Police Believe Alberta Affair Was Case of Murder and Suicide But Members of Family Are Unable to Account For Such an Act

DAYSLAND, Alta., Feb. 21: (CP)—Alfred Carrigan, aged 52, was shot and killed by a bullet fired through the window of his home near here last night. Early today the body of his son, Roger, aged 19, was found a mile distant. Police believe it was a case of murder and suicide but the family is unable to give any reason as both seemed to have been in the best of spirits and on friendly terms immediately previous.

Odd Jobs In France During Fighting Days

Masonic Dance Very Enjoyable

Annual Affair Last Night Drew Crowd of About 150 Persons—Pretty and Colorful

Specially decorated and lighted for the occasion, the spacious banquet hall of the Masonic Temple was the attractive scene last night of the annual ball of Tsimpsean and Tyeed Lodge. The affair was, as usual, one of the outstanding events of the local social season and it attracted a crowd of about seventy-five couples. From the starting of the Grand March at 9:30 p.m. until 2 a.m. dancing was indulged in with full enjoyment.

The committee in charge of the dance consisted of E. J. Smith, chairman, Frank Dibb, W. L. Costes, Dr. R. G. Large, J. S. Nelson and William Cruickshank. S. A. Bird and G. V. Wilkinson presided at the door.

Spring Legislative Session To Be Brief; Most Important Business At Sitting In Fall

VICTORIA, Feb. 21: (CP)—The session of the British Columbia Legislature opening next Tuesday will probably be not of more than four or five weeks' duration with the principal business state health insurance and a second session will probably be called in the fall, Premier T. D. Pattullo said yesterday. Provincial policies, dependent on uncompleted financial arrangements with the federal government and others hinging upon federal legislation which will not be brought down before the spring session prorogues, make the fall session necessary, Mr. Pattullo said.

The principal policies which must await action at Ottawa, the Premier explained, are the loan council scheme, under which the province may or may not seek to straighten out its finances, and British North America Act amendments.

Before making his statement yesterday, the Premier had met a mainland delegation, representing the majority of the province's industries, which opposed any additional burden on business through

LABORITES IN SESSION

Macdonald Re-elected President Of Trades and Labor Council—Support Regina Marchers Defence

At last night's meeting of the Prince Rupert Trades & Labor Council, S. D. Macdonald was re-elected president; T. B. Black, vice-president, and Frank Derry, secretary-treasurer. A motion for the re-election of these officers was made by Tom Elliott and seconded by J. J. Gillis. Committees will be appointed later.

There was a good attendance of delegates at the meeting which was presided over by Mr. Macdonald.

Credentials were presented by William Brett, F. Miller, Einar Larsen and E. Peterson as delegates from the Deep Sea Fishermen's Union.

J. Webster of Vancouver, representing the Vancouver Citizens' League, addressed the council on behalf of the "On to Ottawa" marchers of last year, soliciting financial and moral support with a view to defending and obtaining a fair trial for twenty-six young men who are in jail at Regina. Two resolutions submitted by Mr. Webster were approved by the council. One demands the release of these defendants so that they may make arrangements to obtain a fair trial. The resolution is addressed to the Premier of Saskatchewan. The other, being sent to Premier W. L. Mackenzie King and Olof Hansor, M.P., demands the immediate repeal of Section 98. The council also voted \$20 to the defence fund. Mr. Webster, who was himself present when the riots at Regina occurred, reviewed the whole trouble.

T. B. Black reported on the recent conference which he attended of the British Columbia executive of the Trades and Labor Congress of Canada with the government of British Columbia. A cordial hearing had been accorded by the cabinet and Premier Pattullo had said that, while it would be impossible to meet all requests, careful and as favorable consideration as possible would be given.

Jack Campbell was appointed a delegate to a meeting to be called by the Boys' Band committee when ways and means of rehabilitating the band will be considered, one of the proposals being to hold a carnival to assist in raising of funds for new instruments.

