### MUCH LIKE NEW YORK

New York attained a good deal of its greatness as a city by taking in the surrounding municipalities and districts. Vancouver did the same a few years ago when it included almost everything between the Fraser River and Burrard Inlet within the city limits. Now comes Ketchikan annexing the Charcoal Point district in that city and increasing its population from 4043 to 4168 and making it the largest city in the territory of Alaska, Juneau, the capital, having a population of 4043.

Ketchikan is gradually catching up to Prince Rupert which has a population of slightly over six thousand.

### AN AMERICAN VIEW OF KING

The Spokesman-Review of Spokane recently published the following in regard to King Edward VIII:

"King Edward's Sunday morning broadcast was admirable—in substance, tone and spirit. There was not a false note in it. It attested the young King's sagacity. If he wrote it he was a wise man. If his ministers wrote it for him, he showed wisdom to adopt it."

### SEEMS LIKE BIG BUSINESS

When you drop an Oxo cube into your cup and stir it into a cup of delicious beef tea it is difficult not to remember the words of Sir Follett Holt that this cube is one of billions of similar cubes produced by a British company from half a million head of cattle pastured on five million acres of land and manufactured in a dozen different factories. That sounds like big business.

## GROTTO IS VICTORIOUS

Defeated Moose Last Night to Win Second Half and Right To Play Off

Angus MacPhee and Severino Dominato blasted any hopes of the Moose winning or tying up the second half of the Senior League basketball season last night when the Cigar Store crew won over the Lodgemen 47 to 29 before a small crowd of fans. The Grotto had things their own way throughout the whole game. Half time score was 16 to 7 with the Grotto on the big end. The Grotto won the second half and will meet the Moose, who won the first half, for the championship of the senior league. Canadian Legion defeated the Scythians 29 to 37 in an intermediate tussle. The Scythians had a three-point lead at half time, score being 17 to 14. In the second half Brown and Bryant went on a shooting spree to put their team ahead.

## TRIPLETS ARE SMART

Larger Multiples of Babies Have Advantage, Says Expert

BERKELEY, Calif., March 24: (AP)—Babies who come in the higher multiples—triplets, quadruplets and quintuplets—have a considerable advantage over those that arrive singly or as twins.

This is the conclusion of Miss Rosemary Smith, pre-school expert, from a general study of the subject, and from observation of the Hall triplets—Robin, Laurel and Roger. These children of Mr. and Mrs. Ansel Hall were three years old a few days ago. Hall is chief naturalist of the national parks service.

Here are some of the things he triplets have learned to do in the University of California's educational play school, according to Miss Smith, the director.

Lace their own shoes; set their table correctly and carry in their own foods; sleep alone without fear in separate rooms; roller skate; draw recognizable pictures, in color, of cats, trees, men, flowers, bananas, geraniums, fish, turtles, boats and airplanes; call colors correctly; put together simple jigsaw puzzles faster than some adults.

These and other achievements stamp the triplets as definitely superior to most children their age, Miss Smith says.

"The fact they are triplets is the chief, and possibly the only reason, for their rapid development," she explains. "The three minds are better than one. It's the group idea. When one of the triplets suggests something, the others develop the idea and each adds his own original thought to the general plan."

"They imitate each other. What one learns to do, the others learn, and thus their abilities are more varied and multiplied. One result of the imitative instinct is that the triplets eat everything. While one may not care for a dish at first, he sees the others eating it and soon follows suit."

In spite of their marked similarity, the Hall children already are showing some divergence in tastes and aptitudes.

"I can't recommend twins from an educational standpoint," says Miss Smith. "The tend to be either all wrapped up in each other or to quarrel."

## COMING OF LORD NEAR

So British-Israelites are Told At Meeting Last Night

About thirty members and visitors assembled last evening in the T. H. Rooms for the semi-monthly meeting of the local British-Israel Society Vice-president Sam Massey presiding.

The speaker for the evening was P. H. Linzey who gave an inspiring address on "The Coming King," a subject of paramount importance to all Christians. The return of the Lord to take over the rulership of the world was referred to in the New Testament 318 times. The Old Testament was also full of the subject, yet there were those who sneered and scoffed and asked "where is the promise of His coming?"

"We believe we are at the midnight hour of this present dispensation," declared Mr. Linzey. "The writing on the wall can be clearly seen and we would be unfaithful stewards if we held our peace when the signs of His coming are so manifestly apparent."

