## McGEER IS CRITICAL OF MILITIA POLICY

## Prime Minister Calls His Colleagues Into Parley After Attack

### Instalment Purchases Protested by Members In House of Commons

Time to End Standing Army of Dominion if it Cannot Be Maintained Without Private Co-operation, Gerry Declares at Ottawa

OTTAWA, Feb. 15: (CP)—Mayor G. G. McGeer of Vancouver joined other members of the House of Commons yesterday in protesting the purchase of armories on the instalment plan. He said that Vancouver militiamen had been unable to parade at full strength for the King's Jubilee celebrations last May because of insufficient boots for all. He declared that it was time the militia should be ended if the government could not maintain it without private co-operation.

### COMMONS ADJOURNS

House Rises for Week-end Following Tabling of B. C. Aid Order

OTTAWA, Feb. 15: (CP)—The House of Commons adjourned last night until Monday after Hon. Charles A. Dunning, minister of finance, had tabled an order-in-council authorizing a loan of \$1,300,000 to British Columbia and accepting a four percent treasury bill for one year as security for the loan.

The order said that British Columbia had made "urgent representations" to the Dominion for further assistance and had requested a loan to meet two debt-enture issues totalling \$5,000,000 which fall due today.

### CONVENT IS TOTAL LOSS

Famous Villa Marie in Montreal Destroyed by Fire Late Yesterday

MONTREAL, Feb. 15: (CP)—The famous Villa Marie Convent here is a complete ruin following a \$100,000 fire which destroyed it. One nun was severely burned when rescuing six of the boarders but will recover.

### Counterfeit Money Definitely Traced To San Quentin

SAN QUENTIN, Feb. 15:—Source of a large number of spurious \$10 bills which were believed to have been turned out from San Quentin Penitentiary, has been definitely traced to the photo engraving department of the prison when a large quantity of the counterfeit money was found concealed in the ceiling of the shop.

### Vancouver Wheat

VANCOUVER, Feb. 15: (CP)—Wheat was quoted at 82½¢ on the Vancouver Exchange yesterday.

### TALKS TO PATTULLO

Duff Suggests That Harry Got Out On Wrong Side of Bed

### About Convention

Apparently a Difference of Opinion As to Holding Meeting

VICTORIA, Feb. 16: (CP)—"I am afraid my friend, Harry, must have got out on the wrong side of bed this morning," Premier T. D. Pattullo said with a laugh when asked to comment on stories published in Vancouver and Victoria newspapers concerning correspondence between the Premier and Speaker H. G. Perry. The correspondence dealt with a request of the Burnaby Liberal Association that a Liberal convention be held this year as early as possible.

The request was sent to Mr. Perry as vice-president of the British Columbia Liberal Association. The Premier did not think the convention was necessary and, in course of correspondence, pointed out to Mr. Perry that he was one of five vice-presidents with no distinction as to their work. He noted that H. W. Herridge was the first name on the list of vice-presidents as chosen at the 1932 convention in Nanaimo.

Mr. Perry, replying caustically, suggested to the Premier that, in future, he should refer such questions as a Liberal convention to Mr. Herridge who since 1932 has become an adherent of the C. C. F. and ran under that banner in West Kootenay in the last federal election.

The president elected in 1932 was the late Mrs. Mary Ellen Smith.

### HOPS FOR HONOLULU

But China Clipper Returns To Base at Alameda from 1000 Miles Out

ALEMADA, Feb. 15:—Capt. Edwin Musick soared into a storm late Thursday as the Pan American Airways flying boat China Clipper left here for Honolulu on another trans-Pacific flight to Manila. The ship, in addition to mail, was carrying air express for the first time on this flight. Seven men were on board with Capt. Musick. After bucking head winds for a thousand miles, the ship turned around and came back here yesterday, the commander being unwilling to take the chance of running out of fuel.

During their tie-up of the past two months both the China Clipper and the Philippine Clipper have revived thorough overhaul and new engines have been installed in both ships.

### Senate Sits And Adjourns Until Early in March

OTTAWA, Feb. 15: (CP)—After a brief sitting Thursday, the Senate adjourned until March 3 by which time it is hoped that legislation will have been set up for its consideration by the House of Commons.

### TO BOMB CAPITOL

Ethiopians Fear Italian Reprisal For Recent Massacre

ADDIS ABABA, Feb. 15: (CP)—Diplomatic sources expressed fears today that the Italians might retaliate with the bombing of Addis Ababa for the recent Tembien battle on the northern front in which a neutral observer said 20,000 Italians were surrounded and "had no chance to come out alive."

