ANNEXING ETHIOPIA

Mussolini Formally Takes Over
Abyssinia as Part of Italy—
Victor Emmanuel Is
Emperor

ROME, May 11:—Annexation of Ethiopia was formally announced Saturday night by Premier Benito Mussolini, the country to be under Italy with a status similar to that of India in the British Empire. King Victor Emmanuel III was proclaimed Emperor of Ethiopia, the title to be hereditary, with Marshal Pietro Badoglio, leader of the victorious Italian forces in East Africa, as viceroy. The decree and appointments were ratified by the Grand Council and published in the Italian Gazette.

In a thundering speech before a huge gathering Saturday night, Mussolini declared: "Italy will defend Ethiopia against any one with its blood." Ethiopians who become loyal to Italy will be treated with honor and respect and will be accorded all the rights of citizens."

It is intimated that Ethiopia will be given a new name.

Marshal Badoglio is sending troops into the mountains to put down brigands and claim the rest of Abyssinia for Italy. Except for possible skirmishes with bandits and irregulars, little opposition is expected.

A 101-gun salute roared in every garrison and city in Italy on Sunday, booming in the new Empire. Literally millions of Italians gathered in public squares to continue the demonstration started Saturday night when Premier Benito Mussolini announced annexation of Ethiopia and the conferring of the title of Emperor of Ethiopia on King Victor Emmanuel.

SCENE AT GENEVA

GENEVA, May 11: (CP)—Baron Pompeo Aloisi, Italy's envoy to Geneva, walked out of the League of Nations council session late today when the council took up the question of conquered Ethiopia. Aloisi said Italy could not negotiate in the presence of a "so-called delegate from Ethiopia." He added that his action did not signify resignation from the League.

Aloisi's exit followed a bitter protest from Emperor Haile Selassie against Mussolini's annexation of Ethiopia.

Capt. Anthony Eden, British Foreign Secretary, presided at the council meeting today.

ON WAY TO OMINECA

Capt. J. B. Colthurst Plans Survey Of Constituency For Social Credit League of B.C.

VISITED JAPAN RECENTLY

Says There is Distinct Cleavage in Ranks of C. C. F. in the South And Burrard in Doubt

"We do not expect Social Credit to cure all the ills of mankind but we do think it will solve the economic problem by putting the purchasing power into the hands of the people and enabling every person in the country to live decently with a reasonable degree of comfort," declared Captain J. B. Colthurst, director of the Social Credit League of British Columbia, who is in the city today on his way to his ranch at Terrace and who is also going through to Omineca to make a survey of the situation on behalf of the League.

"At present," said the Captain, "there is a monopoly of credit and this monopoly must be broken before there can be general prosperity. Do you realize that 97 percent of the business of the world is done not in currency but in credits? Social Credit does not propose to take anything away from anybody. In that respect it differs from Socialism. Socialism wants the state to own everything but the Social Creditors are not concerned about ownership. What they are interested in is the distribution of credits which will place purchasing power in the hands of the people. This has become necessary in a machine age when goods of every kind are manufactured with a minimum of labor. There are goods in abundance, everything that the world needs, but there is a lack of purchasing power."

Will Visit Omineca

Asked if he proposed to become a candidate in the Omineca riding, Captain Colthurst said he was not going there for that purpose but simply to make a survey of conditions on behalf of Social Credit. So far they had taken only a small part in politics in this province but they are now bringing social credit proposals to the notice of all political parties.

Questioned as to his views on Premier Aberhart and the Social Credit possibilities in Alberta, the visitor said the possibilities of the system in any province were naturally restricted by the constitution. He felt that Premier Aberhart was sincere in his efforts and would do the best he could under the circumstances. The system on which it had been suggested he would proceed was one that had been successful in the past in Europe but it was difficult to say what would happen in Alberta. It was a problem with which that province alone had to deal. He felt.

Common Ground Reached Between United States And Canada at Parley

Advisory Committee and International Commission to Regulate Industry Would be Established—Would Operate 1933 Treaty

The conference recommended the setting up of an advisory committee composed of ten members, five from each country, to act under an international commission provided for in the 1930 treaty which was approved by Canada but never approved by the United States Senate.

The conference agreed to leave the matter of designating what type of gear was to be used to the state of Washington and the province of British Columbia.

Billiard Contest Being Mooted

A. Mutch of Smithers and Neil Cameron May Meet For District Title

There seems every possibility of a billiard championship match for Northern British Columbia championship being pulled off within the next couple of weeks in Prince Rupert, the contestants being A. Mutch from Smithers and Neil Cameron, Prince Rupert city champion.

The match would attract a considerable amount of attention. It would, doubtless, be held at the Gaadian Legion rooms and there is a possibility that that organization might put up a small trophy for the winner.

Mr. Mutch is regarded as a player of much more than ordinary club calibre and has very many backers in the interior town. Local billiard enthusiasts pin their faith on Cameron who is the outstanding player in the city.

