## FRANCE HAS BIG STRIKE

Labor Displaying Its Strength To Impress New Socialist Government

PARIS, June 4:—With 450 factories already idle and the bulk of heavy industries closed, France is threatened with a general strike. Already 350,000 workers have gone on strike and it is said railwaymen and postal workers may join them.

The idea of organized labor appears to be to impress upon the new government of Leon Blum, due to assume office today, its power as the radical unit of the Front Populaire to support the demand for higher wages, a forty-hour week, holidays with pay and the right to collective bargaining.

The new Socialist government has promised to enact extensive legislation in the interest of labor which is determined that it shall have more than mere political promises.

## DETECTIVE ARRESTED

Ellis Parker Sr. Indicted For Kidnapping of Trenton Lawyer Prior to Hauptmann Execution

TRENTON, N.J., June 4:—Ellis Parker sr., notorious detective, was arrested yesterday in connection with the kidnapping of Paul Wendel, Trenton barrister, prior to the execution of Bruno Richard Hauptmann for the Lindbergh baby kidnapping-murder. It was Wendel's so-called "confession" which resulted in one of the delays of Hauptmann's execution. Wendel later declared that he had been kidnapped and the "confession" wrung out of him by duress. Arrest of Parker followed his indictment by the Grand Jury earlier in the day.

A warrant has also been issued for the arrest of Parker's son who is alleged to have been involved as well in the kidnapping of Wendel.

## Firemen Choose Their Own Chief

Present Head of Seattle Department Is Re-elected by Overwhelming Majority

SEATTLE, June 4:—One of Mayor John F. Dore's pre-election pledges was implemented yesterday when members of Seattle's fire department voted on who would be chief of the department and, by an overwhelming vote, chose Capt. Claude Corning, the present head of the department.

## BODY OF SPOKANE CONFECTIONER IS TAKEN FROM RIVER

SPOKANE, June 4:—The body of Amadio Bombino, middle-aged confectioner, who fell into the Spokane River last week, was recovered yesterday.

## PALESTINE IN REVOLT

Martial Law Imminent as Arab Rebels Continue Activities

JERUSALEM, June 4:—Arab rebels in Palestine are continuing their campaign of bombing, shooting and burning. Martial law is expected to be declared momentarily.

## LOCAL FISHERMAN LOST IN STRAITS

Reporting the loss in Hecate Straits early this morning of Julius Johnson, 60, Norwegian, a well known local fisherman, the halibut boat Bayview, Capt. Dan Wedge, arrived in port this morning from the fishing grounds. Johnson disappeared from the Bayview soon after 5:35 this morning when he was relieved at the wheel by Capt. Wedge. It was choppy and foggy at the time. The Bayview turned back to look for the missing man but nothing could be seen of him.

## DOING WORK HYDAH MINE

Col. J. B. Harstone D.S.O. Having Tunnel Extended Result of Assays of Ore Taken South

Another effort is being made to thoroughly test the possibilities of the Hydah Gold Mine at Kootenay Harbor on the west coast of Moresby Island, Colonel J. B. Harstone D.S.O., O.B.E., a well known mining engineer, is here after visiting the mine, having on this occasion taken over a crew of five men whom he took aboard Capt. Jack Haan's troller Ila direct to the mine. They have a contract to drive 100 feet of tunnel to thoroughly test the vein which had been abandoned a year or so ago owing to lack of funds.

Speaking to a representative of the Daily News yesterday, Colonel Harstone said they took about a ton of samples south recently for a thorough test of values and they are quite pleased with the result. While some assays were quite high, the average showed that they had some ore that could be mined profitably if they could find enough of it. Work on the lower tunnel would be speeded up, the men working two shifts so as to make the test as soon as possible.

The Hydah Gold Mines Ltd. still owns the property but a deal has been entered into with outside capitalists who are putting up the money for the work.

The provincial government is being asked to cut a trail from Sewell to Kootenay Harbor so that it may be possible to get to the property without risking the dangerous waters of the west coast.

Tests are now being made as to the process necessary to smelt the ore, the simple amalgamation process being the one expected.

Colonel Harstone is proceeding south tonight on the Prince George and will return as soon as the work has advanced sufficiently far to enable him to get an idea as to the values and quantities in the vein. He also expects to examine other properties on Queen Charlotte Islands during the summer.

A very good report has been given on the property by the well known geologist, Dr. Starett of Washington, D.C.