### CENSUS ON PRAIRIES

Heads to Be Counted in Alberta, Saskatchewan and Manitoba This Summer

OTTAWA, Feb. 15: (CP)—A general census of the provinces of Alberta, Saskatchewan and Manitoba will be held this summer, it was announced by Hon. W. D. Euler, minister of trade and commerce. Under the constitution, a census of the prairie provinces every five years is provided for. Mr. Euler points out.

### FINE GAME OF HOCKEY

Canada Puts on Fine Attack to Beat Czechoslovakia — Britain Wins European Title

GARMISCH - PARTENKIRCHEN, Germany, Feb. 15: (CP)—Behind the finest combination attack yet unveiled here, the Canadian hockey team shut out Czechoslovakia 7 to nil in the Olympic Winter Games today. Great Britain last night defeated Czechoslovakia 5 to 2 to win the European title, the Olympic title being still at stake.

### Rain Turns Snow Into Deep Slush

People of Washington D.C. Wade Ankle Deep—Floods Feared In Southeast States

WASHINGTON D. C., Feb. 15:—Heavy rains have fallen since Thursday in the southeastern states and flood conditions are now being feared. There was slush ankle deep here as the rain came on top of a rather heavy snowfall.

### REICH IS EXPECTED TO EXPEL ALL JEWS

LONDON, Feb. 15:—According to a dispatch published in the Daily Herald, many Jews in Germany are fearing that the Nazi government will at an early date issue a decree expelling all Jews from the country and confiscating all their property. The only reason that the decree has not been already issued, it is said, is that it has been felt advisable to withhold it until after the Olympic Winter Games.

### DEFICIT IS DOWN

Hospital Lost Much Less in 1935 Than During Year Previous, Statement Shows

### Annual Reports

Presented at Annual Meeting Of Association Last Night

The operating deficit of the Prince Rupert General Hospital for the year 1935 was \$1,590.75, the loss being just about half of the 1934 deficit of \$3,087.83, it was revealed in the revenue and expenditure account presented last night at the annual meeting of the Prince Rupert General Hospital Association. Speaking to the financial report, W. M. Brown, chairman of the finance committee, pointed out that there had been a decrease of 1636 in hospital days in 1935 as a result of which provincial government and civic grants were lower, thus decreasing the revenue. Expenditures had been held down to a minimum during the year and the cost per hospital day of \$2.78 was quite creditable.

Revenue for the year, the statement showed, had totalled \$66,329.77 and expenditures, \$67,920.52. The principal item of revenue was \$43,355.90 in hospital fees charged. The government per capita grant for the year had totalled \$11,686.30 and the city grant, \$6,383.31. Bad debts recovered had totalled \$3,049.79 and x-ray fees had amounted to \$1,142.45.

The principal expenditures had been \$18,283.87 in salaries and wages, \$8,809.85 for kitchen supplies, \$3,690.10 for light, power, telephone and water, \$3,312.18 for surgical supplies, \$3,342.25 for laundry, \$1,529.29 for heating, and \$1,019.51 for nurses' home maintenance. An allowance of \$23,189.73 for bad and doubtful debts was made.

### President's Report

The annual report of the president, S. D. Macdonald, stated that the premises were being kept in a good state of repair. The financial standing of the local hospital compared more than favorably with any like institution in the province. The question of hospital financing was, however, getting to be a very difficult one that must have the very serious consideration of the present governments. The individual must also be brought to realize his responsibilities to hospital services and administration to a much greater extent.

The president's report reviewed how a scheme of hospital insurance had been submitted to the public during the year, being abandoned, however, owing to scant response. In July the hospital had been visited by Hon. Dr. C. M. Weir, provincial secretary, one of the matters taken up with him being that of providing more suitable accommodation for tuberculosis patients. The hospital had been presented at meetings held by E. W. Neel for the purpose of receiving criticisms and suggestions regarding health insurance.

