CANADIAN RAIL WORKERS MAY STRIKE

This Threat is Made Before Conciliation Sitting in Montreal

Spokesman For Employees Says That Point Has Been Reached Where Patience is no Longer Virtue—Is It Possible, Asks Chairman

MONTREAL, Nov. 24: (CP)—Canadian railway employees may be obliged to call a strike vote in order to obtain a wage increase from the companies, Howard Chase, spokesman for the workers, told the wage conciliation board in session here. His statement came after the chairman of the commission, Mr. Justice A. K. MacLean, said that the whole question before the board was whether the companies had the ability to pay. Chase said that the companies were in a better position than they had been for years. He added that the employees had reached a stage where patience was no longer a virtue.

FOOD NOT UNLOADED

Empress of Japan Raced With Fine, Keeps Cargo Aboard at Hawaii

HONOLULU, Nov. 24:—United States shipping laws are not helping to provide food for Hawaiians whose supplies are running short on account of the Pacific maritime workers' strike. The Canadian steamer Empress of Japan brought to Honolulu 30 tons of food originating in California and loaded at Vancouver. The C. P. R., owners of the Empress of Japan, decided not to unload the cargo rather than pay a fine of \$8,000 which would have been imposed by the courts under the American shipping regulations which prohibit shipment of American goods to an American destination on foreign ships.

Talk of Recall Of Mayor Dore

Apparently Some Dissatisfaction Is Developing Under Chief Magistrate of Seattle

SEATTLE, Nov. 24:—On the grounds of malfeasance and misfeasance of office, preparations are being made to circulate a recall petition against Mayor John F. Dore. Sponsors of the petition declare that they could get 25,000 signatures which would be sufficient to bring about a recall election.

Gasboat Lost At Vancouver

Small Launch Believed to Have Come to Grief in Rough Waters Of Burrard Inlet

VANCOUVER, Nov. 24:—Search has been made for the small gasboat "I'm a Wreck" which left North Vancouver Saturday night for the south side of Burrard Inlet and is feared to have come to grief in the rough waters of the harbor.

Fight For Big Prize in Baby Derby Starting

TORONTO, Nov. 24: (CP)—In upholding the validity of the Stork Derby clause of the will of the late Charles Vance Millar Mr. Justice Middleton expressed the opinion that the will could not be successfully contested. The judgment was against relatives of the eccentric Toronto lawyer who challenged the clause on the ground that it was contrary to public policy. It willed \$500,000 to the woman having the most babies in ten years following Millar's death. The litigation to determine the willer of the \$500,000 will now proceed.

Trains Cross Salvus Again

Through Traffic Moving Uninterrupted Once More on Local Line of Railway

It was expected at the office of the superintendent of the Canadian National Railways here this morning that Salvus bridge, where repairs to damage caused by recent high water has been in progress for the past few days, would be in shape to carry trains by this evening. The plan was to send out an extra through train at noon the first to leave since last Wednesday. Tonight's train, due here from the East at 10:20, was reported this morning to be running four hours late, having been delayed by a connection at Jasper Park, so will not be in until 2:20 a.m. at the earliest.

Japanese Ship, 'Frisco Bound, Was Diverted

VANCOUVER, Nov. 24:—The Japanese freighter Asana Maru, originally destined for San Francisco but diverted from there on account of the maritime workers' strike, has arrived here to unload cargo from the Orient.

BALANCED BUDGETS

Foreseen For Canada by Minister Of National Revenue—Things Looking Up

MONTREAL, Nov. 24: (CP)—Hon. J. L. Ilsley, minister of national revenue, said here that Canada would enter an era of balanced budgets if the present economic progress continues and forecast an increase of \$600,000,000 in Canada's 1936 income as compared with last year. Mr. Ilsley said that the increase in revenue was closely related to revived export trade and added that the Dominion's total exports would exceed the billion dollar mark this year.

Believes Russia Helps For Peace

War Would Disturb Soviet Program, it is Felt

MONTREAL, Nov. 24: (CP)—Because war would result in interruption of the Soviet program over a long period Russia is one of the strongest influences for peace today, said A. Kirk Cameron, addressing members of a number of Jewish women's organizations gathered in a peace meeting. Mr. Cameron, recently accompanied Hon. W. D. Euler, minister of trade and commerce, on a trip to Europe. Everybody works in Russia, women as well as men, Mr. Cameron said. Equal pay for equal work is the rule, and if a woman's work exceeds that of a man in amount or quality she receives more money. Mr. Cameron thought the social condition of the Russian people was "terrible" according to Canadian standards, yet saw no evidence of desire to return to the old regime.

