ROOSEVELT STRIKES AT WAR MAKERS

United States to Do All in its Power To Prevent Belligerence

Slashing Attack Upon Nations Which Are Reverting to Sword Made by Chief Executive in Address to Congress—Teeth in Neutrality Bill

WASHINGTON, D.C., Jan. 4: (CP)—Castigation by President Franklin D. Roosevelt of nations which have "impatiently reverted to the old belief in the law of the sword" today rang around the world. The chief executive chose his opening message to the newly convened Congress as a vehicle for striking out last night at "the rulers of many of the great populations in Europe and Asia" who have run counter to ways of peace and goodwill. He mentioned no names in declaring that these rulers have created a situation containing elements that may lead to the tragedy of a general war. He said merely that he recognized "these words which I have chosen with deliberation will not prove popular in any nation that chooses to fit this shoe to its foot."

CONTROL OF RIOT

Trouble In Jail At Villemarie, Quebec, Ends Following Arrival Of Special Police

VILLEMARIE, Quebec, Jan. 4:—The Temiskaming district jail at this point, seventy-five miles north of Norand, was quiet today following yesterday's revolt when twenty-three of thirty prisoners, objecting to the food which was served them, refused to submit to orders of jail officials.

The seven non-participants in the riot were women.

A squad of four police was dispatched here by plane with full authority to quell the revolt by whatever means were deemed necessary.

Villemarie is on the Quebec side of Lake Temiskaming across from Cobalt, Ontario.

The revolt over the food complaints first flared on Thursday. The prisoners refused to work and also refused to be confined to their cells, spending the night roaming the corridors. They were still out of control until the police reinforcements arrived yesterday.

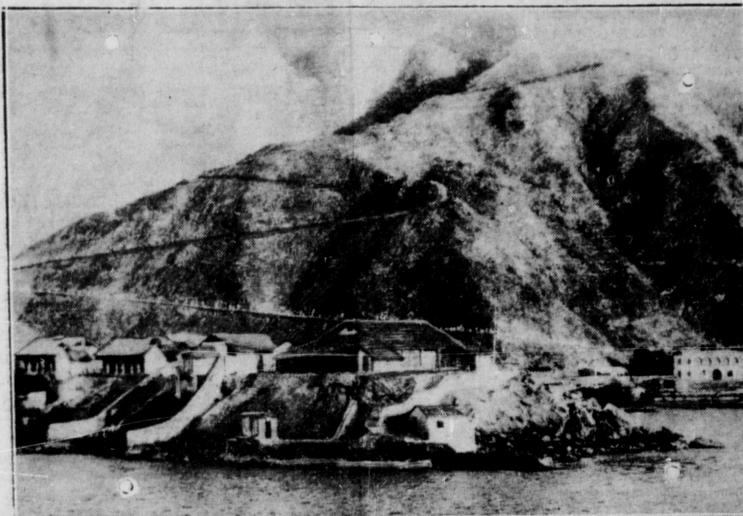

It was officially announced last night that the twenty-three prisoners, after having held control of three floors of the jail for more than twenty-four hours, had been brought under control by the provincial police. Officials said that no injuries or property damage had resulted.

Ethiopia Asks League to Investigate Italy's War Cruelty—Move Creates Sensation

GENEVA, Jan. 4: (CP)—Ethiopia officially asked the League of Nations today to send a commission of inquiry to the African battlefields to investigate war conditions and establish responsibility for "war cruelty."

Italy Plans Push

ROME, Jan. 4:—Italy is preparing for a new and slashing attack on the southern front in Ethiopia. It was intimated here yesterday.

Paris Seeks Help

PARIS, Jan. 4:—The French government yesterday asked members of the League of Nations what help it might expect from them in the event she was attacked by Italy following the imposition of sanctions.

States Congress last night in which he denounced war-like dictatorships and called for further neutrality measures.

In London and Geneva the belief grew that, if the United States independently imposed an oil embargo on belligerents in the Italo-Ethiopian conflict, the League of Nations would move swiftly toward more drastic economic sanctions against Italy.

