BROWN IS RE-ELECTED

Will Lead Canadian Legion For Another Six Months—Heating Plant Contract Let

The half yearly meeting of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was held last evening. President W. M. Brown was in the chair over a large attendance.

Election of officers for the ensuing six months resulted as follows:

Honorary President—Col. C. W. Peck, V.C., D.S.O.

Honorary Vice-Presidents—Major McGregor, V.C., D.S.O., Lt. Col. P. McMorde, D.S.O. and Lt. Col. D. Johnston, M.C., V.D.

President—W. M. Brown (re-elected by acclamation).

First Vice-President—W. J. Rance (re-elected by acclamation).

Second Vice-President—H. A. Green (re-elected by acclamation).

Executive—J. Prece, Geo. D. Doves, H. Thrupp, James Hadden, E. L. Barker, George F. T. Murray, A. Teng and C. L. Youngman.

Trustees—George Cripps, J. S. Wilson and S. A. Bird.

Auditor—J. M. Campbell.

Applications for regular membership from R. G. Lipton, Malcolm Montgomery, John Munro and David L. Nickerson were approved.

Regret was expressed at the impending departure of Ernest Anderson who has been an active member of the executive of the branch. Sympathy was expressed to the relatives of members of the branch who had recently died—George F. Letts, Angus Anderson and John E. Forsman.

A letter of appreciation of the splendid leadership of Dominion President General Alex Ross will be sent to him and with it an expression of regret that ill-health has temporarily restricted his activities on behalf of the ex-service men.

Another important step in making the club quarters up-to-date was the awarding of the contract for the installation of a central heating plant in the building. The contract was awarded to Smith & Mallett who will install a coal burning furnace with automatic steam fireman.

Australian Planes To Girdle Globe

SYDNEY, Aust., Oct. 17: (CP)—Plans for round-the-world flights by two Australian envoys, traveling in opposite directions, have been approved by the Australian 50th Anniversary Celebrations Committee.

The flights will start February 12, 1938. The envoys will bear messages of goodwill to every country in which they land.

BAR SILVER

NEW YORK, (CP)—Bar silver was unchanged at 44 3/4c per ounce on the New York metal market today.