Mr. Macdonald also reported on efforts being made by the 1935 board to obtain a new fireproof modern hospital of at least 100 beds. The project had been supported by various local organizations and a delegation sent to Victoria to confer with the provincial government had met with sympathetic consideration. "I believe in the very

### Two "Faux Pas" Are Seen—One Was the Hoare-Laval Peace Plan and the Other, Underestimating Of Germany's Re-arming

LONDON, Feb. 15: (CP)—Prime Minister Stanley Baldwin today summoned Capt. Anthony Eden, Foreign Secretary, to No. 10 Downing Street for conference following a bitter attack against the government in the House of Commons by Sir Austen Chamberlain. The Prime Minister subsequently summoned Viscount Bolton "Tres-Monsell, First Lord of the Admiralty.

Sir Austen minced no words yesterday in taking Premier Baldwin to task for what he described as "two admitted errors of policy," meaning the Hoare-Laval peace plan and the Prime Minister's admission that he had underestimated the extent of German rearmament.

### BOARD IS UNCHANGED

Macdonald, Tinker, Brown, Dobb And Wilkinson Still at Hospital Helm

S. D. Macdonald, G. P. Tinker, W. M. Brown, Frank Dobb and G. V. Wilkinson were last night unanimously re-elected directors of the Prince Rupert General Hospital for the year 1936. The election took place at the annual meeting of the Prince Rupert General Hospital Association, there being only the five nominations for the five seats on the board, other members of which will be City Commissioner W. J. Alder; Government Agent Norman A. Watt and F. S. Walton, representing the provincial government, and Dr. J. H. Carson, representing the Prince Rupert Medical Association.

George Rorie was re-appointed auditor. The new board will hold its first meeting next Friday night to elect officers and transact regular business.

Those present at the annual meeting last night were: S. D. Macdonald, W. M. Brown, J. H. Thompson, G. P. Tinker, Frank Dobb, G. V. Wilkinson, William Gilchrist, J. S. Irvine, Thomas McMeekin, H. A. Brown, H. W. Birch and Miss Jean Harrison R.N.

"near future," said the report, "steps will be taken to ensure the start of this very much needed project."

Efforts had been made at all times to keep pace with hospital improvements and bring about a better feeling, better understanding and better co-operation between the public and medical and nursing professions. Only recently x-ray equipment had been purchased, bringing this department on a par with any hospital in the province. The presidential report acknowledged kindness of the King's Silver Jubilee celebration committee and the Prince Rupert Gyo Club in furnishing wards at the hospital and of the Fish Packers Federal Union in presenting a handsome wheel chair. F. A. Macdonald had also donated an electric standing lamp.

In conclusion, Mr. Macdonald thanked the members of the Meeting. (Continued on page three)

### SENTENCED TO DEATH

Harry O'Donnell is Convicted of "Ravine Murder" in Toronto

TORONTO, Feb. 15: (CP)—Harry O'Donnell, 25-year old filling station attendant, was convicted by a Supreme Court jury here yesterday of the diabolical "ravine murder" of 20-year old Ruth Taylor and was sentenced by Mr. Justice Nicol Jeffrey to hang on Mal 6. Defence counsel announces that the conviction will be appealed.

### Ten Thousand Children Are Not at School

SAN FRANCISCO, Feb. 15:—Ten thousand San Franciscan school children are absent from their classrooms following an order of the health authorities that, owing to an epidemic which is current, every child showing any evidence of a cold should be sent home.

### Hopes Now Held For Recovery Of Spanish Prince

HAVANA, Feb. 15:—Physicians were hopeful last night for the recovery of Don Alfonso, former Prince of the Asturias of Spain. A week ago hope of his recovery had been completely abandoned. Now, however, he is said to be responding to a new treatment for hemophilia.

### Mrs. Coolidge Is On Trip to Europe

Widow of Former President Of United States Making First Voyage Abroad

NEW YORK, Feb. 15:—Mrs. Grace Coolidge, wife of the late Former President Calvin Coolidge, sailed this week aboard the German liner Bremen on her first trip abroad. Mrs. Coolidge's companion on the voyage is Mrs. R. J. Adams, a friend from Northampton, Massachusetts.

### STILL COLD IN CALGARY

CALGARY, Feb. 15:—The thermometer here yesterday was 23 degrees below zero.

#### SOVIET PROGRESS

Sir Frederick G. Banting K.B.E., co-discoverer of insulin, paid a visit to Russia recently and, as a result of what he saw and heard there, he writes very enthusiastically about the progress being made in that country in an article in "Canadian Business," just published. He says that scientific research and the application of science to industry and agriculture is the most impressive activity in the Soviet Union. There is no country in the world that is progressing so rapidly in this regard.