Town of Windsor To Honor Memory Of Former King

LONDON, Nov. 24:—The town of Windsor is the first in England to prepare a memorial for the late King George V. Two ancient houses are to be demolished to provide a site for the memorial which will be unveiled next April by King Edward VIII.

Blind For Twenty Years, Sees Again

Medical Authorities Puzzled By Case of Young Woman At Little Rock, Ark.

LITTLE ROCK, Ark., Nov. 24:—Medical authorities are puzzled at the case of a 27-year old woman here who regained her sight following a dizzy spell after having been blind for twenty years following an illness when a small child.

Embassies of Germany And Italy in Madrid Are Taken Over by Spanish Government

MADRID, Nov. 24: (CP)—Heavily armed government militiamen today seized and sealed up the German and Italian embassies after arresting a number of Spanish political refugees who sought safety in the German embassy. Fully armed militiamen, commanded by a lieutenant, took up positions behind trees and roped off the entire block, diverting traffic. The militiamen were reinforced at noon after the exit of only a few refugees who authorities said had abused the right of asylum. Machine guns were moved up to the main door of the Italian embassy.

Sympathy Parades For Salengro Are Staged in France

PARIS, Nov. 24:—Thousands of French leftists paraded the streets and otherwise demonstrated in French cities in sympathy for the late Roger Salengro, minister of the interior, who committed suicide last week after criticism of his war record continued in spite of the Chamber of Deputies having cleared him. Premier Leon Blum declared that Salengro had been the victim of an unjustified newspaper campaign.

Six are Known Dead And Thirteen Still Missing After Slide

Further Avalanches Are Anticipated so Residents In Danger Area Move to Safer Parts Of Alaskan Capital

JUNEAU, Alaska, Nov. 24: (CP)—Spurred on by the recovery of six bodies from the ruins of Sunday's landslide, rescue crews continued to dig into the debris today, searching for, perhaps, a dozen other corpses. The death list now stands definitely at six with ten injured and thirteen missing. Four bodies were recovered from the top of the wreckage. The body of a woman, with a dead baby in her arms, was found in debris. Residents have been warned that other landslides may follow and many have fled to safer parts of the city. It is the second-serious landslide that Juneau has had during the past year.

DEFENCE IS HOLDING ON

Heavy Insurgent Shelling Fails To Take Madrid—U. S. Embassy May Move to Valencia

Germany Charged

Government Alleges That Foreigners Are Attacking Loyalist Warships

MADRID, Nov. 24:—Rebel artillery continued to hurl shells into the centre of Madrid yesterday as the rebels renewed their offensive which, however, was seemingly ineffective against the loyalist defence. International volunteers repulsed a fresh Fascist attack today on the northwestern University City as the Socialist government formally charged foreign warships with attacking its fleet. Socialist Minister of the Navy disclosed alleged activities of German and Italian warships along the Spanish coast. He said that fragments of a torpedo which had damaged a government ship were neither Spanish or Italian, inferring that it was launched by a German submarine. The United States embassy is preparing to move from Madrid to Valencia after having been nearly struck by bombs.

MARKETING ACT IS UP

Amendments Put Through in Dying Hours of Legislature

VICTORIA, Nov. 24: (CP)—Before its adjournment at the end of the week, the British Columbia Legislature, after a hard last minute battle, finally adopted new amendments to the Marketing Act. As finally amended, the Act adds packing and storage to the present control of the marketing board over marketing of natural products within the province. Authority to regulate the transportation of products was given the Lieutenant Governor in council. A clause was added, retroactive to March 1934, precluding legal action against officers of the provincial or Dominion marketing boards, this being designed to stay court actions now in progress.

Unemployed Parade In Vancouver Was Stopped by Police

VANCOUVER, Nov. 24:—A squad of police on Saturday night broke up a parade of two hundred men who were demonstrating on Granville Street at the sentencing last week by Mr. Justice A. M. Manson of two men for having participated in the recent riot at Hamilton relief hall. There was no violence and no arrests were made.

Chief of Police Gets Man Himself

Col. W. W. Foster Apprehends Bandit Who is Alleged to Have Robbed Chinese Store

VANCOUVER, Nov. 24:—Chief Constable W. W. Foster and his driver caught a hold-up man on Saturday night soon after the robbery of a Chinese store had been reported. Chief Foster, who was driving home, heard the call in his car and ordered the driver to proceed to the scene of the robbery. They apprehended a man who was skulking thereabouts. Other officers took a second man believed to have been involved in the same robbery.