Details remain to be arranged but it is probable that the match will consist of two blocks of 500 points each, and would be played on May 20 and 21.

BOOTH IS DEFEATED

High School Wins Junior Football Game Two to One

The second fixture of the season in the Junior Football League on Saturday last resulted in a win for King Edward High School over Booth Memorial School by two goals to one. The game was keenly contested with High School finding Booth defence very hard to beat.

High played uphill but was early on the attack and Knutson's cross was dangerous. Cameron made a good run but Parsons stopped him. Fitch tried a long one and then Ritchie's shot grazed the outside of the upright—it was worth a goal. McKay came to the rescue but High pressed for Houston to shoot past. Cameron and Ritchie again made headway and Ritchie's parting cross just missed. Beynon and McKay stopped Holkestad and Knutson but Smith got a high drive that Dybhavn did well to stop. He was beaten a moment later by Holkestad. High continued to press and Smith headed a beauty from Knutson's perfect corner kick. Ole saved a high shot from Smith splendidly. Ritchie got away and Gomez netted but was yards offside.

High attacked but Booth defence, in which McLean was outstanding, held out. Gomez got away and crossed a high centre that Christian unfortunately turned past his own goalie. Booth now played with more spirit but the forwards were weak. Beynon blocked a hard drive and Dybhavn saved from Smith and again from Wikdal. Christian was doing well, his heading being a feature. Baker showed to advantage and Ritchie tried hard but Bolton spoiled him. The game was keenly contested to the end but no further goals were scored.

Booth—Dybhavn; Beynon, McKay; Bussey, McLean, Franks; Cameron, Leland, Ritchie, Baker, Gomez.

High—L. Knutson; Bolton Parsons; Christian, Fitch, Brown; Holkestad, Wikdal, Smith, Houston, P. Knutson.

THIRD TEAM NECESSARY

Will Regiment or Merchants Be Entered in Senior Football League?

Footballers in particular and sportsmen generally hope that a third team will be entered in the city football competition this season so that the various trophies may be contested in an interesting way. It will seem strange if there is no team from the Regiment. For eight or nine years the local militia unit has fielded a team that has been a credit to the high traditions of the army and to the sport itself. No doubt Jack Wilson's influence had a lot to do with it but, now that he feels he has reached the veteran stage, it would seem that there should be someone else to carry on.

Another possibility would be the Merchants. Here again it might be possible to get Jack Preece to take the responsibility. He should be able to get sufficient support from other merchant and business men in town to get a helping committee.

There can be no lack of players in town. The Junior Football League has been turning out players for twelve years, and good players, too. These boys are entitled to the support of the citizens generally and old footballers in particular. To hear the old timers talk of their own accomplishments at times is, to say the least of it, thrilling.

Text of Address To Mr. Gillett

Departing Indian Agent Was Held In High Esteem at Massett

The principal address at the farewell to Indian Agent James Gillett held recently in Massett was presented by Wm. Matthews, chief councillor, on behalf of the village council. It read as follows:

"On behalf of Old Massett we, the councillors, endeavor to show you in words and deeds what your work and friendship mean to us while serving God and the Indian Department.

"You have shown what you thought of God's poor people, namely the Indians, when, rather than being transferred to better mission fields, you accepted the Indian agent's position here that you might help us to advance not only in God's field but also to help us through our poor struggles in life. While serving God and our dear country, while acting as our Indian agent, many were the times that you sacrificed your precious time to help us out of many difficulties. Your work proved very trying at times but you have proven your-

The OLD GUN.

Editor, Daily News:

The old gun on the provincial government lot on Second Avenue is the property of the City of Prince Rupert. It is a German field howitzer, captured by the Canadians in the Great War 1914-1918, and presented to the city by the Dominion government of Canada. The present site of the war-time relic is appropriate, as a museum piece, alongside the new city museum and that is where it should stay. It was generally thought that the old gun was owned by the local militia battalion. Now the Commissioner is assured of city ownership the writer has good reason to believe the war trophy will soon be restored in a suitable manner.

What Life Insurance Means to Canadian Homes

It means the payment of \$500,000 every day—to keep homes intact and families united.

It means money to pay the rent in homes deprived of their bread-winners.

It means funds to pay off the mortgage.

It means that the widows and fatherless will continue to have the shelter and comfort of their homes.

It means that countless families will not be dependent upon private charity or public relief.

It means that thousands of men and women can look forward with confidence to enjoying their own homes in later life.

Life Insurance, by safeguarding the small savings of more than 3,500,000 thrifty Canadians, is truly the "Guardian of Canadian Homes".

however, that, if Aberhart succeed-
ed, no one would be more pleased
than Prime Minister Mackenzie
King and Ex-Prime Minister Ben-
nett.