A letter from Dr. H. E. Young, provincial health officer, announced that Dr. R. G. Large had been appointed to carry out medical inspection of local school children. The council had communicated with Dr. Young urging that there be no further delay in undertaking this inspection.

In reply to a letter from the council complaining at outside teachers being appointed to the staff of the local schools when local teachers were unable to obtain positions, there was a letter from Hon. Dr. G. M. Weir, minister of education. Dr. Weir reported that there had been a conference between T. W. Hall, inspector of schools, and City Commissioner W. J. Alder at which the latter had expressed the view that, on account of the large percentage of boys in the schools, he had considered it advisable to have more male teachers.

LOCAL SALMON TROLLERS SIGN UP WITH HEINSTOSS

At a largely attended meeting of trolling fishermen last night in the C. C. F. Hall unanimous decision was made to sign up with Sigmund Einstoss of New York for the co-operative marketing of salmon. Already ready machinery is being set in motion for the handling of the salmon by Mr. Einstoss' organization which last year handled Alaskan salmon co-operatively.

YOUNG BOYS ARE UP FOR SENTENCE

Two young boys, who recently admitted the breaking and entering of the Seal Cove post office and store, came up before Magistrate W. D. Vance in city police court yesterday for sentence. One was given two years' suspended sentence and is being given over to the custody of a sister-in-law. The other was remanded for a week with a view to making some arrangements for placing him in safe-keeping.

Commission Report on Church of England Advises Crown Retain Power of Assent, However

LONDON, Feb. 21: (CP)—Proposals for removing spiritual concerns of the Anglican Church in this country from Parliamentary jurisdiction are made in the report of the Archbishops' Commission on the Relations between Church and State, just published here.

Lord Cecil of Chelwood was chairman of the commission, which was set up following the rejection of the Prayer Book Measures of 1927 and 1928.

The commission proposes that (when certain preliminary conditions have been fulfilled) Parliament shall no longer have the power to refuse its assent to Church Assembly measures which "relate substantially to the spiritual concerns of the Church of England."

The Royal Assent, however, will still be required before these measures become law. As a preliminary the commission suggests that a new and determined effort must be made to secure agreement within the church "on those matters, in particular, which were mainly responsible for the rejection of the Prayer Book Measures."

The commission accordingly proposes that as a first step the two Archbishops "by summoning a round table conference or otherwise" should make every effort forthwith to obtain an agreement between representatives of the various schools of thought in the church, especially: (1) on the permissible deviations from the Order of Holy Communion contained in the Prayer Book of 1662; and (2) on the use and limits of reservation.

Judicial Machinery

The remaining recommendations of the commission are concerned with the judicial machinery of the Church of England. The commission says, "Some of us deliberately consider that disestablishment should be preferred to an indefinite continuance of the present relationship between church and state."

All the same, the commissioners feel that the history of church and nation in England, is "so closely intertwined that the separation could not be effected without injury to both of a kind impossible to forecast or to forestall, which could only be fully appreciated when remedy is out of the question."

Moreover, the commission "appreciate very fully the advantage to the nation which results from the national recognition of the Christian religion as a power of consecration in its life." As for disestablishment, "apart from the grave political objections to taking resources admittedly insufficient for its needs from a body which has certainly not misused them, the practical results of any extensive disestablishment could not fail gravely to affect the pastoral and missionary work of the church at home and overseas."

Is Sympathetic to Changing Old Age Pension Laws To Reduce Age at Which They Become Effective—Bennett Discloses Youth Annuity Plan

OTTAWA, Feb. 21: (CP)—Direct opposition to any scheme of inflation was expressed in the House of Commons yesterday by Hon. Charles A. Dunning, minister of finance, in his first major pronouncement on monetary policies since the King government took office. At the same time, Mr. Dunning said the government was sympathetic to changes in the old age pension laws reducing the age limit below seventy years where it now stands. The government, however, was not prepared to go further in the field of old age legislation at this session.

PLEA FOR PIONEERS

Mrs. Black Asks Pensions For Sourdoughs of '98 Still In Yukon

OTTAWA, Feb. 21: (CP)—Mrs. George Black made a plea in the House of Commons yesterday for old sourdoughs of '98 who are still in the Yukon and short of funds.