Weather Forecast

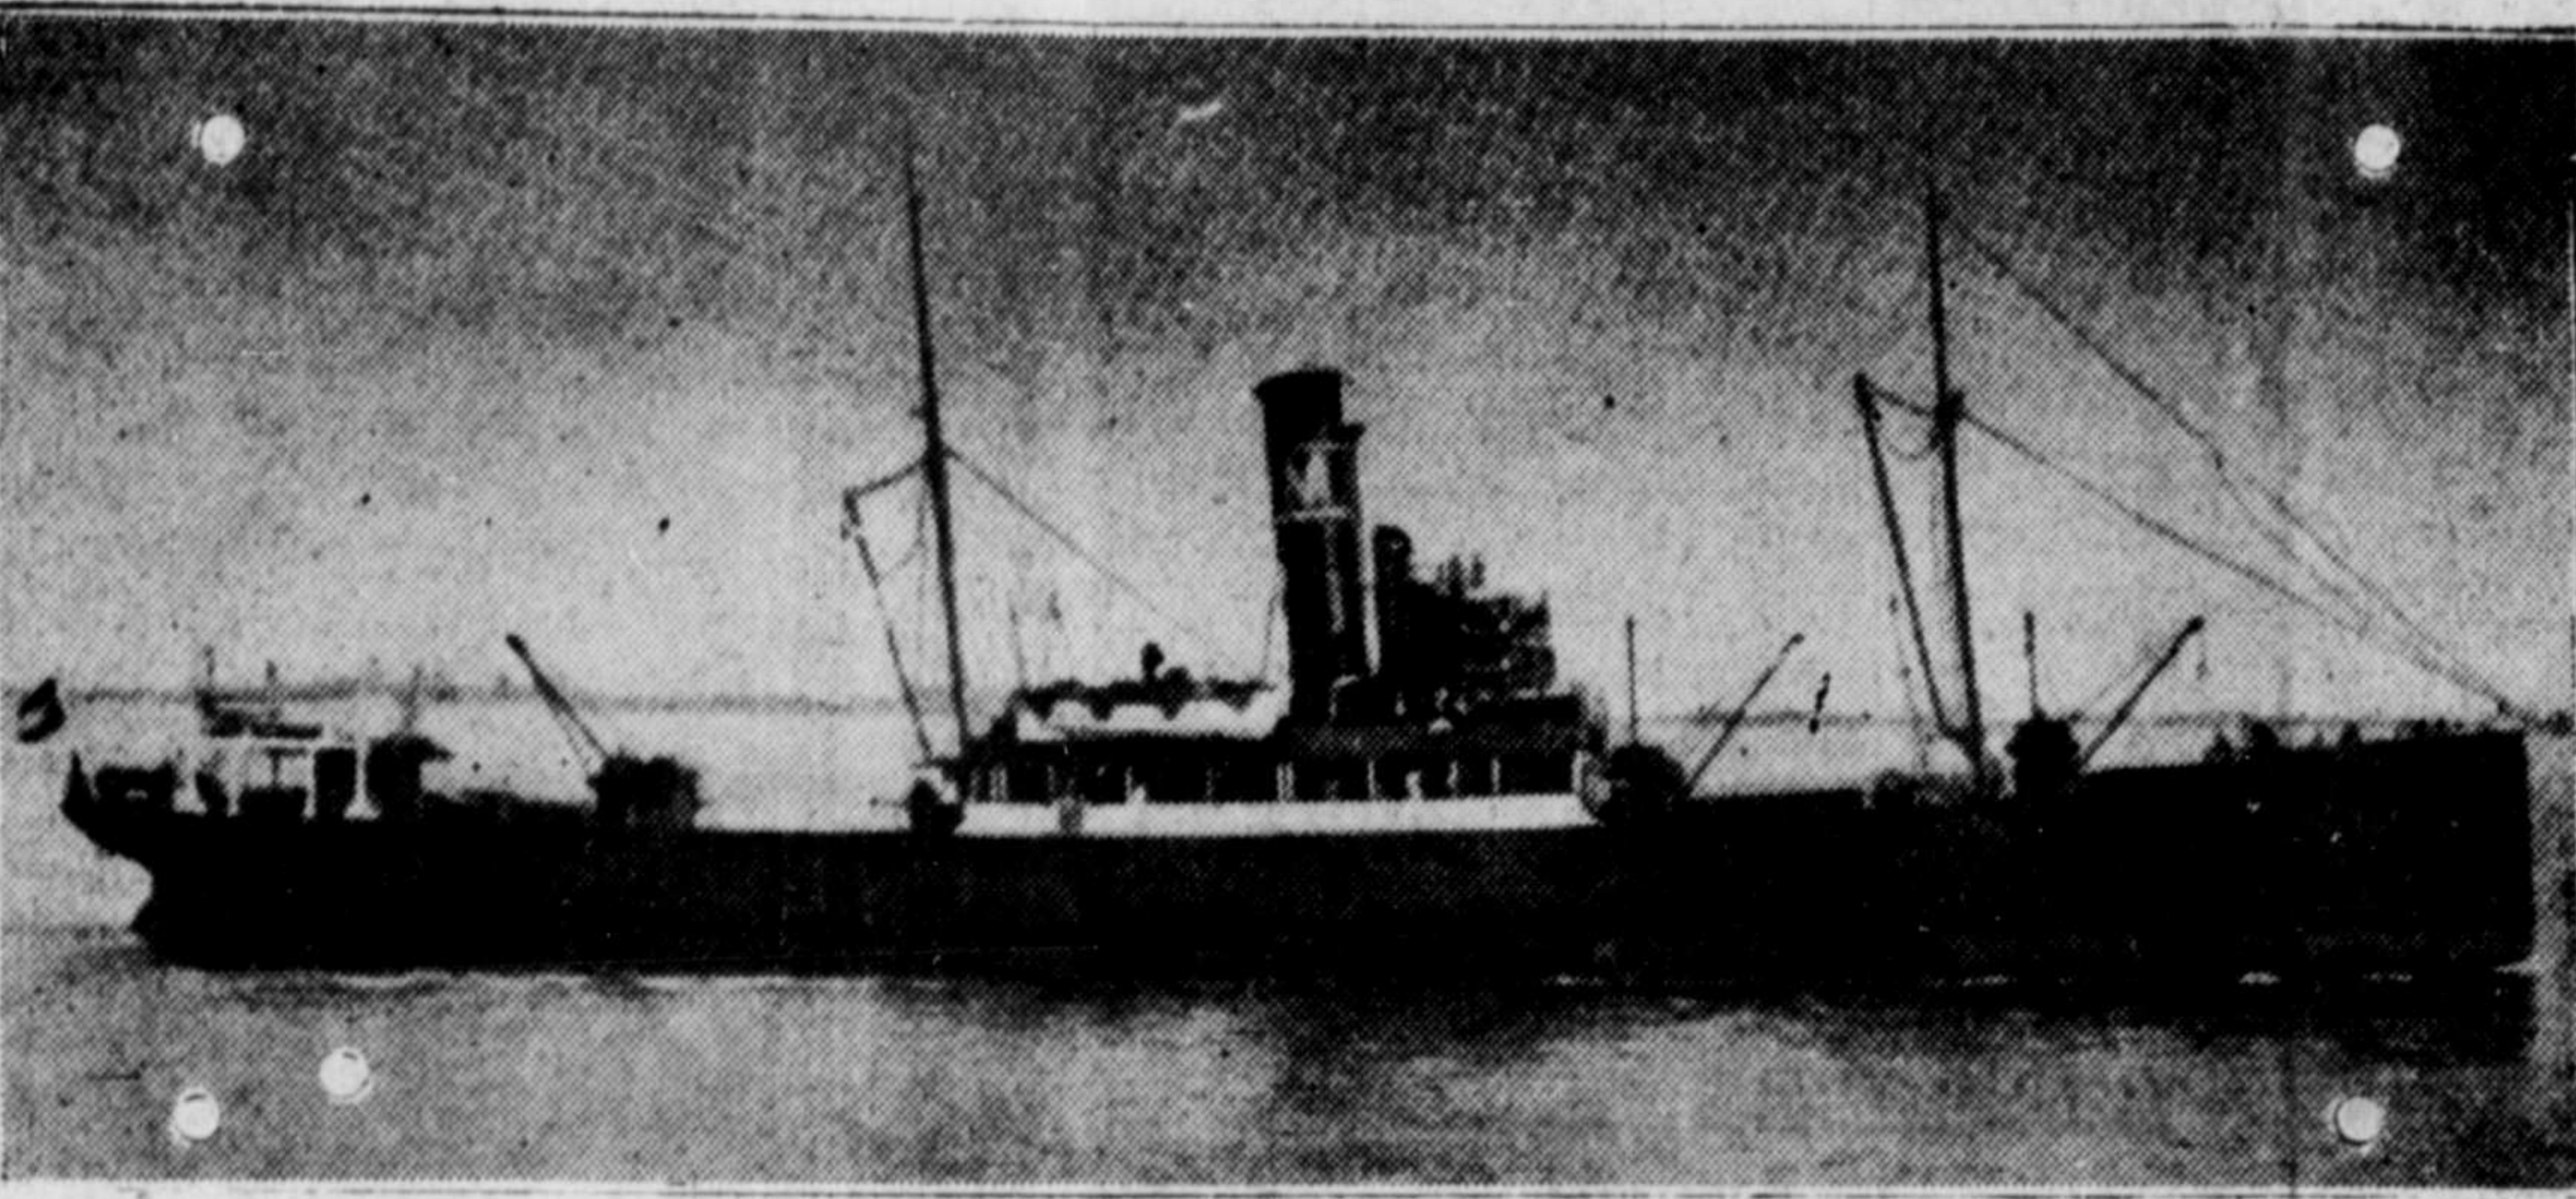

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 30-hour period ending 5 p.m. tomorrow.)

Pressure is moderately high on the British Columbia coast. Rains have occurred in the North.

Prince Rupert district—moderate southeast to southwest winds, occasional showers with local fog patches.

West Coast of Vancouver Island—moderate winds, mostly north-east, fair today, followed by some light rain or fog.