He quotes an array of figures, supplied doubtless by Soviet officials, to show the remarkable progress made in many phases of activity. Speaking of education he says that in 1931 over nineteen million adult people learned to read and write. At present every child must attend school until 15 years of age. The difficulty of the task can be understood when it is stated that children are taught in 70 different national languages.

Showing the application of science to agriculture, Sir Frederick points out that there was a shortage of pure bred stock. In order to make up for that, artificial fertilization was carried out with cattle and sheep so that the increase of high bred stock was tremendous. In order not to overdo the production of wheat much of the wheat land in the southern part of the country is being planted with citrus fruits, tea and tobacco. There has to be some export in order to secure foreign credits and that has led to the increase in production of gold. It is expected that the output this year will amount to \$500,000,000 and much of this is being used in paying off foreign debts and securing credits to enable them to buy things they do not yet produce.

In concluding an interesting article, the writer says: "The Soviet Government is building a gigantic structure on the solid rock of science and research. For this reason there now remains not a vestige of doubt as to the future success of the Soviet Union. Her future is doubly secure because no people in the world so fully realize that the science of today is the research of yesterday and the research of today is the science of tomorrow."

While Sir Frederick seems to see most unscientifically only one side of the picture, it should be an inspiration to other countries, including Canada, to keep up-to-date in the matter of industry and agriculture. What Russia can do Canada might also do. We feel strongly that the huge vacant areas in Canada should be filled with people who may be expected to become good Canadian citizens but to do this it will be necessary for the state to see that they get the proper start and that markets are provided in the early stages of settlement. These lands are one of our chief natural resources but they are valueless as they are today. They are even a danger. It is for the government of the country to see that they are utilized in such a way as to prove of lasting benefit to Canada as a nation.

## BOWLING RESULTS

Two Leagues in Action Last Night: Commercial and Five Pins

Regular fixtures in both the Commercial and Five Pin Bowling Leagues were played last night.

Three Two Taxi and Bankers won over Watts' Grocery and Kaien Motors respectively in the Commercial League by two games to one in each case and are tied for the leadership in the standing. High average on the evening's play was 151 by Cull of the Bankers.

Pioneer Laundry retained leadership of the Five Pin League by winning two to one over Old Empress while Lambie & Stone won by a similar score over the second place Five Jokers. Jimmy Ciccone of the Old Empress had the high average score of 220.

## MINERAL LECTURE

Good Crowd Out to Hear Dr. Mandy—Rocks of Earth's Crust Subject For Tonight

Before a good crowd of listeners Thursday night in the city council chamber, Dr. Joseph T. Mandy, resident mining engineer, in the second of his series of lectures for prospectors and others interested in mining, went into the principles of mineralogy including physical properties that can be used by prospectors in the field for identification of minerals.

Such physical properties included lustre, color, cleavage, fractures, specific gravity, structure, crystal form, odor, etc. Demonstrations were made with actual specimens of minerals.

Dr. Mandy went on to discuss the subject of geology applied to prospecting including work of agencies that modify the earth's surface such as wind, frost, changes in temperature, oxidation, rainfall, streams, seas and lakes, glaciation, waters, volcanoes, organic life, etc.

Tonight Dr. Mandy will discuss rocks which compose the crust of earth and their association with mineral deposits.

## High School Dramatic Club

Regular Meeting Held With Betty Parlow in the Chair

At the regular meeting of the High School Dramatic Club on Friday, Miss Betty Parlow was in the chair in the absence of Miss Molly Winslow. The program consisted of the reading by the cast of the play entitled "The Mouse Trap." Those taking part were Grace Atkinson, Peter Allen, Betty Wood, Helen Valentine, Margaret McLeod, Kay Fortune and Edith Cromp.

## CONFESSES TO ERRORS

But John I. McFarland Believes His Wheat Policy Saved Canada From Hardships

CALGARY, Feb. 15.—"Looking backward," said John I. McFarland, former head of the Canadian Wheat Board, in an address here yesterday, "I confess to errors in judgment. But I believe such errors were minor only, and did not materially affect the final outcome of the major problem involved. The best was done from day to day and year to year. Adoption of any other policy would have imposed intolerable hardships on the people of the country, or, on the other hand, cost the public treasury large sums. Our designed control has operated to the great advantage of this Dominion, and to the benefit of Western Canadian producers."