## CAN RE-SHIP HALIBUT

## SPEAKER OF HOUSE DIES

Death Comes Suddenly to John W. Byrns, One of Washington's Most Distinguished Figures

WASHINGTON D.C., June 4:—The National Capital mourns for one of its most distinguished figures in the person of Speaker Joseph W. Byrns whose death occurred shortly after midnight last night following a heart attack. A member of Congress since 1909, he was one of the staunchest supporters of President Franklin D. Roosevelt and the New Deal.

Speaker Byrns had presided over the House, until 5:30 last evening and, after reaching his residence, complained of feeling unwell. At 11 p.m. he suffered a stroke and a little over an hour later passed away. His wife and two brothers had been called during the evening and were present when he died.

Power as speaker of the national house of representatives came to Joseph W. Byrns when the 74th congress convened January 3, 1935. Back of him was a full quarter century as member of the house from the "Hermitage district" of Tennessee, a tenure which saw him go through a dozen successful political campaigns and which brought him chairmanship of the house appropriations committee, leadership of the democratic majority and head of the democratic congressional campaign committee "Uncle Joe" to his constituents. He was a shrewd politician, a masterful parliamentary strategist and a fair-minded chairman and presiding officer whose personal qualities won praise from political opponents.

He was a lawyer by profession, an avid reader of history, biography and detective stories and a fisherman whenever a let-up in his work allowed him to indulge (Continued on Page Four)

## Sanctions Are Held Effective

Gyro Debaters Hold Forth At Weekly Luncheon — Helping Boys' Band Canvass

T. W. Brown and G. A. Hunter taking the negative side, were adjudged winners of a debate at the regular weekly luncheon of the Prince Rupert Gyro Club yesterday on the subject: "Resolved that Sanctions are Not Effective as a Means of Preventing War." The winners took the general ground that sanctions could not be assumed ineffective simply because they had never been completely invoked against an aggressor nation. Further they contended that such limited sanctions as had already been imposed, notably in the Italo-Ethiopian conflict, had served to localize war where otherwise, there might have been a conflict of major proportions. The upholders of the affirmative, dealt largely with the impracticability or impossibility of completely enforcing sanctions. The affirmative was taken by Rev. W. D. Grant Hollingworth and Norman L. Freeman. Judges were W. H. Tobey, Dr. J. H. Carson and Frank Tobey.

Dr. R. G. Large, president, was in the chair and guests were R. E. Roberts of Ocean Falls and Stanley Bishopric and Orme Stewart of Prince Rupert.

The club heard a report from Jack Bulger, its representative on the Boys' Band central committee, in regard to the proposed city-wide canvass. The Cow Bay region has been assigned to the Gyros.

## Railway Tracks Still Submerged; Moving to Start on Repair Work

Interrupted Communication Services Being Gradually Restored But No Idea as to When Traffic Can Be Restored

Flood waters are continuing to recede rapidly in the Skeena River valley but the tracks of the Canadian National Railways for a long distance are still covered and there will have to be a considerable fall yet before any definite idea of the extent of damage can be obtained. There is, therefore, no way of estimating when it may be possible to restore traffic. The water dropped four feet at Hazelton yesterday, two feet at Kitwanga and one foot at Kwinitsa. The weather is cooler.

Emergency communications are being established as far up the river as possible and yesterday there was a wire as far as Salvo, a distance of about fifty miles from Prince Rupert. Work equipment is being held in readiness at both ends of the trouble zone to start repair work at the earliest possible moment and track crews are being increased. However, the water will have to go down considerably yet before much can be done. M. A. Burbank, divisional engineer, and H. E. Alton, B. and B. master, went out yesterday by speeder to Kwinitsa or as far beyond as they can get and it is hoped to send out a work train tomorrow.

Government Telegraphs announced this morning that telegraphic service between Stewart and Terrace had been restored, thus giving communication from the outside to Terrace. Aiyansh, Rosswood, Alice Arm, Anyox, Maple Bay and Stewart.

The only means of communication between Prince Rupert and Vancouver this morning was still by wireless telegraph and the long distance radiophone service.

The Indian Agent's office here is advised that many Indian gardens along the Naas River have been washed out by high water. The water was still rising there yesterday.