Steamer Twice Stopped by Spanish Warships

Twice since Spain's civil war broke out the British freight steamer Gibel Zerjon has been halted on the high seas by Spanish government warships. After the British battle cruiser H.M.S. Repulse had forced the Spanish vessel to allow the Gibel Zerjon to continue on the first occasion, an apology was demanded and received from Spain. A second protest may be lodged by Britain. Her destroyers again drove off the molesting Spanish vessel when the Gibel Zerjon radioed for assistance enroute from Gibraltar to Mellilla. Here is the British Gibel Zerjon, centre of the incidents.

AID FOR HOUSING

Government and Banks Helping In Fifty Million Dollar Scheme

OTTAWA, Oct. 17: (CP)—Immediate initiation of a Dominion government and chartered banks' co-operative scheme to assist in a \$50,000,000 housing, repair and modernization program was announced yesterday by Hon. Charles A. Dunning, minister of finance, and Arthur Purvis, chairman of the national commission on housing and relief.

The scheme will enable home owners to negotiate property rehabilitation loans to a maximum of \$2000 at a total interest cost of 6.2% over a one-year period.

BIG FIND IN NICKEL

Winter Comes in Arctic Russia But Work Goes on Through Long Nights

MOSCOW, Oct. 17: (CP)—While Soviet ice-breakers race home from summer explorings, intrepid Russian colonizers are settling down in the Soviet Far North for winter work as usual in mining, lumbering and other industries developed in the last five years.

A great nickel mine several hundred miles north of Igarka on the Taimar peninsula is today the biggest single mineral field of the North. Already the inhabitants have virtually completed a narrow gauge railway to the Yenesei river that will link the mine with "outside."

Its find was doubly welcome because nickel was one of the important wartime minerals lacking in Soviet Russia. Copper and gold mines are plentiful throughout the north region, most of them still in infant stages of development.

No spectacular discoveries have been revealed by the summer expeditions yet although not all have reported. This is not unexpected, however, for the Soviets have now reduced their work in the Far North to a workmanlike basis that precludes the bizarre and sensational.

This program is not exactly to their liking but they have been forced to it by the grim Arctic where the margin of safety is wholly dependent on careful, long-planned preparation for the long dark night which is the far northern winter.

WOMAN IN BOTH SIDES ELECTION SCORE WINS

Mother of Seven, School Teacher And Law School Graduate, Would Enter Congress

SPRINGFIELD, Mass., Oct. 17: (CP)—Mrs. Agnes L. Reavey, mother of seven children, school teacher, law school graduate and new Democratic nominee for Congress from the second district of Massachusetts, finds time to bake and run her home along with her many other activities.

For The Associated Press she explains how she became news. "Having completed my primary and secondary education in the parochial schools I entered a state teachers' college in the fall of 1908, eventually graduating as a qualified teacher.

"In 1910, I was confronted with the stern realities of life in a country school, boarding out, as was the custom, with one of the neighbors and developing a happy friendship that has endured the passing years.

"But in August, 1913, a former classmate succeeded in convincing me that home was the base of all real happiness and that we should find one."

Then followed her marriage, but, Mrs. Reavey goes on: "My course as a housewife was interrupted in October by a call to substitute as a special class teacher and I continued to substitute during the school year. In order to understand more clearly the problems that confront a special class teacher, I took courses in psychiatry, psychology and allied subjects, including public speaking.

"Later the school authorities claimed that an advanced degree was necessary for progress in the teaching profession. Finding that I could obtain an LL.B. degree in my home city with a minimum of expense I enrolled as a law student in 1927, receiving my degree in 1931, although the last of my seven children—three girls and four boys—was born in my sophomore year.

"This spring I was asked by a group of good government minded people to run for Congress. After due consideration I decided that at last I had found an opportunity to work for an ideal, a chance to assist in an endeavor to perpetuate the constitution and correct evils of maladministration.

"Overcoming seven men in the primaries, happy in the faith and trust the voters of the district have placed in me I am now preparing for a campaign against a prominent Republican opponent, my former instructor in law school."

BOTH SIDES SCORE WINS

So it is to be Gathered From Spanish War Reports—Madrid Closed to Refugees

BURGOS, Spain, Oct. 17: (CP)—Insurgent forces launched a new drive on Madrid today as columns advanced in the mountainous sector in the west and other units attacked in the north-east, Fascist headquarters reported.

On the other hand, government headquarters at Madrid said the Socialist forces had repulsed Fascist attacks directly west of the capital and had staged a strategic retreat near Navalcarnero. The gates of Madrid have been closed to refugees streaming into the city.

WALES WON IN SOCCER

Defeated England Again by Score Of Two to One in International Soccer Game Today

CARDIFF, Wales, Oct. 17: (CP)—Staging a smart second half recovery, Wales defeated England two to one in the first match of the international soccer series here today before a crowd of 45,000 fans. England was leading one to nil at the interval.

Bastin of Arsenal scored England's goal shortly before the interval with a bullet drive on a pass from Westwood, Bolton star.

Wales equalized when Morris of Birmingham sent a corner into the net. Glover of Grimsby Town scored the winner, heading a centre by Hopkins.

It was Wales second straight victory over England, last year's verdict having been by a similar score.

Longshoremen In England Return To Their Posts

CHESTER, Eng., Oct. 17—Three thousand longshoremen have returned to work after a three-day strike in sympathy with a few men who were discharged from their jobs.

Halibut Arrivals

The only halibut boat in today was the Capella, Capt. Dan Larsen, which sold 6,000 pounds privately to the Canadian Fish & Cold Storage Co.

TRAGEDY DETAILS

Anna May Ullman Formerly Of Hazelton, Tells of Auto Mishap In Which B. Hanafin Died

Further particulars of the recent automobile tragedy near Wells in the Cariboo district which resulted in the deaths of Benny Hanafin, a well known resident and athlete of Prince Rupert in pre-war days, and three companions, one a woman, are contained in a letter received at the Daily News office from Anna May Ullman, formerly of Hazelton and now residing at Beaver Pass at Wingdam. Miss Ullman, it will be remembered, was the principal in a tragic northern adventure some three years ago when she essayed to hike overland during the winter from Hazelton to the Yukon and became caught in a blizzard, suffering frostbites which necessitated amputation of her feet.

