PRICE: 5 CENTS

SEVERE STORM VISITS VANCOUVER

RADIO COMMITTEE MAKES ITS REPORT

Full Nationalization Of Broadcasting Urged As Ultimate Objective

Meantime Public Would Depend Upon Private Initiative; Corporation of Nine Governors Would Replace Commission; Control Measures

OTTAWA, May 27.—Major Gladstone Murray M. C., director of programs for the British Broadcasting Commission, will be appointed general manager and head of the new Canadian Radio Corporation, it is believed in official circles here.

OTTAWA, May 27: (CP)—A Canadian broadcasting corporation composed of nine honorary governors working through a general manager and with powers similar to those enjoyed by the British Broadcasting Corporation was urged upon Parliament yesterday by the special committee which inquired into radio administration. The corporation would have additional powers to regulate and control the character of all programs, political and other advertising.

IS MANIAC AT LARGE?

No Solution Yet Reached of Shooting of Jack Lepard

NEW WESTMINSTER, May 27.—Is a maniac at large or was the recent shooting of sixteen-year old Jack Lepard, Langely Prairie school boy, the vengeance of another youth? This is the question that is agitating people of the Fraser Valley community as the killing of the young boy on the road ten days ago with a revolver bullet continues unsolved. It is thought by the authorities that, had the youth been struck by what was at first thought to be a stray bullet, the person who had actually fired it would have come forward by this time.

J. F. C. B. Vance, chief of the criminal investigation department of the Vancouver city police, has been called into the investigation but has been able to throw little light on the mystery.

The coroner's jury Saturday returned an open verdict that the boy had come to his death from a revolver bullet fired by a person or persons unknown.

Vancouver Wheat

VANCOUVER, May 27 (Canadian Press)—The price of wheat was 71c on the Vancouver Exchange yesterday.

BAR SILVER

NEW YORK, May 27 (Canadian Press)—Bar silver was unchanged at 44 3/4c per ounce on the New York metal market today.

PR. DAVID IS ON WAY

C.N.R. Liner, Not Badly Hurt on Coral Reef, Leaves Hamilton For Halifax

HAMILTON, Bermuda, May 27.—Not badly damaged after all following her stranding on a coral reef near here Saturday, the Canadian National Steamships liner Prince David was able to sail from Hamilton for Halifax where she will be repaired and renovated preparatory to being recommissioned in a special tourist cruise service this summer.

Mr. and Mrs. E. R. Oatman are here today on their return to Anxox after a trip to Vancouver.

SHIPS FOR UNCLE SAM

United States Joins Naval Race With Expenditure of Half Billion Dollars

WASHINGTON, D.C., May 27.—At a conference between House and Senate representatives, agreement was reached on terms of the largest naval program ever undertaken by the United States in peace time. It provides for the expenditure of over half a billion dollars on naval and aircraft construction including 12 destroyers, many submarines, two large battleships and 344 fighting aircraft.

The program will go to the House and Senate where it is assured of approval after which President Roosevelt's assent will be required.

FIVE DIE IN BLAZE

Disastrous Forest Fire in New Jersey is Finally Brought Under Control

NEW GRETNA, New Jersey, May 27 (Canadian Press)—A disastrous forest fire, after having claimed at least five lives, was brought under control yesterday. Over 750 men had fought it for over two days. Some reports said that fourteen men were missing.

Six Men Missing After Collision Of Boats at Sea

LONDON, May 27 (Canadian Press)—Six men are missing and probably drowned as a result of the trawler Picador sinking after colliding with the tanker San Salvador in the North Sea yesterday. Fourteen men of the crew of the Picador were rescued.

TRANS-PACIFIC DIRIGIBLE SERVICE IS SUBJECT OF SAN FRANCISCO REPORT

SAN FRANCISCO, May 27: (CP)—The San Francisco Chronicle says that a Japanese aviation company plans to inaugurate a five-day dirigible service across the Pacific Ocean from Tokyo to Vancouver. The report, however, is not immediately confirmable. Vancouver is not at present equipped as a dirigible terminus. A mooring mast and other facilities, involving heavy expenditure, would have to be installed.

SAILING OF GREAT SHIP

Liner Queen Mary Sails From Southampton and is Given Great Send-Off

SOUTHAMPTON, Eng., May 27: (CP)—The Queen Mary, pride of British shipbuilders, sailed on her maiden voyage across the Atlantic Ocean at 4:30 this afternoon (7:30 Pacific Standard Time). It was a beautiful sunny day.

Thousands of spectators had poured into the city to watch the liner's departure on her initial voyage to New York.

It is not expected the 80,773-ton ship will attempt to break the Normandie's trans-Atlantic crossing record on this voyage.

Halibut Arrivals

Summary American—28,500 pounds, 7.8c and 6c to 8.2c and 6c. Canadian—Nil. American Oceanic, 14,500, 8.2c and 6c, Atlin. Banner, 10,000, 7.8c and 6c, Atlin. Huskie L., 4,000, 8c and 6c, Atlin.

Power Lines Disabled and Three Homes Are Set Afire by Flashes Of Lightning in Southern City

SELASSIE TO LONDON

Former Emperor of Ethiopia Travels Aboard H.M.S. Capetown From Haifa to Gibraltar

HAIFA, Palestine, May 27.—Halle Selassie, former Emperor of Ethiopia, was taken over the week-end from Palestine to Gibraltar aboard the British cruiser H.M.S. Capetown. At Gibraltar he will board a commercial liner for London, permission having been granted him to visit England. It is expected he will confer with Premier Stanley Baldwin to enlist his support for the Ethiopian case when it comes before the League of Nations. There are eight persons in Selassie's party.

H.M.S. Capetown, on which Emperor Halle Selassie is being taken from Haifa to Gibraltar, is well known on the Pacific Coast through visits here while attached some years ago to the West Indies station.

Activities in New York Study Subject

NEW YORK, May 27.—A special course of study is to be conducted by Columbia University this summer dealing with various phases of metropolitan life and activities of New York. The course will be started this week.

Many First Year Death Claims

NEW YORK, May 27.—Statistics which have been made public here show that 78,000 death claims were paid in the United States during the past year on life insurance policies in their first year.

Residents Driven Terror-Stricken From Their Homes Into Streets—North Vancouver Plunged Into Darkness as Heavens Make Display

VANCOUVER, May 27: (CP)—An electrical storm, one of the most severe ever experienced here, struck the Lower Mainland last night, disabled power lines, set three homes afire and drove residents and others into the streets. Lightning struck wiring between the adjacent homes of A. Marshall and J. A. Hogarth, entering the Marshall home on the wire clothes line. The charge hurled one of the Marshall children across the room. Another fled to the street and was injured. A radio was demolished in the Hogarth home and both houses were badly damaged.

North Vancouver was plunged into darkness when a bolt struck a feeder power line. Raids in Austria Follow Attack Upon Castle of Prince Stahremberg

Here Enroute To Mine on Islands

Col. Hartstone and Party of Men Arrive in City From South

Enroute to the Haida Gold mine on Skidegate Inlet with party of men who will be engaged in tunnel extension work on the property, Col. Hartstone arrived from Vancouver on the Prince George this morning enroute to the Islands.

DESCEND ON NAZIS

Raids in Austria Follow Attack Upon Castle of Prince Stahremberg

VIENNA, May 27.—Following an attack on Prince von Stahremberg's castle, the headquarters of the Heimwehr, Chancellor Kurt von Schuschnigg ordered a series of raids by the police on Nazi clubs as a result of which twenty-eight prominent Nazi leaders have been arrested. During the day's disorder, two persons were killed and several injured. The authorities were in full control by night. There were also raids on Nazis in other parts of Austria.

New One Hundred Mile Railway Project in the Mining Fields Of Quebec is Planned by C. N. R.