Mrs. Black asked for liberalization of the present pension law which allows those in absolute need \$20 monthly so that the more needy could obtain a pension.

Under the present law destitution must be proved.

More Than Five Hundred Enrolled

Instructor Kozoolin Now Getting Assistants Ready

Registration in the recreational and physical education centre classes is still increasing. There are now 305 ladies and girls and 196 men and boys, making a total in all of 501.

Next week leaders' classes will be started to train others for the work of assistants, leaders and instructors.

Prospective members are always welcome at the classes but, as the hall is small, there is no accommodation for spectators.

Surf Point Mine Closed

Cold Weather Stops Water Supply For Few Days

The Surf Point mine at Porcher Island is shut down temporarily owing to shortage of water caused by the extreme cold. However, just as soon as there is a break, operations will be resumed. R. E. Legg, who is in the city for a few days, says it is planned to continue operations during the coming year shipping steadily and employing about the same number of men. There are now about thirty men employed with about fifty people in all living at Surf Point.

Mrs. Legg, who has been living in the D. G. Stewart home for the winter months, will be returning to Porcher Island, probably next month.

A. W. Lipsin sailed last night on the Prince George for a trip to Vancouver.

Woodsworth and MacInnis Are Continuing Fight at Ottawa In Favor of Votes For Orientals

OTTAWA, Feb. 21: (CP)—"This is no time for Canada to offend the Oriental nations by laying down rigid bars against Chinese, Japanese and Hindu immigration," Premier William Lyon Mackenzie King warned the House of Commons last night in opposing a resolution proposed by Angus MacInnis, C. C. F. member for Vancouver East, which would exclude all races to which the franchise is not awarded.

Franchise for the Orientals played an important part in discussion which had not ended at adjournment.

Several Liberal members expressed downright opposition to this extending the franchise while J. S. Woodsworth and Angus MacInnis favored granting them the franchise.

Granting the franchise to British Columbia Orientals was a subject for the Legislature of that province, Premier King said. That was the starting point.

THE FRIENDLY NEIGHBOR

President Roosevelt speaks of Canada as a "friendly neighbor." So we may look upon the United States as a friendly neighbor and the people who come from there as among our nearest friends.

Just now we in Prince Rupert are looking to the United States to establish an industry which, if it comes, will be of inestimable benefit to the city. We also are looking to an increasing number of tourists visiting the city each year and leaving behind them considerable cash, not in large amounts but considerable in the aggregate.

Prince Rupert can do its part by trying to make Prince Rupert interesting to the visitors, providing them something to see and being courteous and helpful to them while here. Mostly the visitors come in touch with officials but occasionally a private citizen has an opportunity to do one of them a good turn and it pays well to do this as well as being our duty as "friendly neighbors."

We have to thank President Roosevelt for the friendly expression which along with his general attitude of friendliness will help to cement the feeling of goodwill that already exists between the two countries all along the line.

THIS IS CANADA

There should be a big notice at the two local docks reading "This is Canada." Many people on the boats bound for Alaska seem to think when they arrive at Prince Rupert they are in Alaska. They evidently do not read tourist literature but know that they bought tickets to Alaska and feel when they get north of Vancouver they ought to be in that territory.

In spite of all that has been done there is much yet to do in the way of publicizing Canada and especially that important part known as Prince Rupert. We must never let up in our efforts to keep the city in the eyes of the world and to make it a place that tourists will wish to see.

Incidentally there are some residents of Canada who often seem to forget that this is Canada and that it is an integral part of the British Empire.

Neal Cameron Is Winner In Billiard Final

The finals of the Canadian Legion billiard handicap yesterday resulted in a decisive win for Neal Cameron who won from George Woodland by 150 points to 108.

For the earlier part of the match the scoring was even and although there were no big breaks, Woodland held his own. A break of twenty-one brought Cameron on nearly level terms and, from then on, it was Cameron's match. Neither player struck his best form and the match was, on the whole, rather disappointing.