Bad at Terrace

A wire to divisional headquarters of the provincial police here today from Constable H. L. McKenney of Terrace described conditions there and at Remo as "terrible." The message did not go into details. Constable McKenney is endeavoring to relieve actual want as far as possible. There is no loss of life as far as can be learned.

Here to go into the possibility of the Pioneer Airways of Ocean Falls extending the service which it at present carries on between Vancouver, Powell River and Ocean Falls northward to Prince Rupert and Stewart. R. E. Roberts, president of the company, arrived yesterday on the Prince George from Ocean Falls and expects to be here for the next week or so, also visiting Stewart.

The Pioneer Airways is at present carrying out its service with a Boeing five-passenger flying boat of which Lyle Vines, an experienced flier, is in charge.

## Dictators May Set up Monarchy

Premier Mussolini Said to Be Prepared to Co-operate With Schuschnigg of Austria

ROME, June 4:—It was reported in authoritative quarters here yesterday that Premier Benito Mussolini was considering co-operating with Chancellor Kurt von Schuschnigg in the setting up of a monarchy in Austria.

## Japan Appealed To In Connection With China Drug Traffic

GENEVA, June 4:—A committee of the League of Nations yesterday appealed to Japan to co-operate so far as possible in the putting down of the opium traffic in China.

## Railway Lineman Is Drowned

Headquarters of the provincial police received word this afternoon from Constable R. McKinley of McBride of the first casualty as a result of interior floods. Andrew Ekren, C. N. R. lineman at McBride, was drowned in the Fraser River, the body having not been recovered.

## UNABLE TO VISIT HERE

Mr. Pattullo Was to Have Been in City June 10 But May Have To Take Another Route

A letter received in the city from Premier T. D. Pattullo, written before the floods stopped railway traffic east of Prince Rupert, stated that he planned to be in the city June 10 and leave on the train that afternoon for the interior, evidently to take part in the election campaign in Omineca. He stated that he planned to return later in the summer to visit Queen Charlotte Islands, Stewart and other points.

No word has been received since the river went on the rampage but it is probable the Premier may have to go by some other route or delay his visit north.

## CHINA WAR IMMINENT

But Reports to London and Washington Indicate it is Not Yet Actually Declared

LONDON, June 4:—The London Daily Herald, in a dispatch from Peiping yesterday, stated that civil war in China was imminent and that hostilities were liable to break out at any moment. Cantonese troops were marching northward and Nanking government forces were digging in. The particular objective of the Cantonese forces, it is said, was Fukien Province to put down a movement here to declare independence.

Report is Denied

WASHINGTON D.C., June 4:—At the Chinese embassy here yesterday it was denied that the Canton South China government had declared war on North China.

## LANDON IS FAVORITE

Looks Like Nothing Can Stop Kansas Governor From Being Republican Choice

CLEVELAND, Ohio, June 4:—As the time of the Republican national convention to be held here next week approaches, the opinion increases that nothing can stop the rising tide in favor of Governor Alfred Landon of Kansas. Even supporters of Senator W. E. Borah of Idaho are beginning to concede the probability of Landon being the choice of the Grand Old Party.

Indiana instructed its twenty-eight delegates yesterday to support the candidature of Landon.

## Is Convicted Of Kidnap-Murder

Raymond Boyer Found Guilty Of Slaying Army Officer Who Befriended Him

KANSAS CITY, June 4:—Raymond Boyer was convicted here yesterday on a charge of the kidnapping-murder of an Army officer who had befriended him. Death sentence automatically goes with a conviction for murder in Missouri.

## VOTE IS DEFERRED

United States Senate Going Ahead With Income Taxes

WASHINGTON D.C., June 4:—Final vote on the Senate's compromise tax bill was postponed yesterday afternoon by a tired Senate until today after approval had been given to an increase of one percent in the surtax on incomes of from \$6,000 to \$50,000 as well as in other classes of corporation and personal surtaxes. Majority Leader Joseph T. Robinson announced that there would be no night sessions.

### THE JUNIOR CHAMBER

Very few people who hear about the activities of the Junior Chamber of Commerce realize just what it means to the young men of the city to gather once a month, dine together and then discuss various civic and other problems in a more or less informal manner. These same young men do more than talk. They carry out civic projects which they consider of value to Prince Rupert, help raise money for worthy objects and in a general way identify themselves actively with the life of the city.

While the Junior Chamber occasionally robs the senior body of some valuable material, it will likely be found that it will be a first rate training school for the more considered and possibly more conservative moves of the older body.