MONTREAL, May 27.—The Canadian National Railways, having pioneered the opening of the rich Noranda-Rouyn mining field by the building of a branch line, plans this year to begin construction of a second branch leading off the National transcontinental railway into the new gold mining field east of Rouyn. Powers are being sought under the authority of a branch line act of the federal government for the construction of this line and it is understood that the measure will come before Parliament in the course of the next two weeks.

CITING OF TOWNSEND

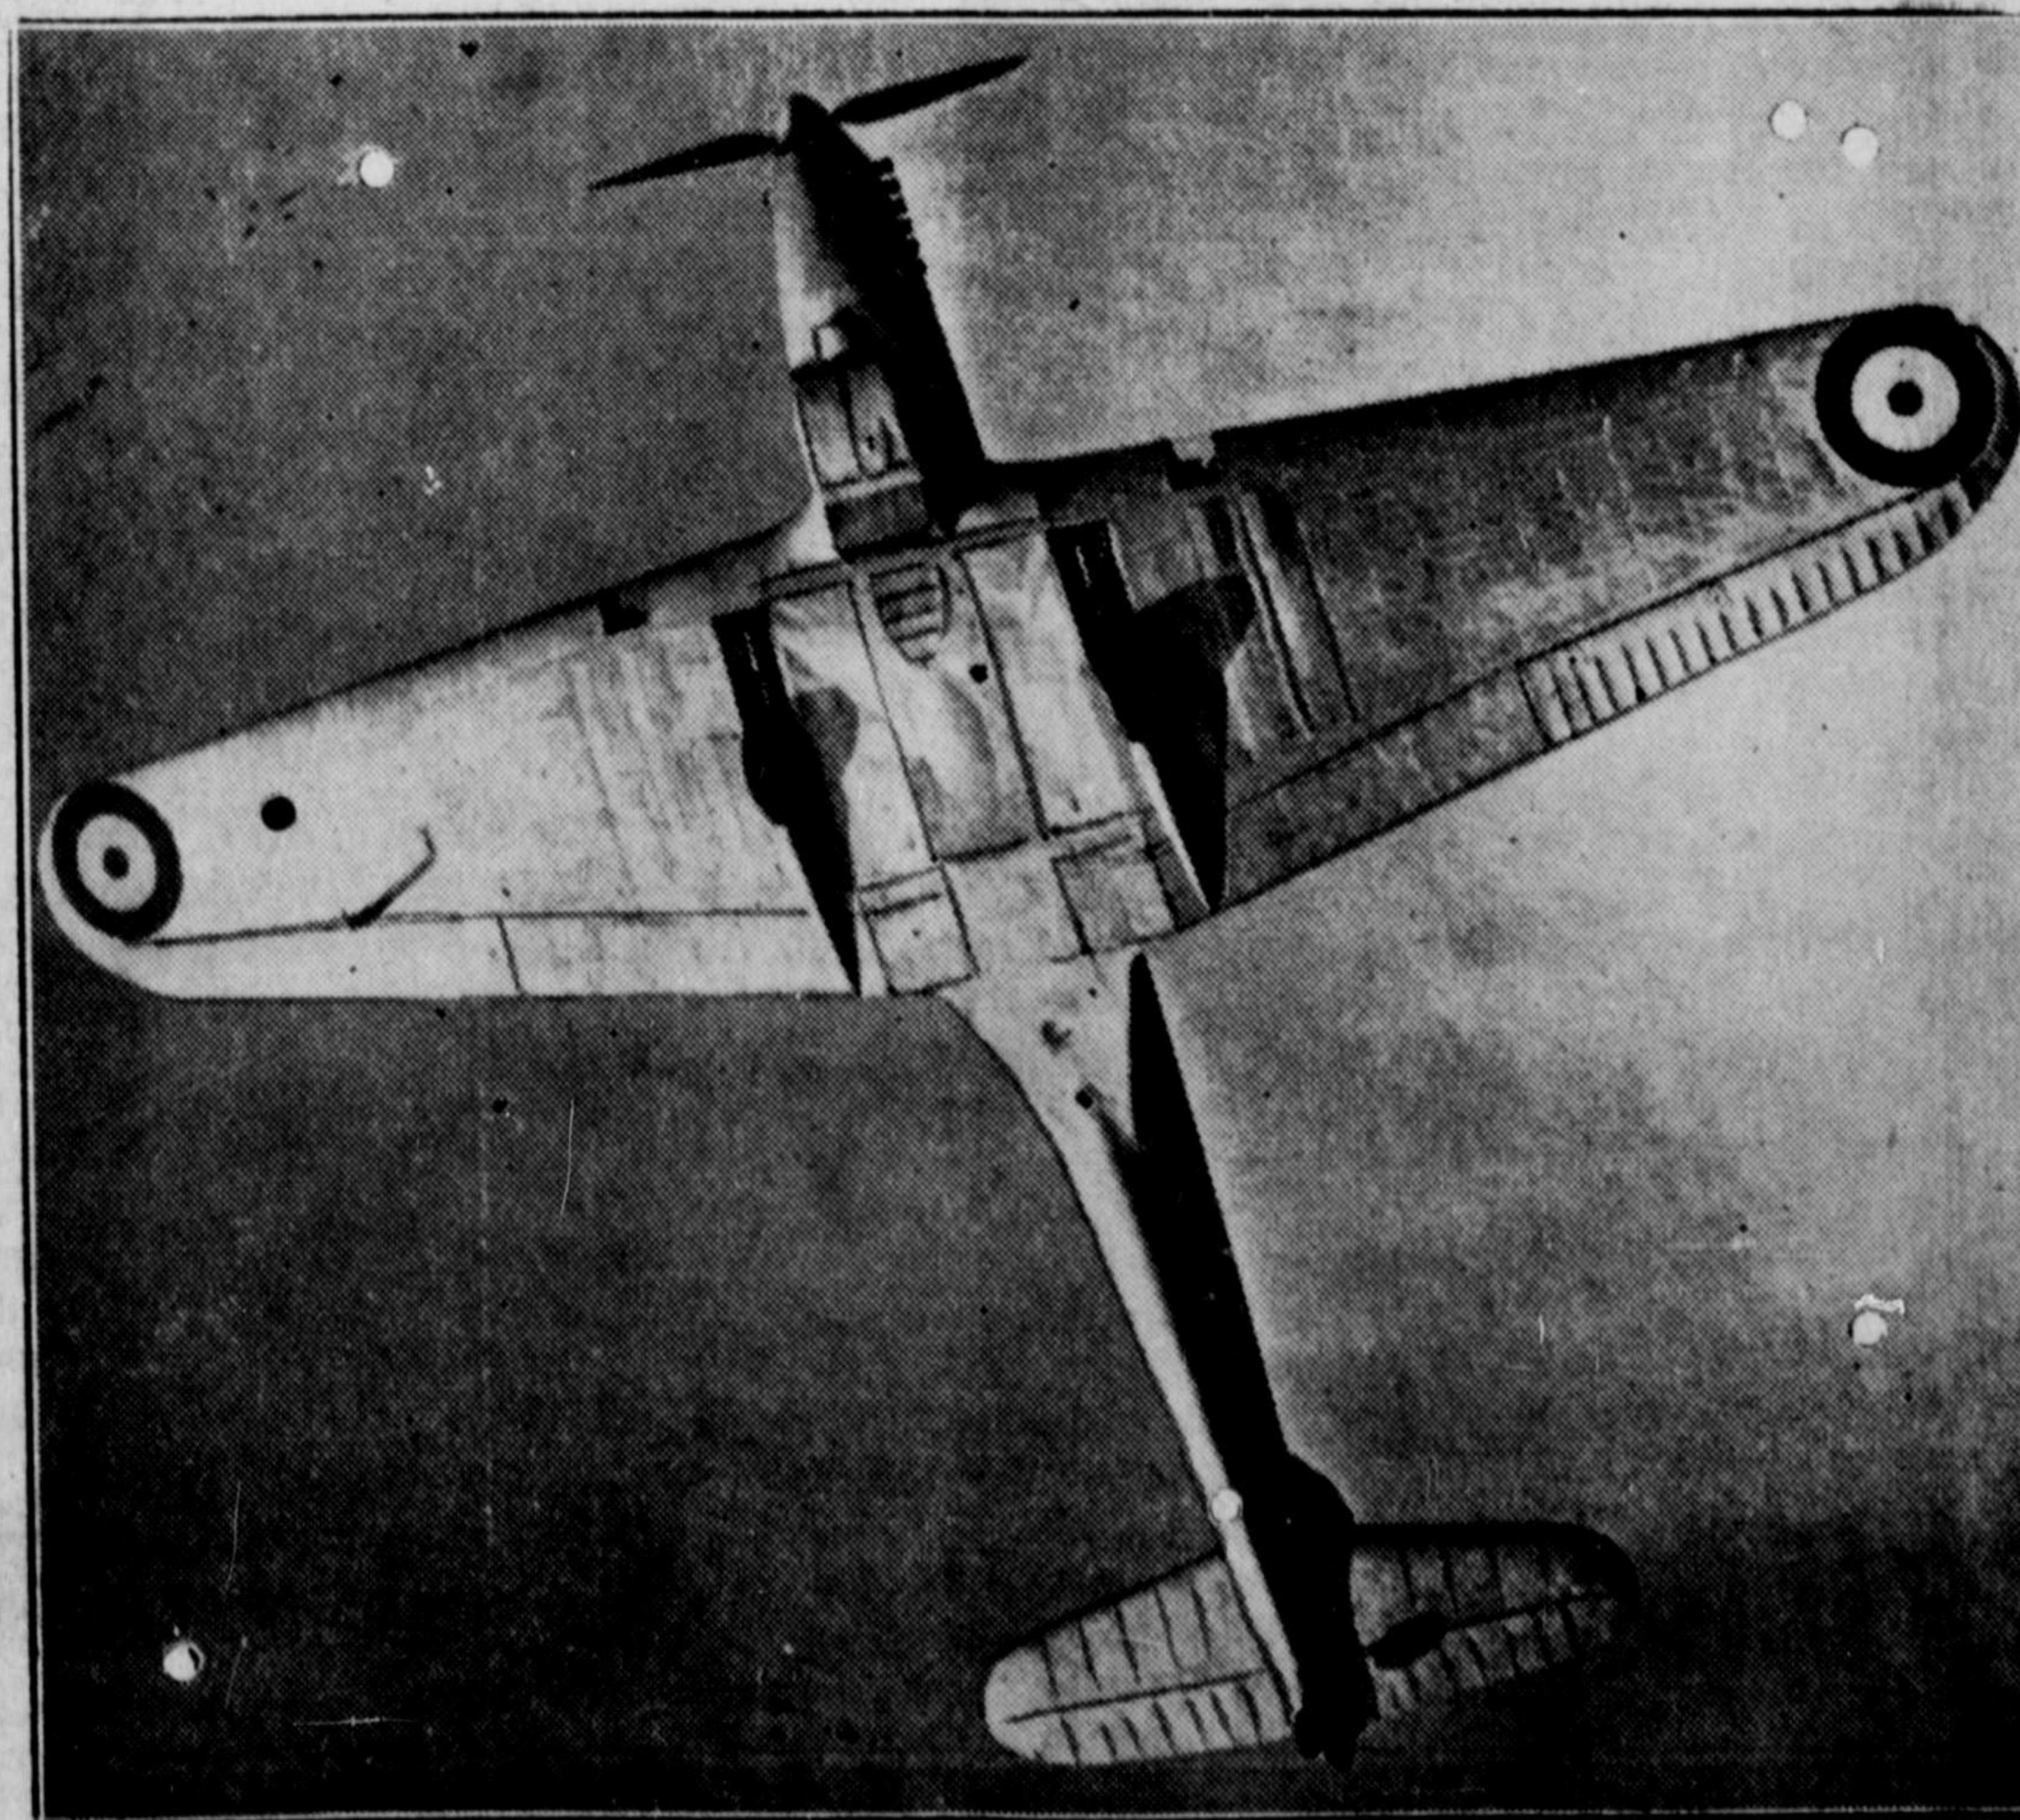

Father of Old Age Pension Plan May Be Taken Before Court After All

WASHINGTON D.C., May 27.—The special committee of the House of Representatives investigating the Townsend old age pension plan is undecided as to whether Dr. Francis E. Townsend, the father of the plan, who walked out of the committee in a huff last week, should be cited for comment before the House itself or before the District of Columbia Supreme Court or whether the idea of citing him should be abandoned altogether. Since the incident, Dr. Townsend has been resting in Baltimore. There is no desire to make a martyr of the elderly physician-economist.

The investigation committee is resuming its sessions today.

C. Robson, brother of Bert Robson, purser of the steamer Prince George, came north on the Prince George today from Vancouver to join the steamer Prince Charles. He is identified with the stewards' department.

Britain Builds Fastest Bombing Fighting 'Plane

This striking picture shows the fastest single-engined bombing aeroplane in the Royal Air Force. A low wing monoplane, with retractable undercarriage and tail wheel, which will exceed in speed all other planes of its class in the British Air Force is shown flying over a military airport in England during its test flight.