It had been charged he had been opposed to the Grain Exchange, but no man had done more than he to protect and maintain its facilities in operation, said Mr. McFarland. Under his stabilization operations every department of the exchange was protected. The futures market was kept in operation notwithstanding that speculative buyers had practically ceased to operate. No legitimate interest was ever penalized or injured during his term in office.

### Stabilizing Prices

A spokesman for the exchange had said it merely recorded prices and had nothing whatever to do with fixing prices directly or indirectly. "Now if that is a sincere statement," continued the speaker, "I would ask why the exchange should object to the government stabilizing prices on behalf of producers, or to the appointment of a wheat board to fix and control prices?"

Defenders of the open futures system had contended speculators were afraid to buy wheat because of government stabilization and Wheat Board operations. Wheat as cheap as 40 and 50 cents did not tempt them to take the hedges. But oats, barley and rye had been left entirely to the open futures system, and Mr. McFarland asked if farmers had noticed any evidence of big speculative benefit in the price they received in those grains delivered at Fort William.

### DEFICIT IS DOWN

(Continued from Page 1)

dical Association and all those who had assisted the students of the training school, members of the board for support during the year, Miss Jean Harrison R.N., lady superintendent; H. W. Birch, managing secretary, and the staff for loyal co-operation. Hill 60, Queen Mary and Cambrai Chapters of the Daughters of the Empire and all persons and societies who had in any way promoted the welfare of the hospital.

**House Committee**  
The house committee, Frank Dibb, chairman, reported that no extensive improvements had been undertaken to the hospital during the year as it had been deemed false economy to do so on the antiquated building. Therefore, merely necessary maintenance had been carried out. Some improvements had been made to plumbing and heating at the Nurses' Home. Unless a new hospital was provided, shingling of the western wall of the present building would be necessary. The fire marshal had agreed that it would be false economy to make improvements to the present hospital building. The same official had declared that housekeeping conditions in the local hospital were second to none in the province.

The grounds committee, G. P. Tinker, chairman, reported an expenditure during the year of \$72.05 on the Nurses' Home grounds, the splendid appearance of which was largely due to Miss Harrison, the lady superintendent.

**Lady Superintendent's Report**  
The lady superintendent's report showed that 729 patients had been admitted during the year as compared with 897 the year previous. The average stay of patients had been 22 days, an increase of slightly over two days in comparison with the previous year. There had been a total of 16,092 hospital days, a decrease of 1636 from 1934. Births had totalled 80 and deaths, 30. Major operations numbered 142 and

# DENTISTRY

Dr. Leroy L. Hartman—assistant professor of Dentistry at Columbia University, New York, has evolved a liquid which we are informed desensitizes teeth in such a way that all ordinary operating procedure can apparently be pursued without the patient feeling any pain.

### LADIES' BOWLING

Brunettes defeated C. N. R. A. 1195 to 1157 and Blue Birds defeated Prince Rupert Grads 1374 to 1370 in the Ladies' Bowling Thursday night.

Allan M. Davies sailed last night on the Princess Adelaide for Vancouver to attend Grand Lodge sessions of the Loyal Orange Lodge.

Tonight's train, due from the east at 10:20, was reported this morning to be two hours and fifty minutes late which would bring it in at 1:10 a.m.

minor, 249. Anaesthetics had been administered as follows: general, 286; local, 39; spinal, 22. There had been 571 x-ray examinations. Five student nurses had completed training and six new students had been admitted.

### Why at 40 You Think You're "GROWING OLD"

Miss Barbeau who has been on a month's spring millinery buying trip, as far south as Seattle, returned to the city on the Princess Adelaide yesterday afternoon, and her store on Third Street is now open again for business.

It's Frequently Just an "Idea." Not "Old Age." And According to Scientists, May be Something No More Alarming Than A Touch Of Acid Stomach

At about 40, many people think they're "growing old." They're tired a lot. Have headaches. Stomach upsets. Dizziness. Nausea.

Well, scientists say the cause, in a great many cases, is merely an acid condition of the stomach. The thing to do is simply to neutralize the excess stomach acidity.

When you have one of these acid stomach upsets, all you do is take Phillips' Milk of Magnesia after meals and before going to bed.

Try this. You'll feel like another person. Take either the familiar liquid "PHILLIPS", or the convenient new Phillips' Milk of Magnesia Tablets. Made in Canada.

