in the persons of Ald. Laidlaw and Robert Harding.

### MRS. DEBS DIES

INDIANAPOLIS—Mrs. Katherine Debs, widow of the late Eugene V. Debs, Laborite leader, died last night at the age of 79. She was a native of Louisville, Ky., and had lived in seclusion since the death of her husband ten years ago.

## THOUSANDS ARE KILLED

Storms and Floods Take Heavy Toll on Northern Luzon Island in Philippines

MANILA, Dec. 8.—With a death toll which it is feared may run into thousands and at least fifty towns completely under water, leaving more thousands homeless and suffering great privation, northern Luzon Island is emerging today from terrific rainstorms and floods of the last few days. Communications and transportation are completely disrupted and it will probably be some days before the full extent of the damage is known.

## Trawler Sinks; Crew Rescued

Fishing Vessel Comes to Grief Off Jones Beach, Long Island

NEW YORK, Dec. 8.—The trawler Gloria stranded off Jones Beach, Long Island, Sunday night and sank. The crew of five were rescued by the coastguard.

## Pope Slightly Better Though In Danger Yet

VATICAN CITY, Dec. 8.—Slight improvement was reported by physicians today in the condition of Pope Pius, who suffered a paralytic stroke of the legs at the end of the week, although grave fears are still held. The Pontiff's impatience at his illness and insistence to return to work are the cause of concern.

## ROOSEVELT RETURNING

## Radio Gag Man Dies in Gotham

David Freedman Recently Entered Suit Against Eddie Cantor For Stealing His Jokes

NEW YORK, Dec. 8.—David Freedman, radio gag man, died here today. He had recently started a suit against Eddie Cantor for infringing on his gags.

## SOCIAL CREDIT LOSES OUT IN TEST POLLING IN ALBERTA PROVINCE

EDMONTON, Dec. 8. (CP)—Revised figures today showed that J. H. Tremblay, Liberal, had defeated Dr. W. Desrosiers, Social Credit, by a margin of 180 in the first test of Social Credit at the polls since the provincial election last year. Twenty-six out of forty polls had reported.

## GREAT BRITAIN STILL AWAITS KING'S REPLY IN REGARD TO CRISIS

Still Felt in Some Well Informed Quarters That He Will Go Through With Marriage to Mrs. Simpson And Abdicate—Dukes of York and Kent At Fort Belvedere

LONDON, Dec. 8.—Great Britain was today still awaiting the decision of her King as to whether he would renounce Mrs. Wallis Warfield Simpson or his Throne. After having gone down yesterday, insurance rose again today in favor of abdication. Possibly before the end of the week it may be known what the King intends to do. It may, however, be two weeks before the decision is made. In some well-informed quarters it was said that only legal and financial steps remained to be arranged before abdication is announced.

## ROTHERMERE BACKS KING

Can Britain Afford to Lose Such A Splendid Sovereign, He Asks

LONDON, Dec. 8. (CP)—Viscount Rothermere published a letter Monday in the Daily Mail asking if Great Britain "can afford to lose a sovereign of such superlatively splendid qualities." He followed up with a letter at night in the Evening News urging a morganatic marriage. "It would be easy to legalize a morganatic marriage," he wrote. "It would be difficult and dangerous to legalize an abdication." One short act passed through the British and Dominion Parliaments would make the marriage legal. He predicted they would pass such an act with huge majorities. Rothermere added that there had never been a suggestion that Mrs. Simpson become Queen from any source whatsoever. She had no desire to be made a member of the Royal Family or to appear on ceremonial occasions.

## LOG SCALE IS HIGHER

Substantial Increase Recorded This November Over Last

Log scaling in Prince Rupert forestry district for the month of November this year totalled 13,393,814 board feet as compared with 8,967,822 board feet in the same month last year. Scaling for this year to date has reached a total of 135,521,152 board feet in comparison with 130,527,786 board feet during the first eleven months of 1935. A substantial increase is shown this November in the three principal varieties of logs produced in this district—cedar, spruce and hemlock.