"The Bible clearly teaches that ere the King returns, there is to be witnessed on this earth the most desperate struggle of armed forces with no precedent in history. Armageddon is the ancient hill and valley of Megiddo west of the Jordan in the Plains of Jezreel. The purpose apparently will be the confiscation of the natural resources of Palestine. In reality, it will be the last supreme effort of the powers of darkness to destroy Christianity and the United Israel of God. The age-long battle between good and evil, truth and error."

"The near approach of the Prince of Peace to take over the rule of this world should give us intense joy and we should be the most hopeful and jubilant of all people as we take into our vision a new world liberated from the dominion of sin and greed."

A social half hour was spent after the meeting, welcoming visitors and conversing on the absorbing topic.

The Daily News is an A. B. C. paper.

### Here's Real Help In Avoiding Many Miserable Colds

Unique Medication Designed to Aid Nature's Defenses in Nose and Throat, Where Most Colds Start.

PROVED IN USE BY MILLIONS

In the exclusive formula of Vicks Va-tro-nol has been found a unique and successful aid in preventing many colds—winter's threat to our comfort and health. Va-tro-nol is especially designed for the nose and upper throat—where most colds start. It aids and stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off head colds in the early stages. Used in time—at the first nasal irritation, sniffle, or sneeze—just a few drops up each nostril—Va-tro-nol helps to avoid many colds.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol reduces swollen membranes—clears clogging mucus—brings comforting relief.

**For Fever and Shorter Colds**

Note to mothers—who guard the family's health: Vicks has developed, especially for you, a practical Plan for Better Home Control of Colds. This guide to fever and shorter colds has been clinically tested by practicing physicians and further proved in everyday home use by millions. Full details of Vicks Plan in each Va-tro-nol package.

William T. Hale, who has been on a trip to Wrangell on business in connection with cannery interests, was a passenger aboard the Princess Norah yesterday afternoon returning to Seattle.

The regular monthly meeting of the museum board, which was to have taken place this afternoon, has been postponed for a week as several members are down with the influenza and others are out of the city.

### MEETING OF I. O. D. E.

Municipal Chapter Elects Officers—Mrs. Corby of Victoria Speaks

The annual general meeting of Municipal Chapter, Imperial Order, Daughters of the Empire, was held last evening following a banquet in the Commodore Cafe with Mrs. P. E. Corby of Victoria, provincial organizing secretary of the order, as guest of honor.

There were about sixty members present and Mrs. D. Orchard McLeod, regent of Municipal Chapter, presided over the meeting. Reports from the secretaries and treasurers of the four chapters—Municipal, Queen Mary, Hill 60 and Cambrai—were read, giving a very interesting and useful account of the year's work of the order which concentrated its energies last year more especially upon child welfare and relief work, much needed help and assistance being given along this line.

The officers for Municipal Chapter this year are as follows:  
Honorary Regent—Mrs. J. C. McLennan.  
Regent—Mrs. D. Orchard McLeod.  
First vice-regent—Mrs. G. P. Tinker.  
Second vice-regent—Mrs. J. A. Teng.  
Secretary—Mrs. H. L. Landrey.  
Treasurer—Miss Helen McLeod.  
Educational secretary—Miss Dorothy Patmore.  
Echoes secretary—Mrs. J. R. Morison.  
Organizing secretary—Mrs. J. Manson.  
Standard bearer—Mrs. S. V. Cox.

Following the business meeting Mrs. Corby gave a very interesting and instructive address, which was very much enjoyed by all present. It is quite a number of years since a representative from provincial headquarters has visited here and every member was keenly interested in all that Mrs. Corby had to say. A continuation of her talk, in a more general way, will be given on Wednesday night at the United Church.

Mrs. J. E. Boddie, regent of Queen Mary Chapter, on behalf of all present, thanked Mrs. Corby for her talk and hoped she would enjoy her visit here, this vote of thanks being seconded by Mrs. J. A. Teng.

The program included vocal solos by Mrs. H. N. Brocklesby and Mrs. Ernest Anderson, accompanied by Mrs. C. E. Cullin, and a piano duet by Mrs. H. B. Rochester and Mrs. William Brooksbank. Mrs. H. L. Landrey, regent of Hill 60 Chapter, moved a hearty vote of thanks to those taking part, which was seconded by Miss Muriel Morris, regent of Cambrai Chapter.

Mrs. McLeod, on behalf of the Prince Rupert order, presented Mrs. Corby with a small token of remembrance.

The meeting was opened with the singing of "O Canada" and closed with the National Anthem.