ARMOUR AND CURRIE AWARDED CONTRACTS AT FISHING FLOATS Armour Salvage Co. has been awarded the contract for dredging at the fishermen's floats east of the dry dock. The contract for building a breakwater has been awarded to John Currie & Son. The work is being done under appropriation sought by Olof Hanson M.P.

SUMMER SPORTS SEASON

This number of the Daily News marks the opening of the 1936 baseball season in Prince Rupert and we wish the boys a season of real good sport. If they provide good ball games there will be, no doubt, about the attendance of the fans. They will be there, provided the sport is all right. If they do not come the players can bet their bottom dollar that there is something wrong with the play. Just now it looks like a successful season and we advise every person in the city to climb the hill occasionally and see what they are doing.

Football has already started. Tennis is already under way. Softball is sure to provide good sport and there is lawn bowling for the older men.

The amount of interest taken in sports is an indication of the condition of the city. If the young men lose their pep at baseball, football and other games it is a sign of decadence. The Battle of Waterloo is said to have been won on the cricket fields of England. Here the young men do not play cricket but baseball is just as good training, if not better.

There is no good reason why Prince Rupert should not excel in sports. There are slight weather difficulties to contend with but that is not a very serious handicap. We urge the older people to encourage the youngsters in their games and, if they cannot play themselves, let them watch the lads do their stuff. The first game of the season is Friday evening.

THE KING'S CORONATION

Several Prince Rupert people have already made their plans to attend the coronation of King Edward VIII next day. Others will doubtless make their arrangements later. It is a great event in the English-speaking world and London, the greatest city in the world, will find its hotel capacity taxed to the limit to accommodate the crowds that will attend.