Halibut Fisheries Commission

It is difficult to argue with the International Fisheries Commission because its chief scientist, Dr. W. F. Thompson, has facts and figures to meet every case. When speaking he is rather dour and not over eloquent but ask a question and his eyes begin to sparkle and he smiles and looks as if he were about to have a good time. Then he proceeds to knock the props out from under the argument of any who offer to criticize the commission or to suggest anything new.

Evidently the fishermen at the meeting Saturday afternoon approved the work of the commission while objecting to some of the detail of administration. It is certain that the story as told by the scientist was plausible and well backed up by actual information of a practical nature. He has been all over the fishing grounds himself. He has pursued the halibut from the time the egg is laid to the time it is caught on the line and sold. He talks to the fishermen in their own language and they feel that he knows what he is talking about.

Dealers in Dope

One of the most despicable ways in which a person can make money is by selling dope to those who crave it. Even in Prince Rupert there have been dope peddlers and possibly there are today. They carry on their nefarious traffic under cover and often it is difficult to convict them of the crime.

Mr. Justice Manson is making it uncomfortable for the dopesters in Vancouver since they have been convicted. Imprisonment, fines and lashes were handed out to the ringleaders and it is to be hoped that the authorities will see that the sentences are properly carried out.

Years ago the Daily News had a cripple doing a little part time canvassing. One day he was approached with a suggestion that he could add very greatly to his income by carrying dope while canvassing. A list of names of people to call upon would be provided and the canvassing would lend a good cover so that police would not suspect him. Of course he turned it down but it was an indication of what was going on in the city.

It is not only in the underworld that drugs are being used. People in many walks of life use it, especially women. Gradually it gets the better of them and they find it impossible to stop unless they break right away and get the help of a physician.

The Daily News is a member of the Canadian Daily Newspaper Association, of the Canadian Press and of the Audit Bureau of Circulations. It is the only paper north of Vancouver and west of Edmonton holding membership in these organizations.

Gotham Chuckles Over Old Bylaws

Cattle on New York Streets Should Still Carry Green and Red Lights

NEW YORK, Nov. 24. (CP)—Lawyers thumbing through city records dating back to 1787 have discovered on the statute books many ancient ordinances which would surprise New Yorkers if invoked today.

Bulls wandering about New York must carry green lights on their horns and red lights on their tails.

Dead horses left in the streets must be illuminated at night and must bear tags giving the name and address of the owner.

Tanbark to muffle the hoofbeats of horses and cattle may be placed on the streets by any householder desiring a quiet night.

To fly a kite a permit must be obtained from the Borough President—as also to ride a "bicycle, tricycle, boys wagon, scooter or roller skates," or to walk on stilts or jump on a pogo stick.

The law-makers of 1886, with an eye on the railroads and possibly foreseeing the advent of the automobile, decreed that no vehicle "propelled by steam" should be allowed the use of the streets unless "a mature person" preceded it by at least one-eighth of a mile to give warning to all of its approach.

Another ordinance forbids the parking of Long Island Railroad cars on city streets for more than 10 minutes unless they are connected to an engine.

All of these laws are still theoretically enforceable. They were discovered by research workers for the Board of Statutory Consolidation which is preparing a new administrative code for the city.

HE DARE NOT MOVE IN BED

Nights Were Torture Through Lumbago

Only those who have suffered from lumbago know how exceedingly painful it can be. And when they discover a remedy for this complaint, they are anxious to pass on the good news to other sufferers. Let this man tell you how Kruschen brought him relief:

"I had a bad attack of lumbago. When I got into bed I had to stay in that position—I could not move for pain. I didn't know what to take or what to do. I was advised to try Kruschen Salts and I am very grateful I did so. After taking a few doses I felt relief, and after taking one large bottle, I am glad to say that my lumbago had entirely gone, and I have not had the slightest trace of it coming back."—G.A.V.

Kruschen is a combination of numerous mineral salts which assist in stimulating your liver and kidneys to healthy, regular activity. They ensure internal cleanliness, and so help to keep the bloodstream pure.

Who Wants an Ocelot?

TORONTO, Nov. 24.—Wanted—a buyer or buyers for a wart-hog, a wombat, a phalanger, a young emu and a white pelican, for sale by the Toronto parks committee. At the zoo there are also some raccoons, black bear cubs, ferrets, gophers, garpets, turkeys, geese and an ocelot awaiting purchase.