It is quite an education for a member of the senior body to have the privilege of listening to the discussions of the juniors. They show a knowledge of conditions and a grasp of fundamentals which would often put to shame the older members of the community. Added to this is the fearlessness of youth which adds zest to the proceedings.

Possibly when the juniors reopen proceedings in the fall they might be induced to put on a joint dinner under their own auspices to hear the report of the committee on fisheries which is to be prepared during the summer. It might be an eye-opener to the older people to find out how much the juniors know about this subject.

### CHINESE DIFFICULTIES

China seems to be again in a very disturbed condition. Evidently the south does not like the policy of the Nanking Government and is planning to upset it. The country seems hopelessly divided and bandit-ridden, just the condition which offers an opportunity to a strong neighbor to attempt a war of conquest.

### THOMAS WAS GUILTY

Right Hon. J. H. Thomas, labor member of the National Government in Great Britain, has been found to have been guilty of betraying a sacred trust. As a result of information secured from him, certain people were able to make money on the stock exchange. Quite likely there was no intentional wrong on the part of Thomas. Likely he discussed state matters at his own dinner table and the information was passed on. That was one case where silence would have been more valuable than gold.

## HIGH WINS ANOTHER

Defeated Borden Street Three To Nil in Junior Football

Borden Street School, with its team re-arranged to have a stronger defence, played a much better game against King Edward High School in the Junior Football League game last evening. The game was well contested with High School winning by three goals to nil.

Houston scored High's first goal with a well directed shot. A long hard drive from Brown was well saved by Mah, and Scherk cleared Holkestad's centre. Robertson, playing his first league game, was good while Currie, at centre-half, opened out the play and gave his forwards every opportunity. Nelson and Kihara made a nice run for Borden but Parsons was very safe. Currie stopped a hard drive from Holkestad who, a moment afterwards, centred and hit the crossbar. Smith caught the rebound and drove through, giving Mah no chance. A good run by Schubert brought the play about High School's goal when the whistle sounded for half time.

High School pressed most of the second half but could not penetrate the Borden defence until the last five minutes of the game when Holkestad scored. P. Knutson put some lovely centres across and Wikdal had several shots but Mah was in good form and, although hard pressed, kept his goal clear.

Borden—Mah; McLeod, Scherk, Robertson, Currie, Bill; Kihara, Nelson, Schubert, Cook, Judge.

High School—Blain; Bolton, Parsons; Christian, Fitch, Brown; P. Knutson, Houston, Smith, Wikdal, Holkestad.

Referee, Jack Campbell sr.; linesmen, Vic Houston and B. Parkes. The league standing to date:

## JOE SCOTT INTRODUCES AQUAPLANING AS NEW LOCAL AQUATIC SPORT

Aquaplaning was introduced as a new line of water sports in Prince Rupert yesterday when Joe Scott crossed the harbor in this manner behind Dr. Home Alexander's speedboat Marjorie. "Doc" gave Joe a good run but he hung on an even keel all the way from the floats of the Prince Rupert Rowing & Yacht Club to the Salt Lakes. Dr. and Mrs. Alexander and Mr. and Mrs. Sam Jorje were aboard the Marjorie.

## CELEBRATE JULY FIRST

Ocean Falls to Stage Big Sports Program—Other Athletic Activities at Paper Town

A budget of latest sporting news from Ocean Falls announces that the newly formed Co-operative Community Centre at the paper town is planning one of the largest Dominion Day celebrations to be held there in recent years. Every line of sport carried on at Ocean Falls will be included in an ambitious program which it is being planned to stage.

The new "Orphans" baseball team at Ocean Falls made its debut in the league there last Friday night under the management of Bill McCarrick and won over Baillie's Mechanics in a slow but interesting game. Three base hits by Craig and Gillanders of the Orphans spelt ruin for the Mechanics and, from the fifth inning on, the game was practically on ice. Batteries were: Orphans, R. McCarrick and J. Underwood; Mechanics, L. Garrod and R. Robertson.

In one of the most exciting and interesting softball games ever seen at Ocean Falls, the Finishing Room's hard-hitting nine were able to nose out the Sawmill 12 to 11 after thirteen innings of play. MacLean, former popular Maccabee hurler of Vancouver, pitched for the Finishers while Blair was moundsman for the Sawmill nine.