The party of four motorists left Wells on a Saturday for a pleasure drive, their destination being Stanley. They did not arrive at the latter point. On the following Tuesday an overcoat belonging to one of the missing men (Hanafin) was found floating in a small slough a few miles west of Wells. To all appearances the slough was only about a foot or so deep with weeds growing up out of the water. Two days later when water used for sluicing higher up the mountain was shut off, the level of the slough went down and a passing driver saw the wheels of an overturned car in the water. The silt that was washed down during hydraulic operations had hidden the car from view while the water was high and had given the deceptive appearance of shallowness.

The car was hauled out of the water by a wrecker and inside were found the bodies of Hanafin and the young woman. Hanafin's skull had been fractured and a leg was broken. The young woman had been drowned.

Friday morning a crew on rafts, grappling in the slough, recovered the bodies of the two other men. It is believed that the young woman and the two men had struggled desperately to escape but had been caught in the mire and drowned. Hanafin is believed to have been killed instantly.

It is thought there might have been another woman in the party but this has not been confirmed. Police believe that the car must have been speeding when it left the road as it landed in the exact centre of the slough.

Roderick Raymond Dies at Kamloops

Former Local Man Passed Away On Monday in Provincial Home In South

Word has been received in the city of the death on Monday morning of this week in the Provincial Home at Kamloops of Roderick Raymond, who left here a year or so ago for that institution. Deceased, before leaving here, had resided at Seal Cove. He was 82 years of age and had followed mining.

Nanaimo Pioneer Has Passed Away

NANAIMO, Oct. 17: — John Frame, aged 89, for fifty-five years a resident on Halliburton Street here and one of the best known pioneers of the city, is dead.

At Least Three are Dead And Damage is So Far Unestimated

SECTION OF JUNEAU IS DAMAGED BY MUDSLIDE
JUNEAU, Oct. 17:—A huge mudslide coming down off Mount Robert did some damage to property yesterday. It stopped only sixty feet from the Alaska Hotel. A woman had to be dug from the debris when her house was almost buried. She was not injured.

Former Saskatchewan Lawyer Dies In South

VICTORIA, Oct. 17:—Robert W. Shannon K.C., who has resided here for five years, having come from Saskatchewan where he was prominent in the legal profession, died on Thursday.

VANCOUVER CIVIC FLAG

Proposal Made by Mayor McGeer After English Request
VANCOUVER, Oct. 17: (CP)—Vancouver may have its own civic flag in the near future.

A letter received here from England said Rev. A. Lombardini, rector of the lord mayor's church in London, wished a Canadian flag to hang in his church and hoped one would be presented to Sir Percy Vincent during his recent visit to Vancouver.

As Canada has no national flag the aldermen suggested a scroll, containing the British Columbia coat of arms, be sent, but Mayor G. G. McGeer said this could not be considered as a national emblem.

"Really, we should have a Canadian flag, provincial flags and ensigns for all leading cities in the Dominion," the mayor said. "Other cities have their flags; why should we not have one too?"

Vancouver Wheat

VANCOUVER, Oct. 17: (CP)—Wheat was quoted at \$1.11 3/4 on the Vancouver Exchange today.

Today's Weather

(Government, Telegraphs)
Triple Island—cloudy, rain, light southerly wind, sea smooth.
Langara—overcast, rain, moderate westerly wind; barometer, 30.00; temperature, 51; moderate sea.
Dead Tree Point—overcast, calm; barometer, 30.18; temperature, 54; sea smooth; foggy seawards.
Terrace—raining, calm, 52.
Alice Arm—cloudy, southwest wind, 53.
Hazelton—raining, calm, 42.
Smithers—cloudy, calm, mild.
Burns Lake—cloudy, calm, 51.
Prince George—Fair, calm; barometer, 30.06.
Estevan—clear, calm; barometer, 30.12.
Victoria—clear, northeast wind, 8 miles per hour; barometer, 30.14.
Vancouver—foggy, calm; barometer, 30.16.

Nick J. Coulter, pioneer of this city and until he left here a couple of years ago residing at Port Edward, writes from the Provincial Home at Kamloops stating that he is keeping in fairly good health. He, however, misses "Prince Rupert boosters and the salt chuck."

CHEERFUL NEWS FROM STEWART

Cheerful news comes from Stewart in regard to the present condition and future outlook of the Portland Canal camp. The depression is said to be a thing of the past there. There is no over-abundance of ready cash as yet but there is work for all and prospects for the winter are declared to be good.

We in Prince Rupert are glad to hear that the hard times are over for our neighbor town which, next to us, seems now to have developed into the most important community in this immediate district. The improvement in conditions there will be directly felt here. Local business men may be able to share to some extent in the benefits.

THE GRANBY COMPANY

People of this district generally take more than a passing interest in the affairs of the Granby Co. This is to be expected since the company, although now removed, was so long identified with this district. Now everybody in these parts will be glad to hear that the company, instead of liquidating and going out of business entirely, is once again, through its operations in the Similkameen district, to become one of the important mineral producers of British Columbia.

NEW BUILDING FOR CANADA

The National Employment Commission has recently recommended to the Dominion government that it extend its construction stimulation program to include home modernization, lower cost working men's homes and the broadening of the Housing Act to include all parts of the country. The suggestions will be before the next session of Parliament at Ottawa and, if passed, will give an impetus to the building and construction industry, as well as allied trades. This should be of great benefit to every city in Canada. Certainly much work along this line is needed in Prince Rupert, not only because of the employment it will provide but because modern homes are needed here. Indeed there would be many building and improving homes in Prince Rupert if personal finances would permit. As far as we are concerned, the government cannot move too quickly in giving assistance along this line, for decent homes are a crying need here. It is to be assumed that the majority of communities in the country are in the same position although we would venture to say that the need is no greater anywhere than here.

'SPORT'

SPORT CHAT

Thousands of South Africans thrilled as visiting Oxford and Cambridge University teams gave them their first eye-fel of ice hockey in the new Empire Exhibition Stadium at Johannesburg.

Students of King's School, Parramatta, Australia, arrived in London recently to play a series of soccer matches against teams representing English public schools.