WILL MAKE VIMY TRIP

Some of Those Going From This City and District Announced

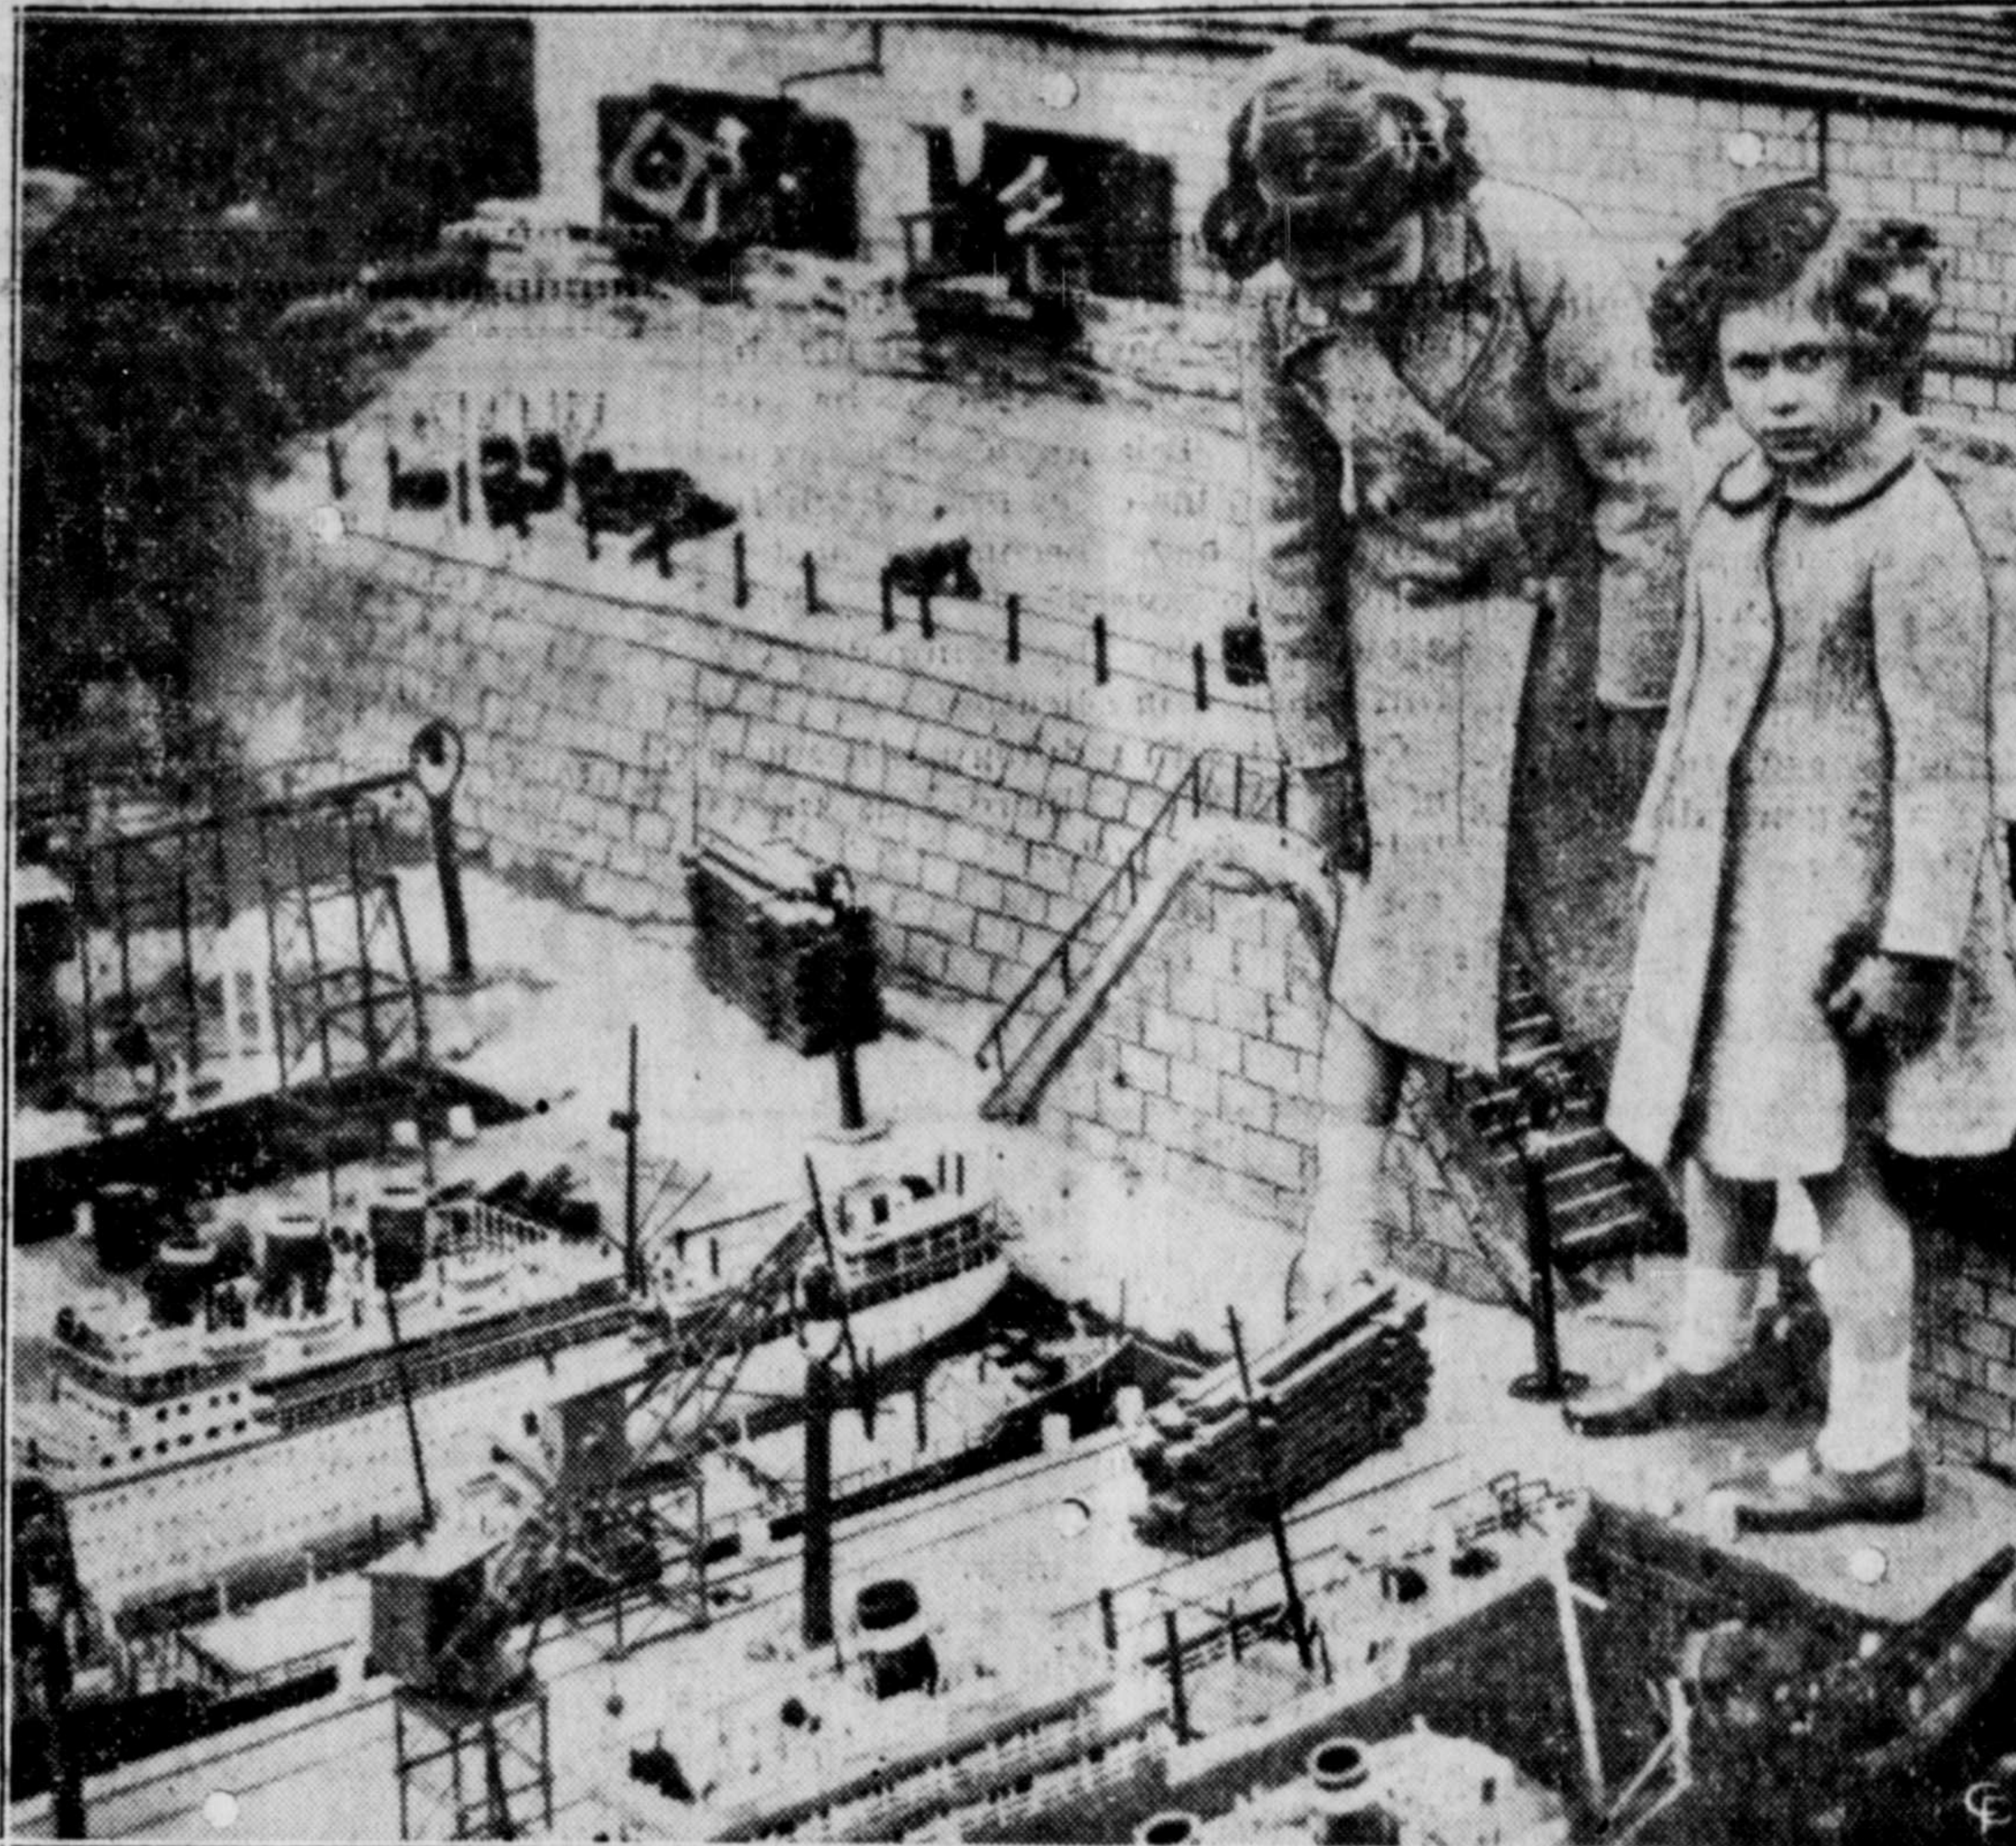

The following will be among Vimy excursionists from Prince Rupert district leaving here July 10 for overseas:

D. Crerar and son, Alistair, Malcolm M. Lamb, Harold C. Parkes, John H. Plint, W. H. Wilson-Murray, T. W. Hall, A. H. Waddington and wife, Allan M. Davies, Mrs. George S. Mayer and sons, Henry and George (Port Clements), Wesley Singer and wife, (Massett), Harry V. Taylor (Vanderhoof), W. D. Smith (Stewart).

Mail Schedule

Friday 9:30 p.m.
May 4, 13 and 23 p.m.
From Vancouver—
Sunday 4 p.m.
Wednesday 10 a.m.
Friday 4 p.m.
May 9, 18 and 28 a.m.
For Anyox and Stewart—
Sunday 7 p.m.
Wednesday 3 p.m.

May Some Day Rule Over Many Villages

Compared to the model docks besides which they stand in the model village of Bekonscott, Buckinghamshire, Princess Elizabeth and Princess Margaret Rose, daughters of the Duke and Duchess of York, assume the stature of giants. Princess Elizabeth, eldest grand-daughter of the late King George, is second in line of succession to the throne of Britain. Perhaps this picture is prophetic of her future status in the realm. She was ten years old on April 21.

DELAY IN OPENING MUSEUM

Failure of Some of Cases to Arrive Has Made it Necessary to Wait Week or Two

Owing to the fact that a number of show cases for specimens have not arrived, it will be impossible to open the museum to the public next week as was expected. These cases should arrive within a few days and, as soon as the specimens are placed in position, the opening will be announced. That was decided at the regular meeting of the board yesterday afternoon.

The question of placing the museum under civic authority was discussed. The idea is to make the city responsible for the housing of the exhibits, all exhibits, except those loaned, to become the property of the city. The matter will be further discussed with the city solicitor. It was felt that the Carnegie Fund representative at Ottawa was waiting for this action before making the proposed grant to the museum.

The skeleton of the basking shark is being placed in position to make it look as much as possible like it was when found on the beach. It cannot be rebuilt as the drying of the vertebrae has put it out of shape.

Rev. Canon Rushbrook presided at the meeting and others present were Mrs. J. B. Gibson, secretary, A. E. Parlow, Dr. Neil Carter, Rev. W. E. Collison, City Commissioner W. J. Alder, Dr. J. T. Mandy, C. G. Ham and the custodian, N. L. Jones.

The Custodian reported receiving five new memberships, bringing the total to 100. Following are donations received.

Rib of a whale, donated by Fisheries Experimental Station, Prince Rupert.

7 pieces local wood carving, loaned by A. O. Morse Prince Rupert.

Indian skull and stone implements, donated by H. Ponder, Digby Island.