For varieties the scale for the month in board feet was as follows:

Douglas Fir	320,241
Cedar	1,902,711
Spruce	6,760,990
Hemlock	3,568,692
Balsam	576,372
Jackpine	248,558
Miscellaneous	16,340

**Forest Products**  
The scale of poles and piling in the interior this November showed a falling off, amounting to only 56,414 lineal feet—the large proportion of which was in cedar—as compared with 422,413 lineal feet in the same month last year. The tie count this November was 21,347 pieces—3,187 in hemlock and 18,160 in jackpine. Last year in November there was no tie scale.  
One hundred and ninety-two cords of wood and cords of fence-posts were recorded this November.

## Evolution

Some of the women of Penticton have been all fussed up because they understood that evolution was being taught in the high school of that city. The principal was said to be apologetic and explained that, while it was supposed to be taught, the teachers themselves did not believe in it and taught it as a theory and not as a fact.

Evolution is not something to be taught so much as something to be seen and felt all around us. It does not necessarily mean Darwin's theory or anybody else's theory. The theories are intensely interesting but not necessarily true in detail, although most educated people accept them in principle. For years, however, there will be people who will refuse to believe that men at one time lived in trees or that there were cavemen and that further back than that there were even less highly developed creatures from which we have all developed. There is no indication that men were at one time monkeys but there are indications that we have evolved from a much lower creature who might even then have been called man. It is a long way back from that to the single cell from which the theorists say we have sprung. The finite mind of man gets into a maze when it tries to think back for millions of millions of years and there is an excuse for people refusing to accept everything they are told about that period.

## Swiss Farmers Arriving

In the interior of British Columbia a number of people are selling out to Swiss farmers who are seeking farm homes under conditions which are likely to insure them peace and prosperity. They have chosen a good spot for there is no more beautiful place in Canada than the Bulkley Valley. The soil is productive and the conditions of life are steadily improving. The arrival of these people should prove to be a welcome addition to our population.

## Muzzling The Press

The danger of trying to keep news from the public is shown in the recent happenings in Great Britain. Up to a few days ago the British newspapers were not allowed to mention the case of Mrs. Simpson and the King although everyone was talking about it. Then it was sprung on them suddenly in a blaze of publicity. In the meantime many people's minds had been poisoned by idle rumor and it was difficult to distinguish the true from the false. It is always dangerous to muzzle the press, even though the intentions of those who do so are perfectly all right.

## SIEGED BY BORROWERS

Alberta Sweep Winner Deluged With Letters From Persons Seeking Financial Help

EDMONTON, Dec. 9: (CP)—When Dan Bulger galloped home first in the Cambridgeshire Stakes at Newmarket on October 28, he brought Walter Snowden \$85,000 on a sweepstake ticket and started a flood of letters towards the Snowden farm from people wishing to share his good fortune.

From all over Canada and the United States, hundred of persons have written the Rochfort Bridge agrarian telling him how he could help them financially. Books of lottery tickets have come from Ireland, Queensland, Australia, France, Italy, the United States and various points in the Dominion.

A Manitoba prospector who claims his property produces more gold from its quartz than the weight of the mineral compound itself wanted \$20,000 to develop his holdings into a mine.

A Winnipeg domestic asked for \$1500 to build a bungalow. When she received no reply she forwarded a second request for \$2500 and scolded Snowden for not answering immediately.

### Many Schemes

A resident of Lethbridge concluded Snowden's luck and his own knowledge of English racing would bring big returns. He invited the sweep winner to put up \$20,000 and accompany him to England where he promised to double the money within two months.

From a fish company official came word the firm had such a large business it could not take care of all customers. It needed capital for expansion and \$50,000 would fill requirements.

The small item of \$1500 was sought by a woman living in Saskatchewan to take her family to Swift Current for the winter months. There the children could go to school and the father, injured cutting wood, could receive medical care.

An Edmonton widow thought \$1000 would furnish a boarding house for her near the University of Alberta.

But none of these people will receive a cent from the Rochfort Bridge farmer. He has not purchased one ticket from the many sweepstake books sent him. He will follow his original plans to purchase gilt-edged securities and annuities and extend his farming operations.

His neighbors, however, were treated to a theatre party, supper and dance—all provided by Snowden and Harry Doherty, elevator agent, who sold the winning ticket and received \$5000 as a bonus.

Of the many letters received Snowden said: "I would have to win two major prizes to have any money left myself if I complied with the requests. They total well over \$100,000."

