Steamer Ohioan Goes Ashore Outside Golden Gate—Breeches Buoy to Rescue Crew

SAN FRANCISCO, Oct. 9: (CP)—Crew and officers of the freighter Ohioan, aground outside the Golden Gate, were taken off the vessel today by breeches buoy as spectators lined the cliffs watching. The Ohioan is a total loss, it is announced.

The freighter Ohioan grounded yesterday near wave-swept Seal Rocks outside the Golden Gate. A breeches buoy had been made ready for use in rescuing the crew of forty-two officers and men if plans to float the vessel prove unsuccessful. The Ohioan grounded about midnight Wednesday night in a dense fog.

The first effort to refloat the Ohioan failed last night. The crew still remained on board, however, and the ship was believed to be in no immediate danger although laden with 1500 tons of cargo, she was teetering backward and forward on the reef with the seas.

Thousands of Spectators gathered on the shore to look at the stranded vessel. Many of the spectators got themselves in positions of danger in the effort to get as close as possible. Robert Dodds, a booking agent for the Luckenbach Line, dropped dead. Others suffered injury.

DEFEND OUR DEMOCRACY

Hon. Ian Mackenzie, minister of defence in the Ottawa government, announces that some important changes in the defence forces of Canada are being made and that air bases are to be established with one possibly at Prince Rupert.

This is not a political question unless someone makes it that. It is a question of Canadians carrying out their duties in defending their own shores and not relying on the British Navy as has been done in the past or on the United States as some advocate.

It is useless to put our heads in the sand and assure ourselves that no danger exists. The danger is very real. Here we have a rich country wholly undefended except by proxy. On the other side of the ocean there are land-hungry nations who would like to have our minerals, our fish, our timber and our land.

Halifax, on the Atlantic Coast, where there is little danger of possible attack, is being well defended but here on the Pacific little has been done. The only defences established so far have been in the southern part of the province where there is little danger of attack. The vital point is Prince Rupert, with a railway behind it leading to the interior. What is needed is a strong naval base, an air base and strong coast defence to hold back a possible enemy in case of attack so that it may be prevented from driving through into the interior and landing there hordes of invaders who would remain in the country. Also the completing of the highway as a military necessity should be insisted upon as part of the defence scheme, more important to Canada than the Alaska highway.

It has been hinted that the present defence movement is being instigated by the munitions trust and that the same trust is providing war material to possible invaders. While we are not aware what the munitions people are doing, we believe that the Canadian people are watching what is happening elsewhere and are being aroused by the possibilities. Russia is finding it necessary to arm to the teeth to defend her position. Other nations are finding the lack of defence is a handicap. We must be in a position to defend our democracy if we are to retain it, in view of what is happening elsewhere.

Gives COMFORT Daily

The Prince Rupert Rotary Club yesterday decided to refuse several requests from organizations for financial assistance, this being necessary as the Rotarians plan to use all their available funds for other purposes.

Mr. and Mrs. G. A. Bryant and Mrs. F. N. Good will be returning to the city on tomorrow night's train from the interior. Mr. Bryant has been on a hunting trip to the Lakes district south of Burns Lake, while Mrs. Bryant and Mrs. Good have been visiting in Smithers.

SMITHERS MARRIAGE

Miss Marjorie Warner Becomes Bride of James Silver

SMITHERS, Oct. 9.—One of the prettiest weddings ever to take place in Smithers was solemnized yesterday morning when Miss Marjorie Warner, daughter of Mr. and Mrs. L. B. Warner, became the bride of James Silver, formerly of Smithers, and now of Minto City, Bridge River.

The Catholic Church was filled to capacity to witness the ceremony which was performed by Rev. Father Byrne Grant.

Miss Geraldine Warner and Miss Agnes McLernan were the bridesmaids while the groomsmen were Ken Warner, brother of the bride, Little Miss Beverly Warner, niece of the bride, was a very pretty little train-bearer.

The bride was given in marriage by her father.

R. Moore and W. H. M. Colli-son were ushers and during the signing of the register, Mr. Howell sang "O Promise Me" very beautifully.

After the ceremony a wedding breakfast was held in the Church hall at which upwards of 100 guests sat down.

Dr. V. Agnew was toastmaster for the occasion. The toast to the bride was given by H. B. Campbell in a very happy vein to which the groom responded. The toast to the bridesmaids was proposed by Rev. W. McIntosh and was responded to by Ken Warner.