Mountain sheep head from Elk Valley B.C., mountain sheep horns from East Kootenay, B.C.; gauntlet gloves made by the Beaver Indians; gauntlet gloves made by the Slave Indians Fort Nelson, B.C.; 2 pairs mocassins made by same as above, loaned by Staff Sgt. G. H. Greenwood.

British Columbia wood samples, Forestry Department, donated by A. E. Parlow.

British Columbia mineral samples, Mining Department, donated by Dr. J. T. Mandy.

NEW ONE HUNDRED MILE RAILWAY PROJECT IN THE MINING FIELDS OF QUEBEC IS PLANNED BY C. N. R.

(Continued from Page 1)

The Canadian National Railways for operation. The National Transcontinental Railway was initially constructed through this region especially for the development of the northern section of Quebec. During the past two decades development, while slower than was anticipated when the line was projected, has been proceeding from year to year and latterly at an accelerated rate. The population in the Abitibi district in 1916 was 3,300. It is now over 48,000. It has been the aim of the railway management to foster settlement and industrial and mining development along the line and in the territory contiguous to it in every way possible. The community is now making a real contribution toward the wealth production of the Dominion. Today mining development promises to outreach in importance all other forms of natural resources in the territory. In this particular field, as in others, the Canadian National has been alert to aid whenever possible.

Vision Is Justified

"When it was reasonable to expect that the prospects in the vicinity of the original Horne discovery, approximately 35 miles south of the National Transcontinental Railway, would develop into a mine, a branch line was built from Tachereau into the area, providing the transportation facilities necessary for the development of what is now the Noranda mine and smelter. This was in 1925. Anticipating that further discoveries would justify additional mileage through the mineralized belt, governmental authority was obtained at that time to build easterly from Noranda to Senneterre. The onset of the depression and the necessity of keeping capital expenditures of the railway to the lowest possible figure deferred the completion of this branch line between Noranda and Senneterre. The many spectacular finds as a result of recent work in this mineralized belt have brought confirmation of the railway's opinion that the area in question offers the best long continuous stretch of gold bearing country at present known in Canada. Already there are a number of well established mines in active production, others are rapidly nearing the production stage and there are numerous prospects under development. The current production of producing mines is at the rate of \$8,000,000 per annum which is an indication of the importance of the belt.