Dr. J. M. Robison and Dr. R. K. McHenry of Houston, Texas, divided honors on a recent fishing trip. At exactly the same moment each landed a king tarpon six feet two inches long weighing 122 pounds.

The British rugby team that toured the Argentine has returned home after winning all 10 matches played and scoring 399 points against only 12 (two penalty goals and two tries).

At an agricultural show in Richmond, South Africa, one of the competitors was Mrs. A. H. Cockburn who, although 68 years old, rode her own horse in several events, winning two firsts and a special prize.

Edinburgh racing enthusiasts believe the Scottish capital should have a new racecourse and negotiations are being conducted with that end in view. At present the little Musselburg course is the only track.

West Ham United has signed A. J. Weare, goalkeeper of Wolverhampton Wanderers, at what is understood to be a substantial fee. The Hammers play in the second division of the English Football League.

Benhy Lynch, world flyweight champion, who recently successfully defended his title against Pat Palmer, is being sued in Glasgow by Sam Wilson, his former manager, for \$10,000 for alleged breach of contract.

Simonstown's (South Africa) coronation gift to the King will take the form of a King Edward coronation playing field area and recreation ground for the youth of the naval port.

Salisbury Motor Club in England is threatened with legal proceedings by the Lord's Day Observance Society unless Sunday motorcycle racing meetings are abandoned.

Statistics compiled by the German government show there are 390,000,000 square yards of space available for sport and gymnastics in the Reich, approximately six square yards per head of population.

Carl Snively, Cornell's new mentor, left an enviable record at North Carolina. Snively was head mentor for only two seasons at Chapel Hill. His teams turned in 15 wins, two defeats and a single tie.

Essex will meet all counties in the English county cricket championship next season with the exception of Leicestershire and Warwickshire. Matches against New Zealand and Cambridge University are also carded.

BADMINTON MEET POSTPONED

The annual meeting of the Canadian National Recreation Association's Badminton Club, which was to have been held last night, was further postponed.

Certificate Idea Used by Indians

Alberta Tokens Had Counterpart in British Columbia Fur Trade

BELLA COOLA, Oct. 17: (CP)—Alberta's prosperity certificates had a counterpart in British Columbia's fur trading industry a number of years ago.

Aluminum tokens of 25, 50 cent and \$1 values were issued by B. Brynildsen and company here in 1907 and used in trading with the Indians until 1918.

The money in no way resembled currency of the realm. It was forced out of circulation by the Dominion government when an Indian trapper sought to exchange it at a rival company post in the Northwest Territories.

The factor at the post accepted the tokens from the Indian but explained to him the difference between the Brynildsen tender and legal currency and told him he could accept no more. Representations were then made to the Dominion government which resulted in the order to stop circulation of the tokens.

BOOM IN BRICK STOCK

JOHANNESBURG, Oct. 17: (CP)

—This city is witnessing a brick flotation boom as activity in the building trades has led to three new brick share issues being offered to the public in two weeks.

LOCAL NEWS NOTES

Tonight's train, due from the east at 10:20, was reported this morning to be on time.

Mr. and Mrs. F. R. Wilson and child, after a brief visit in town with Mrs. Wilson's parents, Mr. and Mrs. H. T. Cross, left by last evening's train on their return to their home at Inverness.

Miss Marie Bussinger arrived in the city on the Princess Louise yesterday afternoon from Juneau and proceeded by train to Telkwa to pay a visit with her parents, Mr. and Mrs. C. P. Bussinger.

Col. J. G. Wright, general secretary of the Vancouver British-Israel Association after having spent a couple of days here in the course of a lecture tour, left on last evening's train for Edmonton.

J. E. Duffy, general chairman of the Brotherhood of Locomotive Engineers from Winnipeg, after paying a brief visit here in the course of his regular half-yearly western tour on union business, left for the east on Wednesday evening's train.

Cliff Rogers, comptroller for the White Pass & Yukon Route, and son were passengers aboard the Princess Louise yesterday afternoon returning to Seattle after having spent a month in Skagway, Mr. Rogers having been there, on official business.

Professor P. Kranz of Germany, who has been on a trip into the Yukon and Northern British Columbia, disembarked here from the Princess Louise yesterday afternoon and proceeded east by the evening train. Prof. Kranz is to visit Edmonton, Winnipeg, Chicago and New York before sailing from Quebec aboard the Empress of Britain on October 28 for his home in Germany.

H. F. Glassey, well known pioneer resident of Prince Rupert and for the past two and a half years government agent at Atlin, and Mrs. Glassey were in town aboard the Princess Louise yesterday afternoon bound south for a vacation trip to Victoria and California. They expect to be in the south about six weeks. During their brief stay here while the steamer was in port they were welcomed by many old friends.

Brigadier Walter J. Carruthers of Wrangell, divisional commander of the Salvation Army for Northern British Columbia and Alaska, arrived in the city from the north on the Princess Louise yesterday afternoon, being on one of his periodical visits to this city and district. He will be here until tomorrow evening when he leaves on the Catala for Canyon City on the Naas River to inspect repairs to the mission and school there. He expects to return here in a week or ten days on his way back to Wrangell.

Cash for old gold, Bulger's (tf)

William Elkins, who has been on a holiday trip as far south as California, returned to the city on the Princess Adelaide last night.

T. W. Hall, inspector of schools, returned to the city on the Cardena last night from a trip to the Bella Coola district on official duties.

Robert M. Sampson returned to the city on the Princess Louise yesterday afternoon from Ketchikan and New Metlakatla where he has been paying a visit with relatives.

Harold Brown, managing director of the Union Steamship Co. Ltd., and Mrs. Brown were here last night aboard the steamer Cardena, making the round trip north on the vessel.

R. E. Legg, superintendent of the Surf Point mine on Porcher Island, and Mrs. Legg and child, who have been on a trip south, returned to the city from Vancouver on the Princess Adelaide last night.

Judgment for the plaintiff with costs was rendered by Judge W. E. Fisher in County Court yesterday in the action of Mitchell & Currie vs. C. K. Ytreberg. The claim was for \$28.35 in connection with an account. J. T. Harvey was counsel for the plaintiff and defendant acted on his own behalf.