Mr. and Mrs. L. B. Warner both spoke very felicitously.

The bride has grown up in the Bulkley Valley and is very well known by everyone. She has always been a very popular member of the younger set in Smithers and will be greatly missed by a very large number of friends throughout the district.

Mr. Silver had been in business in Smithers a few years ago but has been in the southern part of the province for the last three years. He had formerly lived at Vanderhoof and is well known throughout the district.

The happy couple left on the noon train for Prince Rupert carrying the good wishes of a multitude of friends throughout the district to their new home in the Bridge River district.

Mr. and Mrs. Silver arrived from Smithers on last night's train and sailed aboard the Prince Rupert for Vancouver enroute to Bridge River.

Bride-Elect Is Given Shower

Delightful Affair Last Night In Honor of Miss Joan Eyoifsen Who is to be Married Soon

Mrs. Thomas J. Boulter and Mrs. Thomas H. Priest were joint hostesses at the spacious home of the former last evening with a delightful miscellaneous shower in honor of Miss Joan Eyoifsen whose marriage to Walter Johnson of Burns Lake will take place on October 22. About two dozen friends were present, and the rooms were attractively decorated with autumn flowers.

Bridge was enjoyed with Mrs. G. Wilson winning first prize and Mrs. Percy Cameron, second.

Following the serving of delicious refreshments, the guest of honor was presented with a beautifully decorated goodwill boat containing many pretty and useful gifts.

On Thanksgiving Day, next Monday, the general delivery and registration wickets at the Post Office will be open from 8 a.m. to 12 noon. The public lobby will be open from 7 a.m. to 8 p.m.

It was announced at the Rotary Club luncheon yesterday that the Boys' Band Association had ordered \$300 worth of instruments as part of the movement to rehabilitate the band.

Rev. W. D. Grant Hollingworth, pastor of First Presbyterian Church, sailed last night on the Prince Rupert for Vancouver to attend meetings of the Presbytery of New Westminster and of provincial synod. He will be away for two or three weeks, returning here for the last Sunday of this month before leaving again to take up a new appointment in church organization work.

"I've never lost a moment's sleep with this baby"

Of course we know that every baby keeps mother awake sometimes. But on the whole a healthy baby is contented. If he cries and fusses, he may need milk that is easier to digest—easier to absorb.

BORDEN'S ST. CHARLES MILK is easier for babies to digest and convert into firm, solid flesh. It is uniformly pure, safe, sterilized, and, of course, irradiated for extra Sunshine Vitamin D to make strong bones and sturdy, well-shaped bodies. No wonder doctors prescribe it!

BORDEN'S ST. CHARLES is fine whole milk from selected British Columbia farms—evaporated in the shining South Sumas plant. And its quality is assured by the most rigid tests in all the dairy industry.

Back of every tin is 79 years of experience in producing better milk for babies. Ask your doctor for advice on feeding YOUR baby.

Robert Taylor and Barbara Stanwyck Top Cast in "His Brother's Wife"

With the attractive co-starring team of Barbara Stanwyck and Robert Taylor in the leading roles, "His Brother's Wife," a play of human emotions under tremendous strain, comes as the feature offering to the screen of the Capitol Theatre here this week-end.

Taylor, who has won screen popularity in a remarkably short space of time, appears as a venturesome scientist about to embark on an expedition into the tropical jungle. On his final flogging in New York he encounters a red-headed girl and instantly falls in love with her. He considers quitting the expedition but his brother, John Elbridge, persuades him to carry on. In her bitter reaction of anger and disappointment, the girl marries the brother at home. This is the situation to which the young explorer returns. Her love for him is just as reckless as ever and they renounce the world to go into the jungle together. There, after her husband has divorced her, the young scientist turns on the girl. Here the story takes a surprise turn which provides an unusual climax.

Jean Hersholt and Joseph Calleia are other important members of the cast.

Cumshewa Hears Clang and Tooting of Locomotives for First Time

The clang of bells and the tooting of whistles are now heard for the first time at Cumshewa Inlet, Queen Charlotte Islands, as two locomotives rush out flat cars laden with thousands of first grade Sitka Spruce logs over the logging railway which has just been put in operation by the A. P. Allison Logging Co.

The up-to-date dining room and cookhouse remind one of a big hotel at some summer resort and are a marked contrast to the ancient totem poles at the nearby native village of Cumshewa.