"After giving careful consideration to the situation and notwithstanding the necessity for keeping expenditures on the government-owned railway to a minimum, the management of the Canadian National Railways has reached the

McGill Professor Visitor to City

Dr. Harold Hibbert Here in Course of Trip to Pacific

Dr. Harold Hibbert of Montreal arrived in Prince Rupert on the Prince George this morning from Vancouver in the course of a vacation trip to the Pacific Coast and will pay a brief visit here. Dr. Hibbert is professor of industrial chemistry at McGill University with special reference to pulp and paper research. An honorary LL. D. degree was recently conferred upon him at the University of British Columbia. Dr. Hibbert, under whom Dr. Neal Carter and Dr. H. N. Brocklesby of the Prince Rupert Fisheries Experimental Station studied, was speaker at the regular weekly luncheon of the Prince Rupert Gyro Club today with Dr. R. G. Large, president, in the chair.

conclusion that the time has arrived for the immediate building of this line between Senneterre and Rouyn and has brought its views to the attention of the Dominion government. The development of the territory has now reached a stage where it becomes attractive to private railway interests and, if the invasion by such interests is permitted, the people of Canada will be deprived of the benefits for which they have already paid in capital costs and operating deficits. Instead of reaping the reward of a development project, the people of Canada will have to recognize the National Transcontinental Railway as a permanent drag upon the finances of the country if this invasion is allowed. We hope, therefore, to make an early start on the building of this branch line from the National Transcontinental Railway."

Heading Off C. P. R.

President Hungerford and A. E. Labelle, trustee of the National system, accompanied by a number of the officers of the system, left for Quebec last night to appear before the committee of the Quebec Legislature to oppose the granting of a charter to the Temiscamingue and Abitibi Railway (The Canadian Pacific subsidiary) and the Quebec Goldfields Transportation Company.

WHIFFLETS

From the Waterfront

After spending the week-end in port, the snagboat Essington, Capt. J. D. Watson, left Tuesday morning on her return to the Skeena River.

Schools of herring were running in Ketchikan Harbor at the week-end according to word received in Prince Rupert. The fish were of such a large size that it was thought by some that they might be a species of sea trout. However, it was officially decided that they were herring. The run was not large enough to warrant fishing operations.

The Tuscan in Ketchikan with 14,000 pounds of halibut on Saturday and received an offer of 6½¢ and 4.8¢ which she refused, coming on to Prince Rupert Monday to sell for 7.7¢ and 6¢. Later in the day the Bolinda was in Ketchikan but did not sell.

The small Ketchikan boats Eljnore and New Zora arrived in port this morning, each bringing one carload of fish for trans-shipment east over Canadian National Railways.

It will be about Friday, it is expected, before the British steamer Hartington, loading timber here for the Orient, gets away to the West Coast of Vancouver Island and Vancouver to complete.

Paying its first visit to this port, the Seattle halibut boat Banner was in port today with a catch. The Banner has a steel bottom and steel masts. She is the first halibut vessel of that type of construction.

C. N. R. steamer Prince George, Capt. Edward Mabbs, arrived in port at 10:45 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening south-bound.

WAKE-UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.

A more liberal movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of cathartics but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

NAME 'MAC' POPULAR

McDonald Most Common Name In Two P.E.I. Counties—French-Canadian "Arsenault" Popular in Third

CHARLOTTETOWN, May 27 (CP)—The names of about one-quarter of Prince Edward Island's 80,000 are Mc-something.

More than 25,000 names are listed in the most recent provincial directory and almost 6,000 of them start with "Mc"—McDonald predominating.

In number, the Mc's top the list in all three counties. In Queen's and in King's, "McDonald" is the common name. In Prince county, all the Mc's together comprise more than one-sixth of the names in the western part of the province but none of the Scotch groups of names taken individually can outnumber the frequently-occurring "Arsenault". "Arsenault" is the most popular name in Prince County with "Gallant" second in order. Combined, the two French-Canadian names, comprise one-tenth of the total number of names in use in the county.

The Queen's county list had 9,958 names. There are 2,530 Mc's and 392 of them are McDonalds. Slightly more than 7,000 names are listed under King's county and 2,188 of them are Mc's with the McDonalds, 560 in number, again far ahead of any other name.

Prince county shows 8,960 names with 1,288 of them Mc's. McDonald appears only 168 times though, compared with the 600-odd times Arsenault is listed.

"John A. McDonald" is Prince Edward Island's most popular name, with "John J.", "James", and "Joseph" runners-up.

Besides the McDonalds, other clans are well represented by McKinnons, McLeods, McNeills, Camerons, Campbells, Frasers and Stewarts.

Preventing Confusion

Prince Edward Island families with "Mc" names have their own ways of preventing confusion which might arise when several families in one community bearing the same surname choose identical Christian names for their offspring.

Down west there was a Big Malcolm McDonald whose son was called Johnny Big Malcolm, and his son, Alex McDonald. There were so many other "Alex McDonalds" about that the grandson was called "Long Alex" which made him "Long Alex Johnny Big Malcolm".

Donald Alexander McKinnons—or other similarly popular combinations—in some quarters are differentiated by the old Highland use of "Black" before the first name, giving "Black Donald".

In other parts of the province affixing the name of an object like "axe" or "pump" before the surname, giving "Johnny Axe Campbell" or "Malcolm Pump McDonald", solves the problem of probable confusion quite satisfactorily.

Great Britain's prime minister, Stanley Baldwin, had a good word for the common "McDonald" when he visited Prince Edward Island a few years ago.

"I understand," he told the people of Charlottetown, "you have about 30,000 Mc's in Prince Edward Island and a very great number of McDonalds.

"It is only natural that there are so many McDonalds. A McDonald is worth 10 other Mc's anyway."

LOCAL NEWS

Rev. Evan Baker is here today returning to Anyox after attending the sessions of United Church Presbytery in Vancouver

Pleading guilty to a charge of contributing to juvenile delinquency, Mrs. Mary Michaluk was given six months' suspended sentence by Magistrate McClymont in city police court yesterday afternoon.

Dr. Neal Carter is scheduled to be the speaker tomorrow at the regular weekly luncheon of the Prince Rupert Rotary Club. He will present his report on the recent district convention of Rotary in Vancouver.

Everybody reads the Daily News. There's reason.

GRADUATES ARE FEWER

Summary of Degree Results in Colleges Shows Tendency Towards Specialized Education

(Canadian Press) A slight decline in the number of graduates from Canada's universities and degree-granting institutions is indicated as thousands of students throughout the country take part in graduating exercises. Taken as the aftermath of years of economic stress, the decrease is not regarded as significant by faculty heads in the various colleges who generally express the opinion that prospects are better than for several years.

Reports from 18 colleges show that about 5500 parchments were distributed at ceremonies this spring or approximately 250 less than last year. The total has been slightly improved by graduates from theological and other colleges.

There appears to be a definite trend among graduates in arts to regard their degrees merely as stepping-stones to more specialized fields of endeavor. This is particularly true in the eastern universities where many are remaining at college until recovery in world affairs is more pronounced.

In Western Canada the optimism expressed at last year's graduations is quite as pronounced this spring. University of Alberta's graduating class has proven to be the largest ever to leave the institution. An increase is noted in the University of Manitoba with slight declines in the Universities of Saskatchewan and British Columbia.

Brighter Prospects

Brighter prospects, particularly in regard to professional faculties such as engineering, agriculture and home economics, are seen in the west. University heads report an increasing number of inquiries for graduates, especially in engineering. Development of the great natural resources of the north and north-west continues to be reflected in the large number of students graduating from the four western universities. More than 200 have been successful this year, the number being slightly less than in 1935.

Heads of eastern universities are a little more cautious than their colleagues west of the Great Lakes commenting on business prospects in the near future. But they subscribe to the view that conditions are improving.

Graduates in arts and science throughout the country show a decrease of approximately 300, the total being estimated at 2700. The '36 engineering graduates are almost as many as last year—295 compared with 314. Household science retains its appeal for women but in most colleges the number of co-eds among the ranks of the graduates has thinned. Queen's University reported the largest decrease in its women graduates. Fifty have received caps and gowns against 90 last year.