The Ocean Falls Amateur Aquatic Club staged a successful gala last Thursday evening at the swimming pool in the paper town. Swimming in the different distances, diving, water polo and comic acts featured the evening's entertainment. Jack Jaquest has proven his swimming championship ability in the short time he has already been at Ocean Falls and the younger element of the paper town are already well on the way to aquatic records.

## Lawn Bowling

Tinker's Rink Won Over MacPhee's In Only Fixture Played Last Evening

G. P. Tinker's defeated D. A. MacPhee's rink by a score of 23 to 19 last night in a regularly scheduled Canadian National Recreation Association's Lawn Bowling League fixture. The game of George Hill vs. Angus Macdonald rinks was postponed.

The standing of rinks to date is as follows:

	W.	L.
Tinker	1	0
Borland	1	0
Preece	1	0
MacPhee	1	1
Watson	0	1
Dibb	0	1
Frew	0	1

Louis Meyer, who won the great automobile race last week-end, will race again this Sunday at the opening of a new speedway in Chicago.

## ELKS WIN ANOTHER

Last Year's Champions Come From Behind to Defeat C. N. R. A. In Softball

Junior Elks, playing in well-oiled championship form, scored their second straight victory in the City Softball League last night by defeating Canadian National Recreation Association three to two. In spite of an almost complete reorganization, the C. N. R. A. made a good showing and was leading two to one up to the seventh when a bad peg to first gave the Junior Elks two runs and the game. Harry Edgar made a good fielding showing in the left garden for the Rail-

waymen while Ernie Ratchford was the heavy hitter.

Don Arney and Freddie Calderone shared hurling duties for the young lodgemen with Herbie Morgan receiving. Bill Stone and Art Murray comprised the Canadian National Recreation Association battery.

Al Simonsen was umpire. A good sized crowd of fans was in attendance.

On a charge of assault, James Golden was fined \$10, with option of seven days' imprisonment, by Magistrate McClymont in city police court this morning. In a fracas on Ninth Avenue East yesterday afternoon, Golden attacked Ed. Hendricks and, in addition to other injuries, knocked out four of his teeth.

With George Rorie as chairman, the new radio committee of the Junior Section of the Prince Rupert Chamber of Commerce consists of Norman R. Redman, S. A. Prudhomme and Hugo Kraupner. The former members of the committee were C. R. Allum, J. C. Gilker and James Parker.

Owing to the failure of Norman Wilks, the famous Canadian pianist, to arrive through the breakdown of transportation facilities, it is probable that there will be no Toronto Conservatory of Music examinations in Prince Rupert this year. Local music teachers will commence preparing pupils for next year's examinations.

### SPEAKER OF HOUSE DIES

(Continued from Page 1)

In that pastime. He liked to travel by airplane.

**Rugged Figure**  
Close to 6 feet, 2 inches tall, he was rangy and soft-voiced. Rugged features were accentuated by beetling shaggy eyebrows that lent themselves to caricature.

Byrns' service on the pivotal appropriations committee began early in his congressional career, which started in March, 1909. By the time that the election of Woodrow Wilson brought his party control of the national government, Byrns was near the top of the democratic membership of the committee and in the world war he was chairman of the sub-committee which guided the huge war appropriations through the house.

When the Republicans regained power, Byrns was ranking minority member of the committee, and through the Harding, Coolidge and Hoover administrations worked as hard to turn off the tap as he did to turn it on for Wilson. Democratic ascendancy returned in 1931 and Byrns became chairman, resigning the position when he was chosen party floor leader in 1933. He stepped from the latter post to the speakership following the death of Henry T. Rainey of Illinois.

Byrns was made chairman of the national democratic congressional campaign in 1929 and it was a matter of pride to him that it was under his leadership that his party regained control of the house.

He was born on a farm near Cedar Hill, in Robertson County, on Tennessee's northern border July 20, 1869. He was the eldest of six children and through much of his boyhood attended rural school. But later his parents took their brood to Nashville so the children could have better schooling.

**Educated in Tobacco Fields**  
After being graduated from high school, Byrns entered Vanderbilt University, earning his tuition by working in the tobacco fields of Robertson county during vacations. He took an academic

## SKIDEGATE

It is reported at Skidegate that several large American trolling boats have been fishing close to the shore at Cape Henry on the west coast of Moresby Island.