POLITICAL BREAK IS OBSERVED

News-Letter, Ramsay MacDonald's Organ, Publishes Attack Upon Premier Baldwin

LONDON, Jan. 4: (CP)—A split between Premier Stanley Baldwin and former Premier J. Ramsay MacDonald is seen by political observers following a surprise attack on the Prime Minister which was published yesterday in the News-Letter, organ of the National Labor Party formed by Mr. MacDonald in 1931 to support the National government. In some quarters the article is heralded as a definite break between Baldwin and MacDonald.

The News-Letter was particularly biting in its references to Baldwin's criticism in the House of post-war diplomatic methods.

VANCOUVER, Jan. 4: (CP)—Wheat was quoted at 88c on the local exchange yesterday, dropping to 87½c today.

HELD FOR ROBBERY

Vancouver Police Believe They Have One of Two Men Who Held up Castle Beer Parlor

VANCOUVER, Jan. 4: (CP)—The police yesterday charged William Pedgorski with being one of two armed bandits who held up four employees and three patrons in the Castle Hotel beer parlor and escaped with \$826 in cash late the night previous.

None of the stolen money was recovered but the police believe it is in the possession of Pedgorski's alleged companion for whom they are searching the city.

Pedgorski appeared in police court yesterday and was remanded for one week.

The police believe the men hid in the establishment until after closing time when they made their appearance, one of the armed bandits holding four bartenders at bay while the other scooped the money from the cash register. Two other patrons were in the washroom at the time.

CUSTOMS COURTESIES

People crossing the border into the United States and returning into Canada complain from time to time of customs discourtesies, although not as frequently as in days gone by. In Prince Rupert such complaints are seldom or ever made. Local customs authorities are among those who try to make it pleasant for visitors to come to Canada. As the years go by the American visitors will become increasingly important to the prosperity of the north, so it is satisfactory to know that they are encouraged.

THE NEW TREATY

The new reciprocity treaty with United States is now in force and already there is renewed activity along the line of the Canadian National Railway in the cutting of lumber or preparations for the commencement of cutting in the spring.

So far we have had no advantage from the cutting in two of the duty on fresh halibut entering the States but as soon as fishing recommences we shall find local fishermen getting prices more nearly approximating those paid the American fishermen and that without injuring in any way the American fishermen. In almost every case where a duty is removed it is claimed that American interests are injured but in the case of the halibut duty there can be no such claim. It will remove some of the irritation caused by Canadians having to accept a lower rate for their fish than Americans although the halibut are caught on the same banks and shipped to the same market.

BUSINESS WILL IMPROVE

It is to be expected that within the next few months business with the United States will begin to improve, partly as a result of the treaty and partly because of generally improving conditions in both countries. While these trade treaties are being made it is a little worrying to business as it is difficult to know what and how to buy. However, every new treaty means more trade, more employment, more money moving and more hope for better times.

THE Modern Range

The new McClary Quebec Range is the last word in beauty and efficiency in kitchen ranges. Finished in beautiful cream enamel it is an asset to the appearance of any kitchen. Ideal for use with coal or wood, or may be purchased stripped of linings and grates for oil burner installation for which it is most admirably suited.

Local Man Comes From Near Enesbury Where Quadruplets Were Born

The village of Enesbury, not far from St. Neots, the home village of Mr. and Mrs. Thomas Andrew of this city, is becoming famous as the birthplace of quadruplets to Mr. and Mrs. Miles of that place.

The four babies are doing well and will probably survive. They were removed soon after birth to the home of their physician, Dr. Harrison in St. Neots, where they are being cared for by trained nurses.

The mother has been the recipient of the King's bounty amounting to four pounds. Human milk is being carried to them from London by airplane or motor car, volunteers being called upon to convey it. A subscription in their behalf has been started and a considerable sum of money raised to provide that the babies get proper care. The parents were given their home rent free for a year.

Bulletins in regard to these infants have been crowding war news off the front pages of the newspapers and as much fuss is being made of them as of Canada's quintuplets.

The St. Neots Advertiser, a daily newspaper, has been received by Mr. Andrew in which four columns are devoted to the progress of the quadruplets.