## Twenty-Five Years Ago

December 8, 1911

The city has opened up its defence in the suit brought against the municipality by street grading contractors who claim that they were held up in their work through failure of the city to keep up with retaining wall work. M. J. McNeil, superintendent of public works for the city, was on the stand this morning.

The city council has decided to use steam coal at the Cow Bay electric light plant. This is in the interests of economy.

Hurried into the city yesterday afternoon by train suffering from a bullet wound in the abdomen sustained while hunting up the line, Muske Rajkovich, a young Montenegrin, died last night.

## Seek Complete Independence

LAHORE, India, Dec. 8: (CP)—Solution for India's social, political and economic difficulties lies in complete independence according to a resolution passed recently at the All-India Ahrar political conference.

## BRITISH REPRISALS FOR ARAB TERRORISM

This graphic picture shows the actual blowing up of an Arab village near Tel Aviv, Palestine, by British forces. The huge column of smoke in centre marks the spot where a giant bomb was detonated to wreck the village as a reprisal for its people having joined Arab terrorist gangs in overt acts against Palestine Jews.

## WHIFFLETS From the Waterfront

The provincial police power cruiser P. M. L. 8, which left early yesterday morning for Port Eslington in connection with a number of court cases there, is due back today. R. L. McLennan of this city also made the trip to Eslington as defence counsel.

C. P. R. steamer Princess Louise will make still another special trip to Skagway on account of the tie-up of American shipping in order to handle passenger traffic, it is announced. This third extra sailing will bring the vessel here on Thursday morning of next week northbound. She is at present on a special voyage to Alaska.

The Ketchikan motorship Beloit arrived in port last night from Alaska with passengers enroute south. They included Mr. and Mrs. Roy Hansbury of Ketchikan, Mr. and Mrs. Frank C. Mosher of Portland, Mr. and Mrs. Lee E. Ave of Ketchikan and I. Larsen of Ketchikan. Mr. and Mrs. Mosher, Mrs. Hansbury and Mr. Larsen are sailing from here on the Catala this afternoon for Vancouver.

Delayed by having to make extra calls including the Naas River, Union steamer Catala, Capt. John Muir, did not return here until 2:30 this afternoon from Stewart, Anyox and other northern points. After calling at the plants of the Northern Fishermen's Cold Storage and the Canadian Fish & Cold Storage Co. to load fish, the vessel sailed for Vancouver and waypoints.

The provincial government has issued licences for reduction plants at Namu and Tucks Inlet (Prince Rupert) in this district.

## Rhodes' Mule Lived Long

CAPETOWN, Dec. 8: (CP)—A mule bred by Cecil Rhodes, British Empire builder who died in 1902, from one of his famous Arab mares has been shot at the age of 38 because it went blind.

KENNEY VICTORIA SPEAKER VICTORIA, Dec. 8:—E. T. Kenney M.L.A. for Skeena, was a recent speaker before the Victoria Gyro Club. His subject was "Possibilities of Northern British Columbia."

TWICE CORONATION MAYOR HYPHE, Eng., Dec. 8: (CP)—F. W. Butler was mayor of Hythe when King George was crowned and he will serve this ancient port in a similar capacity during King Edward's coronation year.

## Monarch Has Yet To Give Answer

(Continued from Page 1)

ning in answer to the Royal summons, presumably to receive the final decision of the King on renunciation of either his Throne or Mrs. Simpson. The Premier has been over icy roads from London an hour and fifteen minutes to enter the gates of the royal residence in the gathering darkness. It was generally believed that he decision, even if it were given at Fort Belvedere, would be withheld from the public until Premier Baldwin had the opportunity to communicate it to the House of Commons. Particularly would this be so if the answer was abdication. The King, of course, might give the tip-off by quick departure from the country.

The King's younger brother, who drove alone to Fort Belvedere this morning, was believed to have participated in tonight's crucial conference. There were also reports that the motor of the Duke of York, heir-presumptive, had been seen entering the side entrance of the estate. Those who expected the King to give the Prime Minister his final word tonight pointed out that every day's delay was costing thousands of pounds. Vast business, based on the coronation next May, was at a standstill.