SPORT CHAT

The New Metlakatla, Alaska, basketball team has sent word to the city accepting February 27 and 28 as suitable dates for a series of games with local senior hoopers. The Alaskan native team, which is one of the fastest in the north, will be here at that time and the series is already being anticipated with keen interest by local fans of the hoop game.

Eddie Smith and Stan Morin have accepted the challenge of Jimmy Ciccone and Neil Gundersen for a ten pin bowling tournament of nine games to be played in three-game blocks. The first three games will be played Saturday night, total pins for the series to count.

Poli Howard, who some years ago was located in Prince Rupert, is now at Kamloops in the southern interior where, like he was when here, he is prominent in athletic circles. He has been there for six years now and is a prominent member of the Gyrò Club. He has been several times city tennis champion of Kamloops and also gained the southern interior title. He also goes in for basketball, baseball, football, golf and, in the winter, skiing.

Capt. W. F. Wade of the South African test team gave the kid cricketers at Capetown the time of their lives hitting to them. Two of the boys hit Wade's stumps but the padless expert was probably less interested in guarding the wicket than his legs.

Mrs. Frank Erne, whose husband died recently after five years in promoting boxing shows, has now been granted a boxing promoter's licence by the state athletic board at Detroit. Mrs. Erne is quite convinced that woman's place, as far as she is concerned, is in pugilism.

A borrowed putter played a prominent part in the success of J. J. Taylor (plus 2), the Potters Bar

professional, and his amateur partner, D. Landes (12) in the Middlesex Golfing Alliance 27 holes four-ball competition. Taylor left his own putter at home but a club on loan served him so well he was able to sink several long putts.

A huge stadium at Washington seating 80,000 people, particularly for Army-Navy football games, is one of the features of a project to be reported on in April, embracing a national guard armory, drill ground, tennis courts, baseball diamond and other military and recreational accommodation.

Up in the far north country of Michigan's upper peninsula the Bietla boys are proverbial in the daring, breath-taking sport of ski jumping. They are six: Ansem, 28; Leonard, 26; Walter, 19; Paul, 17; Roy, 15, and Ralph, 11. Every one of them, by the time he was ten years old, had ridden "suicide hill" at Ishpeming at from 60 to 90 miles an hour.

It's not the frost that so much bothers the Bolton Wanderers on their Burnden Park soccer field this winter as the ground-keepers have braziers burning day and

night to soften the surfaces at the goalmouths. The fogs, however, have been a more than usual worry for players and spectators alike.

Invitations to hold the 1940 Olympics in their countries have already been received from Italy, Greece, Argentina, Spain, Hungary, Iceland, Finland, Switzerland and Japan.

The complete equipment in the Royal City Kitchens for handling Garden
 Peas is a most interesting operation. From the gardens to the shellers,
 then to these receivers and elevators, and on to the washers and sorters.
 Some people confuse Royal City "Super 3" Peas with ordinary, large, sieve 6
 peas, but "Super 6" is a very special variety of its own—large, tender and
 well-flavored. Many people prefer them to smaller peas.

TERRACE

Valentine's Day was celebrated by the young folk of Terrace with a dance in the Orange Hall. Valentine dances featured the evening and Mrs. St. Louis won the lucky ticket prize.

The Anglican ladies held a shower for Mrs. Durran who recently lost all her household goods in a fire which completely destroyed her home. The party assembled at the home of Mrs. Greig.

George Gregory had the misfortune to lose one of his poultry houses by fire last Sunday morning when the gale shook up his heating stove so as to throw down the smoke stack. It is understood the loss of birds amounted to fifty pullets.

Jack Frost has put the local water system out of business in Greig Avenue at some place where the water main comes too near the surface. A gang of men is at work there to repair the inconvenience to which the users on Kalum Street have been subjected.

