### Economic Independence And Political Freedom is Right Of Every Man, Says President

ealthy Agricultural and Industrial Conditions Are Buttresses of National Prosperity Declares Chief **Executive in Addressing Nation** 

WASHINGTON, D.C., Sept. 8:-President Franklin D. Poosevelt returned to Washington late Sunday afternoon ollowing an eleven-day trip through the "Dust Bowl" rea to study drought conditions at first hand and confer ith state authorities in regard to relief measures. In the vening, following his return, the President gave a thirty-

drought and employment situations and the measures being taken to

Roosevelt painted a phic word picture of the dire ects of the drought which he seen personally. He did not he made it clear, that ere would be depopulation of the ming areas These ravages by the ces of mature would not have manent effect, he believed. The eir fathers had established but vernment aid was meantime estial. The plan of the administion was to give work at decent ges where it was needed so the mers might be able to obtain for themselves and ck. Loans would also be made. President described plans h were being made to give asnce to the farmers including emergency work program Waand soil conservation measures,

iding on local conditions, were

ogram was contemplated. resident Roosevelt referred easures which were undertaken the federal authorities in co eration with the governors and state planning boards. The neral object was to make the agtural population again able to pend upon the land, to take the ople off relief and return them we can and shall provide cans of conserving the excess of iper years for use in the lean declared the President. he chief executive paid tribute

to the works being carried out by state authorities which, during his and 6c to 8.9c and 6c. tour, he had been able to see at first hand. He had heard no complaint of any project. He pledged further co-operation by the federal authorities with state agencies in the interest of the interest. Authorities with state agencies in the interest of the control of the interest of the control of the contro the interests of the farmers. ### Modernism to Replace Buckingham's Victorianism

According to reports, Buckingham Palace is to be renovated and its traditional Victorian atmosphere will disappear before the modernism of Elsie De Wolfe, (Lady Mendl), world famous interior decorator. It is also reported that King Edward has assigned Lady Mendl to decorate his Sunningdale residence. Above pictures show an air view of Buckingham Palace and an interi or view of one of the impressive rooms which will be renovated and modernized.

## Guadalupe Falls To Insurgents; French Situation Alarming

Socialists and Communists Demand That Blum Abandon Policy of Neutrality-General Strike Throughout Country Being Threatened

HENDAYE, France, Sept. 8: (CP)—The flags of Fascist insurgents were raised over Guadalupe, strategic government stronghold on the road from Irun to San Sebastian, at noon today. The rebels continue to close in on San Sebastian and its fall this week is believed to be imminent. It is reported that the loyalist defenders are considering

destroying the city before it is permitted to fall into rebel hands.

#### Government Tries To Control Diets

PORT OF SPAIN, Trinidad, Sept. 8: (CP)—Government propaganda is being issued here in an effort to control the Trinidad food supply, following a report of the Nutrition Committee which stated average diets tended towards an over-consumption of carbohydrates and an under-consumption of animal proteins and vitamins. The government is urging agricultural laborers, the plantation workers Mr. Browning is here by of the colony, to keep goats and to establish small vegetable gardens Two goats would produce enough milk so it would be available to all the inhabitants of the island and the gardens would help offset salary deficiences of the laborers, the committee reported.

#### Man in the Moon

Very soon we shall all be singing: "Goodbye Summer."

Summer sometimes has a habit of dallying in the lap of autumn in this much favored climate.

"Is that the head cheese over there?" inquired the short sighted ustomer. "No that's one of l assistants," was the reply.

mill people sometimes.

A hen is not supposed to have Much common sense or tact, Yet every time she lays an egg She cackles for the fact.

A rooster hasn't got a lot Of intellect to show, But none the less most roosters Have enough good sense to crow

The mule, the most despised of beasts. Has a persistent way Of letting folks know he's around

By his continual bray.

But MAN, the greatest masterpiece That nature could devise, Will often stop and hestitate Before he'll advertise.