Twenty-Five Years Ago

November 24, 1911

Ald. D. W. Morrissey announces that, should the \$75,000 trunk sewer bylaw be approved by the ratepayers, he will apply to the courts for an injunction to restrain the issuance of bonds for the financing of the project which he claims would turn Hays Creek into a "microbe hatchery."

Active steps are being taken to form a ratepayers' association in Prince Rupert. There are about two hundred prospective members.

A move is on foot to establish a Carnegie Library here. A plebiscite may be held at the municipal election in January.

Keep Faith With The People of Canada

THRIFTY, hard-working, conscientious citizens are the backbone of Canada.

They are the real owners of the bonds that finance the Governments of the nation—federal, provincial and municipal.

It is their savings that are invested in the mortgages that build the homes and develop the farms and industries of the Dominion.

Three and a half million of such citizens have banded themselves together as policyholders in the great co-operative business of Life Insurance.

Through their hard-earned savings, these policyholders have built up an insurance estate of over six billion dollars for themselves and their dependants.

To protect this estate, they have two billion dollars invested in the best securities that Canada, its governments and municipalities, its farms and industries, have to offer.

Every section of the Dominion has its share of these millions of dollars that policyholders have invested in bonds and mortgages. Other millions have been similarly invested by trust, mortgage, loan and banking institutions, whose funds also represent the savings of millions of individual Canadians.

On behalf of its policyholders, and other institutions and organizations whose investments represent the hard-earned savings of thrifty citizens, Life Insurance expects that the terms upon which these bonds were sold, and these mortgages accepted, shall be observed.

Where the borrower is willing but unable to pay, a policy of adjustment should prevail. Such adjustments have been made again and again during recent years.

Legislation that cancels public and private debts, regardless of the debtor's ability to pay, is not in accordance with British tradition, which has always afforded an equal measure of justice to both creditor and debtor.

THRILLS IN HOOP PLAY

Exciting Finish in Senior and Intermediate Games Last Night

In a whirlwind overtime finish that left the spectators hoarse with excitement and provided thrills and chills no end, the Grotto came out of a 38-38 full time draw to set back the fast-stepping Lambie & Stone crew 47 to 40 in the feature Senior League game of last night's basketball card.

The play was fast and rough from the start with Lambie & Stone taking an early 6-0 lead and having the majority of the play throughout the first half. The half-time whistle found the Clothiers at the top of a 23-14 score.

In the second period the tobaccoists' machinery began to function with MacPhee, Morgan and Ratchford on the scoring end. With six minutes to go, they pulled up to 32-32. It was a ding-dong battle from then on with the score tied at 33, 35, 37 and 38 all.

Smith, for the Grotto, opened the scoring in the extra session with a beautiful long shot while the Clothiers, at the other end, missed some golden opportunities, principally because of Stalker, the Grotto guard, who was playing a great defensive game. Two minutes from time, Santerbane sank a one-handed flip from the side but Morgan came back with three in a row to sew the game up for the Grotto.

Grotto—MacPhee 15, Ratchford 10, Campbell, Stalker, Murray, Smith 4, Morgan 18; total, 47.

Lambie & Stone—Lindsay 8, Santerbane 11, Dominato 5, Arney, Calderoni, Johnson 6, Beynon 10; total, 40.

Ladies' League

In the Ladies' League the Grotettes came up from behind in the first half to provide the second thriller of the evening by defeating Annette's 13-12. The game necessitated an overtime period.

Annette's went into the second half with a 6 to 2 margin and held it for a few minutes. With two minutes left they were still leading 12-7 when the Grotettes went to work and Smith, with a long shot, and Menzies, with a basket and free throw, tied the game up at 12-12 by full time.

In the overtime period Beale dropped in a penalty to give the Grotettes a 13-12 edge but went off on personals shortly after. The Milliners were having tough luck in their shooting and, with half a minute to go, Wilson had two chances to tie the game up on penalties but missed both times to give victory to the Grotettes 13-12.

Grotettes—Bury 4, Menzies 3, Croxford, Smith 2, McMeekin, Beale 4, Erickson; total, 13.

Annette's—P. Dickens 3, Wilson 4, Morris, Ratchford 1, E. Dickens 3, Brentzen 1, B. Dickens; total, 12.

Intermediate League

The Scythians continued as undefeated pace-setters in the intermediate section when they downed the Moose 24-19. The losers put up a good scrap throughout the game but only at the end did they challenge the Scythians' lead, when they drew up within five points at 22-17.