**Also in Tablet Form:**  
Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

**PHILLIPS' Milk of Magnesia**

## WATERFRONT WHIFFS

Local Sea Cadets Are Going Ahead—Newington Has Rough Voyage—"Strong Room" For Catala

"During the past year the work in connection with the Prince Rupert Sea Cadet Corps continued with unabated zeal and, we believe, to the great advantage of the boys who are members of the corps," said the report of the retiring president, T. H. Johnson, which was presented at the annual meeting of the local branch of the Navy League of Canada this week in

spite of continued ill-health. Lieut. Robert Blance has done everything he could in his capacity of commanding officer and the instructor, Chief Petty Officer R. T. Ross, did not fail to do everything possible for the best interests of the boys. During the year camp was held at Tugwell Island which camp was considered both by members of the Navy League as well as by visitors to have been the best camp ever held in connection with the corps.

The officers of the Corps continued to arrange social evenings for the boys and their friends during the winter months which have been much enjoyed by all. At the present time there are sixty-two boys on the roll, nearly all in uniform, and they look particularly smart when on parade. The inspection of the corps by Major R. O. G. Morton, Esquimalt, took place June 5 and some very complimentary remarks were received on that occasion. There are twenty-nine members of the Navy League in good standing in this city. W. O. Vigar, our efficient secretary-treasurer, is carrying on the duties of his office to the satisfaction of all.

Lighthouse tender Newington, Capt. Harry Ormiston, has been on a trip during the past week to the Queen Charlotte Islands to repair the light and buoy at Lawn Hill. The Newington had a rough trip across Hecate Straits in a northerly gale.

In the course of her annual overhaul this year, the Union steamer Catala is to have a strong room for express and bullion shipments constructed on her lower deck, it is announced. The Catala will be here this Sunday on her final voyage north before being withdrawn from service for overhaul. She will be off for a couple of weeks during which time the run will be taken by the steamer Cardena.

Union steamer Benture, Capt. J. E. Boden, arrived in port at 7 o'clock last evening from the south and sailed at 10:30 p.m. on her return to Vancouver and waypoints. Owing to ice, at some points a foot thick, the Venture was unable to get very far up the Skeena River yesterday, calling only at Claxton and Inverness. Freight for Port Essington was unloaded at Claxton whence it will be taken up the river by small boat when ice conditions permit.

After spending a couple of weeks here, the 34-foot yawl Marie, in which the brothers Dona, Frank and Pete, from Holland are essaying a cruise around the world, set sail on Thursday morning for Ketchikan. It is the intention of the Donas to go as far north as Juneau or Skagway and then turn back down the coast, probably going as far as the Canal Zone and then proceeding across the Pacific Ocean via the South Sea Islands.

Up to last night there was no word of Johnny Larsen, local fisherman, who was living on his boat Shrimp at Cow Bay and who has not been seen here since Thursday of last week. The police are still

**Valentine Program At Story Hour Is Greatly Enjoyed**  
A Valentine program took place at the Story Hour this morning before 94 children between the ages of 4 and 8. Mrs. Neal Carter was in charge of the hour assisted by Mrs. J. A. Barry. Valentine stories were told. Two casts of children acted a very amusing

story about bears. David Jones sang two solos. The Hour was brought to a close with the distribution of valentines by two small boys. Mrs. W. L. Stamford was pianist for the morning. Next week the program will be in charge of Mrs. J. R. Morrison, Mrs. F. E. Robertson and Miss Kay Watson and will be for children 9 to 12 inclusive.

**Cambrai Chapter Valentine Dance**  
Delightful Affair Held Last Night In Elks' Home

The annual St. Valentine's dance, under the auspices of the Cambrai Chapter, Imperial Order, Daughters of the Empire, held last evening in the Elks' Hall, was a most enjoyable and successful affair, there being over 130 persons present. The hall was appropriately decorated for the occasion in red and white with red hearts predominating. Splendid music was furnished by Charlie Balagno's Orchestra and Walter Smith made a genial master of ceremonies. At midnight delicious refreshments were served and dancing continued until 2 a.m. Mrs. J. A. Barry, first vice-regent of the chapter, was general convener, assisted by members of the chapter.

Union steamer Benture, Capt. J. E. Boden, arrived in port at 7 o'clock last evening from the south and sailed at 10:30 p.m. on her return to Vancouver and waypoints. Owing to ice, at some points a foot thick, the Venture was unable to get very far up the Skeena River yesterday, calling only at Claxton and Inverness. Freight for Port Essington was unloaded at Claxton whence it will be taken up the river by small boat when ice conditions permit.