Agriculture courses, with 220 graduates from seven colleges, including two strictly agricultural institutions, did not share in the decline to the same extent. The total was only 10 less than last year but 50 more than in 1934.

University of Toronto, largest in the Dominion, has graduated approximately 1500 students, about the same as in 1935. At McGill, 425 hoods have been distributed, a drop of 75 from last year.

MOTHERHOOD MORE EASY

Many Medical Developments Help Advance to Safer, Happier Lives

NEW YORK, May 27. (AP)—Nine great advances in ease of motherhood have been made by the medical profession in the last 25 years. Eclampsia, the convulsions which caused frightful suffering, have become almost a rarity. Un-numbered lives have been saved by the elimination of this single complication.

Coupled with ridding motherhood of this risk are increasing knowledge of diet, vitamins and gland products for this period. The great diet change lies in feeding starchy foods, eggs and milk with fresh vegetables. Formerly the expectant mother was fed on "delicacies" even if they killed her.

Third is the effort to alleviate pain. This began with the much-heralded twilight sleep. It is not solved. The trouble with all artificial pain relief is risk of injury to the baby. But the recent analgesics, or pain relievers, known as barbiturates, are making progress.

Fourth, and more dramatic than any other, is the dating of motherhood. Within a week to 10 days after conception it is possible now for a physician to know that motherhood is on its way. One method considerably used is to note secretions of the pituitary gland, at the base of the brain. They change and injected into immature female mice they give visible evidence.

Transfusions are the fifth boon they save many lives and much suffering.

X-Rays Helpful

X-rays have removed the danger from one worrisome question—the chance of a Caesarian operation. The rays warn definitely when it is needed, and long enough in advance to perform the operation more safely. The result is that once rare Caesarian operations are now no more dangerous than other abdominal operations.

Anaemia is another hobgoblin nearly gone. It may arise from the unborn child drawing heavily on the mother for essential elements for skeleton building. Feeding lime salts, or milk with plenty of root vegetables, replenishes the store.

The daily sickness for weeks or months that has been a burden for many mothers is now mostly relieved. Its cause was a toxic condition, from food. Adding carbohydrates to the diet is one treatment.

Rated by medical men as the most important is the ninth advance. This is substitution of normal activity for the old idea of invalidism and "delicate condition." Instead of isolation at home, today's mothers are advised to get outdoor exercise, fresh air, suitable food, adequate rest, freedom from worry and care, to feel assured of the safety of childbearing.

Best of all, the medical profession is not satisfied. The present death rate of American mothers, it asserts, should and can be cut 50 per cent.

SPORT CHAT

Experts in the Old Country of the ancient British national game are casting appraising eyes over the schedule of matches to be played by Hon. R. C. Matthews' Canadian Cricket team which will tour southern England this summer, in an effort to approximate the strength of the visiting squad. Fifteen players, of an average age of 25, arrive in London June 27 and make up the most representative, as well as the most youthful, Canadian team ever to play on Old Country fields. Its prowess known to only a few on this side of the Atlantic, the team is regarded as a strong one and likely to acquit itself with great credit when it has overcome the twin obstacles of turf wickets and the new leg-before-wicket rule.

Mr. Matthews' guests will play 15 games in six weeks during July and August, with the most important fixture scheduled for Lord's, famous London home of Middlesex County Cricket Club, when they oppose an M.C.C. team. Free Foresters, Incogniti and Grasshoppers, English clubs of high standing, will be met, as well as Rugby Harrow and Eton, the great public schools. Not the least interesting match on the card will be that against an eleven of the Earl of Bessborough, former Governor-General of Canada, at his Hampshire seat, Stansted Park.

Altogether the list provides formidable opposition for the Canadians, the first senior team to visit England for 14 years. But with youth on their side, it is expected the players will quickly adapt themselves to English conditions. The change from matting wickets to turf is the greatest obstacle to be overcome while the difference between the slow pitches in this country and the hard sun-baked grounds of the Dominion is also very marked. To offset this Mr. Matthews has arranged for 10 days of practice at Lord's, The Oval and at Hampstead Cricket Club before his team clashes with Rugby School in the initial match July 11. In addition the Canadians will get in some practice on the turf wicket of the Toronto Cricket Club before sailing from Montreal June 19.

The visitors will also be called upon to familiarize themselves with the new leg-before-wicket rule which so far has not been adopted in Canada. This will be a very real handicap. The hope was expressed by William Findlay, M.C.C. secretary, that the team would be able to play under the new rule, now in general use in England, and the former Minister of National Revenue readily agreed.

CRICKETER VICEROY

BOMBAY, May 27 (CP) — Like the Marquess of Willington, former Viceroy of India, Lord Linlithgow, his successor, is a cricket enthusiast. In earlier days he played a good deal at his Scottish home.

VETERAN OLYMPIC STAR
MELBOURNE, May 27 (CP) — D. Gray, 28-year-old cyclist, veteran of the two previous Olympics, will represent Australia at Berlin this summer. He holds the Olympic 1000 metres time-trial record.

Hefty Punch Helps Guard England's Goal

England and Scotland tied 1-1 in an international football match at Wembley Stadium, an action scene from which is shown here. The division of points gave Scotland the international championship by reason of earlier point totals. Sager, goalkeeper for England, is shown punching clear as Scottish forwards rush him.

CARDINALS MOVING UP

Improve Margin of Leadership by Winning Double-Header—Red Sox Defeat Yankees

ST. LOUIS, May 27 (Canadian Press) — St. Louis Cardinals won both ends of a double-header from the Pittsburgh Pirates here yesterday and increased their margin of leadership in the National League to one full game over the New York Giants who defeated the Brooklyn Dodgers. The Pirates dropped from third into fourth place. The Chicago Cubs moved up from sixth place to third by defeating Cincinnati Reds. The Boston Bees lost to the Phillies and are tied with the Reds for sixth place.

The Boston Red Sox scored a close victory over New York Yankees in the opener of a crucial series and cut the Yanks' American

League lead to half a game. The Chicago White Sox shared honors with the world champion Detroit Tigers in a double-header and went into fourth place ahead of Cleveland Indians who were losing to the lowly St. Louis Browns.

Yesterday's Big League scores:
National League
Brooklyn 3; New York 7.
Boston 2; Philadelphia 7.
Cincinnati 4; Chicago 10.
Pittsburgh 2-2; St. Louis 6-6.
American League
Chicago 9-9; Detroit 12-2.
St. Louis 8; Cleveland 5.
Philadelphia 2; Washington 8.
New York 4; Boston 5.

LEGION FOOTBALL TEAM

The Canadian Legion will field the following team against Dominion Dairy in the opening game of the Senior football season Thursday night: T. Smith; T. Johnston and W. Murray; H. Dickens, S. Dickens and O. Wingham; J. O'Neill, R. Cameron, L. Crompt, J. Greer and E. Ratchford, spares, A. Hardy and Bremner.

MAHMOUD WINS DERBY; TAJ AKBAR IS SECOND AND THANKERTON THIRD

Is Second Time That Indian Potentate Has Won Turf Classic For Three-Year-Olds at Epsom Downs

EPSOM DOWNS, England, May 27: (CP)—The Aga Khan's Mahmoud today won the Derby. Taj Akbar, stable mate of the winner and the favorite, was second with Mrs. J. Shand's Thankerton third. It is the second successive year in which the Indian Prince has won the Derby, the open classic for three-year-olds.

Twenty-two colts, comprising one of the largest Derby fields in years, started. Lord Derby's "Pay Up" was one of the last minute favorites but failed to show.

Mahmoud covered the course in record time of two minutes, thirty-three and four-fifths seconds. Pay Up finished fourth.

United States drew forty-four percent of the horses in the Irish Hospitals Sweepstake on the Derby. Great Britain took some thirty percent with the rest of the prizes going to other countries in lesser proportions. Fifty-seven Canadians drew prizes.