The winners played great ball with Beynon again the standout in the scoring column with 16 points, while Crompt was high man for the Moose.

Scythians—Beynon 16, Houston 2, Murray 2, Montesano 2, Currie, Letourneau, Campbell 2; total, 24.

Moose—Crompt 9, Husoy 5, Eby, Grier 4, Erickson, Hale 1, Winslow; total, 19.

Junior League

In what proved to be the greatest white-wash in any league to date, the Boy Scouts went through their paces like a well-oiled machine and severely trounced the greener and less experienced Seal Cove 52 to 7 in the Junior fixture.

Perhaps the basketball executives will do something about evening up the league a bit and give the boys a chance to learn the game.

Boy Scouts—Montesano 8, O'Neill 10, Eastman 16, Lundquist 12, Storrie 6, Grimble, Lindseth; total, 52.

Seal Cove—Dalzell, Rystad 2, McCouper, Dennis, MacDonald, Ratchie 2, MacKay 3; total, 7.

PUGILISM INTEREST

Effort Being Made to Work Up Wrestling and Boxing At Ocean Falls

OCEAN FALLS, Nov. 24.—With the possibility of obtaining spots on cards at Prince Rupert and other northern centres, Ocean Falls boxers and wrestlers are invading the pool gymnasium for training sessions. As yet only three paper town men are down to earnest, vigorous routine, these being Rolly McCarrick, Pat Dolan and Ken Gibson.

Promoters McCarrick and Edwards are endeavoring to create an interest in the pugilistic sports which has been missing for the past year or so. Inadequate gymnasium facilities and poor sporting efforts have made it hard for the boys at Ocean Falls.

Pam Barton Wins American Golf Title

Pamela (Pam) Barton, British ladies golf champion, is pictured with the huge trophy emblematic of the United States ladies' title which she captured at Summit, N. J., beating Mrs. Maureen Orcutt Crews 4 and 3 in the final round. Miss Barton is the second lady golfer in history to hold both British and United States national championships simultaneously. She is also the second golfer to take the U. S. title overseas, Mrs. Dorothy Campbell Hurd did it back in 1909. Why shouldn't Pam smile happily as she admires the giant mug?

DETROIT IN LEAD

Boston Bruins Win Two Week-End Games and Move Into National Hockey League Spotlight

DETROIT, Nov. 24.—Detroit Red Wings, as a result of defeating Toronto Maple Leafs here Sunday night, took over exclusive possession of first place in the American Section of the National Hockey League. It was the second week-end defeat for the Maple Leafs who dropped a close decision to the Boston Bruins at Toronto Saturday night.

The Bruins had a big week-end, defeating the Chicago Black Hawks Sunday night after their conquest of the Maple Leafs Saturday and, as a result, moving from the cellar up to a tie for second place in the American Section with the New York Rangers who lost to the fast moving Canadiens at Montreal Saturday night. The Chicago Black Hawks were left in the basement.

BIRMINGHAM, Eng., Nov. 24: (CP)—John Chalmers Johnson, former Aston Villa soccer player, died in hospital here, aged 38.

HAS HOPES FOR REGINA

Veteran Coach of Prairie Rugby Would Like to Cap Career With Dominion Crown

TORONTO, Nov. 24: (CP)—Al Ritchie, dean of western athletic mentors and bench-coach of Regina Rough Riders, will be satisfied to change his annual retirement into a permanent one if he can add the Dominion football title to his list of accomplishments.

The fiery coach, idolized by every youngster who ever played under him, has won just about every other worthwhile award in hockey and football. He thinks if the east will give the western champions a chance to defend the Dominion title, "using ineligible players and all," the prize that has eluded him since 1926 will finally be captured.

Noted for his periodical lapses into retirement, Ritchie would likely remain on the sidelines for all time if he could give Regina its first major football crown. He does not expect the Canadian Rugby Union to permit his five ineligible United States players to participate in an official final but hopes the eastern winners will take on Riders for the "unofficial intersectional supremacy."

Ritchie brought Regina two Dominion junior hockey titles with his great Pats machines of 1924-25 and 1929-30. He led the same club to the western junior football title in 1926-27-28 and in 1928 added Dominion laurels. From 1926 to 1932 he was at the helm of Rider clubs that won western titles but he never surmounted the final eastern barrier.

Is Real Westerner

Born in Cobden, Ont., near Ottawa, Al is also proud of the fact he's a westerner. He realized the C. R. U. has its worries but figures it could give the west "a few more breaks." Ritchie's chief complaint is that the union gives the west no consideration as to the date of the final, allowing prairie champions "to freeze, while eastern playoffs drift along."