Before Premier Baldwin went to Fort Belvedere with advisers to both the King and the heir-presumptive, a privately chartered plane flew the English Channel in treacherous weather from Croydon and finally wound up at Margitname, near Marseilles, France, enroute to Cannes where Mrs. Simpson is staying. It was believed those in the plane were Theodore Goddard of the firm of barristers which handled the granting of Mrs. Simpson's decree nisi divorce from Ernest Simpson; Sidney Barron, his clerk, and Dr. Douglas Kirkwood, Goddard, it was reported, conferred last night with the King's solicitors and several officials of the treasury. Under present arrangements, the divorce will become final on April 27. It could be made final earlier.

## New Anglican Commission

LONDON, Dec. 8: (CP)—The Archbishops of Canterbury and appointed a commission to consider the problems connected with the selection, testing and training of candidates for holy orders.

## Rebuild Tiny Church

LONDON, Dec. 8: (CP)—St. Mary's, West Twyford, Middlesex London's smallest church, is to be rebuilt. It seats 42 people and dates back from 1600 while the parish is mentioned in the Domesday Book.

### Young Mothers! Here's Help to END COLDS Quicker

#### The 3-Minute VapoRub Massage

Massage VapoRub briskly on the throat, chest and back (between and below the shoulder blades). Then spread it thick over the chest and cover with warmed cloth.

It takes so little time—it does so much—this 3-Minute VapoRub Massage!

Almost before you finish rubbing, VapoRub starts to bring relief two ways at once—two direct ways:

1. **Through the Skin.** VapoRub acts direct through the skin like a poultice or plaster.
2. **Medicated Vapors.** At the same time, its medicated vapors, released by body heat, are breathed in for hours—about 18 times a minute—direct to the irritated air-passages. This combined poultice-and-vapor action loosens phlegm—relieves irritation—helps break congestion.

While the little patient relaxes into comfortable sleep, VapoRub keeps right on working. Often, by morning the worst of the cold is over.

**Avoids Risk of Stomach Upsets**  
This safe, external treatment cannot possibly upset the stomach, as constant internal "dosing" is so apt to do. It can be used freely, as often as needed, even on the youngest child.

Mothers! Look in your VapoRub package for full details of Vicks Plan—a practical home guide to greater freedom from colds. In clinic tests among 17,353 people, this Plan cut sickness from colds more than half! Follow Vicks Plan for Better Control of Colds

Mr. and Mrs. Robert Woods and child are leaving Wednesday enroute to New York from which port they will sail on the Laconia, December 19, for Scotland where they plan to reside. Mr. Woods says that, if the pulp mill is built here, they may return later.

Mr. and Mrs. Frank Hallett, who were married in the city yesterday, and Roy Hallett left on last evening's train for a trip to prairie points as far as Winnipeg. They come from Bishop Bay, down the coast from here, and will return there in a month's time via Vancouver and Butedale.

This district has been receiving considerable publicity in the Old Country recently as a result of the presentation by the Canadian National Railways of two miniature hand carved ivory totem poles to Sir Neville Wilkinson for the gardens of his famous Titiana's Palace. They are fine reproductions of totems at Kitwanga on the Skeena River. Joe Edwards, formerly of the Canadian National Railways service at Prince Rupert, has sent to the Daily News office a copy of the Leader, a weekly London paper, carrying a feature article about the totems.

### DOWN COAST COUPLE WED

Miss Gladys Bradbury of Goat Harbor Becomes Bride of Frank Hallett of Bishop Bay

The marriage took place quietly at 4 o'clock yesterday afternoon at the residence of Rev. L. C. Jensen, pastor of St. Paul's Lutheran Church, of Miss Gladys Bradbury of Goat Harbor and John Francis Hallett of Bishop Bay. The couple were attended by Mrs. Evelyn Roberts and Albert Lund.

Following the ceremony Mr. and Mrs. Hallett left for a month's prairie trip after which they will return to Bishop Bay, down the coast from here, to take up residence. The groom is engaged in logging at Bishop Bay.

### Xmas Messages For Far North

Special Arrangements Are Made By Canadian National Telegraphs

No longer are the mining camps in the Arctic and sub-Arctic to be without their Christmas greeting telegrams on the most sentimental of all family holidays in the year. Canadian National Telegraphs announce that, through the co-operation of such organizations as the Canadian Airways' radio department, the Ontario forestry department and the Northwest Territorial and Yukon Radio Telegraph systems, Christmas greeting messages will be accepted to such points as Fort Smith, Fort Resolution, Yellow Knife, Fort Rae, Cameron Bay, Fort Simpson, Fort Norman and Aklavik in the Northwest Territories; Dawson and Mayo in the Yukon Territory; Chipewyan, Alta.; Goldfields, Sask.; God's Lake and Norway House, Man., and various camps in Northern Ontario.