Mr. and Mrs. V. W. Phillips, who have been in the city since last December, sailed last night on the Princess Adelaide for Vancouver, enroute back to Creston in the Nelson district. While here Mr. Phillips was in the employ of Van's Bakery.

Mrs. M. E. Gallant of Prince Edward Island was a passenger aboard the Princess Louise yesterday afternoon going through to Vancouver enroute back to her home in the east after paying a visit at Skagway with her son, Rev. Father G. Edgar Gallant, parish priest of the Roman Catholic Church there.

Now Ease Neuritis Pains Fast!

Your Own Eyes Tell You How "ASPIRIN" Works
IN 2 SECONDS BY STOP WATCH

An "ASPIRIN" Tablet Starts to Disintegrate and Go to Work
Drop an "Aspirin" tablet into a glass of water.
By the time it hits the bottom of the glass it is disintegrating.

"Aspirin" tablets start "taking hold" of pain a few minutes after taking.

What happens in these glasses happens in your stomach

For Amazingly Quick Relief Get "ASPIRIN"

If you suffer from the pains of neuritis what you want is quick relief. That goes without saying. "Aspirin" tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)

Hence—when you take an "Aspirin" tablet it starts to dissolve almost as quickly as you swallow it. And thus is ready to start working almost instantly . . . headaches, neuralgia and neuritis pains start easing almost at once. That's why millions rely on "Aspirin" for relief. Try it. You'll say it is marvelous.

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

If You're Told to "Alkalize"

Try This Remarkable "Phillips" Way
Thousands are Adopting

On every side today people are being urged to alkalize their stomach. And thus ease symptoms of "acid indigestion," nausea and stomach upsets.

To gain quick alkalization, just do this: Take two teaspoons of PHILLIPS' MILK OF MAGNESIA 30 minutes after eating. OR—take two Phillips' Milk of Magnesia Tablets, which have the same antacid effect.

Relief comes almost at once—usually in a few minutes. Nausea, "gas"—fullness after eating and "acid indigestion" pains leave. You feel like a new person.

Try this way. You'll be surprised at results. Get either the liquid "Phillips" or the remarkable, new Phillips' Milk of Magnesia Tablets. Delightful to take and easy to carry with you. Only 25¢ a box at all drug stores.

Thirty Halibut Boats Still Fishing—Hecate Straits Re-opened to Trolling Clearing Site For Waterfront Plant

About thirty Prince Rupert halibut boats are still engaged in fishing at this time and it is expected will continue in operation until fishing on the coast comes to a close on November 3 with the commencement of the close season in Area No. 3. Prices for fish have very definitely improved during the past few weeks over those which prevailed earlier in the season and this, undoubtedly, has been an encouraging factor in keeping many of the boats in operation. Up to and including yesterday a total of 10,387,100 pounds of halibut had been landed at Prince Rupert as compared with 10,555,650 pounds at a corresponding date last year. The Canadian landings for this year have reached a total of 5,466,600 pounds as against 4,913,350 pounds a year ago while the American total is 4,920,500 pounds as compared with last year's 5,642,300 pounds. During the week ending yesterday landings amounted to 220,000 pounds of which 100,000 pounds was from eight Canadian vessels and 120,000 pounds from nine American boats. The high price of the past week for Canadian fish was 9.7c and 6.5c paid the Helen II for 8,000 pounds and the low 8.5c and 6.5c received by the Morris H. for 6,000 pounds. For American fish the high price of the week was 11c and 7c paid the Estep for 15,000 pounds and the low 8.8c and 7c received by the Norland for 8,000 pounds.

Hecate Straits waters have been re-opened to salmon trollers for experimental spring salmon fishing in which line a few of the boats are now engaged. However, the large majority of the Prince Rupert trollers have returned to their home port for the winter. Salmon canning came to a close in Prince Rupert district on Friday last with the closing of Namu cannery, the last plant to continue in operation this year. Namu had the largest salmon pack in its history this season.

The Northern Fishermen's Cold Storage Ltd. is proceeding with rock excavation work on the Prince Rupert waterfront across from the company's present plant where an addition to the ice plant and storage facilities is to be put in. Quite a hill between the roadway and the main railway track is being removed. Actual building work will be getting under way before long.

Jack Roaf arrived in Prince Rupert on Thursday night's train from Vancouver to assume his new duties as manager of the northern division of the Home Oil Distributors Limited. He came in by way of the interior. Jack is no stranger in Prince Rupert, having been here previously on relief duty, and he is being welcomed by many friends. T. N. LePage, whom he succeeds here, will be leaving a week from next Thursday for Vernon to which point he has been transferred as district manager.

There were 198 passengers, consisting largely of Yukoners going outside for the winter, aboard the steamer Princess Louise, Capt. S. K. Gray, which was in port yesterday afternoon southbound on her final voyage of the season in the Alaska route. Twelve passengers disembarked from the vessel at this port while two boarded her here for the south.

On Trip to Islands
To make an inspection of some timber in Massett Inlet, W. T. Reid, district tie and timber agent for the Canadian National Railways with headquarters at Prince George, having arrived from the interior on Thursday night's train, left yesterday morning aboard the Armour Salvage Co.'s service boat Daly for Port Clements, accompanied by M. A. Burbank, divisional engineer. Also going along were A. R. Nichols, J. A. Lindsay, W. O. Fulton, Robert W. Cameron, F. A. MacCallum and Capt. W. P. Armour who plan to get in some bird hunting on the Islands. The party is due back next Tuesday.

Union steamer Cardena, Capt. John Boden, arrived in port at 10 o'clock last night from the south.

Anglican Tea And Sale Held

Successful Affair Yesterday Afternoon at Home of Mrs. Winslow

A very successful Anglican tea was held Friday afternoon at the home of Mrs. R. M. Winslow, Fourth Avenue East. The rooms throughout were attractively decorated with home grown chrysanthemums of many colors, those on the tea table being bronze and yellow. The guests were welcomed by Mrs. Winslow assisted by Mrs. C. V. Ewitt, president of the Woman's Auxiliary.