Due to prairie weather conditions, western teams wind up their season usually by about November 10 and then have to wait a month or more for an eastern winner to be declared. Ritchie considers the C. R. U. should set dates for individual unions to decide their champions, making an earlier final.

Ritchie's coach sees no reason why the Interprovincial Union should be allowed to stage a home-and-home series while the western champions struggle to keep in shape on icy, snow-covered grid-irons. To avoid his club going stale this year, Al is in Toronto trying to arrange exhibition games in the east.

If given the opportunity, Ritchie said Regina will present for eastern fans "the greatest team that ever stepped on a Canadian grid-iron." He stamps his five ineligible men, Coach Dean Griffing, Louis Chumich, Fritz Falgren, Fred Ray and Jib Lander, as "super-footballers."

Ritchie considers Winniepeg could have successfully defended the title they took west for the first time last year, if they had been given a chance. But now the Blue Bombers who risked their laurels to Regina's import-bolstered squad are solid behind their conquerors.

LONDOS GENTLE LONDOS

CAPETOWN, Nov. 24: (CP)—A sports columnist here, describing the Jim Londos-All Bay wrestling match, said "the bout was almost suitable for the most sedate of drawing rooms" and added the wrestling as demonstrated by Londos "is a much more cultured affair" than "savage" methods used by some.

NAMES POWER PUNTER

DETROIT, Nov. 24: (CP)—Michigan State fans nominated Albert Agett, star half-back, for outstanding American punter, Agett having averaged more than 44 yards on his punts, measured from the line of scrimmage.

SWIM GALA VERY FINE

Five World Olympic Champions Helped in Recent Affair At Ocean Falls

OCEAN FALLS, Nov. 24.—The big swimming gala at the Ocean Falls pool is over and it was a highly successful event. It was something unusual to have five Olympic stars parade in such a point as this off the beaten track and Ocean Falls will long remember these youngsters of skill and ability in the aquatic world.

Smartly clad in brilliant red "Canada" training suits, Bobby Hooper, Lynda Adams, Mary Bagley, Phyllis Dewar and diminutive little George Athens received the applause of capacity crowds.

Local youthful swimmers and their visiting friends also displayed swimming and diving in style and class seldom seen at Ocean Falls.

Notable among the visitors was Cooper, an athlete of 17 years only but with a marvelously developed physique, who swam all the different strokes in true championship form and had power to burn.

The girls were equally good, Mary Bagley being most prominent and capable.

Most popular of all was little George Adams who, with his winning smile and neat and skilful acrobatic dives from the high board, stole the admiration of all. George has great hopes for the Olympics in Japan in 1940 and has been named by critics as a coming star.

A special dance in honor of the visiting swimmers provided an enjoyable time for all. There was also a banquet in the main dining room. Both events attracted a large attendance.

Jack Jaquest, through his efforts and hard work, had much to do with making the gala the great success that it was.

Costly Filly Runs Amok

DONCASTER, Eng., Nov. 24: (CP)—The yearling Fatima, for which Edward Esmond paid more than \$50,000 in September, broke loose from her attendant, charged through a five-barred gate and along a busy street but was captured later, having suffered only a few scratches.

He's Tops At Shuffle-Board

STRATFORD, Ont., Nov. 24: (CP)—Friends of Red Ford are urging him to take an ocean voyage, not because of his health, for Red is strong and vigorous. But he's just won the city shuffle-board championship for the third time and his supporters feel he could make a clean-up on shipboard.

Name is Chosen By Young People For Their Group

At the regular bi-weekly meeting of the non-denominational Young People's Society last night in the social parlors of First United Church, an important matter of business was settled in the choosing of a name for the society. Henceforth this organization will be known as the Christian Youth Society. It was felt that this name embodies the spirit of the group which stands for the furtherance of Christian fellowship. The society is not affiliated with any particular denomination but is open to all.

The speaker on last evening's program was Dr. Victor MacLean, pastor of First Presbyterian Church, who gave an interesting talk on the all-sufficiency of Christ.

Dr. R. G. Large rendered a solo, accompanied by Dr. H. N. Brocklesby.

A short comedy, "The Mental Specialist," was the chief item on the program which proved to be highly entertaining. Those taking part were the Misses Winn, Cameron, June Armour, Messrs. Bob Irvine, Bruce Stevens and Frank Derry.

A social half hour brought the meeting to a close.