Capt. H. Fairbairn, with his troller Reliance, made a trip to Gold Harbor on the west coast of Moresby Island last week, taking out Gordon Brown and Lorne Falconer of Premier to visit mining property there.

## THIS FILM OUTSTANDS

"Magnificent Obsession," a Great Picture With Irene Dunn And Robert Taylor, Coming

A tensely stirring dramatic production which has been much discussed as a book and which is said to be an outstanding screen presentation comes to the Capitol Theatre here this week-end with afternoon and evening showings on both Friday and Saturday of "Magnificent Obsession." Irene Dunn and Robert Taylor are in the starring roles.

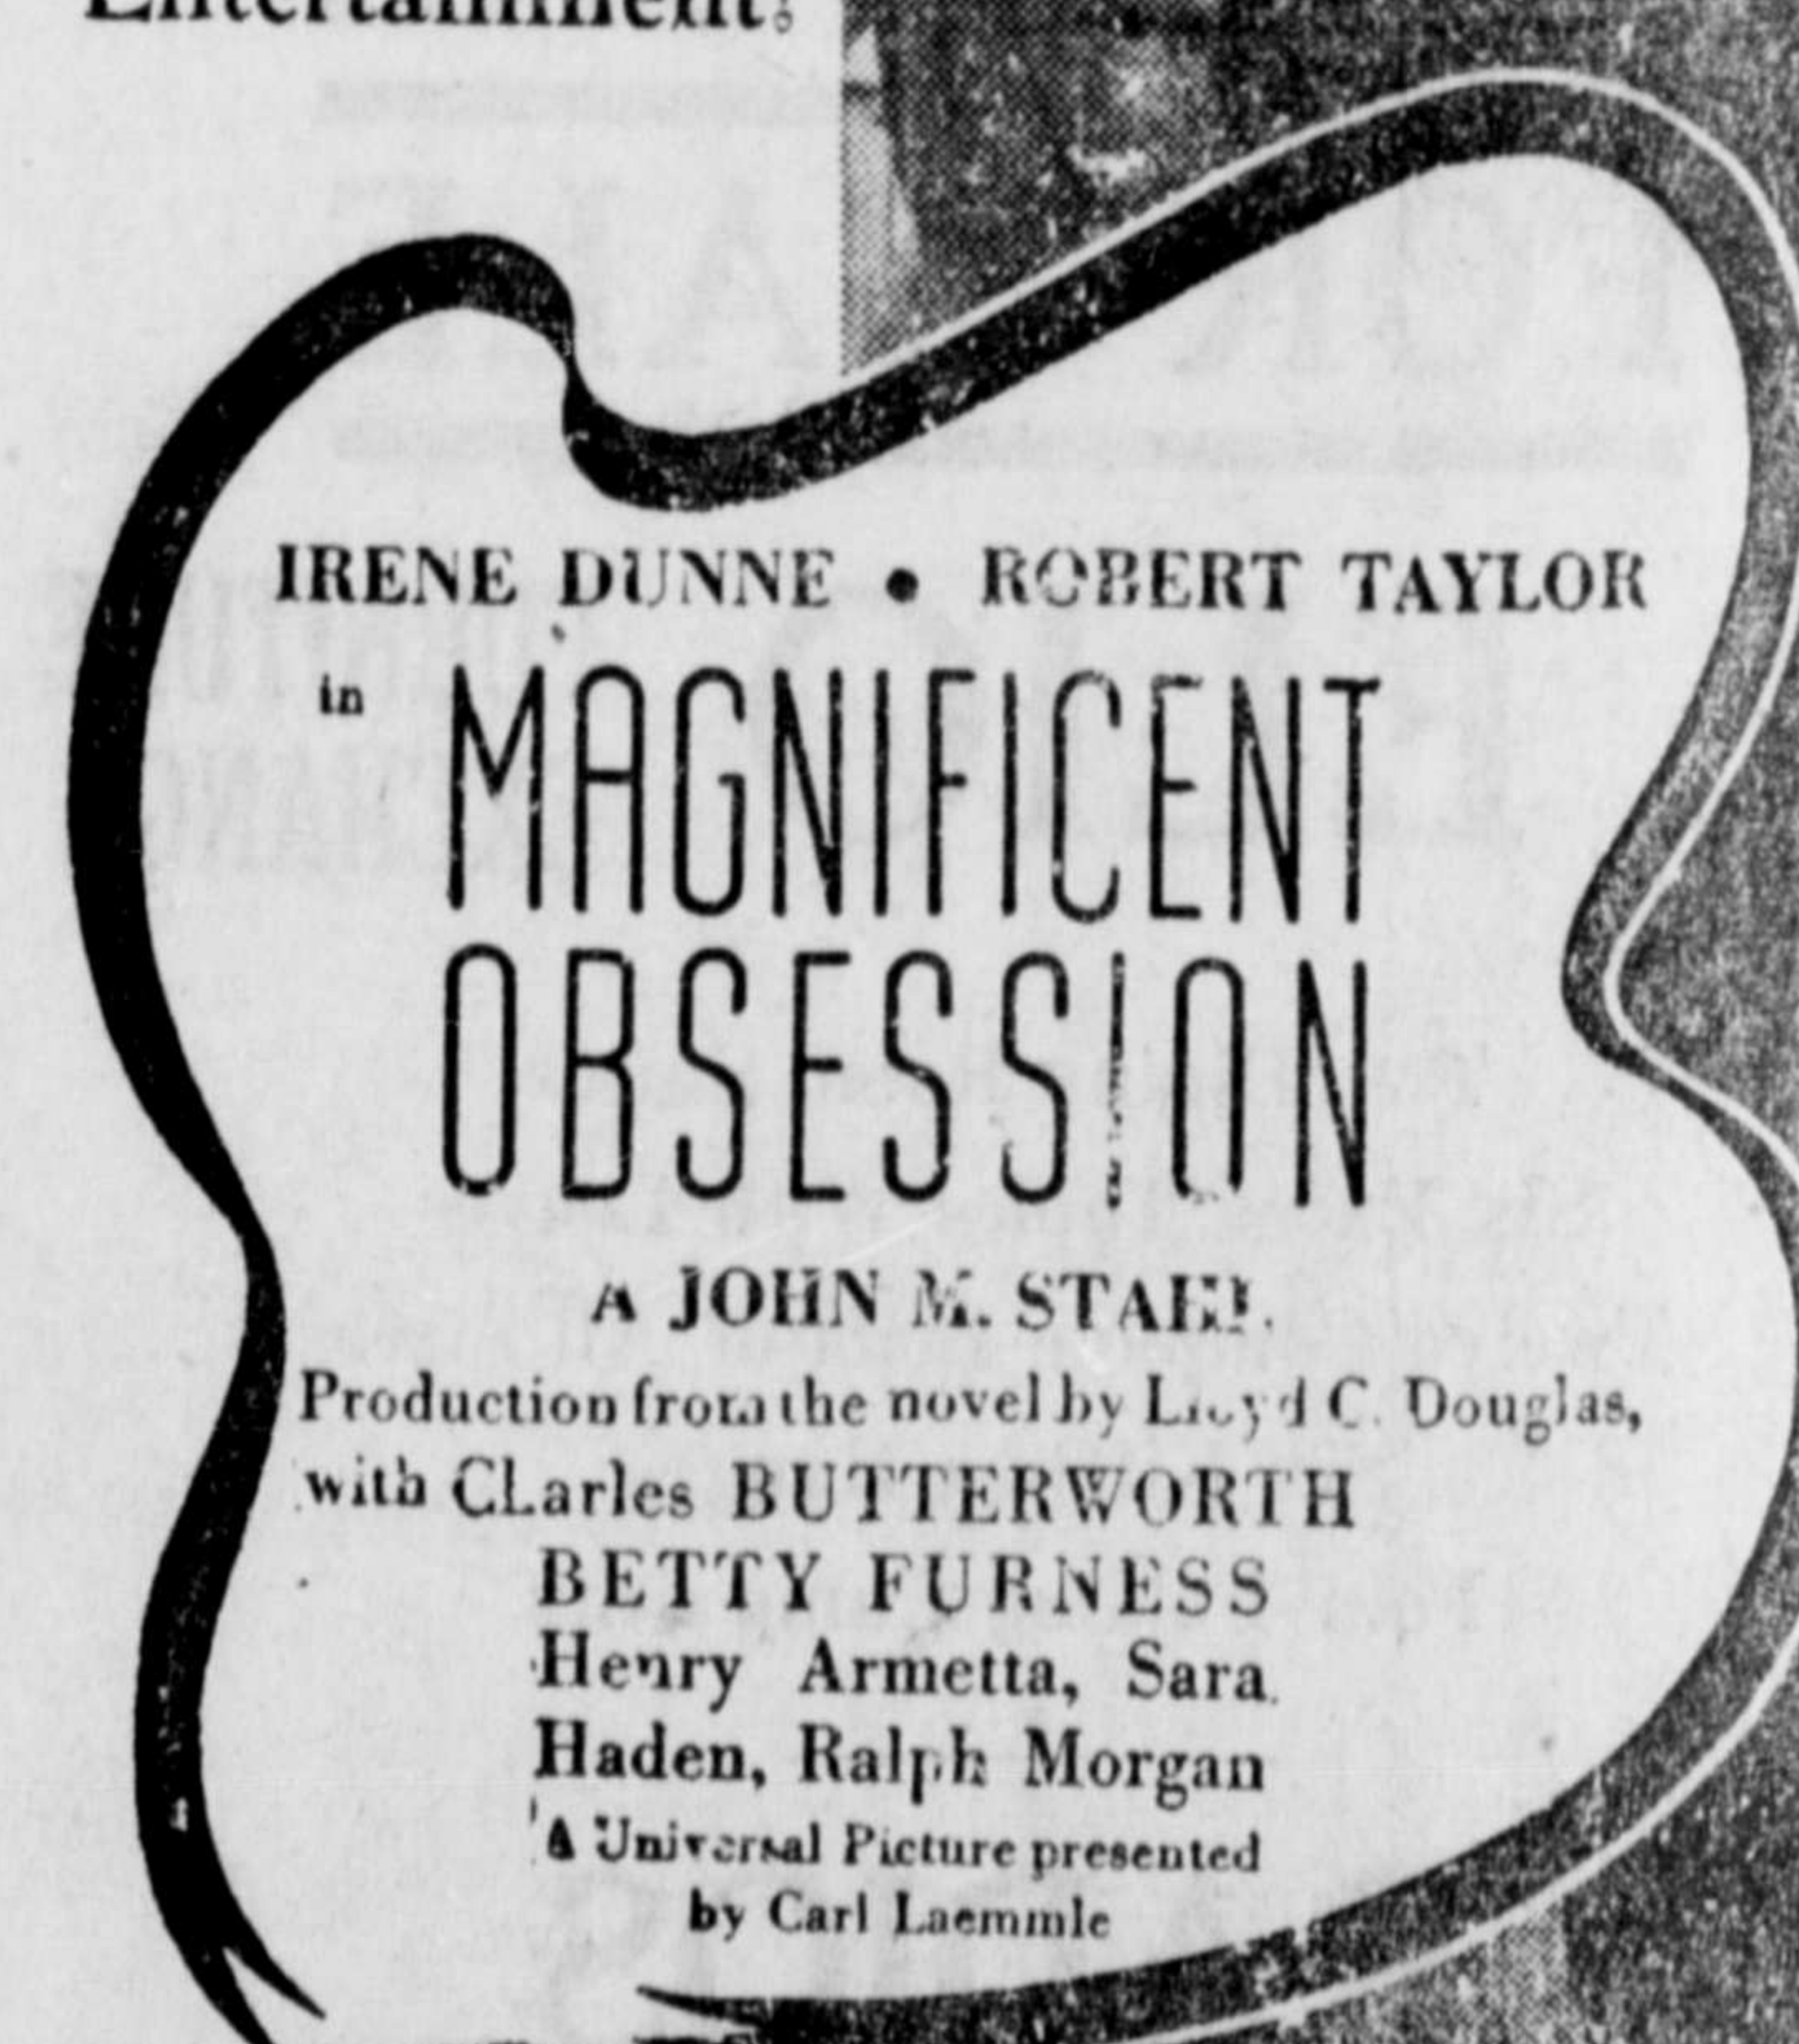

Primarily, the story deals with the romance of Miss Dunne, portraying a beautiful young bride, and Taylor, delineating a wastrel scion of a wealthy family.

The climax of the story comes six years later, in a series of events filled with heart-rending tender-

ness, culminating a sweetly poignant love drama such as rarely reaches the screen.  
The large cast supporting Miss Dunne and Taylor in "Magnificent Obsession" includes Charles Butterworth, Betty Furness, Sara Haden, Ralph Morgan, Henry Armetta, Gilbert Emery and Arthur Freacher.