General convener was Mrs. Thomas Andrew. In charge of the tea room were Mrs. W. J. Greer and Mrs. H. S. Meadows. Presiding at the tea table were Mrs. R. L. McIntosh, Mrs. J. W. Nicholls and Mrs. W. H. Tobey. The servers were Mrs. A. E. Parlow, Mrs. A. R. Nichols, Mrs. E. W. Tucker and Mrs. J. S. Wilson. In charge of the home cooking table were Mrs. F. N. Good and Mrs. J. G. Johns. The cashier was Mrs. F. A. MacCallum.

Labor League Dance Attracts Big Crowd

There was a large crowd in attendance at the Women's Labor League dance in the C.L.D.L. Hall. Music for dancing was furnished by the Metlakatla Orchestra. The holder of the lucky ticket, No. 56, was J. Cain of Cow Bay. The total sum raised was \$54.85 while expenses amounted to \$16.57.

A. W. Newman arrived in the city on the Cardena last night from Vancouver to assume his duties as new agent of the Union Steamship Co. here. He will be joined at the end of the month by Mrs. Newman, Mr. Newman some years ago travelled north with the company's steamers but for some time has been city ticket agent in Vancouver.

HOME WORK NOT NEEDED

High School Pupils Entertained With Debate and Skit

The King Edward High School Literary and Dramatic Society this week sponsored a program consisting of a debate and skit.

The debate was on the subject: "Resolved that Home Work is a Necessary Part of the High School Curriculum." The affirmative was upheld by John Good and Larry Parlow. The negative was taken by Bertie O'Neill and Marion McLachlan. Judges were Robert Yerburch and Miss Love. Many amusing points were brought up by both sides but the decision was given unanimously to the negative.

The skit was entitled "Romeo and Juliet." Noreen Gibson was a lovely Juliet in a flowing white cape with appropriate head-dress and ear-

rings. On her balcony of a table, chairs and cedar boughs she waited wistfully for Romeo (Peter Allen), who suddenly appeared in an enormous befeathered hat, gumbots and nurses' cape. They then enacted this well known scene speaking in excited, broken Swedish. The climax came when Juliet spoke that famous line, "Vere vas you, Romeo?"

STRICT ON IRISH DANCES

LIXNAW, Irish Free State, Oct. 17: (CP)—"The only way to deal with all-night dances is to excommunicate them," said Father Brown of this County Kerry town, objecting to applications for dances at halls in his parish.

REGAINS SIGHT LOST 30 YEARS

BRISTOL, Eng., Oct. 17: (CP)—Following a delicate operation, Aubrey Turle is writing poetry and lyrics on his typewriter, having recovered his sight after 30 years in darkness.

I'm proud to show my baby in her bath!

She is such a rosy-pink bundle of animation! Beautiful chest—straight limbs—strong back—just a typical St. CHARLES baby! Soon she will gurgle with delight over her bottle of BORDEN'S ST. CHARLES, the better irradiated evaporated milk, which the doctor prescribed for her months ago. It is so easy to digest, that baby has no trouble at all in making that steady day-by-day gain which builds resistance to childhood ills, and lays the foundation for future health.

This fine, pure, whole milk is produced on selected British Columbia farms and evaporated in the spotless BORDEN plant at South Sumas. Consistent high quality is assured by the most rigid and uniform tests in all the dairy industry.

BORDEN'S ST. CHARLES is irradiated for extra Sunshine Vitamin D, the vitamin that builds sturdy limbs, strong bones and well-developed teeth.