Even Police Protection Failed to Save Blackshirts

These pictures show the march of Sir Oswald Mosley and his Fascist followers in London's east end on Sunday (October 4). Despite a heavy guard of police, as seen in picture, disorders occurred almost as soon as the procession got under way and, in the fighting that ensued before the parade was halted, more than 50 persons received injuries, requiring hospital treatment. The fact that at least 100,000 angry anti-Fascists had lined up along the route made police compel Sir Oswald to halt the parade, fearing greater rioting and casualties. Sir Oswald and his lieutenants in their natty uniforms are shown receiving the salute from a company of girls.

Wilson-Murray Speaker Before British-Israel

Speaking before the local British Israel Society at its regular fortnightly meeting last night, W. H. Wilson-Murray associated historical impressions from a recent trip to England and Scotland with British Israel theories. More particularly he dealt with the coronation chair in Westminster Abbey together with some of the traditions connected with it. President P. H. Linzey was in the chair and there was a fair attendance of members.

Issued His Own 'Money' to Keep Wheels Turning

ELLERHOUSE, N. S., Nov. 24: (CP)—Older residents of Ellershausen see nothing new in Alberta's scrip money. This little Nova Scotia village has had in circulation since Confederation many forms of "money" not issued by the federal government or chartered banks. Outstanding is the paper currency of Francis V. Ellershausen who developed large lumber industries, saw mills, paper and pulp mills near and around the little village which now bears his name. "Mr. Ellershausen" says H. Percy Blanchard, "was by no means the millionaire that tradition assumes him to have been. His working capital was supplied by Windsor gentlemen who had faith in him." "As his work increased, payments came too soon. He was unable to realize on his manufactured stuff in time. So, to meet the emergency, he printed paper notes with a certain sum of

money stated and used these with which to pay the men.

"This 'money' in turn was spent by the employees at the village store, owned by Frank Stevens and when funds arrived from shipments, the paper was taken up by Mr. Ellershausen." "The storekeeper enjoyed trade, which he would not have obtained if the paper issue had not been made, for if he had waited for payment of bank currency, most of the money would then be spent in the town of Windsor and the men received goods on the day they wanted delivery." "So it would appear," continues Mr. Blanchard, "the manufacturer, acting under legal advice as he did, was perfectly safe in issuing his 'value vouchers' provided his creditors were satisfied to accept the same and he were able to honor them when called on. Incidentally, these bits of paper floated him across the hiatus between pay-day and receipt of returns for work done. It meant thousands of days wages earned by men who otherwise would have been in destitution, out of work." Later, when Mr. Ellershausen developed the copper mines of Newfoundland, he again used sim-

BIRTH-RATE INCREASING

Advance in 300 Years Greater Than in all Previous History—Peak in 2100

BALTIMORE, Nov. 24: (CP)—Two research workers have counted noses throughout the world, figured trends and arrived at the conclusion the peak of the world population probably will be reached in 2100 with 2,645,500,000.

Present population was placed at 2,073,300,000, an increase of nearly five-fold over the 445,000,000 in the world of 1630, the earliest time of a recorded estimate.

The scientists pointed out that that startling rapidity of recent population growth means that in the comparatively brief period of 300 years the increase had outstripped by nearly five times that of all previous history of mankind, estimated at from 100,000 to 500,000 years. Little wonder, the study implied, that civilization is a little groggy and dazed by this multiplication of its people.

The present rate of growth is approximately one percent annually, but the research workers do not expect this rate to continue long and believe that in shortly more than 150 years the top will be reached.

The scientists who made the count are Dr. Raymond Pearl and Sophia A. Gould of the John Hopkins University School of Hygiene and Public Health. Their study, published in "Human Biology," cited the tremendous population increase of the last 300 years as a possible basis of some of the unsolved complexities and problems of the modern age.

JESSIE MATTHEWS

Star in "It's Love Again"

MUSICAL PICTURE

Jessie Matthews Here in "It's Love Again"—Murder Mystery Also On Double Bill

"It's Love Again," dance and musical romance starring Jessie Matthews, the popular British star, and "Preview Murder Mystery," police melodrama, comprise the double bill offering on the screen of the Capitol Theatre here at the first of this week.

A show girl with looks but no luck and a gossip columnist with a big imagination but no conscience share the sprightly comedy and gay adventures set forth in "It's Love Again." Jessie Matthews is the ambitious chorine and Robert Young the tabloid journalist who fabricates his news when things are dull. Complications follow when he invents in his teeming brain the existence of a dangerous and mysterious Asiatic adventuress whom Jessie brings to life in a convincing but disturbing imitation. The picture gives Miss Matthews ample opportunity for singing, dancing and developing her smart screen personality.