Of interest to relatives of the engineers and miners is the fact that the additional cost to the regular greeting message charge is in keeping with the low rates for Christmas telegrams.

### FINAL NOTICE

Please take notice that Thursday, December 10th is the final date for payment of Trades Licences for the present six-month period. After that date summonses will be issued. (288)

### Meeting of Youth Society Interests

Over Fifty in Attendance at Diverging Gathering Last Night

With over fifty members and friends in attendance, the Christian Youth Society held its regular bi-weekly meeting last night in the social parlors of First United Church. The meeting, which was of a public nature, was opened with a short devotional period conducted by the Misses Edith Conery and Mildred Hunt.

Following this, the president, Wilfrid Hicks, welcomed the visitors and briefly outlined the purpose and history of this group, revealing the fact that its membership had increased from fourteen to forty in the two and a half months of its existence.

At the conclusion of the business session, an enjoyable program was presented, the first half consisting of dances by little Bernice Eastwood, accompanied by Mrs. S. A. Kielback and little Miss Doris Hodgkinson, accompanied by Mrs. James Black.

A television set-up, from which a variety broadcast was presented, added a novel touch to the second half of the program. Those taking part were the Misses Eileen and Phyllis Hamblin and Molly Frew; Henry Montesano, Bruce Stevens, Bob Irvine and Ken Harding. A social half hour and sing-song brought the evening to a close.

## PRINCE GEORGE NEW HAZELTON

The Northern British Columbia Ski Association, meeting in Prince George recently, elected H. Sotved as president, George Kitchen as vice-president and Mrs. M. C. Campbell as secretary-treasurer. There will be a ski meet in Prince George on February 16 and 17, at Burns Lake on February 21, 22 and 23 and at Smithers on February 25.

Mrs. C. Beulah of Vancouver is visiting at Prince George with her son and daughter-in-law, Mr. and Mrs. Fred Beulah.

Prince George girls are having difficulty in getting partners for dances. There do not seem to be enough boys to go around. The Prince George girls have noticed that in Nanaimo the girls are advertising for partners to take them to dances.

Quesnel badminton players visited Prince George at the end of last week for a tournament. Play was close and well contested.

Arthur Porter of the Royal Bank of Canada staff at Prince George has returned to his duties after having been called to Vancouver on account of the sudden death of his mother.

C. C. Ternen, former assistant district forester at Prince George and more recently stationed at Kamloops, has now been transferred to Vancouver.

Mrs. Archie Watt of Prince George arrived in Magnetawan, Ont., a few days ago, a few hours before her mother, on account of whose illness she had been called east, passed away.

Marion Strom, 16-year old daughter of Lars Strom, received a painful accident last Wednesday while playing basketball. She severely wrenched her knee cap, making it necessary to obtain medical attention.

The pupils of the Prince George High School presented three one-act sketches in the Princess Ballroom on Friday and Saturday evenings with a matinee presentation Friday afternoon.

The Prince George Women's Institute is holding its annual meeting this afternoon in Andersen's Hall. Business includes presentation of reports and election of officers.

## SMITHERS

The Smithers District Chamber of Commerce, at its December meeting, voted approval of the Hornby plan of farm settlement. It is hoped that, as a result, many new settlers may be brought from the British Isles to populate vacant lands of the Bulkley Valley.

The annual meeting of the Smithers Fall Fair Board was held in Smithers last Friday night. Business included the presentation of reports and election of officers.

Karson Hanson and Harry Orm of Smithers have been awarded a contract to drive two hundred feet of tunnel on the Dardanelles group of claims on Copper River near Terrace for the Omineca Gold Quartz Mines Ltd. The work will probably be carried out next year.

Rev. W. D. Grant Hollingworth of Prince Rupert has been a recent visitor to Smithers in the course of his Presbyterian Church survey work.

Visiting New Hazelton at the first of last week, Olof Hanson, M. P. for Skeena, said that he hoped to soon get new orders lined up which would enable him to open some new pole camps in the interior. At present shipments are being made from various points along the Canadian National Railways. Mr. Hanson is at present on a trip to Vancouver on business in connection with some prospective new pole and piling contracts.