NEW LIBRARY BOOKS

A few of the more recent additions to the Prince Rupert Public Library are as follows: "Edna, His Wife" (Barnes), "Jungle Gold" (Beach), "These Elder Rebels" (Beals), "Silas Crockett" (Chase), "It Can't Happen Here" (Lewis), "Storm Signals" (Lincoln), "Conquering Seas" (Luard), "No Hero" (Marquand), "Sam Campbell, Gentleman" (Marshall), "Time's Door" (Meynell), "Hands" (Norris, Charles), "Best British Short Stories, 1935" (O'Brien), "Smoky Canvass" (Patrick), "Old Jules" (Sandoz), "The Longest Years" (Undset), "Pole Star" (White, Stewart E.).

SPORT CHAT

That great Montreal sportsman, Aid. Louis Rubenstein died at the age of 69, five years ago today. Rubenstein was a famous skater and held the world championship for figure skating for many years back in the 90's. He was also a well-known bicycle rider in the days of the high wheelers.

Yale's hockey team captured the honors in the annual college series at Madison Square Garden six years ago today. The American students defeated University of Toronto 3-2 in the international final to make a clean sweep of its games. The loss was Toronto's first in the United States.

Gordon Hudson, president of the Manitoba Curling Association, was born at Kenora, Ont., 42 years ago tomorrow. Hudson, one of the greatest curlers Canada has ever produced, skipped Manitoba's representative ring in 1928 and 1929 to the Canadian championship at the Macdonald's Brier bonspiel in Toronto.

Lethbridge Mourns 16 Miners Killed in Colliery Blast

Lethbridge citizens with those of Coalhurst paused recently to honor the memory of the 16 colliery workers who lost their lives in the explosion at the Coalhurst mine in the late afternoon of December 9. Undertakers were unable to supply sufficient hearses for the mass funeral, and trucks were draped and pressed into service. Hundreds of floral tokens covered the caskets as they were borne to the cemeteries. A thousand miners from this and other fields attended in a body. Ninety-six pallbearers were required. The explosion was the worst disaster in the history of the Lethbridge coal field and the worst disaster in Canada last year.

Ireland, received novel and acceptable Christmas greetings in the form of personal letters written during composition period from the members of his former school class at Colbourne, Ont. There was also a letter from the teacher, F. W. C. McCutcheon.

Norkap Xmas Tree Party Is Great Success

The annual Christmas Tree party of the local Norkap Lodge was held last night in the Moose Hall and drew a crowd of about two hundred persons. An excellent musical program was presented after which the time-honored custom of marching round the Christmas Tree was observed followed by dancing which kept up in full swing until 3 o'clock in the morning.

After community singing, there was an address of welcome by the chairman, B. Pedersen. Other items on the program included piano solo by Miss Ruth Nelson, vocal solo by Mrs. A. J. Webber, address by Very Rev. James B. Gibson, selections by the Varden Singers under the direction of Peter Lien, violin solo by A. C. Cameron and further community singing. Accompanist for the evening was Peter Lien.

Refreshments were served at midnight after which the dancing commenced with music by Julius Welle's Orchestra. The committee in charge consisted of Mr. and Mrs. H. Eriksen, Mrs. Maurellus Holkestad, Mr. and Mrs. Neils Luth, Mrs. A. Skaland, Mrs. B. Pedersen, F. Eliason and A. Lindseth. Nels Gunderson was master of ceremonies.

Halibut Landings at Prince Rupert in 1935 Lightest In Years—American Shrinkage is Reason—Individual Production Records Compiled

With all Canadian boats now in and few, if any, more American vessels expected to land catches at the port, the grand total of halibut landings at Prince Rupert for the past year was 11,916,150 pounds as compared with 14,365,655 pounds in the 1934 season, 13,389,200 pounds in 1933, 14,650,350 pounds in 1932, 16,036,940 pounds in 1931, 24,638,000 pounds in 1930, 27,807,250 pounds in 1929, 27,036,000 pounds in 1928 and 25,135,950 pounds in 1927.

American landings for 1935 totaled 6,587,300 pounds as against 8,470,000 pounds in 1934, 8,180,000 pounds in 1933, 10,508,100 pounds in 1932, 10,339,140 pounds in 1931, 18,192,500 pounds in 1930, 20,354,500 pounds in 1929 and 19,554,700 pounds in 1928.