Murder in a moving picture studio is the theme of "The Preview Murder Case," a thrilling yarn set in Hollywood. There is a series of mysterious murders which start at a picture preview and continue on a movie lot. The cast includes such favorites as Reginald Denny, Frances Drake, Gail Patrick, Rod LaRoque, George Barbier, Ian Keith, Conway Tearle and Jack Mulhall.

Local Girl Is Giscome Bride

Miss Nina Hunter Becomes Bride Of Martin Johnson of Wells At Church Ceremony

A pretty wedding was solemnized on November 15 in St. Francis Church at Giscome with Rev. Father Gilhooly officiating when Miss Nina Elsie Hunter, eldest daughter of the late Mr. and Mrs. James Hunter of Prince Rupert, became the bride of Martin Johnson of Wells.

The pretty bride, who was given in marriage by A. W. Allan of Prince George, wore a gown of white satin with lace yoke and insets in the sleeves, her silk embroidered veil being fastened with a wreath of orange blossoms. Her bouquet was of red roses. Mrs. J. C. Naef, sister of the bride, was matron-of-honor, wearing a gown of pink organdie and carrying a shower bouquet of pink carnations and fern. J. C. Naef was groomsmen. During the signing of the register, Mr. Owen played a violin solo, "Ave Marie."

Following the nuptial rites in the church, a reception was held at the home of the bride's grandparents, Mr. and Mrs. Bateman. Local friends as well as a number from outside points being in attendance to tender their felicitations to the happy couple. The prettily decorated bride's table was centred with a three tier wedding cake. Later Mr. and Mrs. Johnson left for Wells where they will reside.

The bride is a well known Prince Rupert girl, having lived here from early girlhood until a few years ago when she left for Prince George. Her sister, Miss Beatrice Hunter, had planned going from here to the wedding but was prevented by the railway tie-up from doing so.

WHIFFLETS From the Waterfront

At a recent conference in Victoria of a delegation of fishermen's organizations with the fisheries committee of the legislature when various matters concerning the fisheries were discussed, M. E. Guest took strong objection to a proposal of abolition of the marketing board. Mr. Guest said the various marketing schemes were of great value and any interference with the Halibut Marketing Board, for instance, would be strongly opposed by Prince Rupert fishermen.

Union steamer Catala, Capt. John Muir, returned to port at 1:45 this afternoon from Stewart, Anyox and other northern points and sailed an hour or so later for Vancouver and waypoints.

Armour Salvage Co.'s power tug Daly, Capt. Reg Green, returned to port yesterday afternoon from the upper end of Grenville Channel where it delivered Auriol's logging camp outfit which has been moved from Denis Arm. The outfit had been tied up at the fishermen's floats here for the better part of a week owing to unfavorable weather. The Daly is today delivering to Big Bay sawmill a raft of logs from Denise Arm. Also on account of the stormy weather, these logs had been tied up for the past week at Metlakatla.

Tweedsmuir Park Lands Discussed

Alienations are Subject of Inquiry By C.C.F. Member in Legislature

In answer to questions by R. B. Swales, C.C.F. member for Delta, Hon. A. Wells Gray, minister of lands, stated in the Legislature last week that some of the lands within the area now known as Tweedsmuir Park in the central interior in the vicinity of Ootsa Lake had been alienated from the province previous to the area being created a reserve. These alienations had been made between September 1918 and February 1929. No arrangements had been made with the owners. The reserve related only to crown granted lands.

Two Dogs—No Relief

WELLAND, Ont., Nov. 24: (CP)—Welland relief recipients will be cut from relief rolls if they possess more than one pet dog, the welfare board has decided. Persons who own two dogs must destroy one if they wish to continue receiving the public benefits.

Bishop Dedicates Woodland Window

Memory of Well Known Local Man Is Honored by His Widow

Dedication of a beautiful stained glass memorial window installed by the widow in memory of her husband, the late G. A. Woodland, long a prominent member of the church, was conducted at morning service in St. Andrew's Anglican Cathedral on Sunday by Rt. Rev. G. A. Rix, Bishop of Caledonia. The Bishop, in the course of the dedication, explained the emblems appearing on the glass—one representing the Resurrection; another, the Volume of the Sacred Law on the altar, representing Masonry, and a third, a lyre, representing music.