New Hazelton operators are again talking about taking out a large quantity of cottonwood and poplar logs for shipment to the Orient by way of Prince Rupert. A more favorable freight rate to Prince Rupert is being sought and here is said to be hope of this being obtained. Gust Christiansen of New Hazelton has already gone into the woods to cut roads through his timber limits back of the town. He will be ready for work as soon as the frost and snow comes providing the orders materialize.

Dr. Colwell of Extension, Vancouver Island, has not been able to assume an appointment as assistant medical superintendent of the Hazelton Hospital. Efforts are now being made to secure another doctor for the post.

After an exceptionally mild fall, the thermometer took a sudden drop in the Hazelton district at the end of the week, going down to below zero.

## STEWART

Eric C. Redgrave-Gunner, who visited Prince Rupert, Stewart and other Northern British Columbia points on several occasions two or three years ago endeavoring to interest local people in an aviation company to operate planes in Alaska, has been arrested in Ketchikan and charged with entering United States from Canada by illegal means. He was released from jail at Ketchikan on \$1000 bail being put up by his wife. Redgrave-Gunner has recently been engaged in selling insurance.

W. J. Wakefield, formerly of Prince Rupert, has been granted a permit to erect a garage building on Fifth Street at Stewart where he has been located for years.

The Canadian Legion held another military whist drive and dance in the hall on Saturday evening. There were old time and modern dances on the program and all present had a very enjoyable time.

Mrs. Frank Lewis has returned to her home in Stewart after spending several weeks at Fort St. James visiting with her mother.

Many matters of local importance were dealt with at a well attended meeting of the Stewart Board of Trade on Tuesday evening last.

Although Premier is 1371 feet above sea level, the famous gold mining camp up to a few days ago was free of snow and enjoying balmy weather. There was a change, however, at the end of the week and there has been considerable snow since then. There was only two feet of snow at Big Mis-

## Trade Mark Was Upheld in Court

TORONT, Dec. 8.—The Bayer Co. Ltd. of Windsor, Ontario, has been granted judgment of the Exchequer Court of Canada against Max Beyer of Winnipeg, Manitoba.

The Bayer Company alleged that the defendant, Max Beyer, was infringing its registered trade mark "Aspirin" by applying same to tablets which were not the Bayer Co.'s product, and the judgment of the Exchequer Court perpetually restrains the defendant, Max Beyer, from selling or distributing products not manufactured by the Bayer Company as Aspirin and directs Max Beyer to deliver up all containers, labels or other matter offending against the judgment. The defendant is also required to pay the Bayer Company damages and the costs of the court action.

### Trainer Gives His Team Kruschen

"Daily Dose" For Footballers

Read what one professional trainer does to keep his team in tip-top condition:—

"I am a professional trainer, at present with a first-class football team, and have been for the past fourteen years. Kruschen Salts has been very beneficial, both as a laxative and in keeping the men free from staleness. Each morning I see that every man under me takes a small amount of Kruschen Salts to assist the liver and kidneys. I have used Kruschen with all types of athletes, and also extensively among my private patients, for cases of low vitality, rheumatism and neuritis."—J.J.J. (Certified Masseuse).

The "little daily dose" of Kruschen Salts helps to keep the internal organs functioning regularly in their daily duties. Liver, kidneys and bowels are stimulated to healthy, vigorous activity, thus assisting them to eliminate waste products and poisons that endanger the health.

## LOSE FOURTH SCYTHIANS HOOP GAME UNBEATEN

Grotto Again Beaten by Moose, Tightening up Senior League — Scythians Finally Defeated

With Wingham and Armstrong on a shooting spree in the last ten minutes of the game, the Moose handed the Grotto their fourth straight defeat of the season 30 to 24, in the Senior League feature spot of last night's basketball card. This game was not up to the usual standard, both teams played a ragged brand of ball. The portentous forward line of the Grotto was kept well in check and, in the second half, the Lodgemen turned on the heat to outscore the Tobaccconists 21 to 10.

These two teams are now tied for first half honors and a win for the Moose on Thursday will give them the series. However, if Lambie and Stone continue their winning streak, a three way tie will result.

Grotto—MacPhee (9), Ratchford (9), Morgan (5), Campbell, Murray, Smith (1); total 24.

