Dr. Schenck of Germany Enthused With Scenic Beauties of British Columbia Including Prince Rupert

"This is my first visit to Prince Rupert and I find here the most delightful scenery in the world. I have today visited one of your beautiful little lakes and it is wonderful. Surely you people here feel its beauty. I know nothing like it." This was a scrap of a conversational talk given last night to a small group of people who dined with him

We thank the genial visitor for drawing our attention once more to the wonderful country in which we live and the happy condition in which we are placed.

THE LEGION CONVENTION

Prince Rupert people will be particularly pleased at the news that the annual provincial convention of the Canadian Legion of the British Empire Service League will be held in Prince Rupert in 1938. President Jack Preece is, undoubtedly responsible for securing that convention for this city and citizens generally will join with him, when the time comes, in making this event an outstanding success. The Legion has a strong organization in Prince Rupert and the members will look forward with great interest to the convention.

HEALTH INSURANCE ADOPTED

The Health Insurance Act caused a tempest in a teapot but, after much criticism and some excitement in the country in regard to it, the measure has become law, subject to proclamation by the Lieutenant Governor-in-Council. In the meantime the machinery for administering the act has to be set up and it may be a little while before it becomes operative.

Once we get used to the idea of having to provide the fee, we shall find the benefits are outstanding if the act is well administered.

There is one thing that cannot be forgotten and that is that all these things have to be paid for by the people generally. The employer of labor who has to pay part of the fee has to secure that much more from his customers. That makes it more difficult to compete with other provinces or other nations.

FREDERICTON, April 2: (CP)-Heart failure and cancer were responsible for nearly one-quarter of the 4,665 deaths recorded in New Brunswick during 1934, according to Dr. William Warwick, chief medical officer and registrar of vital statistics, in a report to the provincial legislature.

Diseases of the heart took a toll of 646 while 410 persons died from cancer, the report stated. Other principal causes of death were pneumonia with 359; tuberculosis, 9.00 285; old age, 256; and cerebral hemorrhage, 235.

The counties of Gloucester, Maog dawaska, Restigouche and Kent still maintained their relative positions with the highest birth rates, and Kings, Charlotte, Queens and Saint John City and County, had the lowest.

Last year, New Brunswick had Thursday, April 2, 1936 the smallest number of diphtheria cases ever reported, 83. Of these 10 were fatal.

Is Opening New Store For Men's

Explaining what was to be done with the store just vacated by Collart & McCaffery adjoining the Cut Rate Shoe Store, J. Schwartz, manager of the People's Store and the Cut Rate Shoe; Store, stated that they were moving all the men's and boys' goods from the People's Store and making it a ladies' store throughout. In this way they planned to give a much better service. The new store will be devoted wholl? to men's and boys' clothing and furnishings.

Mr. Schwartz is anxious to meet local people so he is putting on a sale commencing tomorrow in both stores for the purpose of clearing out the stock to make way for spring goods now arriving.

Roger Powell, Metlakatla Indian, appeared in city police court this morning on a charge of drunkenness and, pleading not guilty, was remanded until this afternoon.