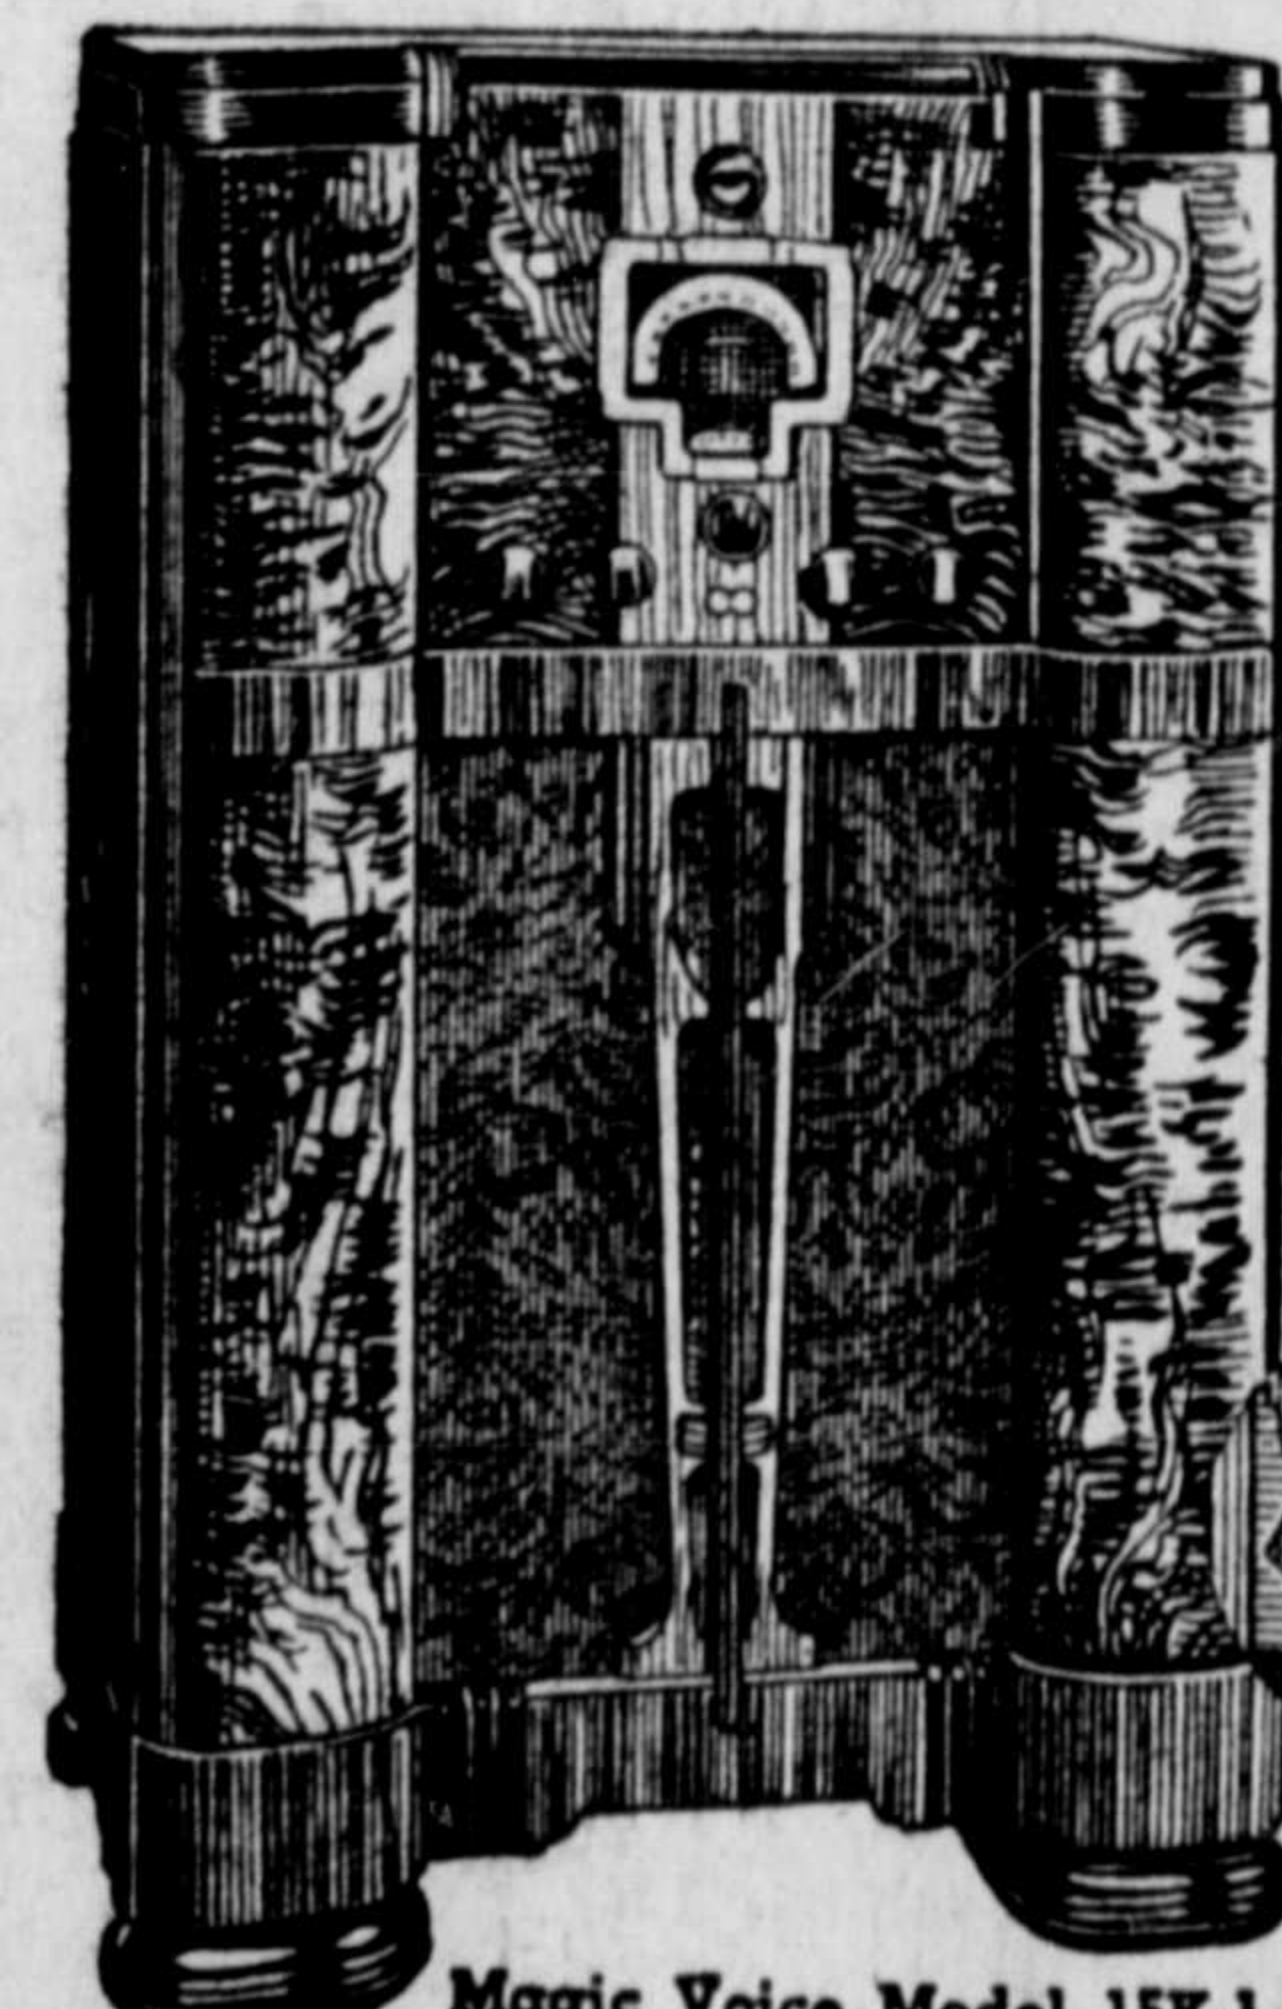

Back of every tin is 79 years of experience in producing better milk for babies. Ask your doctor for advice on feeding YOUR baby.

Borden's St. Charles Milk
THE BETTER IRRADIATED EVAPORATED MILK

A Toast To a New and Finer Radio

RCA VICTOR for 1937 with MAGIC VOICE

HERE is real Magic... the Magic Voice! This 1937 addition to the new Magic Brain was achieved by sweeping changes in design... enabling this new RCA Victor Radio to speak in a clear, new voice... beautiful as only true fidelity can be beautiful. Traveling through the tonal corridor of the five silvery pipes, sound loses all mechanical quality.

Hear the Magic Voice in our showrooms and know the pleasure of hearing radio as you have always hoped it might be... judge how richly the Magic Voice deserves its name. And remember—in cabinets lovelier than ever, there are many other RCA Victor models striking a new high in value and performance. Easy terms. Three models feature Magic Voice—

and of course