Moose—Stiles (4), Wingham (11), Armstrong (10), Mitchell (2), Morrison (1), Nakamoto (2); total, 30.

### Ladies' League

In the Ladies' League the High School showed the Grotettes where a concerted team of five holds the advantage over five individual dribblers, when they turned in a neat 20 to 12 win. The Students put up a beautiful display of teamwork and McLeod and Davies left nothing to be desired in the shooting end.

High School—Ellison, McLeod (9), Davies (7), Blaine (1), Lewellyn (3), Arney, Robertson; total, 20.

Grotettes—Smith (4), Beale (6), Bury (2), McMeekin, Erickson, Menzies, Croxford; total, 12.

### Intermediate League

A mixture of luck and good ball-playing with a few fluke-shots gave the Moose an Intermediate victory over the unbeaten Scythians 48 to 31. Husoy Greer could do nothing wrong in the point-getting way, dropping them in from every possible angle, while the Scythian forward line was bottled up the whole game. This win had no effect upon the league standing as the losers have already clinched first place.

Moose—Cromp (10), Husoy (18), Greer (17), Hale (1), Eby (2), Holkestad; total, 48.

Scythians—Beynon (10), Houston (2), Montesano (1), Currie (2), Letourneau (8), Murray (2), Campbell (6); total, 31.

### Junior League

In the curtain-raiser the Junior league-leading Boy Scouts had a fight on their hands before they could squeeze out and 18 to 14 win over the scrappy Junior Moose. Eastman, usually high man for the winners, was held scoreless.

### DELICIOUS, FRESH COTTAGE CHEESE VALENTIN DAIRY PHONE—657

Local Intermediate Basketeers Won Two Games at Metlakatla Saturday Night

Playing at Metlakatla Saturday evening, the Scythians, city intermediate champions, retained their undefeated record by disposing of Metlakatla All Stars in two games. The score of the first game was 38 to 17 in favor of the Scythians and the second 49 to 31, also in favor of the locals.

Beynon and Campbell were the Scythian's most consistent scorers but "Corses" Letourneau was not far behind. Sev Dominato, the Scythian's centre for the last three years, used his height to good advantage under the basket and also ranked high in the scoring list.

For Metlakatla Allan Prevost was high scorer, accounting for more than half of his team's points.

The trip was made by gasboat, the local team returning early Sunday morning.

Freddie Calderone was official referee for the games and Joe Antonelli, scorekeeper.

### Minnesota Is Given National Champion Title

### SPORT CHAT

Howard Frizzell of Chicago, son of Mr. and Mrs. George Frizzell of this city, recently attended one of the big Notre Dame football games at South Bend, Indiana. He was a member of a week-end party which made the trip from Chicago to South Bend in a private railway car.

The Smithers-Telkwa intertown basketball league is tied up tight as a drum as a result of last week's games. The Telkwa Ex-High and Senior and Smithers teams are tied at the top of the standing with three wins and two losses each while the Firemen's team of Smithers is in sole possession of the cellar with one win and four losses.

### THE MINERALS OF BRITISH COLUMBIA

British Columbia has produced minerals of an aggregate value of \$1,425,000,000.00.

The value of mine production in 1935 was \$48,821,239.00, an increase of \$6,515,942.00 over the value for 1934.

## NEWS OF THE MINES

Ore Sampling Plant Here to be Boon to District—Consolidated on Dease River—Mill For Edye Pass

The ore sampling plant which is about to be established by the provincial government at Prince Rupert under legislation passed at the recent session in Victoria will serve mining properties in the Yukon, Atlin, Taku, Unuk, Portland Canal, Anyox, Alice Arm, Queen Charlotte Island, north coast islands, Terrace, Smithers and other northern and central British Columbia areas.

The government will make a survey of ore deposits having sufficient values to qualify shipping to the ore sampling plants, a second of which will be placed at Nelson. The government will buy ore from prospectors and mine operators and, after sampling the ores, will market the product. The subject of small portable mills was discussed, investigated and reported upon by the resident engineers who decided that, instead of small portable mills, the government would be better advised to proceed with the ore sampling plants for ores mined in small quantities by prospectors and others. The Department of Finance is agreeable to advancing \$150,000 for the ore sampling and purchasing program. During the past year several properties in the Stewart area have mined and shipped ore in small quantities to smelters in Europe, the United States and to Canadian reduction works. This procedure has involved a long spread between settlement periods. When the government customs sampling mill at Prince Rupert is in operation, prospectors will be able to ship their product and receive cash returns quickly which will enable them to further develop their properties without delay. An expansion of the mining development throughout the district may be anticipated as a result.