Yesterday afternoon Mrs. Corby was guest of honor at a luncheon at the home of Mrs. S. V. Cox and in the afternoon met the executive of the local Municipal Chapter at a tea at the home of the regent, Mrs. D. Orchard McLeod.

## CHURCH IS COMPLETED

Fine New Edifice at Kitkatla Estimated to Have Cost \$20,000

KITKATLA, March 24.—Work preparatory to the opening of the new church at Kitkatla is now finished and an opening celebration social was held last Friday.

In 1928 a fund was opened for the projected plan. Five years later clearing was commenced. The building of the new church was turned over to G. S. Fujimoto who completed it last fall. Approaches to the building site had still to be constructed. This was undertaken by the men of the village, Mathew Hill being the foreman. The women on such occasions served meals in the hall.

The cash expense, to date, is \$10,394.26, according to Medrie Nelson's report.

Miss Ruth Gladstone reports that the women donated \$750 worth of work while William Ridley, time-keeper, places the men's donated work at the value of \$9,000. In time, improvements will be added but, as it stands, the effort of the last six years is a decided credit to the village.

### Celebration Held

The people, looking back with considerable satisfaction on the effort, decided that a celebration was in order. So the Excelsior Club arranged to have a social evening last Friday. The village band was in attendance and played several selections, among which was "My Own Canadian Home," "Gates of Heaven—cantata, and "Hands Across the Sea."

The chief speakers of the evening were Mathew Hill, honorary president of the Excelsior Club, Joseph Innis, president, Henry Brown, who substituted for Gamble who is ill, Joshua Zebasha and Henry Collison. The Excelsior Club had done the work, and Mr. Hill, to indicate that their work was complete, handed the keys of the church to Mr. Collison, the people's church warden. The entertainment was concluded with the serving of cake and coffee.

The remainder of the evening was given over to reading reports which brought out some interesting data, chief of which was the fact that the villagers of Kitkatla have accomplished a piece of work which might be valued at \$20,000, and that during the depression time.

## Work of Women's Labor League

Mrs. Annie Stewart of Vancouver Urges Organization Here

Men and women attending a mass meeting in the Oddfellows' Hall Sunday night had explained to them how a Women's Labor League should function and the benefits to be obtained when men and women in unity strive for a better living. Mrs. Annie Stewart, the district organizer, stressed that the women of Prince Rupert have more to gain by organization, than perhaps in any part of B.C.

It was declared that the relief paid in this town was less than in Vancouver with no clothing allowance. Women were also asked to work for relief. After listening attentively to the speaker, many interesting and educative questions were asked by the audience.

At the close of the meeting all interested were invited to attend a business meeting tonight when election of officers will take place.

Mrs. O. L. Kendall, wife of a well known Juneau clergyman, was a passenger aboard the Princess Norah yesterday afternoon going through on a trip to Seattle.

## Free State President Mourns Son

Eamonn de Valera, president of the Irish Free State, stands with bared head as the body of his 13rd son, Brian, 20, is lowered into the grave at Dublin. The boy had died of a fractured skull when his head struck the bow of a tree while he was riding in Phoenix Park. Standing to the right are two other of de Valera's sons.

## JIM BRADY BIOGRAPHY

"Diamond Jim" is Outstanding Picture—Edmund Lowe in "The Great Impersonation"

"Diamond Jim," a colorful, romantic screen biography of James Buchanan Brady, the shrewd capitalist and gem-collecting Broadway playboy of the Gay Nineties, is the first of the week feature offering on the screen of the Capitol Theatre. More dramatic than some of the flights of fiction it is said to be the true history of this Irish saloon keeper's son who became one of the wealthiest and most picturesque figures of the night life of New York in his day. As is well known "Diamond Jim" was the friend of everybody—bank presidents, railroad magnates, philanthropists, celebrated doctors, lawyers and merchants, chorus girls, prize-fighters, policemen, newsboys and day laborers. Edward Arnold plays the title role while Binnie Barnes and Jean Arthur have the principal feminine parts.

The other end of the first of the week double bill is the screen dramatization of E. Phillips Oppenheim's famous novel "The Great Impersonation" with Edmund Lowe in the leading role. Revelations concerning the machinations of international salesmen of war materials and their efforts to prolong the war form a vital part of the plot.

Frank Dibb, secretary of the Prince Rupert Horticultural Society, has received word from the publicity commissioner for Victoria that he will send a set of slides of Victoria gardens to be shown at the annual dinner of the society on April 14. In addition to this a number of slides showing Holland bulb gardens are expected.