Canadian landings for 1935 aggregated 5,328,850 pounds in comparison with 5,895,265 pounds in 1934, 5,209,000 pounds in 1933, 4,142,250 pounds in 1932, 5,697,800 pounds in 1931, 6,445,500 pounds in 1930, 7,452,750 pounds in 1929 and 7,481,800 pounds in 1928.

The main factor contributing to making the 1935 landings in Prince Rupert the lightest in years, has been, as can be readily seen, the continued shrinkage of the American landings, this having become more accentuated than ever this year due, no doubt, to the voluntary curtailment plan calling for more lengthy stopovers between trips and thus permitting more and more boats to run through to Seattle from the northern banks to land their catches.

From the financial standpoint, the 1935 season maintained the improvement recorded in 1934 over the previous year. The price level, on the whole, was fair and quite steady. "Hole" trips were not particularly numerous, the most of trips proving profitable. Speaking generally, the volume of catches averaged higher per boat than a year ago, substantiating the contention of the International Fisheries Commission that the fish are becoming more plentiful and the catch per unit of gear higher.

Weather conditions on the banks, taken as a whole, were quite favorable. Casualties were at a minimum during the season, the most serious loss of the year having been that of the Takla, one of the largest vessels of the Canadian fleet, near Seymour Narrows as she was running through to Vancouver in December after completing the season's fishing operations.

The Takla, Capt. Chris Parkvold, as in 1934, was the heaviest lander of fish at Prince Rupert per unit for the Canadian fleet this year, having brought in a total of 264,000 pounds in nine trips. The Cape Beale, Capt. Edear Arnott, was second with 227,000 pounds in six trips and the Signal, Capt. Paddy Drott

with 177,000 pounds in ten trips. The Cape Beale displaced the Takla for the position of highest average lander per trip—namely 37,833 pounds. The Takla was second with an average of 29,333 pounds while the Covenant, Capt. Hans Underdahl, was a close third with 28,250 pounds.

The Gony made the greatest number of trips—twelve for a total of 148,500 pounds. The following boats each made eleven trips—Johanna, 124,500 pounds; Mother II, 112,500 pounds; Relief, 172,500 pounds; Onome, 108,000 pounds; Viking I, 126,500 pounds; Vera Beatrice, 108,000 pounds.

American Fleet
For the American fleet the Tahoma was again the heaviest gross lander of fish at Prince Rupert for the 1935 season, having brought in 220,000 pounds in ten trips. The Explorer, third in 1934, was second last year with 182,000 pounds in six trips and the Estep third with 172,000 pounds in seven trips.

The Sherman and Visitor—eleven each—landed the greatest number of catches at Prince Rupert during the 1935 season for the American fleet. The Sherman had an aggregate of 162,500 pounds and the Visitor, 82,000 pounds. Landing ten trips were the Oceanic, 147,000 pounds, and the Tahoma, 220,000 pounds.

The largest catches of the season to be landed at Prince Rupert by single boats were 40,000 pounds from the Electra, McKinley and Grant. The Paragon landed a catch of 39,000 pounds.

Number of trips, aggregate catch and trip average of each vessel of the Pacific Coast halibut fleet at Prince Rupert during the 1935 season were as follows:

Enjoyable Social Of Norway Sons

Music, Cards and Dancing After Installation—Presentation Is Made

Installation of Gunnar Selvig, president, and other 1936 officers of the Sons of Norway Lodge took place Thursday night in the Oddfellows Hall with Past President Oscar Sather acting as installing officer, the lodge meeting being followed by a delightful social gathering which was attended by some one hundred persons.

There was a program which included piano solos by Peter Lien, violin solos by Dave Hadland, accompanied by Miss Wick, and readings by Mrs. Gunnar Selvig and Mrs. Hans Underdahl. One of the features of the evening's proceedings was the surprise presentation to Mr. and Mrs. John Storseth of a handsome Axminster rug, the gift being in appreciation of Mr. Storseth's work as financial secretary of the lodge since its inception. The presentation was made by Mr. Selvig. After serving of refreshments, the tables were cleared and card playing and dancing enjoyed. Music for the dancing was furnished by Dave Hadland's Orchestra. The committee in charge consisted of Mrs. J. Gjerstad and Mrs. Anton Dybhavn.