Captain Colthurst recently re-
turned from a tour of the Orient
where he went to study the Japan-
ese industrial system. They had a
system of bonuses which to some
extent fulfilled the purpose. The
Japanese were a wonderful people
and he believed they were anxious
for peace but their system of con-
trol was different from ours. The
National government there had no
control of the army or the navy
and this was always liable to bring
about complications. The navy had
been trained by the British and
the army by the Germans and this
naturally influenced their thought.

Japan was an island kingdom
similar to Great Britain and natu-
rally she was interested in her
navy and depended upon it for
protection just as did Britain. Her
interests were of a maritime na-
ture but she was not anxious for
new territory. He felt there would
be no more annexations such as in
Korea. Japan aimed rather at a
colonial empire similar to the Bri-
tish Empire.

Speaking of the possibility of war
between Japan and Russia, the
visitor admitted that there was a
possibility of complications in that
direction. Border conflict was fre-
quent, much more frequent than
most people realized. There was
more or less fighting going on all
the time, and nobody outside heard
anything about it.

Politics In Burrard

As one who took a keen personal
interest in the political situation,
captain Colthurst was asked what
he thought of the possibilities in
Burrard by-election. The reply was
that evidently the C. C. F. expected
a walkover but he was not so sure
about that. The C. C. F. was cleft
in twain, one group following Con-
nell and the other Mrs. Steves and
the Winches. While Mr. Connell
had abjured complete Socialism as
his immediate objective, the other
group looked to Russia as their
example. The two sections of the
party were farther apart than was
the Connell group from the Liber-
als. He did not feel that the people
of the province wanted confisca-
tion. It would be much better to
substitute for it a policy of Social
Credit which would give individ-
ual freedom of action and that
right of ownership which British
people loved and at the same time
place the purchasing power once
more in the hands of the people
and thus give them a chance to
share more than at present in
the good things of life.

Union steamer Catala, Capt. Jas.
Findlay, arrived in port at 9:30 last
night from the south and, after un-
loading considerable freight here
sailed at 1 a.m. for Stewart, An-
xox and other northern points
whence she will return here to-
morrow southbound.

DUTY IS BACK ON

Citrus Fruits no Longer Entering
Canada Free—Strawberries Due
Possibly This Week.

The duty having been put back
on citrus fruits imported from the
United States, the price of grape-
fruit has advanced considerably.
As quite a large stock of oranges is
held in British Columbia, there has
been no advance yet in this fruit
but it will apply on next ship-
ments. Oranges are at present of
fine quality.

Hood River strawberries are due
soon, possibly this week.
First California canteloupes of
the season will be arriving on
Wednesday.

The last shipment of Australian
grapes is about cleaned up and
there will be no more supplies of
good grapes until the next Aus-
tralian ship arrives on the coast.

First asparagus of the season
from Terrace arrived at the end of
the week. The supply is not very
plentiful. More Southern British
Columbia asparagus is available,
however, just now than for some
time past. The quality is good and
price reasonable.

THRILLING ROMANCE

Sylvia Sidney Starred in "Mary
Burns, Fugitive" at Capitol
Theatre

An emotional revelation of an
innocent girl's experiences when
hunted by the law is presented in
"Mary Burns, Fugitive," a gripping,
romantic drama at the Capitol
Theatre at the first of this week
with Sylvia Sidney in the title role.
Miss Sidney owns and runs a road-
side tea room in the Catskill Moun-
tains. She meets and falls in love
with a handsome ex-football hero
(Alan Baxter). Unaware that he
has turned public enemy she con-
sents to marry him. Escaping with
stolen bonds, he is trapped in Miss
Sidney's restaurant but makes a
getaway. Arrested as his accom-
plice she is sentenced to fifteen
years' imprisonment. She escapes
from prison but is forced to roam
the country, a fugitive from justice,
relentlessly pursued by her former
sweetheart who refuses to give her
up. A thrilling climax brings the
drama to an exciting and satisfac-
tory end. Melvyn Douglas, as a
wealthy, brilliant scientist, plays
the romantic lead opposite Miss
Sidney.

In the other end of the double
bill, "The Eagle's Brood," William
Boyd and Jimmy Ellison have ex-
citing adventures as peace of-
ficers with a gang of badmen.
As an added attraction on the
stage some new dance routines are
being offered by Hodgson, Hodgson
and Johnson.

LOOK further than just the price
per gallon. Consider how well it
covers, how far it spreads and how
long it lasts. Quality and economy can
be judged only after the paint is applied and sub-
jected to exposure. Cheap, short-lived paint is
costly at any price. You really save money by using

PRATT & LAMBERT HOUSE PAINT

It gives unfailing protection against rot and decay;
it possesses maximum covering, beauty and service.
These qualities far outweigh the price per gallon.

For the outside of the house, for the interior
walls, floors and furniture—for everything in and
about your home, there is a Pratt & Lambert
Paint, Varnish or Enamel especially designed to
do that particular job better—to insure the utmost
in beauty, durability and economy.