Holders of tickets on the winning horse receive approximately \$150,000. Starters pay more than \$2000. Further prizes were drawn for on Monday.

Tacoma Butcher Lucky
TACOMA, Washington, May 27:—A. W. Rankin, proprietor of a small Tacoma, Wash., butcher shop, received a cable Saturday announcing he had drawn a horse in the Irish Hospitals Sweepstake on the Derby.

ARGYLE ON TOUR
VALETTA, Malta, May 27 (CP)—Plymouth Argyle, English League second division team, is playing a series of five games against Malta Football Association clubs. Fifteen players make up the touring squad.

second goal with a shot that gave Vink no chance.

On the whole the Legion was very lucky to win as it was on the defence most of the game. The kid forward line of the Legion worked hard and will make a dangerous attacking force with a little experience.

Vink kept a good goal. Moe, Calderoni and D. Gomez were good in defence and the whole forward line showed promise, but lacked the ability to get goals.

Teams—Canadian Legion; Ted Smith; R. Johnstone, W. Murray; Bremner, Sonny Dickens, H. Dickens; Houston, R. Cameron, Crompt, J. O'Neill, Bond.
Dominion Dairy—Vink; Moe, F. Gomez; Ferguson, Calderoni, D. Gomez; Carroll, Madsen, Howe, J. Campbell, Gillis.

SOCCER IS UNDER WAY

Canadian Legion Defeats Dominion Dairy by 2 to 1

The senior football season got off to a good start last evening when the Canadian Legion won from Dominion Dairy by two goals to nil after an interesting game as the opener in the Stuart Benefit Shield series.

The Dairy pressed from the start but Henry Dickens made a break-away and, on a pass close in from Cameron, opened the score after ten minutes. The Dairy men continued to press and kept Smith busy but he was very safe. One save from Darrow Gomez from close in prevented the equalizer. Young Bill Murray was a strong defender and Sonny Dickens showed the benefit of experience.

The Dairy men continued to crowd the Legion goal in the second half but were unable to find an opening. Smith had to give a corner from Carroll's shot but the resulting kick was easily cleared. Although the Legion only got outside their own end of the field twice the milkmen could not score and, with half a minute to go, Henry Dickens took a pass from Sonny and went through for the

Always Bet on a Sure Thing!

"Pretty good advice and—when you're rolling-your-own, the 'sure thing' is Ogden's Fine Cut. For Ogden's does roll a better cigarette, a milder, cooler, smoother cigarette. That's just why Ogden's is the 'odds on favourite' with men who roll their own. Put your money on Ogden's. Now that times are better you can easily afford the best cigarette tobacco. Be sure to use the best papers, too, 'Chantecler' or 'Vogue.' And don't forget—that purple, easy-opening ribbon on the Ogden's package is mighty handy in removing the Cellophane wrapper.

Mac's Candid Opinion

It actually costs *Less* to COOK with ELECTRICITY

It's easy to own an Electric Range. Just make a small down-payment—the balance on comfortable terms. Combination electric and coal or wood ranges are available for those who require heat for warmth.

"I'm First Aid to Strained Budgets"

"I know lots of people have to cut corners on their housekeeping expenses these days. That's why I have such fun helping folks stretch every food-dollar to its uttermost limit. I help in two ways. My fuel — electricity — is the cheapest form of cooking fuel you can use. And I retain every last bit of flavour and nourishment in everything I cook which means that every dish goes farther. My perfect, even cooking heat saves you time and footsteps and you never need worry about anything being underdone or burnt. Just snap my switch and leave the cooking AND the saving to me."

Northern British Columbia Power Company Limited

THEY'VE STARTED ON COSTUMES FOR CORONATION

England's peers will have to dig down into their coffers for about \$300,000 all together, for costumes alone, in which to attend the coronation of King Edward VIII, one year hence. Already the court robe-makers—Ede and Ravenscroft—are working on the colorful regalia. The average cost per robe, including coronet, is about \$400. The coronets are in the process of manufacture in the above picture. Messrs. Ede and Ravenscroft have made robes for nine coronations and King Edward's will be the tenth. They report that even at this early date orders are piling in.

LUTHERAN CONCERT

Splendid Program Enjoyed by Audience of About Eighty Persons
The Ladies' Aid of St. Paul's Lutheran Church sponsored a very enjoyable concert on Tuesday evening at the church. There were about eighty people present. Following the program, a generous silver collection was given.
The program consisted largely of organ, piano, and vocal music, ably rendered. It opened with a hymn sung by the congregation. The "Gloria" (Pergolesi) and "Canon" (Bussek) were beautifully rendered on the organ by Peder Lien. They represent the old style of writing, being written about the year 1730. Other items were as follows:
"In the Garden", sung in the Norwegian language by Mrs. Karl Dybbavn.
Piano selections by Mrs. H. O. Johnson, "Rustle of Spring"—(Grieg).
"Scene in the Embers" (Charles Huertner).
Girls' Choir, "Oh God, Our Help in Ages Past" and "Alone With Thee."
Taking as his subject "Music in The Old Testament", Rev. L. C. Jensen discussed briefly the many places where mention of music was made in the Old Testament; it was used to express joy, triumph in battle, to soothe the troubled, drive out evil spirits, and more especially was found in the temple, in the worship and religious life of the people. A chorus and orchestra numbering 4,000, and divided into twenty-four sections trained by able musicians.

composed the temple chorus. Music played a great part then and good music today was still a source of much joy and inspiration.
Male Quartette, "Zion's Vaegter Never Rosten" and "Jesus, du Som Har Mig Kjaer,"—I. Feness, Peder Lien, Nils Gunderson, and Inge Valen. In the second selection, Mrs. L. C. Jensen sang the solo, accompanied by the quartette.
Organ solos, "Pilgrims' Chorus" (R. Wagner) and "Melodi" (Christian Sinding) Peder Lien.
Vocal solo, "Sorgen og Glaeden de Vandre til Hope" (Ludvig Lindeman) Inge Valen.
The concert closed with congregational singing of the hymn "Vaer nu Glad og Vel Til Mode."

FATAL BOUT
BRISBANE, Australia, May 27 (CP)—"Bobby" Clements, knocked out in the 11th round in his Australian flyweight championship bout by Challenger "Tiger" Donnelly, died shortly afterwards in hospital.

High Wins Over Borden Street

Game Played in Rain and Mud on Saturday Ends in 3 to 1 Score
W. D. L. F. A. P.
High School 4 1 0 14 5 9
Booth 1 1 1 7 4 2
Borden 0 0 4 2 14 0

The Junior Football League game between King Edward High School and Borden Street School, played on Saturday afternoon in the rain and on a muddy field, resulted in a win for High School by a score of 3 goals to one.
Houston secured High School's first goal with a long high shot which gave Mah no chance to save. The first half was very evenly contested and no further scoring took place. From a free kick Currie drove the ball into the net for Borden but the referee decided Judge was in an offside position and disallowed the goal.
In the second half Mah again displayed his skill as a goalkeeper but, at last Smith got through for High's second goal. Long kept close watch on Smith and Scherk and McLeod defended well. Currie was almost through but shot behind. A clever run by Schubert was blocked by Fitch and Christian. Cook stopped P. Knutson, and Currie got away and forced a corner. Schubert placed the corner well and Kihara scored for Borden. In a scrimmage after Mah had saved, Smith breasted the ball through. Final score High School 3, Borden St. 1

Teams
Borden Street — Mah; Scherk, McLeod; Cook, Long, Wong; Schubert, Kihara, Currie, Bill, Judge.
High School — Barton; Sheehan, Brown; Christian, Fitch, L. Knutson; P. Knutson, Wikdal, Smith, Houston, Holkestad.
Referee—J. Carroll.
Linesman—Jack Campbell and Bob Parkes.

TOMMY WALKER STAYS
EDINBURGH, May 27 (CP)—Tommy Walker, much-sought Heart of Midlothian soccer star, has set at rest all fears that he would quit Scottish football. He has signed a 1936-37 contract for Hearts.