The new Unuk River trail which is being built across the Alaska Panhandle from a point back of Ketchikan will, when completed, enable prospectors to reach the British Columbia boundary without risking the hazardous canyons or crossing the almost impassable bluffs as had to be done in previous years. The new trail built by the United States government, averages more than ten feet in width and has no hard grades. There is one shelter cabin at the mouth of the Unuk River and one on the Blue River. The shelter cabins are completely equipped with cooking utensils, stoves and fuel and food for five men. In fifteen miles of trail yet to be finished, there are about 2500 feet of difficult and costly rock work.

McDames Creek area on the Dease River just south of the Yukon boundary will be the scene of lode gold exploration by the Consolidated Mining & Smelting Co. in the 1937 season. Late in the fall of 1935 John Bollaug and Hans Erickson of McDames staked a property which was taken over by the "Cassiar Syndicate" comprising prominent Victoria businessmen with R. H. Pooley K.C. as trustee. An examination of the property was made during the past summer on behalf of the syndicate by A. C. Langley, consulting engineer of Vancouver, who spent some time making a thorough investigation of the outcrops and surface cuts. As an outcome of his visit and report to the Cassiar Syndicate, Consolidated later in the season sent in one of its own engineers who has, apparently, conformed Mr. Langley's good opinion of the property. An option has been taken of the syndicate's holdings by Consolidated with exploration by surface work and idamond drilling planned as soon as possible next spring. There is said to be a strong, well defined vein on the property with every indication that it persists for at least two thousand feet. The vein is of ribbon quartz structure, carrying remarkably high values in places. Air travel has greatly speeded up the exploration and development of this part of the province.

While at Stewart recently, Olof Hanson, M. P. for Skeena, was asked by the Stewart Board of Trade to use his influence towards securing extension of the Bear River road. It was pointed out that this project would save a very large mining area. Mr. Hanson indicated that the Dominion would make further appropriations for mining roads and that it would spend on a ratio basis of \$2 per \$1 spent by the provincial government on such roads. He suggested that the board of trade recommend to the provincial authorities the advantages of opening up the interior country and have the government request from the Dominion an appropriation for this work.

Roy L. Clothier, formerly active in mining in the Portland Canal district, is now managing director of the Dictator Gold Mining Co. and recently examined the old Goepel property near Nelson. The Goepel is located within four miles of the Relief-Arlington which is being profitably operated by Premier Gold Mining Co. Ltd.

Operations have ceased for the winter in the old Dolly Varden mine at Alice Arm after a successful season during which T. W. Falconer, Lorne Falconer, Selkirk Falconer and Gordon Brown, as leasers, shipped considerable high grade ore and have approximately 140 tons more of high grade ready to be sent to smelter for treatment.

## ORGANIZING OF INDIANS

Co-operative Union of Canada Interesting Itself in Natives

For some months past the Co-operative Union of Canada has been giving information and guidance to the representative of a group of Indians in the Prince Rupert district. A correspondent to the Canadian Co-operator, official organ of the Union, claims that they are much more advanced than Indians in the interior, and that quite a number of the young people have a fair education, having spent some years in high school.

"Organization among them," it is said, "is not difficult for the Native Brotherhood has been organized for some time past and most of them belong. This organization stands for general advancement among them." The informant further reports he placed the idea of co-operation before the leading men, held a few meetings and within a period of about two months twenty-five of them expressed a desire to stand behind the movement.

The journal says it will watch developments in this new field of co-operative activity with much interest. If the Indians can be taught to stand on their own feet, to help themselves and each other in mutual association, it will readily lead to the abandonment of the policy of paternalism which so far has featured governmental relations with them.

### Gives Alarm and Drops

LEEDS, Eng., Dec. 8: (CP)—After he had given the alarm of a fire in a Leeds office, J. Powell, 7, a clerk, collapsed from the effect of smoke and was taken to hospital.

W. G. McMorris and Al Harris have recently been spending a week or so in the Hazelton district looking over mining properties.