VITAL IMPORTANCE

Editor, Daily News:
Big business is a subject that is generally considered as of vital importance to the country as a whole. The individual may feel that it is too big to be influenced by him but he believes his prosperity, nay his very existence, depends on it. The Dominion Bureau of Statistics states that the export of wheat last year brought \$137,000,000 to the country. Surely a business in which 160,000,000 dollars were expended last year is entitled to be classed as big business and be worthy the attention of every citizen. Yet this is one which gets scant attention from the people as a rule. It is education, or to be more exact, schooling.

In our own community schooling affects over eleven hundred children and indirectly their families. We have no other business comparable with it. Some people see only the cost. Of course the total is big. Fortunately it brings back a high rate of interest. It is a fine investment. The schooling that children have for eight or more years forms a large part of their equipment for life.

And it should be the concern of all. Parents are more or less interested in their children as long as they are at school. Too often the interest ends then. It is with the hope of re-awakening this interest that Education Week is observed. Every citizen should recognize his responsibility and be willing to co-operate for the better schooling of this generation.

The subjects, the methods, the objectives of our own school days are not good enough for today. The study of dead languages, the ability to perform mathematical acrobatics are no longer regarded as necessary or even desirable features of education. Leaders of education proclaim this. Teachers govern themselves accordingly; but they are handicapped by the attitude of the public who still worship the lifeless gods, the useless idols and exploded theories of an out of date system.

Know your schools. Education must prepare the children for life. It must train the pupils to be worthwhile citizens.

Education Week is your week.

St. Peter's Tea And Sale Success

Enjoyable Affair Held Yesterday Afternoon at Home of Mrs. J. W. Coorehouse

Many ladies called yesterday afternoon at the home of Mrs. J. W. Coorehouse, 1216 Eighth Avenue East, where a tea and sale of home cooking was held by the Women's Auxiliary of St. Peter's Anglican Church. The financial proceeds were very encouraging. The rooms were prettily decorated for the occasion and the tea table was centred with a large silver basket of narcissi. Mrs. J. D. Allen was in charge of the tea tables and Mrs. W. Smith and Mrs. Shrubbsall were serveurs. Mrs. A. Frebourg was cashier. The guests were received by Mrs. J. W. Coorehouse and Mrs. George Kelsey. The home cooking table was in charge of Mrs. W. H. Goodsell, assisted by Mrs. A. H. Hill tout. During the afternoon Mrs. J. H. McLeod sang vocal solos.

REBEKAH TEA AND SALE

The Rebekah Lodge held a highly successful St. Valentine's tea and sale of home cooking in the Odd-fellows' Hall yesterday afternoon. The hall was beautifully decorated and it was a pretty affair. There was a large measure of patronage by many ladies.

DRAMA IS POWERFUL

Fine Picture is "Dark Angel," Coming Here This Week-End

Hailed as one of the most powerful and gripping romantic dramas of the screen, "Dark Angel," co-starring Merle Oberon, Fredric March and Herbert Marshall, is the week-end feature offering at the Capitol Theatre here. The beautiful love story, set in a quiet corner of lovely rural England, follows the life of Kitty Vane and her neighbors, Alan Trent and his cousin, Gerald Shannon. Since childhood Kitty has adored the indifferent Alan and Gerald has adored her. The war takes both men and in the trenches there comes to Alan a realization of his love for Kitty. Home on leave, he tells her and they plan to marry at once. Then comes a sudden order cancelling all leaves. They spend their last hours together trying to forget that they may never see each other again. Alan is reported killed and Kitty's life is broken. After the war she resigns herself to an engagement with Gerald but fate steps in and provides a happy ending. The cast also includes such screen favorites as Janet Beecher, John Halliday, Henrietta Crosman, David Torrence and Cora Sue Collins.

Another attraction on the week-end picture program is an interesting "March of Time" reel.

CAPITOL

TONIGHT and SATURDAY

Three distinguished players give the finest individual performances of their careers. Alone they were superb together, they enact a story the beauty of which will linger long in your memory.

The story of the beautiful tenderness of a love that grew from childhood to stardom in a picturesque English countryside, spoken softly and convincingly honest, sentimentally though never marshy. (At 7:33 & 9:55)
